Briefly explain why are you interested in serving on this board or commission?

I believe that my experience in practicing architecture for the past 40 years in a wide variety of building types gives me a great insight into the application of the Building Codes, especially in situations where the Code is not specific and alternate means or methods of construction need to be applied. I also have particular expertise in the application of the California Historical Building Code to the point where I have provided in-services to conferences and City Building staff regarding its use.

Educational background, Schools Attended, Degrees and Certifications

Bachelors of Science in Architecture with Honors, 1981, California Polytechnic State University, San Luis Obispo
Licensed California Architect (C-15290), January 4, 1986
Licensed Hawaii Architect (AR-17527), June 2, 2017

Briefly explain your qualifications or areas of demonstrated expertise for this board or commission.

I have practiced architecture for over 40 years, working on a variety of buildings including single-family residential, multi-family residential, commercial retail and office space, institutional and government buildings. I have been given multiple awards for my work on historic buildings by the City of Fresno and California Preservation Foundation and served on the City of Fresno Historic Preservation Commission for nearly 10 years. All of this allowed me to develop an excellent working relationship with Code Enforcement and Building Department staff.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

☐ Yes ☒ No

Historical Building Code*, City of Fresno 2013

Professional:

Member, National Trust for Historic Preservation
Member, California Preservation Foundation
Past Chairman, City of Fresno Historic Preservation Commission

Current Member, City of Fresno Building Code Appeals Commission

Experience:

Mr. Vincent has over thirty years of experience in the architectural field. As senior designer at Schoenwald, Norwood, House, Oba, Inc., his work included the design of military, institutional and educational facilities. In more recent years, projects have varied from hospitals and convalescent living facilities to retail developments to completing over 10,000 units of multi-family housing units across the state.

In 1986, Mr. Vincent founded The Vincent Company Architects as a sole proprietorship. Scott provides design and quality control services, and is responsible for maintaining client contact and administration of all contracts. Creativity, meticulous attention to detail, and economical use of resources to achieve maximum results characterize the philosophy Mr. Vincent brings to his practice of architecture. This standard of excellence translates into design solutions that are efficient, classic and enduring.

Awards:

1996 California Preservation Foundation Award of Excellence for Adaptive Re-use, *The Thomas Residence, Fresno, CA.*

2008 City of Fresno Preservation Award for Outstanding Restoration, *Chandler Airport Administration Building, Fresno, CA.*
