The Engineer's Estimate for this expenditure is \$1,577,647. The contract price is 14.1% above the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

The estimate for this project was based on unit prices based on most recent projects of similar trades and the higher bid is most likely due to the saturation of other construction projects at this moment in time.

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

The proposed project is to reconfigure the existing intersection at Blackstone and Shields Avenues to improve the efficiency and safety of the vehicular traffic movements. The Scope of the project includes the elimination of the pork-chop islands, installation of a new traffic signal and upgrading pedestrian crossing facilities to the current ADA standards
