---

Each bidder has agreed to allow the City ninety (90) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Division at the latest by Monday, March 28, 2016, 5:00 P.M.

The Engineer's Estimate for this expenditure is \$1,411,756.50. The contract price is 30 % above the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

The construction cost increased due to the addition of 85-ft of 54-inch diameter welded steel (mortar-lined) pipe manifold with connections for future pump station expansion. The accelerated schedule also contributed to the additional cost.
