WHEREAS, the Consultant acknowledges that this Agreement is subject to the requirements of Fresno Municipal Code Section 4-107 and Administrative Order No. 619; and

WHEREAS, this Agreement will be administered for the City by its Director of Public Utilities (Director) or designee.

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the covenants, conditions, and promises hereinafter contained to be kept and performed by the respective parties, it is mutually agreed as follows:

1. Scope of Services. The Consultant shall perform to the satisfaction of the City the services described in **Exhibit A**, including all work incidental to, or necessary to perform, such services even though not specifically described in **Exhibit A**.

2. Term of Agreement and Time for Performance. This Agreement shall be effective from the date first set forth above and shall continue in full force and effect through the earlier of complete rendition of the services hereunder or June 30, 2025, subject to any earlier termination in accordance with this Agreement. The services of the Consultant as described in **Exhibit A** are to commence upon the City's issuance of a written "Notice to Proceed." Work shall be undertaken and completed in a sequence assuring expeditious completion, but in any event, all such services shall be completed within 760 (Seven Hundred Sixty) consecutive calendar days from such authorization to proceed.

3. Compensation.

(a) The Consultant's sole compensation for satisfactory performance of all services required or rendered pursuant to this Agreement shall be a total fee not to exceed \$736,873.00 (Seven Hundred Thirty-Six Thousand, Eight Hundred Seventy-Three Dollars, paid on a time and materials basis in accordance with the schedule of fees contained in **Exhibit A**, and a contingency amount not to exceed \$74,000 (Seventy-Four Thousand Dollars) for any additional work rendered pursuant to Subsection (c) below and authorized in writing by the Director.

(b) Detailed statements shall be rendered monthly and will be payable in the normal course of City business. The City shall not be obligated to reimburse any expense for which it has not received a detailed invoice with applicable copies of representative and identifiable receipts or records substantiating such expense.

(c) The parties may modify this Agreement to increase or decrease the scope of services or provide for the rendition of services not required by this Agreement, which modification shall include an adjustment to the Consultant's compensation. Any change in the scope of services must be made by written amendment to the Agreement signed by an authorized representative for each party. The Consultant shall not be entitled to any additional compensation if services are performed prior to a signed written amendment.

4. Termination, Remedies, and Force Majeure.

(a) This Agreement shall terminate without any liability of the City to the Consultant upon the earlier of: (i) the Consultant's filing for protection under the federal bankruptcy laws, or any bankruptcy petition or petition for receiver commenced by a third party against the Consultant; (ii) seven calendar days prior written notice with or without cause by the City to the Consultant; (iii) the City's non-appropriation of funds sufficient to meet its obligations hereunder during any City fiscal year of this Agreement, or insufficient funding for the Project; or (iv) expiration of this Agreement.

(b) Immediately upon any termination or expiration of this Agreement, the Consultant shall (i) immediately stop all work hereunder; (ii) immediately cause any and all of its subcontractors to cease work; and (iii) return to the City any and all unearned payments and all properties and materials in the possession of the Consultant that are owned by the City. Subject to the terms of this Agreement, the Consultant shall be paid compensation for services satisfactorily performed prior to the effective date of termination. The Consultant shall not be paid for any work or services performed or costs incurred which reasonably could have been avoided.

(c) In the event of termination due to failure of the Consultant to satisfactorily perform in accordance with the terms of this Agreement, the City may withhold an amount that would otherwise be payable as an offset to, but not in excess of, the City's damages caused by such failure. In no event shall any payment by the City pursuant to this Agreement constitute a waiver by the City of any breach of this Agreement which may then exist on the part of the Consultant, nor shall such payment impair or prejudice any remedy available to the City with respect to the breach.

(d) Upon any breach of this Agreement by the Consultant, the City may (i) exercise any right, remedy (in contract, law or equity), or privilege which may be available to it under applicable laws of the State of California or any other applicable law; (ii) proceed by appropriate court action to enforce the terms of the Agreement; and/or (iii) recover all direct, indirect, consequential, economic and incidental damages for the breach of the Agreement. If it is determined that the City improperly terminated this Agreement for default, such termination shall be deemed a termination for convenience.

(e) The Consultant shall provide the City with adequate written assurances of future performance, upon Director's request, in the event the Consultant fails to comply with any terms or conditions of this Agreement.

(f) The Consultant shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Consultant and without its fault or negligence such as, acts of God or the public enemy, acts of the City in its contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Consultant shall notify Director in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, and shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to Director of the cessation of such occurrence.

5. Confidential Information, Ownership of Documents and Copyright License.

(a) Any reports, information, or other data prepared or assembled by the Consultant pursuant to this Agreement shall not be made available to any individual or organization by the Consultant without the prior written approval of the City. During the term of this Agreement, and thereafter, the Consultant shall not, without the prior written consent of the City, disclose to anyone any Confidential Information. The term Confidential Information for the purposes of this Agreement shall include all proprietary and confidential information of the City, including but not limited to business plans, marketing plans, financial information, designs, drawings, specifications, materials, compilations, documents, instruments, models, source or object codes and other information disclosed or submitted, orally, in writing, or by any other medium or media. All Confidential Information shall be and remain confidential and proprietary in the City.

(b) Any and all original sketches, pencil tracings of working drawings, plans, computations, specifications, computer disk files, writings and other documents prepared or provided by the Consultant pursuant to this Agreement are the property of the City at the time of preparation and shall be turned over to the City upon expiration or termination of the Agreement or default by the Consultant. The Consultant grants the City a copyright license to use such drawings and writings. The Consultant shall not permit the reproduction or use thereof by any other person except as otherwise expressly provided herein. The City may modify the design including any drawings or writings. Any use by the City of the aforesaid sketches, tracings, plans, computations, specifications, computer disk files, writings and other documents in completed form as to other projects or extensions of this Project, or in uncompleted form, without specific written verification by the Consultant will be at the City's sole risk and without liability or legal exposure to the Consultant. The Consultant may keep a copy of all drawings and specifications for its sole and exclusive use.

(c) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this Section 5.

(d) This Section 5 shall survive expiration or termination of this Agreement.

6. Professional Skill. It is further mutually understood and agreed by and between the parties hereto that inasmuch as the Consultant represents to the City that the Consultant and its subcontractors, if any, are skilled in the profession and shall perform in accordance with the standards of said profession necessary to perform the services agreed to be done by it under this Agreement, the City relies upon the skill of the

Consultant and any subcontractors to do and perform such services in a skillful manner and the Consultant agrees to thus perform the services and require the same of any subcontractors. Therefore, any acceptance of such services by the City shall not operate as a release of the Consultant or any subcontractors from said professional standards.

7. Indemnification. To the furthest extent allowed by law including California Civil Code section 2782.8, the Consultant shall indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents, and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses, and costs to enforce this agreement) that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of the Consultant, its principals, officers, employees, agents, or volunteers in the performance of this Agreement.

If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall require each subcontractor to indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents, and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

8. Insurance.

(a) Throughout the life of this Agreement, the Consultant shall pay for and maintain in full force and effect all insurance as required in **Exhibit B**, which is incorporated into and part of this Agreement, with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by the City's Risk Manager or designee at any time and in its sole discretion. The required policies of insurance as stated in Exhibit B shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to the City, its officers, officials, employees, agents, and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, the Consultant or any of its subcontractors/sub-consultants fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to the Consultant shall be withheld until notice is received by the City that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to the City. Any failure to maintain the required insurance shall be sufficient cause for the City to terminate this Agreement. No action taken by the City pursuant to this section shall in any way relieve the Consultant of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by the City that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by the Consultant shall not be deemed to release or diminish the liability of the Consultant, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify the City shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of the Consultant, its principals, officers, agents, employees, persons under the supervision of the Consultant, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

(d) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall require each subcontractor/sub-consultant to provide insurance protection, as an additional insured, to the City and each of its officers, officials, employees, agents, and volunteers in accordance with the terms of this section, except that any required certificates and applicable endorsements shall be on file with the Consultant and the City prior to the commencement of any services by the subcontractor. The Consultant and any subcontractor/sub-consultant shall establish additional insured status for the City, its officers, officials, employees, agents, and volunteers by using Insurance Service Office (ISO) Form CG 20 10 11 85 or both CG 20 10 04 13 and CG 20 37 04 13 or by an executed manuscript company endorsement providing additional insured status as broad as that contained in ISO Form CG 20 10 11 85.

9. Conflict of Interest and Non-Solicitation.

(a) Prior to the City's execution of this Agreement, the Consultant shall complete a City of Fresno conflict of interest disclosure statement in the form as set forth in **Exhibit C**. During the term of this Agreement, the Consultant shall have the obligation and duty to immediately notify the City in writing of any change to the information provided by the Consultant in such statement.

(b) The Consultant shall comply, and require its subcontractors to comply, with all applicable (i) professional canons and requirements governing avoidance of impermissible client conflicts; and (ii) federal, state and local conflict of interest laws and regulations including, without limitation, California Government Code Section 1090 et. seq., the California Political Reform Act (California Government Code Section 87100 et. seq.), the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations Section 18700 et. seq.) and Section 4-112 of the Fresno Municipal Code (Ineligibility to Compete). At any time, upon written request of the City, the Consultant shall provide a written opinion of its legal counsel and that of any subcontractor that, after a due diligent inquiry, the Consultant and the respective subcontractor(s) are in full compliance with all laws and regulations. The Consultant shall take, and require its subcontractors to take, reasonable steps to avoid any appearance of a conflict of interest. Upon discovery of any facts giving rise to the appearance of a conflict of interest, the Consultant shall immediately notify the City of these facts in writing.

(c) In performing the work or services to be provided hereunder, the Consultant shall not employ or retain the services of any person while such person either

is employed by the City or is a member of any City council, commission, board, committee, or similar City body. This requirement may be waived in writing by the City Manager, if no actual or potential conflict is involved.

(d) The Consultant represents and warrants that it has not paid or agreed to pay any compensation, contingent or otherwise, direct or indirect, to solicit or procure this Agreement or any rights/benefits hereunder.

(e) Neither the Consultant, nor any of the Consultant's subcontractors performing any services on this Project, shall bid for, assist anyone in the preparation of a bid for, or perform any services pursuant to, any other contract in connection with this Project. The Consultant and any of its subcontractors shall have no interest, direct or indirect, in any other contract with a third party in connection with this Project unless such interest is in accordance with all applicable law and fully disclosed to and approved by the City Manager, in advance and in writing.

(f) If the Consultant should subcontract all or any portion of the work to be performed or services to be provided under this Agreement, the Consultant shall include the provisions of this Section 9 in each subcontract and require its subcontractors to comply therewith.

(g) This Section 9 shall survive expiration or termination of this Agreement.

10. Recycling Program. In the event the Consultant maintains an office or operates a facility(ies), or is required herein to maintain or operate same, within the incorporated limits of the City of Fresno, the Consultant at its sole cost and expense shall:

(a) Immediately establish and maintain a viable and ongoing recycling program, approved by the City's Solid Waste Management Division, for each office and facility. Literature describing the City recycling programs is available from the City's Solid Waste Management Division and by calling the City of Fresno Recycling Hotline at (559) 621-1111.

(b) Immediately contact the City's Solid Waste Management Division at (559) 621-1452 and schedule a free waste audit, and cooperate with such Division in their conduct of the audit for each office and facility.

(c) Cooperate with and demonstrate to the satisfaction of the City's Solid Waste Management Division the establishment of the recycling program in paragraph (a) above and the ongoing maintenance thereof.

11. General Terms.

(a) Except as otherwise provided by law, all notices expressly required of the City within the body of this Agreement, and not otherwise specifically provided for, shall be effective only if signed by the Director or designee.

(b) Records of the Consultant's expenses pertaining to the Project shall be kept on a generally recognized accounting basis and shall be available to the City or its authorized representatives upon request during regular business hours throughout the life of this Agreement and for a period of three years after final payment or, if longer, for any period required by law. In addition, all books, documents, papers, and records of the Consultant pertaining to the Project shall be available for the purpose of making audits,

examinations, excerpts, and transcriptions for the same period of time. If any litigation, claim, negotiations, audit or other action is commenced before the expiration of said time period, all records shall be retained and made available to the City until such action is resolved, or until the end of said time period whichever shall later occur. If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this paragraph. This Section 11(b) shall survive expiration or termination of this Agreement.

(c) Prior to execution of this Agreement by the City, the Consultant shall have provided evidence to the City that the Consultant is licensed to perform the services called for by this Agreement (or that no license is required). If the Consultant should subcontract all or any portion of the work or services to be performed under this Agreement, the Consultant shall require each subcontractor to provide evidence to the City that subcontractor is licensed to perform the services called for by this Agreement (or that no license is required) before beginning work.

(b) The Consultant will not discriminate against any employee or applicant for employment because of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era. The Consultant shall ensure that applicants are employed, and the employees are treated during employment, without regard to their race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, marital status, sex, age, sexual orientation, ethnicity, status as a disabled veteran or veteran of the Vietnam era. Such requirement shall apply to the Consultant's employment practices including, but not be limited to, the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Consultant agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provision of this nondiscrimination clause.

(c) The Consultant will, in all solicitations or advertisements for employees placed by or on behalf of the Consultant in pursuit hereof, state that all

Downtown Area Water and Wastewater Infrastructure Improvements Study

March 2023

The scope of services described in the RFP can be delineated into the following major activities to evaluate the relocation and capacity improvement needs for the City's water and wastewater infrastructure within the downtown area delineated in Attachment 1 in the RFP.

PHASE I

Task 1 – Phase I Project Management and Document Review

Task 1.1 – Phase I Kickoff Meeting

This task includes a project kickoff meeting with City of Fresno Department of Public Utilities staff to present the project schedule and goals, anticipated expectations of involved parties, and data request for documents to be reviewed in Task 2.

Task 1.2 – Phase I Monthly Meetings

This task includes conducting monthly coordination meetings with City staff for the project. The level of effort for this task assumes the duration for Phase I is six months.

Task 2 – Desktop Review of Relevant Documents

Task 2.1 –Document Review

This task includes utilities research, reviewing record drawings, sewer repair and rehabilitation records, infrastructure rehabilitation projects, plat and easement maps, and reviewing relevant planning documents for the downtown specific area and the City in general for future growth demands. This includes planning documents associated with develop plans for other strategic developments.

Task 2.2 – Strategic Development Discussion

Conduct an in-person, two-hour workshop with City staff and key project collaborators to discuss upcoming development in the downtown area or strategic development block, neighborhood, or region, and coordination needs.

Task 3 – Project Boundary Delineation and Prioritization

This task consists of reviewing the project area boundaries delineated by the City and developing a prioritized set of project areas incorporating the information gathered during the document review task. The resulting project areas may be different from those initial defined by the City. Select one of the

resulting project areas, in collaboration with City of Fresno Staff, to initiate the downtown water and sewer utility field investigations.

Task 4 – Preliminary Field Investigation

Task 4.1 – Field Investigation

Conduct a block-by-block field investigation of the project area selected during the previous task. The goal of the field investigation is to identify impediments to utility relocations and confirm existing conditions from visible surface features.

The level of effort for this task assumes four working days of field investigation effort.

Task 4.2 – Summary of Findings

Draft a technical memorandum (TM) summarizing the type of impediments to utility relocation encountered during the field investigation and infrastructure improvement needs for the initial project area. Specifically for the sewer infrastructure, we will include improvements to address capacity deficiencies, point repairs, and sewer rehabilitations identified during the document review and hydraulic analysis. We will describe feasible alternatives (up to two per impediment type, where appropriate) to address the impediments. The alternatives are intended to minimize service transfer efforts, account for physical limitations of property and available industry methods. Extrapolate an estimated frequency for encountering impediment types for the remaining project areas using information gathered during the document review task.

The level of effort for this task assumes up to twenty unique impediment types for the initial project area and that the location of sewer point repairs and rehabilitation needs are provided by the City.

Task 4.3 – Task Review Meeting

Conduct an in-person, three-hour workshop with City staff to review the Summary of Findings TM and alternatives for addressing relocation impediments. The goal of the workshop is for City staff to select which alternative for each impediment situation to use for developing construction cost estimate for improvements and relocations within the initial project area.

Task 4.4 – Initial Project Area Improvement Study Results TM

After completion of the hydraulic analyses described in the next task, we will draft a TM documenting the feasibility of relocating existing infrastructure from alleyways to streets and to address other impediments for the initial project area. We will develop Class V, planning-level construction cost estimates for the feasible alternatives selected by the City and for constructing infrastructure improvements where relocation is not feasible.

Task 5 – Hydraulic Analysis

Task 5.1 – Water and Sewer Hydraulic Analysis

Perform hydraulic analysis using existing City of Fresno Water and Sewer Distribution System Models taking into consideration conceptual pipeline alignments defined by the City in their planning documents and future growth demands. We will use the results of the hydraulic analysis to size replacement pipe diameters. We will evaluate the T4 pressure zone for optimization improvements related to the downtown area.

Task 5.2 – Hydraulic Analysis Technical Memorandum

We will draft a TM summarizing the results of the hydraulic analysis.

Task 6 – Phase II Work Plan

We will develop a work plan for the remaining downtown project areas that includes:

- Conducting block-by-block field investigations.
- Selecting feasible infrastructure relocation strategies.
- Identifying situations where relocation is not feasible.
- Developing planning-level cost estimates for the infrastructure improvements within each project area.
- Description of the pros and cons for proceeding with phasing the improvements for the initial and subsequent project areas over multiple years.
- Recommendations, if appropriate, for conducting utility survey and manhole flowline elevation measurement to support the hydraulic analysis recommendations and for evaluating the feasibility of relocation alternatives.
- Projected schedule and estimated level of effort for implementing the work plan.

We will present the work plan to the City's Project Manager for review and approval prior to initiating Phase II.

PHASE I DELIVERABLES

Four hard copies and one PDF of:

- Hydraulic analyses results maps (plotted on 22-inch by 34-inch sheets).
- TM and cost estimates.

PHASE II

Task 7 – Phase II Project Management

Task 7.1 – Phase II Kickoff Meeting

This task includes a kickoff meeting with City of Fresno Department of Public Utilities staff to present the Phase II project schedule and goals, and anticipated expectations of involved parties.

Task 7.2 – Phase II Monthly Meetings

This task includes conducting monthly coordination meetings with City staff for the project.

The level of effort for this task assumes the duration for Phase II is six months.

Task 8 – Project Area Evaluation Studies

Task 8.1 – Project Area Field Investigation

For each of the project areas defined in Phase I, we will conduct a block-by-block field investigation to identify impediments to infrastructure relocation and improvement feasibility.

The level of effort for this task assumes 30 working days of field investigation effort.

Task 8.2 – Utility Survey

If authorized by the City, conduct utility survey and manhole flowline elevation measurement to update the hydraulic analysis recommendations and for validating the feasibility of relocation alternatives.

Task 8.3 – Update Hydraulic Analysis

If warranted by the results of the field investigation and authorized by the City, update the hydraulic analyses as each project area is completed.

Task 8.4 – Draft Project Area Summary of Findings

Draft a TM summarizing the type of impediments to utility relocation encountered during the field investigation and infrastructure improvement needed within the project area. Specifically for the sewer infrastructure, include improvements to address capacity deficiencies point repairs, and sewer rehabilitations identified during the document review and hydraulic analysis. Identify, where feasible, the improvement to address each impediment. The improvements are intended to minimize service transfer efforts, account for physical limitations of property, and available industry methods.

The level of effort for this task assumes the impediments identified during Phase I (up to 20) will be refined and an additional 10 impediment scenarios developed.

Task 8.5 – Project Area Review Meeting

Conduct a hybrid, 90-minute meeting with City staff to review the Draft Summary of Findings TM and selected improvements for addressing relocation impediments. The goal of the meeting is for City staff to provide input and recommendations for each impediment situation. The results of the meeting are to be used for developing construction cost estimates for improvements and relocations within the project area.

Task 8.6 – Final Project Area Summary of Findings

Develop Class V, planning-level construction cost estimates for the feasible alternatives selected by the City and for constructing infrastructure improvements where relocation is not feasible.

Prepare the final TM summarizing the relations and improvements to be constructed within the project area.

The level of effort for this task assumes up to eight project areas and that Tasks 9.1 through 9.6 are completed for each project area.

Task 9 – Consolidated Improvements Study Report

Consolidate the results of evaluation studies for each project area into a final project report. The final report will include:

- Distinct areas to serve as individual projects for phase construction of infrastructure improvements over multiple years.
- Construction cost estimates for the identified improvements.
- Description of the pros and cons for proceeding with each phase developed for improvements.

PHASE II DELIVERABLES

Four hard copies and one PDF of:

- Hydraulic analyses results maps (plotted on 22-inch by 34-inch sheets).
- TM for each project area, with cost estimates.
- Final study report.

PROJECT ASSUMPTIONS

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

The *General Liability and Automobile Liability insurance policies* are to contain, or be endorsed to contain, the following provisions:

- 1. The City, its officers, officials, employees, agents, and volunteers are to be covered as additional insureds. The Consultant shall establish additional insured status for the City and for all ongoing and completed operations under the Commercial General Liability policy by use of ISO Forms or an executed manuscript insurance company endorsement providing additional insured status. The Workers' Compensation insurance policy is to contain, or be endorsed to contain, the following provision: the Consultant and its insurer shall waive any right of subrogation against the City, its officers, officials, employees, agents, and volunteers.

If the Professional Liability (Errors and Omissions) insurance policy is written on a claims-made form:

1. The retroactive date must be shown, and must be before the effective date of the Agreement or the commencement of work by the Consultant.

3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement or the commencement of work by the Consultant, the Consultant must purchase "extended reporting" coverage for a minimum of five years completion of the Agreement work or termination of the Agreement, whichever occurs first.

The fact that insurance is obtained by the Consultant shall not be deemed to release or diminish the liability of the Consultant, including, without limitation, liability under the indemnity provisions of this Agreement. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of the Consultant, its principals, officers, agents, employees, persons under the supervision of the Consultant, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

VERIFICATION OF COVERAGE

The Consultant shall furnish the City with all certificate(s) and **applicable endorsements** effecting coverage required hereunder. All certificates and **applicable endorsements** are to be received and approved by the City's Risk Manager or its designee prior to the City's execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of the City, the Consultant shall immediately furnish the City with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement.
