Any provisions in this MOU which are new or modified from the terms of the previous MOU are effective beginning the term of this MOU unless otherwise stated in this MOU.

ARTICLE V

*** GRIEVANCES AND USE OF HEARING OFFICER IN DISCIPLINARY ACTION

[§§ deleted]

A. GRIEVANCES

1. A grievance is a dispute concerning the interpretation or application of any existing City policy, practice, written rule or regulation governing personnel practices or working conditions, including this Agreement. A grievance involves the claimed misapplication or misinterpretation of a rule or regulation relating to an existing right or duty; it does not relate to the establishment or abolishment of a right or duty. This procedure shall not apply to any dispute for which there is another established resolution procedure, including but not limited to, appeal to the Fresno Civil Service Board, Retirement Board, Public Employee Relations Board unfair employer-employee relations charge or fact-finding procedure, or as outlined below.

Grievances regarding probationary demotions/terminations and disciplinary actions excluded from the Civil Service Board process, shall not proceed past Step 2 of the Grievance Procedure.

2. A written grievance must set forth the rule, regulation, policy, or practice claimed to have been violated, describe the specific incident or circumstances of the alleged violation, and specify the remedy sought or it will be returned to the grievant for appropriate completion. Any dispute between the parties as to the grievability of an issue or as to whether the requirements of this procedure have been met shall be presented to the Grievance Advisory Committee (GAC), or to an arbitrator if arbitration has been elected under Step 3 below. The Committee or arbitrator shall rule on the dispute before proceeding with the hearing. The Committee or arbitrator will be bound by the agreement of the parties regarding timeliness unless the parties have mutually agreed to waive time lines.
3. Union Officers and Stewards designated under Article IV, Section F of this Agreement shall be excused without loss of compensation from their regular duties for such time as is necessary to attend and represent the grievant at grievance hearings, beginning at the first level of the procedure.
4. The procedure and sequence in filing and processing a grievance shall be as follows:

Step One - Filing the Grievance

The grievant and/or Union representative shall discuss the grievance with the grievant's immediate supervisor or designee before a written grievance may be filed.

- a. If the grievance is not settled through this discussion a written grievance may be filed with the grievant's immediate supervisor or designee. A written grievance must be filed, with a copy being sent to the Union and Labor Relations Division, within twenty-one (21) calendar days from the time the grievant becomes aware or should have become aware of the issue or incident giving rise to the problem.
- b. Upon receipt of a written grievance, the immediate supervisor or designee shall give the grievant a written reply within fourteen (14) calendar days.

Step Two - Department Head Review

Should the grievant not be satisfied with the answer received from grievant's immediate supervisor or designee, the grievant may within fourteen (14) calendar days file an appeal to the department head or designee. The department head or designee shall have twenty-one (21) calendar days after receipt of the appeal to review the matter, investigate, and provide a written answer to the appeal explaining clearly the decision or proposed action and reasons thereof. The department head or designee may confer with the grievant and appropriate supervisors in an attempt to bring about a mutually acceptable solution.

Step Three - Mediation/GAC/Binding Arbitration

- a. Only the Union can move a grievance to Step Three.
- b. If the grievant is not satisfied with the decision of the department head or designee, the Union may, within fourteen (14) calendar days after receipt of the written reply, file a request for a review of the department head's or designee's decision to the Grievance Advisory Committee or through binding arbitration as outlined in Subsection e. below.
- c. The City and the Union may mutually agree to waive steps one (1) and two (2) and proceed directly to hearing by the Grievance Advisory Committee or binding arbitration when the issue is one over which the grievant's supervisor or designee, or department head or designee has no jurisdiction.

- d. The City and the Union may agree to seek resolution of the grievance through mediation using the services of the State Mediation and Conciliation Service, prior to hearing by the Grievance Advisory Committee or binding arbitration. Time limits for processing of the grievance are automatically extended for as long as mediation is in process.
- e. The Union shall be limited to two (2) requests for binding arbitration per fiscal year on a grievance that involves a dispute concerning the interpretation or application of an existing City policy, practice, written rule or regulation. There shall be no limitation on requests for binding arbitration dealing with MOU interpretation or application. Any request for binding arbitration that does not meet the requirements of this Subsection shall not be processed, and such grievance concludes at Step One above.

The arbitrator shall hold a hearing on the issue or issues submitted, or as determined by the arbitrator if the parties have not mutually agreed upon the issues, or issues, and render a written decision and reasons for the opinion within thirty (30) calendar days following the closing of the arbitration hearing, unless the period has been mutually extended in writing by all parties. The decision shall be sent to the Labor Relations Division and to the Union. The arbitrator's decision shall be final and binding.

- f. The Grievance Advisory Committee (GAC) shall be comprised of three (3) members: one selected by the Grievant, one selected by the City and the chairperson. The GAC chairperson or arbitrator may be chosen either by mutual agreement of the Union and the City, or by the "strike" method from a list of neutrals provided by the State Mediation and Conciliation Service. If the GAC chairperson is selected by the strike method from the list of neutrals provided by the State Mediation and Conciliation Service, then the GAC shall be comprised exclusively of the selected neutral. The City and the Union shall select a chairperson or arbitrator within fourteen (14) calendar days of the receipt of a grievance requesting review by a Grievance Advisory Committee by the Labor Relations Division or upon receipt of the list of neutrals from State Mediation and Conciliation Service.

Fees and expenses of the chairperson or arbitrator shall be paid half by the City and half by the Union, provided, however, that the GAC or arbitrator may recommend that the City or the Union, pay the total of such fees and expenses should it find that, but for the unreasonableness of that party's posture, the convening of the Committee or arbitration would not have been necessary.

- g. From the date a grievance, otherwise meeting all criteria for the filing and processing of a grievance, reaches the Labor Relations Division, the Grievance Advisory Committee will attempt to convene within thirty (30) calendar days in order to hear the grievance.
- h. All time limits herein may be extended by mutual agreement of the parties. The parties agree that if a time limit for filing a grievance, grievance appeal, or response ends on a Saturday, Sunday, or holiday as listed in this Agreement, the time limits shall be extended to the next regular business day.
- i. The Grievance Advisory Committee shall talk to the employees and the supervisor involved to set forth in writing the facts of the particular situation as objectively as possible and recommend a solution to the City Manager or designee within thirty (30) calendar days of its last meeting.
- j. If the grievance has been submitted to a GAC, the City Manager or designee shall review the decision of the department head or designee and recommendations of the Grievance Advisory Committee and shall render a written decision to the grievant within twenty-one (21) calendar days after receipt from the Grievance Advisory Committee.
- k. Failure of the grievant to file an appeal within the specified time limit for any but the first step of the procedure shall constitute an abandonment of the grievance process. Failure of the responsible supervisor or official of the City to render a decision within the specified time limit established by this procedure shall automatically move the grievance to the next higher level for action, without any further action required of the grievant.

B. USE OF HEARING OFFICER IN DISCIPLINARY ACTIONS INITIATED BY CITY

Use of a hearing officer in disciplinary actions shall be in accordance with FMC Section 3-283.

ARTICLE VI

A. GENERAL

1. The City shall deduct the dues or benefit premiums, or both, following receipt of notice from the Union that authorization has been provided to the Union by an employee in the Unit. The City shall stop dues deductions or benefit premium deductions, or both, upon receipt of notice from the Union that authorization has been provided to the Union by members in the Unit. Should there be a dispute regarding the deduction of dues, the Union shall provide the City with a copy of the authorization(s) signed by the employee.
2. The Union, in consideration for and as a condition of the City withholding and transmitting payroll and benefit deductions authorized by this Section and in compliance with Government Code Section 1157.12, shall indemnify and hold harmless the City of Fresno, its officers, and employees from any liability that may result from making, canceling, or changing requested deductions.
3. **Dues deductions will be terminated when an employee leaves the Unit.**

B. EXCEPTIONS TO DUES DEDUCTION AUTHORIZATION CARD

In the case of a member who is in a non-pay status during only a part of the pay period and whose salary is insufficient to cover other legal and required deductions, no dues deduction or deposit shall be made.

C. DUES DEDUCTION

1. Dues deductions covering all such deductions shall be transmitted by electronic funds transfer to an account specified by Stationary Engineers, Local 39.
2. Dues deductions will be transmitted at least monthly.
3. The City agrees to provide the Union with an electronic file that shows the total amount authorized for deduction from each member's check.

ARTICLE VII

A. GENERAL

All economic benefits, provided by Council ordinance or formal Council resolution and not otherwise clearly and explicitly modified or restricted in this Agreement, shall be continued without alteration during the term of this Agreement. **All economic benefit modifications in this MOU shall be effective at the beginning of the first full pay period following Council approval, unless explicitly stated otherwise in the MOU.**

B. SALARIES/PENSION

1. Salaries

Effective at the beginning of the first full pay period following Council approval, the base rate of pay of all permanent employees in this unit active at the beginning of the first full pay period following Council approval will be increased by four and one-half percent (4.5%) as reflected on Exhibit I, attached hereto and incorporated by reference.

Effective June 15, 2026, the base rate of pay of all permanent employees in this unit shall be increased by three percent (3%), and shall be reflected on Exhibit II, attached hereto and incorporated by this reference.

[§§ deleted]

2. Pension Contribution

a. Contributions for Employees Hired On or After May 29, 2017:

Employees hired by the City on or after May 29, 2017, shall make an additional contribution equal to one and one half percent (1.5%) of their pensionable compensation to the City of Fresno Employees Retirement System, reducing the City contribution by a corresponding amount. Employees hired by the City prior to May 29, 2017, who enter Unit 1 on or after May 29, 2017, and were paying an additional one and one half percent (1.5%) of their pensionable

compensation immediately prior to entering Unit 1, shall continue to pay the additional one and one half percent (1.5%) of their pensionable compensation to the City of Fresno Employees Retirement System, reducing the City contribution by a corresponding amount. In accordance with Internal Revenue Code Section 414(h)(2) and related guidance, the City shall pick-up and pay the contribution by salary reduction in accordance with this provision to the City of Fresno Employees Retirement System. The employee shall have no option to receive the one and one half percent (1.5%) contribution in cash. The one and one half percent (1.5%) contribution paid by the employee will not be credited to an employee's accumulated contribution account, nor will it be deposited into a member's Deferred Retirement Option Program ("DROP") account.

Employees who separate City employment regardless of reason and withdraw their employee contributions from the Retirement System between the date this agreement is approved by the City, and the effective date of a Fresno Municipal Code amendment pursuant to the provisions in this Section will have an amount equivalent to the additional one and one half percent (1.5%) the employee contributed pursuant to these provisions refunded by the City of Fresno.

b. Contributions for Employees Under Proposed Fresno Municipal Code Amendment:

After this MOU becomes effective, the City will provide notice to all affected bargaining units of its intent to recommend consideration of an amendment to the Fresno Municipal Code to allow the additional one and one half percent (1.5%) contribution to reduce the City's contribution amount to stop and to become part of the Member Normal Contribution Rate set forth in the Employees Retirement System ("Retirement System"). If the Municipal Code is so amended, the City and the Union agree that, on the first pay period following the date the new FMC provision goes into effect, the following will apply if approved by the City Council:

Members of the Retirement System who are paying an additional 1.5% into the Retirement System shall have their Member Normal Contribution Rate increased by an additional one and one half percent (1.5%) which will be added to their existing Entry Age Normal Contribution Rate effective the date the Fresno Municipal Code amendment becomes effective.

If the process of amending the Municipal Code as outlined above is not completed within 12 months of approval of this MOU, the parties agree to a

limited reopener on the additional pension contribution of one and one half percent (1.5%). Any modification of this provision will require mutual agreement.

However, in case of emergency or whenever the public interest requires, the Chief Administrative Officer, or any department head or designee with respect to any employee in the department head's or designee's department, may require an employee to perform overtime work.
3. There shall be no pyramiding or duplication of overtime or premium **pay** rates.
4. 8. Assignment of Overtime

The procedures in this sub-section (sub-section 8) shall not apply to the Water Distribution mandatory overtime list for stand-by/emergency operations. In the event the procedures outlined in this subsection create an operational inefficiency, the parties agree to meet and confer on separate provisions which shall be incorporated via side letter to this MOU upon mutual agreement.

- a. The Personnel Services Department shall maintain a list of work units. Any changes to the list will be provided to the Union in advance of the change.
- b. Managers of work units must post and maintain a sign up list for voluntary overtime in an area accessible to all employees in the work unit. Employees who wish to work voluntary overtime shall add their name to the voluntary overtime list. Employees may remove their name or add their name to the list at any time. Employees who add

their name to the list will be added in order of their respective seniority rank.

c. Available overtime assignments will be staffed as follows:

The assignment will then again go to the most senior employee.

Employees who are not available for the entire duration of their scheduled standby assignment due to unscheduled leave will be moved to the bottom of the rotation and will rotate through until they have worked a standby assignment. Employees who are not available for a portion of their scheduled standby assignment due to unscheduled leave will resume their standby assignment upon returning to work.

After the most senior employee accepts the standby assignment, declines the standby assignment, or does not respond to the City's attempt to contact the employee, the City will contact the next most senior employee until the standby assignment is staffed. If an employee works, declines, or does not respond to Management's attempt to contact the employee, the employee will be moved to the bottom of the voluntary standby list and will rotate through the list.

When an employee is at the top of the voluntary standby list and it is their turn to work the next voluntary standby assignment due to an employee absent on unscheduled leave but is on unscheduled leave themselves, the employee will go to the bottom of the voluntary standby list and will not be eligible to work voluntary standby until the list goes through an entire rotation.

Employees on the voluntary standby list who are on scheduled leave when they are at the top of the list for a voluntary standby assignment will be contacted for a standby assignment consistent with this subsection.

If it is not possible to staff the standby assignment of an employee on unscheduled leave from the voluntary standby

list, employees in the same job classification or employees who possess required qualifications, e.g., a requisite certification, will be assigned mandatory standby in reverse seniority order in rotation on a daily basis.

The City contribution of the total premium shall be seventy percent (70%) and the employee share of the total premium shall be thirty (30%). Employees may opt to contribute the employee share through payroll deductions to make up the difference between the total premium and the City contribution to receive the maximum benefit coverage provided under the Trust, opt not to contribute the employee share and accept a reduced coverage option, or opt out of the City's Health and Welfare plan pursuant to Article VII, Section F, subsection 2 below.
- b. Should any other represented bargaining unit in the City negotiate a successor MOU, or extend the period of an MOU, or have terms imposed resulting in a greater contribution by the City, upon the Union's request, the City will match that benefit.

Employees who have earned eighty (80) hours or more of Supplemental Sick Leave shall retain those hours but shall not accrue any additional Supplemental Sick Leave time. On those occasions where a situation does not lend itself to the above policy, Fatigue Time will be considered by the Department Director or designee upon recommendation from the employee's supervisor.

In recognition of the above, if an employee ~~who~~ is authorized Fatigue Time, *** such time shall be deducted from the employee's Compensatory Time Off, Vacation *** **Leave** or Sick Leave, whichever the employee chooses, with no penalty to the employee. Extensions beyond fourteen (14) calendar days due to exigent circumstances, such as the employee being incapacitated, may be considered on a case-by-case basis by the Director of Personnel Services or designee.

Eligible Employees who are absent from duty and are receiving SDI/PFL benefits who are eligible to use Sick Leave, Vacation Leave, Holiday Leave, Compensatory Time Off or other available leave banks the employee is authorized to use, shall be eligible to integrate a portion of their individual leave balances with SDI/PFL benefits as noted below.

Integrating Sick Leave balances is defined as the SDI/PFL benefit and the monetary value of the employee's leave balances added together to provide a bi-weekly net income which shall be no more than 100 percent of the employee's normal biweekly gross wages (excluding overtime pay) immediately prior to the start of the disability period.

Integrating leave balances with SDI/PFL benefits will continue only if leave balances are available and the employee remains eligible to receive SDI/PFL benefits.

5. An employee who has elected to integrate leave balances will be considered to be in paid status for the purpose of accumulation of leave and other benefits. An employee electing to integrate must first use available Sick Leave before integrating other eligible leave banks. If the employee chooses not to integrate leave or has no available balances, then the employee will be in a Leave Without Pay (LWOP) status **and subject to applicable eligibility for COBRA medical coverage.**

may use donated time in conjunction with SDI/PFL benefits. Use of donated time shall be in accordance with the provisions of this section.

Employees who elect to integrate must provide Payroll with a copy of the Notice of Computation from the State of California Employment Development Department (EDD) within fourteen (14) calendar days of the issue date, and are required to authorize EDD to share benefit computations with the City when filing the initial claim form(s). Extension beyond fourteen (14) calendar days due to exigent circumstances, such as the employee being incapacitated, may be considered on a case-by-case basis by the Director of Personnel Services or designee.

If an employee does not provide information on SDI/PFL benefits within fourteen (14) calendar days of the issue date of the Notice of Computation, no integration will occur. Integration will not be provided for any period before the City receives notification of SDI/PFL benefits, including retroactively, and the employee provides signed notification that the employee wants to integrate, unless exigent circumstances apply.

8. Initiating integration of accrued leave with SDI/PFL benefits shall be subject to the following conditions:
 - a. Any period of absence during which an employee is receiving SDI/PFL benefits but is not integrating leave shall be deemed a leave of absence without pay. **Such leave of absence without pay status is subject to applicable eligibility for COBRA medical coverage.**
 - b. Service credits toward seniority, step increase eligibility, and probation periods shall be in accordance with the MOU and City policies/procedures.
 - c. If an employee exhausts all available leave balances but continues receiving SDI benefits, the City's compensation shall cease.
 - d. The City shall continue contributions toward the employee's health and welfare benefits and retirement contributions in accordance with established laws and practices during the pay periods that include leave payments by the City. The employee shall be responsible for payment of premiums required to maintain health and welfare benefits when City contributions cease in accordance with established laws, policies and practices.
 - e. Eligible permanent part-time and permanent intermittent employees shall be included in this program on a pro-rata basis.

9. If elected as described above, integration will end upon notification from the employee that SDI/PFL benefits have terminated; the employee exhausts all leave balances and/or donated time resulting in LWOP status; the employee's return to work; or, the employee's separation from City employment, whichever comes first in time.
10. In the event the City determines that legislative, administrative, or judicial determinations cause changes which in any way restricts, reduces, or prohibits any provision of this Agreement, the parties shall immediately meet to discuss necessary amendments and/or modifications.

I. HEALTH REIMBURSEMENT ARRANGEMENT (HRA)

The City currently maintains a Health Reimbursement Arrangement (HRA) that qualifies as a "health reimbursement arrangement" as described in Internal Revenue Service (IRS) Notice 2002-45 and other guidance published by the IRS regarding HRA's. The City agrees to maintain the HRA such that it will continue to qualify as a health reimbursement arrangement for the term of the MOU.

At service retirement, or at a disability retirement if the employee is otherwise eligible for service retirement, employees who have *** **more than 100 Sick Leave hours** will be credited with an account for the employee under the HRA to be used solely to pay premiums for medical insurance (including COBRA premiums) and qualified medical expenses as defined in Internal Revenue Code Section 213(d), and further detailed in Internal Revenue Service Publication 502. The "value" of the account shall be determined as follows:

- **The number of accumulated Supplemental Sick Leave hours at the time of retirement multiplied by one hundred percent (100%) of the employee's hourly base rate of pay.**
- **If the employee opts not to cash out all of the employee's accumulated Holiday Leave hours at the time of separation for retirement purposes, the remaining accumulated Holiday Leave shall be credited into an HRA account for the employee at one hundred percent (100%) of the employee's hourly base rate of pay.**
- **If the employee opts not to cash out all of the employee's accumulated Special Holiday Leave hours at the time of separation for retirement purposes, the remaining accumulated Special Holiday Leave shall be credited into an HRA account for the employee at one hundred percent (100%) of the employee's hourly base rate of pay.**

- The hourly base rate of pay shall be the equivalent of the monthly salary for an employee as reflected in the Salary Resolution, multiplied by twelve (12) months then divided by 2,080 hours.

At the City's option, the HRA accounts shall be book accounts only – no actual trust account shall be established for any employee. Each HRA book account shall be credited on a monthly basis with a rate of earnings equal to the yield on the City's Investment Portfolio (provided that such yield is positive).

The HRA accounts shall be used pursuant to the City of Fresno Retiree HRA Plan Document. Once a participant's account under the HRA has been reduced to \$0, no further benefits shall be payable by the HRA. If the participant, the participant's spouse, and the participant's dependents die before the participant's account under the HRA has been reduced to \$0, no death benefit shall be payable to any person by the HRA.

While this provision is in effect, employees shall not be allowed to cash out any accumulated or accrued sick leave at retirement.

The City will provide a voucher for employees in this Unit who are authorized or required to wear safety shoes for two hundred fifty dollars (\$250) for the purchase of safety shoes, or the value of one (1) pair of approved shoes, whichever is less. Employees in classes and assignments who are required to wear Electrical Hazard rated or Chemical-Resistant safety shoes may be issued a voucher of up to three hundred dollars (\$300) for the purchase of one (1) pair of safety shoes per voucher. In either event, the employee shall pay any cost in excess of the amount of the voucher.

Employees provided with safety shoes, which shall be used for the express purpose of City business, may request a voucher for replacement safety shoes when the safety shoes are no longer serviceable as verified by the

supervisor. When the employee obtains new safety shoes, the safety shoes that are no longer serviceable shall be turned in to the employee's immediate supervisor.

3. Prescription Safety Glasses

Employees who are required to wear prescription glasses and are required to wear protective eyewear in the performance of job duties pursuant to the City of Fresno IIPP shall be reimbursed for the purchase of prescription safety glasses up to one hundred twenty-five dollars (\$125) annually.

Employees requesting reimbursement for the purchase of prescription safety glasses must complete a Travel and Expense Reimbursement form provided by the Finance Department, obtain signature of the appointing authority or designee, attach proof of payment of prescription safety glasses, and submit the form to their department within ten (10) calendar days of incurring the cost.

L. WORKERS' COMPENSATION

1. Notwithstanding the provisions of the FMC Section 3-118, **the percentage of wages or salary and benefits received by an employee holding a permanent position who suffers or has suffered an injury in the course and scope of City employment shall *** be the percentage of wages or salary and benefits established by the State of California worker's compensation laws set forth in the Labor Code**, beginning on the fourth day of such absence, unless hospitalized on the first day for at least 24 hours, or unless the absence exceeds 14 days, in which case, the employee shall receive the pay provided in this Section from the first day. Except as modified herein, the provisions of FMC Section 3-118 shall apply. ***
2. In the event City pay is not provided during the first three days of absence due to such injury, the employee may, at the employee's option, take sick leave for that period.
3. **At the employee's option, employees may elect to integrate their accrued leaves to supplement their workers' compensation benefits during the first year of their workers' compensation claim. Employees with an approved workers' compensation claim wishing to integrate their leaves must fill out a form made available by the City indicating**

the employee desires to integrate leave to supplement their workers' compensation claim. If an employee has multiple workers' compensation claims, an employee must fill out a form for each claim they wish to integrate leaves. Once the form is received by City Payroll, the integration will be effective at the beginning of the pay period in which the form is received.

Eligible employees who are absent from duty and are receiving workers' compensation benefits who are eligible to use Sick Leave, Vacation Leave, Holiday Leave, Compensatory Time Off, or other available leave banks the employee is authorized to use, shall be eligible to integrate a portion of their individual leave balances with workers' compensation benefits as noted below.

Integrating leave balances is defined as the workers' compensation benefit and the monetary value of the employee's leave balances added together to provide a bi-weekly net income which shall be no more than one hundred percent (100%) of the employee's normal bi-weekly gross wages (excluding overtime pay) immediately prior to the start of the workers' compensation period.

Integrating leave balances with workers' compensation benefits will continue only if leave balances are available and the employee remains eligible to receive workers' compensation benefits.

An employee electing to integrate leave balances must first use available Sick Leave before integrating other eligible leave banks. If the employee chooses not to integrate leave or has no available balances, then the employee will only receive the workers' compensation benefit.

If elected as described above, integration will end when their workers' compensation benefits have terminated; the employee has exhausted all leave balances; the employee returned to work; the employee separated from City employment; or it is beyond one (1) year from the date of the workers' compensation claim, whichever comes first in time.

In the event the City determines that legislative, administrative, or judicial determinations cause changes which in any way restricts, reduces, or prohibits any provision of this Agreement, the parties shall immediately meet to discuss necessary amendments and/or modifications.

These changes shall be implemented within 90 days after ratification of the successor MOU.

1. General

- a. The workweek for the City begins on Monday at 12:01 a.m. and ends the following Sunday at midnight. The workday starts at 12:01 a.m., and ends 24-hours later at midnight. The standard/normal workweek work schedule is a 5/8 consisting of five-(5) days of eight-(8) hours each, excluding a meal period.
- b. Work schedules (includes days off and meal periods) are established by individual departments/divisions, solely at management's discretion, based upon the need to provide service to the public, other City departments, and/or other operational efficiency requirements. If requested by either party, the City and the Union agree to meet and consult prior to implementation of new work schedules.
- c. Employees shall receive a one (1) hour or a one-half ($\frac{1}{2}$) hour meal period, without pay, each day and a fifteen (15) minute paid rest period during the first half of the workday and a second fifteen (15) minute paid rest period during the second half of the workday. Meal periods and rest periods are scheduled by departments/divisions according to the needs of the department/division. If an employee is required to work during the employee's meal period, with the approval of the employee's supervisor, and if no alternate meal period is taken, said time shall be compensated at the applicable hourly rate of pay if the time worked exceeds that of the employee's normal schedule/shift. The City retains the exclusive right to control the use of City-paid break periods, and exclusive control of the use of City vehicles at all times.
- i. **Water Treatment Plant Operators, Senior Water Treatment Plant Operators, and Senior Wastewater Treatment Plant Operators who work alone on a shift and must remain on-site at the Water or Wastewater Treatment Plant during their meal period due to state mandated certification requirements and whose nature of work prevents them from being relieved of all duties shall have a paid one-half (1/2) hour on-duty meal period at the employee's regular rate of pay as part of their regular eight- or ten-hour shift and shall have their schedules adjusted accordingly to incorporate the paid on-duty meal period (e.g., 10:00pm-6:00am instead of 10:00pm-6:30am, 6:00pm-4:00am instead of 6:00pm-4:30am, etc.).**

These changes shall be implemented no later than 60 days after ratification of the successor MOU.

- d. Employees whose duties require it shall be allowed a reasonable amount of time for a personal clean-up period prior to the end of each work shift.
- e. With 72-hours' notice to affected employees, departments/divisions may temporarily modify an employee's regular schedule to address special service needs, employee training and/or cross-training, and backlog and/or workload concerns. Said temporary modification shall not result in the loss of night shift premium pay.

2. Daylight Savings Hours

At the Union's request, the City agrees to meet and confer regarding changes in working hours during daylight savings time. Any employee regularly scheduled to work, and who does work a shift during which a change from Pacific Standard time to Pacific Daylight time, or vice versa, occurs, will be paid for actual hours worked at the applicable hourly rate.

3. Alternate Work Schedules

- a. Department directors or designees shall be solely responsible for determining and designating divisions/units/sections/specific job classes within their respective departments that may implement variations to the standard/normal work schedule. A minimum of 30 calendar-days written notice shall be provided to affected employees, the Labor Relations Division and Local 39.
- b. Alternative work schedules may be necessary in order to provide minimum staffing, and/or based upon the service needs of the public/other City departments, and/or other operational efficiency requirements. It is expressly understood that position assignments, by classification, staffing levels, work schedules, meal periods, and days off are determined solely by management, and are subject to change based on, and including but not limited to, varying workload, the additional of authorized staffing, and department operational and service needs.
 - (1) If established, employees shall select a 5/8 or 4/10 work schedule according to department/division selection processes. Absent sufficient selections, management will assign employees to a 5/8 or 4/10 work schedule, or combination thereof.

- (2) Except for emergencies, employees working a 4/10 schedule, or who have days off other than Saturday and Sunday, shall schedule all medically-based appointments on off duty time.
- c. The hours for employees working a 5/8 shall consist of five (5) eight hour days with two (2) consecutive days off. The hours for employees working a 4/10 shall consist of four (4) ten hour days with three (3) days off, of which two (2) of the days off will be consecutive. Scheduling of days off shall be determined by management.
- d. Departments/divisions may discontinue alternative work schedules at any time if it is determined by management that they detrimentally effect operations and services. Thirty (30) days advance notice shall be given in writing to affected employees, the Labor Relations Division and Local 39. The decision to discontinue alternative work schedules is not appealable or grievable. If departments/divisions discontinue alternative work schedules established under this Subsection, employees will revert to 5/8 standard/normal work schedules as determined by management.
- e. Except as detailed in the paragraph below, applicable Unit Agreement provisions, Salary Resolution, FMC, and Administrative Orders concerning alternative work schedule (i.e., 4/10) limitations on overtime, holidays, leave accrual and usage, sick leave accrual and usage, and night shift premium pay shall govern.

An employee on a 4/10 work schedule who is off on a holiday, which is a regularly scheduled workday, shall receive eight (8) hours pay for the holiday, and may elect to take two (2) hours vacation, holiday, or CTO for a full ten (10) hours pay, or may elect to receive two (2) hours leave without pay (LWOP). Absent an employee request or election, division payroll will deduct the two (2) hours from available vacation, holiday, or CTO balances prior to any deductions for LWOP.

N. PERSONNEL MATTERS

1. Personnel Files

- a. The Personnel Services Department, under the direction of the Director of Personnel Services, shall maintain the official personnel file for each employee. Each employee may review, or authorize in writing its review by a designated representative, subject to reasonable rules and regulations, and receive a copy of all material placed in either the employee's official file or departmental file. If an employee disagrees with the content of a document placed in either

file, it shall be the right of the employee to submit a response to the Director of Personnel Services to be attached to the document in question and included in the appropriate file. Personnel files are considered confidential and access is limited.

- b. Documents, including performance evaluations, retained in the employee's departmental file shall be forwarded to the employee's new department if the employee transfers, promotes, or demotes. The file should be forwarded to Human Resources when the employee leaves City service.
- c. Inquiries regarding employment references shall be administered in accordance with existing City policies.

2. Employee Performance Evaluations

- a. Each City department shall have the right to conduct employee performance appraisals on a department-wide basis for all employees at the discretion of the appointing authority.
- b. Employees on probation shall receive performance evaluations every three (3) months during the probationary period.
- c. Permanent employees shall receive performance evaluations at least once each year, normally near the employee's anniversary date.
- d. Prior to modifying the Employee Performance Evaluation form (Local 39, Unit 1), Labor Relations will notice Local 39 with an opportunity to meet and discuss the proposed evaluation form with the Union.
- e. An employee who disagrees with a performance evaluation may within fourteen (14) calendar days from the date of the performance evaluation:
 - (1) Write a rebuttal statement for attachment to the performance evaluation form; and/or
 - (2) Request further review with the supervisor of the reviewer, but in no case higher than the department head or designee.
- f. Requests for review of employee performance evaluations are not subject to the grievance procedure.

- g. It is understood that evaluations for non-probationary employees are not to take the place of disciplinary/corrective actions as outlined in Administrative Order 2-14.

3. Transfer Requests

Transfers shall be governed by appropriate provisions of the FMC, including, but not limited to, Sections 3-261, 3-262, and 3-274.

4. Flexible Staffing

Flexible staffing will be in accordance with Administrative Order 2-10.

Flexible staffing is used to designate classes in a promotional series in which both the entry and journey level classes are assigned the same kinds of duties, the difference being the range of duties performed, the level of skill required, and the amount of supervision received.

Flexible staffing allows departments to hire at the lower level class in the series, provide on-the-job training, and to promote to the next higher level in the series once the experience requirements have been met, the full range of duties are being satisfactorily performed and upon recommendation by the Appointing Authority (i.e., Department Director).

5. Suspension of Competition

Suspension of Competition shall be in accordance with FMC Section 3-268.

6. Layoffs

The department director, with the approval of the City Manager's Office, may reduce the number of employees in the department to address budget concerns or a decrease in the workload, by laying off employees in any job classification in which the department director determines a reduction is necessary. This Section does not apply to temporary layoffs because of inclement weather or lack of work.

- a. Layoffs will occur in the following order:

- (1) Temporary Employees
- (2) Provisional/Limited Employees
- (3) Probationary Employees
- (4) Permanent Intermittent Employees
- (5) Permanent Part-Time Employees
- (6) Permanent Full-Time Employees

- b. Seniority - When the layoff must be of one or more employees in the same job classification, the layoff shall be done by reverse seniority (i.e., last hired, first laid off, within that job classification).

For the purposes of layoff, seniority in job classification is defined as continuous time in service in the job classification. An employee accrues seniority from the time the employee is appointed to a position in the job class. In the event of a tie, rank on the City-wide employment list for the classification will be used to break the tie. In the event there is still a tie, total continuous time as a permanent City employee will be used to break the tie. In the event there is still a tie, a mutually agreed random method will be used to break the tie. If a random method is used, affected employees will be offered an opportunity to observe. If the employee cannot attend the scheduled time or refuses to attend, the tie breaker will proceed as scheduled.

- c. Transfer and/or Demotion (Bumping)

- (1) An employee subject to layoff shall be transferred to a vacant position in the same job classification in another department if such a vacancy exists. In the event no vacancies in that job classification exist, an employee subject to layoff in one department who has greater seniority than one or more employees in the same job classification in another department shall be transferred to the position held by the least senior employee in such classification, and the least senior employee shall be subject to layoff ("bumped"). This provision shall be subject to a limited reopener in the event that FMC Section 3-291 is modified in regard to department and/or City-wide layoffs.
- (2) In the event an employee subject to layoff does not qualify for a transfer pursuant to Subsection c.(1) above, and the employee has previous service as a permanent employee in a lower job classification, and the employee's employment by the City has been continuous, the department director shall demote the employee subject to layoff to a position in that lower class. Layoffs that may become necessary due to demotions or transfers pursuant to this Subsection c. shall be governed by the same regulations herein. This provision shall be subject to a limited reopener in the event that FMC Section 391 is modified in regard to department and/or City-wide layoffs.
- (3) In the event an employee is demoted to a lower classification pursuant to Subsection c.(2) above, that employee shall have

all time in classification the employee is being demoted from and all time in the classification the employee is returning to counted towards seniority in the lower classification.

- (4) A permanent non-probationary employee transferred or demoted pursuant to the provisions of Subsection c. (except Subsection c.(5) below) shall not be required to serve a probationary period in the employee's new job classification. A probationary employee transferred or demoted pursuant to FMC Section 3-291 shall serve the probationary period, subject to the same conditions of probation, as a new employee appointed to the job classification from an eligible list.
 - (5) Any employee subject to layoff who does not qualify for a transfer pursuant to Subsections c.(1) or (2) above may submit a written request to the Director of Personnel Services to be considered for a transfer to any vacant position in a job classification for which the employee meets the minimum qualifications (as determined by the Director of Personnel Services), provided that such job classification has an equivalent or lower salary range (i.e., the E step of the pay range is not more than two percent (2%) higher than the E step of the employee's current pay range). The employee may be transferred to the vacant position with the approval of the director of the department where the vacancy exists. Employees transferred under this Subsection will be required to serve the probationary period for the new job classification. FMC Section 3-249 provides that an employee may file a written request for the review of the decision by the Director of Personnel Services that the employee does not meet the minimum qualifications of the position to which the employee has requested a transfer.
 - (6) Employees assigned to another department or division will be subject to the seniority rules of the department/division for purposes of shift, vacation and days on and off.
- d. Reinstatement List - Any employee holding an appointment in a permanent position who, for reasons of economy, lack of work, budget cuts, or departmental reorganization, has been laid off, transferred or demoted from that position, shall be entitled to be placed on a reinstatement list for the job classification from which they were laid off, transferred or demoted. In the event two or more employees are laid off, transferred or demoted from the same job classification, their placement on the reinstatement list shall be

determined by their comparative seniority within that job classification.

(1) As provided in FMC 3-250 and 3-252 (a)(1), an individual on the reinstatement list shall have priority over candidates on an eligible list for vacancies in the job classification from which the employee was laid off, transferred or demoted. An individual's name will remain on the reinstatement list for a period of two (2) years following the effective date of the layoff, transfer or demotion or two (2) refusals of a vacant position in the classification.

(2) An individual, whose name has remained on a reinstatement list continuously for more than two (2) years without reinstatement, shall no longer have priority over candidates on an eligible list, and shall no longer have any right to reinstatement in any position in the job classification for which the reinstatement list was established.

e. Reinstatement - Upon reinstatement from a reinstatement list, as provided in Subsections d. and (1) above, an employee shall receive full credit for all of the employee's service with the City as it relates to salary and vacation accrual, and shall be credited with all unused sick leave hours the employee had at the time of separation from City service.

(1) Any employee, who did not complete the probationary period, and achieve permanent status prior to placement on the reinstatement list, shall serve a full probationary period commencing from the date of the employee's permanent appointment from the reinstatement list.

(2) Upon reinstatement from a reinstatement list an employee will resume membership in the Fresno Employees' Retirement System, and receive service credit for all City service, provided that the employee was vested in the Retirement System and did not withdraw contributions to the System at the time of the layoff, or repays previous contributions pursuant to FMC Section 3-534. An employee who elects to not repay previous contributions, or who was not vested in the System at the time of the layoff, shall receive service credit for only that service subsequent to reinstatement for the purposes of retirement benefit calculations.

7. Seniority

This seniority Subsection shall apply to work shift selection and vacation scheduling for permanent employees in the absence of clearly established departmental policies, practices, or procedures. This Subsection shall not preclude any department from establishing policies, practices, or procedures on seniority as applied to work shift and vacation scheduling. In the absence of a department policy, practice, or procedure, the following shall be used to determine seniority.

- a. Seniority shall be defined as seniority in a **classification** based on an employee's length of continuous service as a permanent employee in their present **classification**. Seniority shall not be applied to temporary, provisional or acting status employees. Permanent employees in temporary, provisional, or acting positions will continue to accrue seniority as if they were in their regular permanent position.
- b. Continuous service shall include all time in the employee's present **classification** and shall not include any time spent under suspension from duty, demotion **or transfer** to another **classification**, ~~on~~ **or** any leave of absence without pay as defined in FMC Section 3-104, or separation from City service. A military leave of absence shall not be considered a break in service.
- c. **In the event seniority is equal, seniority shall be determined based upon the employee's standing on the eligible list for that classification as prepared by the Personnel Services Department. In the event seniority is equal based on appointment to a journey level classification (e.g., for a flexibly staffed series), seniority shall first be determined based upon the employee's appointment date to the entry level classification. In the event the appointment date to the entry level class is also equal, seniority shall be determined by the employee's standing on the eligible list for the entry level classification.**
- d. **For employees occupying the classifications of Wastewater Treatment Plant Operator-in-Training, Wastewater Treatment Plant Technician, Wastewater Treatment Plant Specialist, Water Treatment Plant Operator-in-Training, and Water Treatment Plant Operator seniority shall be defined as seniority in this classification series based on an employee's length of continuous service as an employee in the classification series (i.e., date-of-hire in the series). Wastewater Treatment Plant Operator-in-Training and Water Treatment Plant Operator-in-**

Training shall not exercise seniority rights (i.e. shift bidding) until permanent status is achieved by being promoted.

- 1) Seniority shall not be applied to temporary, provisional or acting status employees. Permanent employees in temporary, provisional, or acting positions will continue to accrue seniority as if they were in their regular permanent position.**
- 2) Continuous service shall include all time in the classification series and shall not include any time spent under suspension from duty, demotion or transfer to another classification, or any leave of absence without pay as defined in FMC Section 3-104, or separation from City service. A military leave of absence shall not be considered a break in service.**
- 3) In the event seniority is equal, seniority shall be determined based upon each employee's standing on the eligible list for initial date-of-hire into the series as prepared by the Personnel Services Department.**
- 4) It is expressly understood that shift position assignments by classification and staffing levels are determined by management and are subject to change based on varying workload, the addition or reduction in authorized staffing, and operational and service needs. Management may assign any employee occupying the classifications of Wastewater Treatment Plant Operator-in-Training and Water Treatment Plant Operator-in-Training to a particular shift or stall, move stalls to different shifts, and change the days off for stalls. In the event management determines fixed shift schedules detrimentally impact operational and service needs, management may discontinue fixed shift schedules with thirty (30) days advance written notice to the affected employees, and the Labor Relations Division. The decision to discontinue fixed shift schedules is not appealable or grievable.**
- 5) If management discontinues fixed shift schedules, schedules shall revert to rotation through day, swing and graveyard shifts which were in existence prior to the establishment of fixed schedules.**

8. In Lieu Suspension for Disciplinary Action

By mutual agreement between the department director or designee and the employee, an employee suspended from duty without pay may forfeit accumulated holiday, CTO, and/or vacation credits equal to the number of hours of suspension in lieu of suspension. If the suspension is reduced or reversed at the conclusion of the appeal process, the City shall reinstate the forfeited credits.

The provisions of this Subsection shall not be subject to the grievance procedure.

9. Labor-Management Committees (LMC's)

The City and Union acknowledge the importance of the development, implementation, and maintenance of LMC's in divisions throughout the City. The parties agree to foster and provide guidance for the establishment and ongoing maintenance of LMC's. The parties understand and agree that LMC's do not have the authority to "meet and confer" regarding issues that are within the mandatory scope of bargaining. The Subsections below shall serve as minimum guidelines for LMC's throughout the City.

- a. LMC's shall be responsible for determining committee composition. However, LMC's may be composed, at a minimum, of the Assistant Department Director, a representative selected by the Business Agent for Local 39, the division manager, two supervisory/management members, two Unit members, and one member to function as the LMC's secretary/record keeper. LMC's shall meet regularly, but no less than once per month. LMC members shall be given forty-eight (48) hour notice for nonemergency meetings that are not part of the regular/routine LMC meeting schedule.
- b. LMC's shall be responsible for establishing, publishing and communicating, including any amendments thereto, LMC procedural, committee composition, and subcommittee guidelines to their division staff. The primary purpose of LMC's is to discuss and evaluate matters and concerns pertinent to the applicable division and/or the division's employees. In addition, LMC's understand that safety issues and concerns, including topics for tailgate meetings as well as changes in work rules, will be referred to the divisional safety committee.

10. Contracting Out

The City retains the right to contract out any services performed by members of this Unit. The City agrees to notify the Union when considering contracting out of services normally performed by members of this Unit which do not directly affect or displace members of the Unit due to growth or expansion.

- a. The City shall notify the Union of its intent to request proposals for the contracting out of City services when those services are currently being performed by employees of this Unit. This notification will occur thirty (30) calendar days before the request for proposals is issued. The Union agrees that the City needs to be competitive with the private sector. Both parties acknowledge that members of the Unit have valuable experience and expertise in the provision of municipal services and in that regard are desirous of including Unit members in preparing and reviewing service delivery options and cost comparisons in an effort to enhance the City's ability to be competitive with the private sector in all areas to which Unit members are assigned. In the event the award of services to third parties results in the layoff of employees of this Unit, the parties shall meet and confer on the impact of such a decision.
- b. The City agrees that before layoffs become necessary, it will use due diligence to accommodate employees displaced as a result of Council's decision to contract out any of the services enumerated above.
- c. The City shall take all reasonable action to avoid layoff of employees providing the services to be contracted out, which action may include but is not limited to, holding vacant positions in classes to which employees might be transferred, notifying employees subject to layoff of examinations being conducted by the City for placement of employees in positions for which they are qualified and administering noncompetitive, qualifying examinations to employees for positions to which they are eligible to transfer.

11. Americans with Disabilities Act (ADA), **Fair Employment and Housing Act (FEHA)**, Family Medical Leave Act (**FMLA**), California Family Rights Act (CFRA), Occupational Safety and Health Act (OSHA/Cal OSHA) and Workplace Violence

The requirements mandated by these statutes have been established in City policies (**Fresno Municipal Codes**, Administrative Orders, *** and the Injury and Illness Prevention Program handbook).

12. Probationary Period

Except for those entry level classifications which do not achieve permanent status, all classifications in Unit 1, represented by Local 39 are subject to a probationary period of twelve months. Employees in flexibly staffed classes shall serve twelve months of probation unless otherwise noted in the Salary Resolution. **The probationary period shall be an essential part of the examination process and shall be used for the effective adjustment of the employee to meet the required standard of work. Time spent on any leave of absence, or time during which an employee is unable to perform the full range of duties due to injury or illness, whether or not job-related, shall not be considered as a part of any probationary period, and such time will be added to the probationary period.**

O. JURY DUTY AND COURT APPEARANCES

1. Jury Duty

An employee who is assigned to a work schedule outside of the regular business hours of Monday through Friday 8:00 a.m. to 5:00 p.m., and who is required to attend any court in response to a summons for jury duty or while serving on a jury will be reassigned to a Monday through Friday 8:00 a.m. to 5:00 p.m. work schedule for the required time in jury duty, and night shift premium pay shall not be discontinued during the period of reassignment. Within one-half (1/2) hour of release from jury duty, or as soon as possible thereafter, the employee shall notify their supervisor of their approximate return to work time. Employees are required to report to work during regular business hours preceding and immediately following jury duty and reasonable travel time unless prior authorization has been obtained from the employee's supervisor which may include using applicable and available leave time and/or Leave Without Pay if no applicable and available leave balances exist. If an employee is dismissed from jury duty during the week, the department shall have the discretion to place the employee back in their regular work schedule for the duration of the week, provided it does not result in overtime. All employees shall receive their regular wages or salary during the time they are required to be absent from the duties of their position to attend any court in response to a summons for jury duty or while serving on a jury, **the employee shall provide a copy of the jury summons and shall inform their supervisor prior to any work shift when jury duty absences the employee from their regularly scheduled shift**, but shall pay over to the City any fees, including mileage allowances, received for such attendance or service.

2. Court Appearances

The following rules shall apply to court appearances.

- a. If an employee receives a departmental notice or subpoena requiring a court appearance on the employee's regularly scheduled day off, or on vacation, or on a day off on compensatory time off which has been approved prior to notice and/or the employee's receipt of a departmental notice of subpoena, the employee shall have the option of:
 - (1) standing by at home, when legally permitted, or,
 - (2) appearing at the court, with a minimum of three (3) hours pay at one and one-half (1 ½) times the base rate of pay. During this three (3) hour period, if the employee is not required to appear in court, the employee may, at the option of the department, be required to perform duties as assigned. The employee shall be released from duty when the subpoena or notice is cancelled or the court releases the employee.
- b. If an employee receives a departmental notice or subpoena requiring a court appearance on a regular day of work which falls outside of assigned work hours, the employee shall have the option of:
 - (1) standing by at home, when legally permitted, or
 - (2) appearing at the court, with a minimum of two (2) hours pay, at one and one-half (1 ½) times the rate of pay. During this two (2) hour period, if the employee is not required to appear in court, the employee may, at the option of the department, be required to perform duties as assigned.
 - (3) If the court appearance starts within one-half (½) hour immediately following assigned work hours, the employee shall receive a one (1) hour minimum. If the court appearance falls during assigned work hours and continues beyond the end of the shift, the employee shall be paid at the applicable hourly rate for the actual time spent in court.
- c. The provisions of Subsection 2., above shall apply to employees who are required to appear in any judicial or administrative proceeding as a witness pursuant to subpoena, court order, or by request of the District Attorney. Section O. of this Agreement shall apply to all judicial proceedings (civil, criminal, or administrative) and Civil Service proceedings in which an employee's presence is ordered,

directed, or requested by the City because of the employee's employment.

- d. Where an employee's appearance extends beyond the applicable two (2) or three (3) hour minimum, the employee shall be paid the employee's base hourly rate of pay.
- e. Any employee regularly scheduled to a work schedule other than Monday through Friday may have their schedule changed to Monday through Friday until the employee's court appearance obligations are completed.

P. SPECIAL RULES FOR THE SOLID WASTE MANAGEMENT DIVISION

1. Residential Solid Waste Work

- a. Residential Solid Waste work is performed by assigned routes, the actual work upon which may vary according to the amounts of material placed out for collection by the customers, and is not fully subject to work planning. The work includes such collection and varied duties including, but not limited to, the collection of special pickups, skips, disposal of the day's collected material at disposal site, return and check-in at the dispatch office, and participation in any necessary briefing or training sessions.
- b. During the week of Thanksgiving, routes for Thursday and Friday will be shifted to Friday and Saturday. Drivers, who complete their assigned route in less than ten hours on Saturday of Thanksgiving week, will be paid for a full shift at one and one-half times the hourly rate. Drivers who do not work full ten-hour shifts on the Tuesday and Wednesday of Thanksgiving week due to unscheduled absences will not be eligible to work on Saturday.
- c. On those weeks when Christmas Day and New Year's Day fall on a regularly scheduled week day, the routes scheduled on Christmas and New Year's Day and the routes after these holidays will be shifted by one day, to include Saturday. Drivers who complete their assigned route in less than ten hours on these assigned Saturdays of the weeks of Christmas and New Year's Day, will be paid for a full shift at one and one half times the hourly rate. Drivers who do not work full ten-hour shifts any day of the week of Christmas Day (December 25) due to unscheduled absences will not be eligible to work on the Saturday after Christmas. Drivers who do not work full ten-hour shifts the week of New Year's Day (January 1) due to unscheduled absences will not be eligible to work the Saturday after New Year's Day.

2. Routes and Quality Control

Route perimeters shall be structured and restructured at the discretion of the City; however, the City will include division employees in the deliberations prior to implementing any changes. Both parties acknowledge that division employees have valuable experience and expertise in the provision of municipal services, and in that regard employees are expected to be active participants in preparing and reviewing service delivery options for their routes in an effort to enhance the City's ability to be competitive with the private sector. Employees affected as a result of route perimeter restructuring shall not have the right to bump other permanently assigned employees. The City shall have the right to take necessary steps to ensure sound quality control.

3. Vacation Selection

Selection of vacation shall be on the basis of date-of-hire seniority in the Solid Waste Management Division (SWMD).

4. Route Assignment Selection

The following route assignment selection process applies to employees occupying the classes of Sanitation Operator.

- a. General - All employees selecting/bidding route assignments must be qualified to drive the assigned vehicle. It is the responsibility of all employees to possess and maintain a valid California Driver's License (CDL) and Medical Certificate, and to inform SWMD of any change or incident with the potential for change to the employee's CDL status. Failure to possess and maintain a valid license or certificate shall result in the employee being placed on a leave without pay status, and subject to possible corrective action up to and including termination for failure to qualify for the position.
 - (1) "Floaters" are Sanitation Operators who do not have a permanent route.
 - (2) Within six months of Council approval of the MOU, the City and Local 39 will meet to discuss possible adjustments of green waste routes based on seasonal workload variations. Route assignments may be modified if the parties reach mutual agreement.
- b. Open Permanent Routes - Permanent routes are considered open for selection/bidding when new routes are added or vacancies occur

(due to movement to another permanent route, separation from City service, promotion, etc.).

(1) Selection/bidding of open permanent routes shall be on the basis of seniority, by class.

(2) Open permanent routes that do not get selected/bid for will be assigned by management to the least senior Sanitation Operator that is available. Once Sanitation Operators are awarded their selection/bid, or are assigned by management they shall not be eligible to select/bid for six (6) months for other open permanent routes that may become available.

c. Nonpermanent Routes - Nonpermanent routes occur when a permanently assigned Sanitation Operator is absent from duty for any reason (e.g., days off, vacation, sick, injury, leave without pay, etc.). There are two types of nonpermanent routes (i.e., short term and long term).

(1) General - The following applications apply to short term and long term selection processes.

(a) The SWMD may assign employees to specific routes when no other qualified employee is available. If an employee so assigned is pulled from a route the employee selected/bid on and was awarded, then after the assignment is completed the employee will be allowed to go back to the route the employee was pulled from.

(b) Employees must remain on the nonpermanent long-term route until the return of the permanently assigned employee, or until quarterly rebidding occurs on the first working day of January, April, July, and October.

(2) Short Term Routes - This is a nonpermanent route situation of 40 hours or less, and the following assignment selection process applies to floater employees occupying the class of Sanitation Operator.

(a) Short term route assignments shall be assigned by management to the least senior Sanitation Operator.

(3) Long Term Routes - This is a nonpermanent route situation of more than 40 hours, and the following assignment selection process applies to floater employees.

- (a) Selection/bidding of long term routes shall be on the basis of seniority, by class.
 - (b) Long term routes that do not get selected/bid for will be assigned by management to the least senior Sanitation Operator that is available.
- 5. Drivers assigned to the Residential Waste division who are not available for their primary duties of driving a waste collection vehicle for a period of sixty (60) calendar days or more (as verified by documentation, such as a doctor's note or other leave of absence form) when bidding for vacations and routes is in process (i.e., at the time of bidding), will not be allowed to participate in the bid. The sixty (60) calendar days calculation will start on the first day the Driver is stated to be unavailable to perform their primary duties of driving a waste collection vehicle, and end on the day the Driver is expected to return to perform their primary duties of driving a waste collection vehicle. All Drivers will be notified of the bid date at least two (2) weeks before vacation and route assignments are declared open for bidding.

If and when a Driver returns to perform their primary duties of driving a waste collection vehicle, the Driver will be assigned as a floater and also allowed to bid on any unassigned routes.

The Driver will be eligible to bid at the next scheduled bid as long as the Driver is not again unavailable for their primary duties of driving a waste collection vehicle for a period of sixty (60) calendar days or more.
- 6. These rules may be modified by mutual agreement of the parties during the term of the Agreement.
- 7. **The City and Union agree to meet and confer regarding modification of this provision of the MOU in fiscal year 2026-2027.**

ARTICLE VIII

FEDERAL DRUG POLICY (FEDERAL OMNIBUS TRANSPORTATION EMPLOYEE TESTING ACT)

Policy

1. A policy which summarizes the federal regulations required by the Federal Omnibus Transportation Employee Testing Act is distributed to all affected employees during training and orientation.
2. The parties have agreed that the Medical Review Officer (MRO) and the Substance Abuse Professional (SAP) will be those designated by the Risk Manager and that employees referred to these services as a result of the application of this policy will be tracked separately and the charges for services provided by the referred MRO and/or SAP billed directly to the City through the Risk/Safety Manager. The Risk/Safety Manager will be responsible for receiving all information related to the implementation of this policy and directing the applicable disciplinary action in coordination with the Director of Personnel Services or designee.
3. An observer not subject to random testing under this policy, designated by one of the affected labor organizations, will be invited by the Manager of the Risk/Safety Division to be present at the time the random list is generated.
4. Any disciplinary action taken by the City as a result of this policy will be subject to the applicable provisions of current MOU's, Administrative Orders, and FMC concerning representation and hearing appeals process. Among the factors to be considered in determining the appropriate disciplinary action include the level of the offense, the nature and requirements of the work, length of employment, current job performance, and history of past disciplinary action. Pursuant to the provisions of FMC-3-605 (a)(5), the City reserves the exclusive right to determine the level of disciplinary action, utilizing the following guidelines:
 - a. An employee who registers an alcohol breath level between .02 and .039 as a result of a random test will be immediately removed from the safety sensitive position for a period of eight (8) hours Federal Transit Administration (FTA) or twenty-four (24) hours Federal Motor Carrier Safety Administration (FMCSA) and placed on administrative leave with pay for the duration of the affected scheduled shift. An employee thus removed, may be subject to appropriate disciplinary action up to and including discharge for each such offense.
 - b. An employee who registers an alcohol breath level of .04 or greater, or is determined to have a positive drug test as a result of reasonable suspicion, random selection, or post accident testing, may be referred to a SAP for

evaluation. Any employee permitted to undergo rehabilitation treatment as a condition of continued employment, must complete the treatment modality/program recommended by the SAP prior to resuming a safety sensitive function and participate in any follow-up protocol recommended by the SAP. The period of absence to complete the rehabilitation program will be charged to any available sick leave, vacation, or leave without pay, at the employee's option. It is the employee's responsibility to authorize and direct the SAP/MRO to keep the City informed of the progress of treatment. An employee who fails to inform the City concerning the status of treatment, refuses to undergo recommended treatment, does not complete the recommended program and follow-up protocol, or refuses to return to work after being released from rehabilitation treatment, will be subject to disciplinary action up to and including discharge.

- c. An employee who registers an alcohol breath level of .04 or greater, or is determined to have a positive drug test as a result of reasonable cause, post accident testing, mandatory follow-up testing, or refuses to submit to a drug or alcohol test, may be subject to disciplinary action up to and including discharge.

Procedure for Random Testing

The procedure for random testing is outlined in the City of Fresno Controlled Substances and Alcohol Testing Policy.

Reopener

If the City proposes to change the corresponding City-wide random drug and alcohol testing policy, the parties agree to a limited reopener on the MOU policy agreement between the City and the Union.

Attendance Policy – Unit 1, Represented by Local 39

PURPOSE

To establish an attendance policy for employees in Unit 1, represented by Local 39.

POLICY & PROCEDURES

*** A primary requirement for continued employment is regular attendance. While the City recognizes some absences may be unavoidable, City departments and the employees have an obligation to the public that demands regular and prompt attendance.

[§§ deleted]

1. *** Statutorily protected leaves (e.g., Family and Medical Leave Act (FMLA), California Family Rights Act (CFRA), **Military Leave, Workers' Compensation Leave**) *** **shall be allowed.**
2. **Abuse and/or misuse of Sick Leave shall be investigated and shall subject the employee to corrective and/or disciplinary action up to and including termination in accordance with Administrative Order 2-14 ***.**
3. In the event of a serious illness or injury to the employee requiring the employee's absence during a future period of time, *** the *** City *** **Manager's Office or designee**, the employee and the Union may agree to a plan for the employee's absence(s) over a specified period of time. If such plan is agreed upon, absences under such plan shall not be subject to this policy.
4. Employees who are eligible to use Sick Leave for an absence may use other available leave once Sick Leave is exhausted.

DEFINITIONS AND RULES - SECTION I:

1. **Absences**

An absence or absenteeism is defined as any failure to report to or remain at work as scheduled regardless of the reason.

[§ deleted]

- (a) Employees who are unable to report to work must notify their manager or designee in advance of their scheduled start time. Employees who fail to provide advanced notification of an absence **may be considered a no-call/no-show and** may be subject to corrective/disciplinary action. ***

- (b) Employees who are absent for an indefinite period due to illness or injury must inform their supervisor of their absence at the onset of the absence prior to the start of their scheduled shift in accordance with subsection (a) **above** ^{***}, and inform their supervisor of their anticipated return date. The employee will not be required to call in daily from the onset of their absence until their anticipated return date. An employee may be required to provide a medical professional's verification to return to work after the use of greater than forty (40) hours of consecutive leave used for the absence ^{***}.

[§§ deleted]

- (c) Any employee who does not report to work and does not notify their manager or designee of the absence will be considered absent without leave and may be subject to **corrective/disciplinary action regardless of whether the absence itself would otherwise be protected** ^{***}.
- (d) **Any employee whose Sick Leave and/or other leave usage exhibit patterns or excessive use may be subject to corrective/disciplinary action.**
- (e) These provisions shall not preclude any department or division from establishing policies or procedures regarding absences, including, but not limited to the time in which employees must provide advanced notification, subject to meet and confer with Labor Relations and the Union.

2. **Tardies**

An employee is tardy if they report to work after their scheduled start time. Departments and/or divisions may establish policies or procedures which provide specific guidance on the timing which constitutes a tardy based on operational need. Grace periods or report to work time ranges are at the discretion of management.

- (a) Excessive tardiness is defined as three (3) or more tardies during one (1) calendar month.

[§ deleted]

- (b) Employees who are going to be tardy must notify their manager or designee that they will be tardy in advance of their scheduled start time and provide the time they anticipate they will report to work. Employees who fail to provide advanced notification of a tardy may be subject to corrective/disciplinary action.
- (c) Employees who are tardy and report to work by their anticipated report time will receive one (1) tardy. Employees who do not report to work by their anticipated report time will receive a second tardy.

- (d) The City reserves the right to require an employee to report to work for the balance of the day on which tardiness occurs. Failure by the employee to report to or remain at work for the balance of the day as directed by a supervisor may be cause for **corrective**/disciplinary action.
- (e) Employees may use applicable leave balances or Leave Without Pay to cover work time missed due to the tardy.
- (f) These provisions shall not preclude any department or division from establishing policies or procedures regarding tardies that are not addressed in these provisions, including, but not limited to the time in which employees must provide advanced notification, subject to meet and confer with Labor Relations and the Union.

CORRECTIVE/DISCIPLINE ACTIONS - SECTION II:

***** Excessive *** tardiness, abuse and/or misuse of Sick Leave as described in Article VII(G)(2) of this MOU, failure to provide advanced notice of an absence or tardy, failure to report to or remain at work for the balance of the day on which tardiness occurs as directed by a supervisor, being absent from work without notifying their manager or designee, and being absent without any Sick Leave balance by an employee *** may subject said employee(s) to corrective/disciplinary action up to and including termination in accordance with Administrative Order 2-14. *****
