BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment)

The Herndon Avenue Overlay project will improve deteriorated pavement areas by rehabilitating existing roadway conditions. The work will include grinding and overlaying the pavement to depths between 0.2 and 0.4 feet, along with pavement removal and replacement in selected sections. Additionally, the project will upgrade curb ramps, signage, striping, and detector loops to enhance both road quality and overall safety.
