---

Each bidder has agreed to allow the City sixty-four (64) days from date bids are opened to accept or reject their bid proposal. Purchasing requests that you complete the following sections and return this bid evaluation to the Purchasing Division at the latest by Wednesday, November 19, 2014, 5:00 P.M.

The Engineer's Estimate for this expenditure is \$900,000. The contract price is 34.5% below the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

BACKGROUND OF PROJECT (To be completed by Evaluating Department/  
Division. Explain need for project/equipment):

In recent years the project area has experienced significant growth as a result of development. The project will facilitate community connectivity for the residences of the area to the surrounding businesses and neighborhoods. The project is being funded by Measure 'C' Trails funding secured by City Staff.

A design contract was awarded to Provost and Pritchard Engineering Group Inc. to prepare plans and specifications for the construction of the entire Copper Avenue trail spanning from Friant Road to Chestnut Avenue. Construction funding limitations and right-of-way acquisition needs ultimately separated the project into three phases. The trail segment from Friant Road to Cedar Avenue is the first of the three proposed phases.

DEPARTMENT CONCLUSIONS AND RECOMMENDATION:

Award a contract in the amount of \$ \$589,622.00 to Yarbs Grading and Paving, Inc. as the lowest responsive and responsible bidder.
