I. ABOUT SOURCEWELL

A. SOURCEWELL

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that facilitates a competitive public solicitation and contract award process for the benefit of its 50,000+ participating entities across the United States and Canada. Sourcewell's solicitation process complies with State of Minnesota law and policies, conforms to Canadian trade agreements, and results in cooperative purchasing solutions from which Sourcewell's Participating Entities procure equipment, products, and services.

Cooperative purchasing provides participating entities and suppliers increased administrative efficiencies and the power of combined purchasing volume that result in overall cost savings. At times, Sourcewell also partners with other purchasing cooperatives to combine the purchasing volume of their membership into a single solicitation and contract expanding the reach of contracted suppliers' potential pool of end users.

Sourcewell uses a website-based platform, the Sourcewell Procurement Portal, through which all proposals to this RFP must be submitted.

RMA Participants may include all not-for-profit agencies for Canadian provinces and territories.

For a listing of current United States and Canadian Participating Entities visit Sourcewell's website (note: there is a tab for each country): <https://www.sourcewell-mn.gov/sourcewell-for-vendors/agency-locator>.

Participating Entities typically access contracted equipment, products, or services through a purchase order issued directly to the contracted supplier. A Participating Entity may request additional terms or conditions related to a purchase. Use of Sourcewell contracts is voluntary and Participating Entities retain the right to obtain similar equipment, products, or services from other sources.

To meet Participating Entities' needs, Sourcewell broadly publishes public notice of all solicitation opportunities, including this RFP. In the United States each state-level procurement department receives notice for possible re-posting.

Proof of publication will be available at the conclusion of the solicitation process.

II. SOLICITATION DETAILS

A. SOLUTIONS-BASED SOLICITATION

This RFP and contract award process is a solutions-based solicitation; meaning that Sourcewell is seeking equipment, products, or services that meet the general requirements of the scope of this RFP and that are commonly desired or are required by law or industry standards.

B. REQUESTED EQUIPMENT, PRODUCTS, OR SERVICES

It is expected that proposers will offer a wide array of equipment, products, or services at lower prices and with better value than what they would ordinarily offer to a single government entity, a school district, or a regional cooperative.

1. Sourcewell is seeking proposals for Firefighting Apparatus and Fire Service Vehicles, including:

- a. New, remount, or refurbished:
 - i. Firefighting apparatus and service vehicles, of all types, such as: pumper/engine, initial attack, mobile water supply, aerial, quint, special service, mobile foam, command and communications, and purpose-built firefighting or rescue trailers;
 - ii. Wildland fire apparatus, of all types, such as: fire suppression equipment, mobile water supply, and crew carriers; and,
 - iii. Aircraft rescue and firefighting vehicles.
- b. Purpose-built chassis and vehicle components for firefighting apparatus and fire service vehicles;
- c. Equipment, options, accessories, and supplies complementary or incidental to the purchase of a turnkey or complete unit of the types described in Sections 1. a. i. – iii. above.
- d. Services related to the offering of the solutions described in Sections 1. a. - c. above, including installation, customization, remount, refurbishment, inspection, repair, maintenance, training, and support.

2. This solicitation does not include those equipment, products, or services covered under categories included in contracts currently maintained by Sourcewell:

- a. Health & Safety, Medical, Surgical, and First Aid Related Equipment, Supplies, Accessories, and Services (RFP #061417);
- b. Trailers with Related Equipment, Accessories, and Services (RFP #121918), with the limited exception of the purpose-built firefighting or rescue trailers identified in Section 1. a. i. above;
- c. Firefighting Personal Protective Equipment, Apparel, and Accessories, with Related Cleaning and Maintenance Equipment (RFP #032620);

- d. Firefighting Equipment and Rescue Tools with Related Supplies and Accessories (RFP #040220), with the limited exception of the equipment, options, accessories, and supplies identified in Section 1. c. above;
- e. Class 4-8 Chassis with Related Equipment, Accessories, and Services (RFP #060920), with the limited exception of the purpose-built chassis identified in Section 1. b. above;
- f. Public Safety Communications Technology and Hardware Solutions (RFP #042021);
- g. Automobiles, SUVs, Vans, and Light Trucks with Related Equipment and Accessories (RFP #091521); and,
- h. Ambulance and Emergency Medical Service Vehicles (RFP #110921).

Generally, the solutions for Participating Entities are turn-key solutions, providing a combination of equipment, products and services, delivery, and installation to a properly operating status. However, equipment or products only solutions may be appropriate for situations where Participating Entities possess the ability, either in-house or through local third-party contractors, to properly install and bring to operation the equipment or products being proposed.

Sourcewell prefers suppliers that provide a sole source of responsibility for the equipment, products, and services provided under a resulting contract. If proposer is including the equipment, products, and services of its subsidiary entities, the proposer must also identify all included subsidiaries in its proposal. If proposer requires the use of distributors, dealers, resellers, or subcontractors to provide the equipment, products, or services, the proposal must address how the equipment, products or services will be provided to Participating Entities, and describe the network of distributors, dealers, resellers, and/or subcontractors that will be available to serve Participating Entities under a resulting contract.

Sourcewell desires the broadest possible selection of equipment, products, and services being proposed over the largest possible geographic area and to the largest possible cross-section of Sourcewell current and future Participating Entities.

C. REQUIREMENTS

It is expected that proposers have knowledge of all applicable industry standards, laws, and regulations and possess an ability to market and distribute the equipment, products, or services to Participating Entities.

1. Safety Requirements. All items proposed must comply with current applicable safety or regulatory standards or codes.
2. Deviation from Industry Standard. Deviations from industry standards must be identified with an explanation of how the equipment, products, and services will provide equivalent function, coverage, performance, and/or related services.

3. New Equipment and Products. Proposed equipment and products must be for new, current model; however, proposer may offer certain close-out equipment or products if it is specifically noted in the Pricing proposal.
4. Delivered and operational. Unless clearly noted in the proposal, equipment and products must be delivered to the Participating Entity as operational.
5. Warranty. All equipment, products, supplies, and services must be covered by a warranty that is the industry standard or better.

D. ANTICIPATED CONTRACT TERM

Sourcewell anticipates that the term of any resulting contract(s) will be four years, with an optional one-year extension that may be offered based on the best interests of Sourcewell and its Participating Entities.

E. ESTIMATED CONTRACT VALUE AND USAGE

Based on past volume of similar contracts, the estimated annual value of all transactions from contracts resulting from this RFP are anticipated to be USD \$200 Million; therefore, proposers are expected to propose volume pricing. Sourcewell anticipates considerable activity under the contract(s) awarded from this RFP; however, sales and sales volume from any resulting contract are not guaranteed.

F. MARKETING PLAN

Proposer's sales force will be the primary source of communication with Participating Entities. The proposer's Marketing Plan should demonstrate proposer's ability to deploy a sales force or dealer network to Participating Entities, as well as proposer's sales and service capabilities. It is expected that proposer will promote and market any contract award.

G. ADDITIONAL CONSIDERATIONS

1. Contracts will be awarded to proposers able to best meet the need of Participating Entities. Proposers should submit their complete line of equipment, products, or services that are applicable to the scope of this RFP.
2. Proposers should include all relevant information in its proposal, since Sourcewell cannot consider information that is not included in the proposal. Sourcewell reserves the right to verify proposer's information and may request clarification from a proposer, including samples of the proposed equipment or products.
3. Depending upon the responses received in a given category, Sourcewell may need to organize responses into subcategories in order to provide the broadest coverage of the requested equipment, products, or services to Participating Entities. Awards may be based on a subcategory.

4. A proposer's documented negative past performance with Sourcewell or its Participating Entities occurring under a previously awarded Sourcewell contract may be considered in the evaluation of a proposal.

III. PRICING

A. REQUIREMENTS

All proposed pricing must be:

1. Either Line-Item Pricing or Percentage Discount from Catalog Pricing, or a combination of these:
 - a. **Line-item Pricing** is pricing based on each individual product or services. Each line must indicate the proposer's published "List Price," as well as the "Contract Price."
 - b. **Percentage Discount from Catalog or Category** is based on a percentage discount from a catalog or list price, defined as a published Manufacturer's Suggested Retail Price (MSRP) for the products or services. Individualized percentage discounts can be applied to any number of defined product groupings. Proposers will be responsible for providing and maintaining current published MSRP with Sourcewell, and this pricing must be included in its proposal and provided throughout the term of any Contract resulting from this RFP.
2. The proposer's not to exceed price. A not to exceed price is the highest price for which equipment, products, or services may be billed to a Participating Entity. However, it is permissible for suppliers to sell at a price that is lower than the contracted price.
3. Stated in U.S. and Canadian dollars (as applicable).
4. Clearly understandable, complete, and fully describe the total cost of acquisition (e.g., the cost of the proposed equipment, products, and services delivered and operational for its intended purpose in the Participating Entity's location).

Proposers should clearly identify any costs that are NOT included in the proposed product or service pricing. This may include items such as installation, set up, mandatory training, or initial inspection. Include identification of any parties that impose such costs and their relationship to the proposer. Additionally, proposers should clearly describe any unique distribution and/or delivery methods or options offered in the proposal.

B. ADMINISTRATIVE FEES

Proposers are expected to pay to Sourcewell an administrative fee in exchange for Sourcewell facilitating the resulting contracts. The administrative fee is normally calculated as a percentage of the total sales to Participating Entities for all contracted equipment, products, or services made during a calendar quarter, and is typically one percent (1%) to two percent (2%). In some categories, a flat fee may be an acceptable alternative.

IV. CONTRACT

Proposers awarded a contract will be required to execute a contract with Sourcewell (see attached template). Only those modifications the proposer indicates in its proposal will be available for discussion. Much of the language in the Contract reflects Minnesota legal requirements and cannot be altered. Numerous and/or onerous exceptions that contradict Minnesota law may result in the proposal being disqualified from further review and evaluation.

To request a modification to the template Contract, a proposer must submit the Exceptions to Terms, Conditions, or Specifications table with its proposal. Only those exceptions noted at the time of the proposal submission will be considered.

Exceptions must:

1. Clearly identify the affected article and section.
2. Clearly note the requested modification; and as applicable, provide requested alternative language.

Unclear requests will be automatically denied.

Only those exceptions that have been accepted by Sourcewell will be included in the contract document provided to the awarded supplier for signature.

If a proposer receives a contract award resulting from this solicitation it will have up to 30 days to sign and return the contract. After that time, at Sourcewell's sole discretion, the contract award may be revoked.

V. RFP PROCESS

A. PRE-PROPOSAL CONFERENCE

Sourcewell will hold an optional, non-mandatory pre-proposal conference via webcast on the date and time noted in the Solicitation Schedule for this RFP and on the Sourcewell Procurement Portal. The purpose of this conference is to allow potential proposers to ask questions regarding this RFP and Sourcewell's competitive contracting process. Information about the webcast will be sent to all entities that have registered for this solicitation opportunity through their Sourcewell Procurement Portal Supplier Account. Pre-proposal conference attendance is optional.

B. QUESTIONS REGARDING THIS RFP AND ORAL COMMUNICATION

All questions regarding this RFP must be submitted through the Sourcewell Procurement Portal. The deadline for submission of questions is found in the Solicitation Schedule and on the Sourcewell Procurement Portal. Answers to questions will be issued through an addendum to

this RFP. Repetitive questions will be summarized into a single answer and identifying information will be removed from the submitted questions.

All questions, whether specific to a proposer or generally related to the RFP, must be submitted using this process. Do not contact individual Sourcewell staff to ask questions or request information as this may disqualify the proposer from responding to this RFP. Sourcewell will not respond to questions submitted after the deadline.

C. ADDENDA

Sourcewell may modify this RFP at any time prior to the proposal due date by issuing an addendum. Addenda issued by Sourcewell become a part of the RFP and will be delivered to potential proposers through the Sourcewell Procurement Portal. Sourcewell accepts no liability in connection with the delivery of any addenda.

Before a proposal will be accepted through the Sourcewell Procurement Portal, all addenda, if any, must be acknowledged by the proposer by checking the box for each addendum. It is the responsibility of the proposer to check for any addenda that may have been issued up to the solicitation due date and time.

If an addendum is issued after a proposer submitted its proposal, the Sourcewell Procurement Portal will WITHDRAW the submission and change the proposer's proposal status to INCOMPLETE. The proposer can view this status change in the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account. The proposer is solely responsible to check the "MY BIDS" section of the Sourcewell Procurement Portal Supplier Account periodically after submitting its proposal (and up to the Proposal Due Date). If the proposer's proposal status has changed to INCOMPLETE, the proposer is solely responsible to:

- i) make any required adjustments to its proposal;
- ii) acknowledge the addenda; and
- iii) ensure the re-submitted proposal is received through the Sourcewell Procurement Portal no later than the Proposal Due Date and time shown in the Solicitation Schedule above.

D. PROPOSAL SUBMISSION

Proposer's complete proposal must be submitted through the Sourcewell Procurement Portal no later than the date and time specified in the Solicitation Schedule. Any other form of proposal submission, whether electronic, paper, or otherwise, will not be considered by Sourcewell. **Late proposals will not be considered.** It is the proposer's sole responsibility to ensure that the proposal is received on time.

It is recommended that proposers allow sufficient time to upload the proposal and to resolve any issues that may arise. The time and date that a proposal is received by Sourcewell is solely determined by the Sourcewell Procurement Portal web clock.

In the event of problems with the Sourcewell Procurement Portal, follow the instructions for technical support posted in the portal. It may take up to 24 hours to respond to certain issues.

Upon successful submission of a proposal, the Sourcewell Procurement Portal will automatically generate a confirmation email to the proposer. If the proposer does not receive a confirmation email, contact Sourcewell's support provider at support@bidsandtenders.ca.

To ensure receipt of the latest information and updates via email regarding this solicitation, or if the proposer has obtained this solicitation document from a third party, the onus is on the proposer to create a Sourcewell Procurement Portal Supplier Account and register for this solicitation opportunity.

Within the Sourcewell Procurement Portal, all proposals must be digitally acknowledged by an authorized representative of the proposer attesting that the information contained in the proposal is true and accurate. By submitting a proposal, proposer warrants that the information provided is true, correct, and reliable for purposes of evaluation for potential contract award. The submission of inaccurate, misleading, or false information is grounds for disqualification from a contract award and may subject the proposer to remedies available by law.

E. GENERAL PROPOSAL REQUIREMENTS

Proposals must be:

- In substantial compliance with the requirements of this RFP or it will be considered nonresponsive and be rejected.
- Complete. A proposal will be rejected if it is conditional or incomplete.

Any and all costs incurred in responding to this RFP will be borne by the proposer.

To view the list of proposers, verify that the Sourcewell Procurement Portal opportunities list search is set to “All” or “Closed.” The solicitation status will automatically change to “Closed” after the Proposal Due Date and Time.

Pierce Manufacturing #113021-OKC Fire Apparatus -including rescue, command units and wildland.

Pricing for contract #113021-OKC is as follows:

- Base model pricing is provided at 5.50% discount off MSRP.
- Base model options are provided at a 5.50% discount off MSRP.

Additional discounts may be available for identical multi-unit purchases. Discount varies dependent on the number of identical units, the configuration of the units, and will be handled on a case-by-case basis.

Authorized Pierce dealers may offer service contracts for preventative maintenance and other services. Pricing would be quoted on a time and materials basis, by the dealer, at the time of request. Pierce offers our dealers the ability to offer/develop custom service/maintenance contracts to Sourcewell members utilizing this contract.

Persistent Inflationary Environment

If the Producer Price Index of Components for Manufacturing [www.bls.gov Series ID: WPUID6112] ("PPI") has increased at a compounded annual growth rate of 5.0% or more between the month Pierce accepts the order ("Order Month") and a month 14 months prior to the then predicted Ready For Pickup date ("Evaluation Month"), then pricing may be updated in an amount equal to the increase in PPI over 5.0% for each year or fractional year between the Order Month and the Evaluation Month.

The seller will document any such updated price for the customer's approval before proceeding and provide an option to cancel the order.

Lead-times

Due to global supply chain constraints, any delivery date on the customer contract is a good faith estimate as of the date of the order/contract, and merely an approximation based on current information. Delivery updates will be made available, and a final firm delivery date will be provided as soon as possible.

C. HOT LIST PRICING. At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. Typically, a Participating Entity will issue an order directly to Supplier or its authorized subsidiary, distributor, dealer, or reseller. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell

contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum; the terms of which will be negotiated directly between the Participating Entity and the Supplier. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

ISO 9001 certification demonstrates a company's commitment to quality. To keep their ISO 9001 registered status, companies are re-audited twice per year through third-party verification to prove they are maintaining good practices. ISO 9001 certification further assures customers that a fundamental quality system is in place. It's a solid foundation for continuous improvement always striving to get even better. An ISO-certified manufacturer, like Pierce, accepts nothing but the best from its suppliers. Pierce asks its suppliers to meet many of the same stringent quality requirements and works with them to improve their quality systems as well.</p> <p>Refer to "16. 35	Describe your marketing strategy for promoting this contract opportunity. Upload representative samples of your marketing materials (if applicable) in the document upload section of your response.	<p>The marketing strategy we have taken with all the awards has begun with marketing to our sales force. 37	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	<p>Sourcewell's role in promoting the Fire Apparatus contract is primarily accessibility to customers and/or their procurement officials.</p> <p>Sourcewell's role is to be partner with the awarded vendors and understand the product on the contract so that as a joint effort, end users can be informed and educated on cooperative procurement and how this contract best fits them. This may include training creation, networking at a specific show or dealer location.</p> <p>Cooperative procurement needs to fold into the sales process shortly after introductions. A Sales representative should understand what programs the customer has been a part of and/or what they know about cooperative procurement programs available. That basic understanding is a must have from the onset.</p> <p>This program won't determine what apparatus they buy or what customization they can have – this program provides them the avenue to get what they need through an efficient procurement process.</p> <p>For the Airport direct sales team, all opportunities that are not competitively bid will be provided information on the Sourcewell contract as an avenue for purchase.</p>
38	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	<p>We do not offer an e-procurement ordering process due to the complexity of our product. Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
45	Do your warranties cover all products, parts, and labor?	<p>Yes, Our one-year bumper to bumper warranty covers all product, parts, and labor. Pierce, the "manufacturer", warrants each newly manufactured fire apparatus to the original end user/purchaser of specified periods stated below from the date of delivery.</p> <p>The standard Cab & chassis warranty provides a one-year warranty that warrants against defects in product, workmanship, and/or design. This warranty shall apply provided the vehicle is properly maintained.</p> <p>Nothing contained in this warranty shall make the Manufacturer liable beyond the express limitations hereof, for loss, injury, or damage of any kind to any person or entity resulting defect or failure of the product (except as covered by Product liability insurance).</p> <p>Refer to "45. 01-WA0008 100208 Pierce 1 year.pdf" and "45. Oshkosh 1 Year Basic Vehicle Warranty.pdf" in the Warranty folder for our standard 1 year warranty.</p> <p>The Manufacturer's warranty shall not apply to the following:</p> <ul style="list-style-type: none"> • Wear items • Normal adjustments and maintenance services. • Failures resulting from the product being operated in a manner not in accordance with the operation manual or for a purpose not recommended by the Manufacturer. • Any product which shall have been repaired, modified, or altered in any way to have been adversely affected the unit's stability or reliability. • Items subjected to misuse, negligence, accident, or improper maintenance. • Loss of time or use of the product, inconvenience, or other incidental expenses. <p>The authorized Pierce dealer manages all warranty issues on behalf of the end customer. The Pierce dealer utilizes an online claim filing system known as One Warranty for claim processing. Pre-approval for a claim or request for credit (post- correction claim) can be filed via the One Warranty system in the event a warrantable failure is found.</p> <p>All Standard and Extended Warranty claims are subject to specific Standard and Extended Warranty guidelines. Specific warranties exist for particular makes, models, chassis, options, etc. for Pierce products. Specific warranty bulletins are provided at time of sale to the end customer.</p> <p>Refer to a sampling of our other warranty statements and manufacturers' statements on engines, transmissions, water pump, etc. in the Warranty folder. A summary of warranty is also available "45. Warranty Overview.pdf".</p>
46	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	<p>We do have some base and extended warranties that have mileage limitations set to them. Limitations varies based on the options of the vehicle.</p> <p>Examples of base warranties are our structural warranties which carry a 100,000-mile limit.</p> <p>Extended warranties carry various mileage limits based on the specific coverage.</p> <p>Paint warranties are prorated based on age of the unit.</p>
47	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	<p>We pride ourselves with the coverage we have across the nation. There are no areas that we do not have coverage throughout US or Canada. Warranty is managed through our Pierce authorized dealers and dealer travel expenses are covered per our established internal One Warranty guidelines.</p> <p>Airport Products warranty is managed through authorized service representatives or our internal resources. Travel expenses are covered per our established internal one Warranty guidelines.</p>
48	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	<p>Pierce prides themselves in the coverage we have across the nation. Pierce requires a certified technician for each area Therefore we are to support all regions throughout US or Canada. Airport Products will provide service through internal or external service representatives.</p>

49	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Major components installed but not manufactured by Pierce or Airport Products are covered under original equipment manufacturer's warranties passed through to end user/customer. These include, but are not limited to, engine, transmission, water pump, ABS, and axles. Component Warranties In some cases, suppliers will offer warranties beyond the Pierce or Airport Products one-year warranty. Warranties provided by individual suppliers other than Pierce or Airport Products apply after the one-year vehicle warranty. The administration of individual supplier warranties, per the supplier, are to be addressed directly with the supplier themselves.	*
50	What are your proposed exchange and return programs and policies?	Pierce offers a return/exchange program for aftermarket parts only to the purchaser (Pierce dealer) and the dealer may extend this and other terms and conditions to the end customer. Aftermarket Parts Warranty Pierce and Airport Products warrants the purchaser that the parts sold by aftermarket be free from defects in product and workmanship for the period of six months from the delivery of the product. This Parts Warranty does not include freight, labor, travel, or markup. It is a part warranty only. Return of Defective Parts If parts used in the repair of an apparatus are required to be returned to Pierce, Dealers will receive notification. Dealers have up to 30 days to return the defective component or the warranty claim will be rejected.	*
51	Describe any service contract options for the items included in your proposal.	Authorized Pierce dealers may offer service contracts for preventative maintenance purposes. No service contracts are included in this proposal.	*

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *	
52	Describe your payment terms and accepted payment methods.	All sales of Pierce apparatus are sold through the authorized Pierce dealers. Payment terms are Cash on Delivery (COD) or prepayment unless otherwise agreed upon by the Pierce dealer. Oshkosh Airport Products' standard payment terms are net 30 days after delivery of vehicle. Accepted payment methods include check and wire transfer.	*
53	Describe any leasing or financing options available for use by educational or governmental entities.	The same logic behind our custom chassis applies to our financial services: Tailor the product to the department, not the other way around. The Company offers two- to fifteen-year municipal lease financing programs to its Fire & Emergency segment customers in the U.S. through the Pierce Financial Solutions program, provided by PNC Equipment Finance. Programs include competitive lease financing rates, creative and flexible finance arrangements and the ease of one-stop shopping for customers' equipment and financing. The Company executes the lease financing transactions through a co-branded arrangement with an independent third-party finance company. The Company typically provides credit support in connection with these financing and leasing arrangements With industry-leading tax-exempt rates, zero documentation fees, flexible payment plans and quick approvals that can bypass voter referendums, we make it easy to get behind the wheel of your new Pierce. Refer to "53. Pierce Financial Solutions Testimonials.pdf" and "53. Financial_Solutions.pdf" in the Additional Documents folder.	*
54	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Pierce has a variation of standard warranty documents. Sample documents are included in the warranty document uploads. No standard transaction documents are being requested to use in connection with an awarded contract. No service contracts are included in this proposal. Authorized Pierce dealers may offer service contracts for preventative maintenance purposes.	*
55	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcwell participating entities for using this process?	Pierce, Airport Products, and their independent dealers do not find that P-card procurement and payment feasible due to the size and build complexity of our products	*

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *	
56	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	Combination of line item and percentage discount are provided in an attached PDF document identified as follows <ul style="list-style-type: none"> • Product Category • Identification ID# • Product Description • List Price • Percentage off per product • Line Item (Contract) Price The Percentage Discount items are also applicable to the unpublished options added to the published base specification with a standard discount off of List contingent on the product.	*
57	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The pricing presented in this proposal represents a 5.5% discount from Pierce's list price for unpublished options. ARFF products (Airport Products) represents a 7% discount off of list price.	*
58	Describe any quantity or volume discounts or rebate programs that you offer.	Multi-Unit Purchase Discount: Additional discounts may be available for identical multi-unit purchases. Discount varies dependent upon the number of identical units, the configuration of the units, and will be handled on a case-by-case basis. Pre-Payment Discount Discount amount varies dependent upon apparatus price, delivery schedule, extent of pre-payment, and applicable rate. If elected, payment for the entire contract amount is due within thirty (30) days of contract execution. This deduction is in addition to all other discounts listed above. If this option is elected, final payment for any changes processed during manufacturing is due prior to the unit leaving the factory for delivery. Payment & pricing options: Chassis Progress Payment Discount: Discount of approximately 3% of the custom chassis price is offered if a chassis progress payment is made three (3) months prior to the RFP (ready for pick up from the factory) date. Example: Chassis progress payment in the amount of \$220,714.00 could earn a discount of (\$6,621.00). This discount is not available for Commercial chassis products. Aerial Device Progress Payment Discount: Discount of approximately 2% of the aerial device price is offered if an aerial device progress payment is made two (2) months prior to the RFP (ready for pick up from the factory) date. Example: Aerial device progress payment in the amount of \$310,385.00 could earn a discount of (\$6,207.00).	*
59	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced or open market items may be provided by the Pierce authorized dealer and would be quoted at time of request.	*

60	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	<p>Pre-Delivery Expenses</p> <p>Dealer provided options can be added to the apparatus contract upon request and will be handled by the Pierce authorized dealer. Dealer provided options can vary depending upon the customer's request and can include but are not limited to the items listed below. Pricing will be provided to each customer upon request and varies by dealership and customer location.</p> <ul style="list-style-type: none"> Factory inspection trips Weekly construction photo progress reports Orientation DVD specific to your apparatus Loose Equipment Engine and or transmission diagnostic software Loose equipment (open market items) such as but not limited to monitors, hose, intercom system, radio equipment, and rescue tools and equipment Pre-delivery service consisting of basic fluids and filters Custom fabrication for tool mounting and communication equipment Other items as requested by customer and deemed sourced or open market Delivery Sales and other taxes, license, handling, or title fees are also not included. 	*
61	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	<p>Transportation Expenses</p> <p>Prices quoted in RFP #113021 are FOB Manufacturer's facility. Transportation of the apparatus from the factory to the customer's facility can be added to the contract. In most cases the apparatus is delivered to the Pierce authorized dealer facility in the area for a Pre-Delivery inspection and the installation of any dealer provided options, if applicable. If there is not a Pierce authorized dealer facility near the customer location, the apparatus may be delivered directly to the facility. The cost for this transportation varies dependent upon the type of apparatus and the proximity of your facility to the location of the manufacturer's facility. Delivery is conducted in accordance with DOT regulations. Delivery charges can vary based on the logistic or shipping location and requirements for example, more if flatbed, barge, or container ship transport is required.</p>	*
62	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	<p>Shipping and Delivery programs for areas such as Alaska, Hawaii, or any offshore delivery requires coordination of different transit methods. Most often the apparatus is flatbed to the port destination, prepared for ocean transit, and travel to final destination (roll-on/roll off vessel is preferred). This unique shipping and delivery requirements are priced on a case-by-case basis as required. Shipping within the contiguous US states and Canada, shipping is calculated using numerous factors including but not limited to the type of apparatus which impacts permits as well as the distance to destination. Shipping expenses are not included in the base specifications cost.</p>	*
63	Describe any unique distribution and/or delivery methods or options offered in your proposal.	For ARFF vehicles, due to size and weight restrictions all trucks will be transported via low-boy or flatbed. All required licenses and permits will be obtained prior to shipment.	*

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
64	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Pierce will not favor one GPO over another. Therefore, pricing model is consistent across all.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *	
65	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	<p>Pierce takes pride in upholding the integrity of the programs and contracts we participate in.</p> <p>System software changes have been built to facilitate the information gathered throughout any of our programs to efficiently run reports on demand. These reports are run at a minimum monthly for internal audit purposes and quarterly for contract requirements.</p> <p>All base specifications and additional upgrade options have been created in our customized truck configurator tool, PULSE so that a Dealer can copy that base specification to confirm line-item pricing. Any changes made to the base specification is then controlled and captured in a Change Report that can be validated to honor the Percentage Discount on options added.</p> <p>The process (see additional documents) outline shows that Pierce has a closed-loop process that provide checks and balances for all involved.</p> <p>Our reporting capabilities for other contracts have been noted to be timely, thorough, and accurate. The volume of sales under our consortium programs requires Pierce to have a well-defined and efficient process</p> <p>Awarded contracts are audited on product cost, labor efficiencies, product margin and customer satisfaction.</p> <p>Refer to "Table 13. Question 65 Audit and Administrative Fee.pdf" in Pricing folder.</p>	*
66	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	On a monthly basis Pierce will provide the percentage of Sourcewell orders to each authorized dealer in which they can compare to the prior year, this is provided in their monthly dashboards.	*
67	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	The Administrative Fee that Pierce will pay to Sourcewell for this proposed contract is aligned with the other contracts awarded to Pierce to create alignment and consistency. That fee will be a flat \$2000.00 USD per customer purchase order or separate contract.	*

PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. Additionally, if Proposer has worked with a consultant on the Proposal, the consultant (an individual or a company) has not assisted any other entity that has submitted or will submit a proposal for this solicitation.
4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.
5. The contents of the Proposal have not been communicated by the Proposer or its employees or agents to any person not an employee or legally authorized agent of the Proposer and will not be communicated to any such persons prior to Due Date of this solicitation.

Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:

EXHIBIT C

City's Insurance and Indemnity

Exhibit C

Insurance and Indemnity

INDEMNIFICATION

To the furthest extent allowed by law, VENDOR shall indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by CITY, VENDOR or any other person, and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this agreement), arising or alleged to have arisen directly or indirectly out of performance of this Contract. VENDOR'S obligations under the preceding sentence shall apply regardless of whether CITY or any of its officers, officials, employees, agents or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

If VENDOR should subcontract all or any portion of the work to be performed under this Contract, VENDOR shall require each subcontractor to indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Contract.

INSURANCE REQUIREMENTS

(a) Throughout the life of this Agreement, VENDOR shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, VENDOR or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to VENDOR shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to maintain the required insurance shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve VENDOR of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by CITY that an

insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by VENDOR shall not be deemed to release or diminish the liability of VENDOR, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by VENDOR. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of VENDOR, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

UMBRELLA OR EXCESS INSURANCE

In the event VENDOR purchases an Umbrella or Excess insurance policy(ies) to meet the "Minimum Limits of Insurance," this insurance policy(ies) shall "follow form" and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the CITY, its officers, officials, employees, agents and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

VENDOR shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and VENDOR shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

- (i) All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after thirty (30) calendar days written notice has been given to CITY, except ten (10) days for nonpayment of premium. VENDOR is also responsible for providing written notice to the CITY under the same terms and conditions. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, VENDOR shall furnish CITY with a new certificate and applicable endorsements for such policy(ies). Primary and Non Contributory language under the General Liability policy must be as broad as that contained in ISO Form CG 20 01 04 13. These coverages shall contain no special limitations on the scope of protection afforded to City, its officers, officials, employees, agents and volunteers.

(v) Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

(vi) All insurance policies required herein shall contain, or be endorsed to contain, a waiver of subrogation as to CITY, its officers, officials, agents, employees and volunteers.

This requirement shall survive expiration or termination of this Agreement. All subcontractors working under the direction of VENDOR shall also be required to provide all documents noted herein.

SUBCONTRACTORS

If VENDOR subcontracts any or all of the services to be performed under this Agreement, VENDOR shall require, at the discretion of the CITY Risk Manager or designee, subcontractor(s) to enter into a separate Side Agreement with the City to provide required indemnification and insurance protection.
