Table 2: Company Information and Financial Strength

Line Item	Question	Response *
7	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	Sunbelt Rentals, Inc. and its affiliates ("Sunbelt") are equipment rental companies that specialize in the broadest range of rental equipment in the industry. Established in 1983 and headquartered near Charlotte, North Carolina, Sunbelt has evolved from a small, local operation to a giant in the rental industry today. Sunbelt is a wholly owned subsidiary of Ashtead Group plc which is headquartered in London, England and is the second largest rental company in the UK operating as A-Plant. Building on its solid foundation in the Southeast, the company has now established itself as the second largest rental company in the United States and will continue to grow through green field initiatives and acquisitions. Sunbelt is strategically positioned with convenient locations to provide superior customer service with more than \$10 billion in rental fleet and over 900 plus locations combined across 46 states within the contiguous United States, including Hawaii, and in four provinces in Canada.

8	What are your company's expectations in the event of an award?	The expectation for a Sourcewell award is to align Sunbelt Rentals with a Best in Class government cooperative resulting in a mutually beneficial partnership that will propagate the transition from ownership to rental within the public sector. This concept is in it's infancy, and represents an emerging market with mutually limitless potential. This is particularly the case when factoring in Sunbelts equipment and service capabilities beyond general tool and construction equipment. We are seeking a partnership focused on providing value to a diverse group of participating entities who represent an emerging market with equipment and solutions.	*
9	Demonstrate your financial strength and stability with meaningful data. This could include such items as financial statements, SEC filings, credit and bond ratings, letters of credit, and detailed reference letters. Upload supporting documents (as applicable) in the document upload section of your response.	See Attached Financial Statement	*
10	What is your US market share for the solutions that you are proposing?	8%, 80 Billion industry	*
11	What is your Canadian market share for the solutions that you are proposing?	4%, 344 Million industry	*
12	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No	*
13	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Sunbelt Rentals is a service provider. Our service is making the necessary item for any particular purpose available to a participating entity on an as needed basis. Sunbelt Rentals locations are company owned. Our sales and service staff are all Sunbelt Rentals employees. There is no third party involvement. Our main office, or "Headquarters" is referred to as the "Support Office". 15	Provide all "Suspension or Debarment" information that has applied to your organization during the past ten years.	In 2011 Sunbelt was awarded a 3-year contract with Hillsborough County, Florida. In August 2012 a Sunbelt employee acting alone notified the County that he no longer wanted to service the contract and asked the contract to be terminated. The Sunbelt corporate office was never notified of the cure notice sent by the County, and the employee was not aware of the repercussions of his actions, so Sunbelt did not cure and the contract was terminated in Feb. 2013 and Sunbelt was placed on a debarment list from 2/5/2013 through 2/4/2015. Sunbelt's corporate office was made aware of this debarment in early 2014. At that time an internal investigation was made, determining that the situation was caused by an employee acting outside of proper protocol and was an isolated event. Sunbelt does business with state and local governments in Honda and across the county. The Hillsborough County debarment was lifted on February 4, 2015. Hillsborough County has reached out to Sunbelt to participate various RFQs and recently awarded a contract for equipment rentals for the County.	*

The Sunbelt Rentals pricing model consists of a market basket reflecting our most frequently rented public sector items expressed in not to exceed terms. Additionally, we are offering our entire catalog which can be found on www.sunbeltrentals.com . A discount discount from our Day, Week, and Month book rates will be given on all items outside the market basket. The discount from book rate allows us to offer our entire catalog providing for a competitive rate for each participating entity in each geographic market for every category & classification of equipment. We've attached a statement of pricing and taken an exception
54	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	The market basket & discount from Day, Week, and Month book rates reflects competitive rates for our most frequently rented public sector items. The pricing was developed with historical usage data, contract and bid awards. The discount structure for items outside the market basket will be 5% off of the Day rate, 10% off the week rate, and 15% off of the Month rate. Book rates vary for geographic areas depending on market conditions. Discounts will remain the same, yielding competitive rates for participating entities in any given geographic area.
55	Describe any quantity or volume discounts or rebate programs that you offer.	Sunbelt Rentals will offer additional Day, Week, and Month rate discounts from book rate in exchange for rental volume. This will be available for participating entities willing to execute a participating addendum, and associate some form of purchase order with it. Additional discounts will be dependent on the rental volume.
56	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	"Sourced" items will be equipment currently not in the Sunbelt Rentals fleet that a specific participating entity would like to have access to, or removed from their fleet. Sunbelt Rentals will take into consideration the possibility of acquiring equipment and providing it as a rental item on an as needed basis to the participating entity. This is not an exclusive offer to purchase equipment from the participating entity.
57	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	The potential for set up exists with large specialty projects such as a large sewer bypass, or large scaffolding erection. These are engineered solutions that often require professional set up. Set up charges will be quote at the time of request.
58	If freight, delivery, or shipping is an additional cost to the Sourcwell participating entity, describe in detail the complete freight, shipping, and delivery program.	Standard Pick-up & delivery apply. Charges equal \$125.00 each way and \$3.85/mile thereafter. Canadian rates are 165.00 each way and \$3.50/km thereafter.
59	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	N/A
60	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Sunbelt Rentals owns and operates it's own delivery fleet. Our North American footprint uniquely positions us to move equipment quick and efficiently. When necessary we will use a third party hauler.

62	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell.	All Sunbelt locations operate in the same sales system called Wynne. Our Wynne system allows us to load customer pricing for each and every applicable account number. Once pricing is loaded in Wynne, each and every piece of equipment that has a loaded rate will auto populate with the correct pricing when any contract is written in any of our locations. The reporting aspect will be a combination of a manual and electronic format. Sourcewell member will need to provide a Letter of Participation in order for us to properly identify members currently in our system.
63	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Two percent (2%) administrative fee of equipment rental revenue.
