SUBJECT: PROPOSED VACATION A PUBLIC UTILITY EASEMENT AT THE NORTHWEST CORNER OF EAST CHURCH AVENUE AND SOUTH CHESTNUT AVENUE

The vacation feasibility study you requested has been completed. Findings indicate the vacation proposal is feasible subject to the following conditions:

1. A.T & T. has existing facilities within the area proposed for vacation. This public utility easement cannot be finalized until said existing facilities are relocated. If you have any questions about this condition, please contact Paul Porter at (559) 259-2735.
2. P.G & E. has existing facilities within the area proposed for vacation. They required their facilities to be relocated and a new public utility easement be recorded (if necessary), prior to this vacation being finalized. If you have any questions about this condition, please contact Chris Woods at (559) 593-5413.
3. Comcast has existing facilities within the area proposed for vacation. This public utility easement cannot be finalized until said existing facilities are relocated, along with compensation for said relocation.. If you have any questions about this condition, please contact Cory Sue at (559) 455-4221.

We will also need: an 8.5" X 11" vicinity map for the City Council Staff Report showing the vacation area relative to the nearest main streets within a mile of the project with the title of: Attachment 1 Vicinity Map.

A processing fee in the amount of **\$1,555.00** is required to cover the cost of administration and legal notices prior to continuing this process for City Council action. An Environmental Assessment (EA) for the entire project that accurately addresses the vacation is required to proceed with the vacation. If you do not have one, the EA application and fee should be submitted to the City of Fresno's Development & Resource Management Department (DARM). The planner for the can provide you with further information about the environmental assessment. Once the EA has been completed, please provide a copy to us.

For your information, the City of Fresno has only an easement interest in the subject area and the City has no legal authority to make a determination as to what portion of the underlying fee title to the vacated area may be added to adjacent properties.

The study done for this proposed vacation will expire in one year. Therefore, please notify this office by December 7, 2018, of your intention regarding the pursuit of this vacation.

Please contact me at 621-8681 or by email at Jason.Camit@fresno.gov if you have any questions.

Sincerely,

Jason A. Camit, PLS
Chief Surveyor
