Such estimate shall include, but shall separately state, the cost of any add or deduct alternates, any work which may be let on a segregated basis, and any equipment, or fixtures which may be incorporated in or excluded from the general construction contract.

(7) In the event that the final estimate of construction cost exceeds the revised estimate of construction cost previously accepted, excluding therefrom any add alternate, any work which may be let on a segregated bid basis and any furnishings, equipment or fixtures which was identified in the final revised estimate in Part 2 as that which may be excluded from the general construction contract, the City shall have the option of accepting or rejecting the final estimate. If the City elects to reject the final estimate, the Consultant shall at no additional cost to the City, make such design changes as may be necessary to reduce the final estimate so that it shall not exceed the revised estimate of construction cost previously accepted by the City.

(8) Services shall be undertaken and completed in a sequence assuring expeditious completion. All services shall be rendered, and deliverables submitted within 12 weeks or 84 calendar days from the issuance of a Notice to Proceed for this Part unless an extension of time is approved in writing by the Director. (2) The Consultant shall, within seven calendar days of any request by the City, expeditiously draft and promptly provide addendum as determined by the City to be reasonable or necessary for the bidding process.

(3) If the lowest responsible bid received for the general construction contract exceeds by 10% or more the final estimate of construction cost previously accepted by the City, excluding therefrom any add alternate, any work which may be let on a segregated bid basis and any furnishings, equipment or fixtures which are excluded from the general construction contract, the Consultant shall, within 14 calendar days of any request by the City, revise the plans and specifications as may be necessary to stay within 10% of such final estimate of construction cost, at no additional cost to the City provided such bid is received within 180 calendar days after completion of services in Section 1(c) of this Agreement. The Consultant shall also submit such revised plans and specifications, together with a new final estimate of construction cost, to the City for review and acceptance. This procedure, using the latest accepted final estimate of construction cost, shall, upon written notice to the Consultant from the Director, be repeated until an acceptable bid is received that does not exceed the accepted final estimate of construction cost by more than 10%.

(e) Part Five. Construction Phase and General Construction Contract Administration. The construction phase will begin with the award of the general construction contract, which shall constitute a written Notice to Proceed with this Part Five, and will terminate when a Notice of Completion is filed. (5) Upon written request by the City, the Consultant shall render written recommendations on change orders, claims, disputes or other questions arising out of the general construction contract, in a timely manner. Recommendations by the Consultant in favor of a change order that is consequently accepted by the City shall constitute approval by the Consultant who shall then approve the change order in writing. The Consultant shall not unreasonably withhold written approval in the event the City accepts a change order that the Consultant recommended to be rejected. In the event of any technical disputes, the Consultant shall provide the City with the Consultant's written interpretation of the contract documents. The period for the Consultant review shall be as specified in the general construction contract, except if such period is not so specified, the period shall be as determined in the pre-construction conference as mutually agreed upon by the City, the Consultant and the general construction contractor. If the City, the Consultant and the respective general construction contractor are unable to mutually agree on such period for the Consultant review, then the City will make the determination and that determination will be final.

(6) Upon written request by the City, the Consultant shall provide such design and specification services as may be requested by the City to implement change orders necessary for clarification or interpretation of the general construction contract documents or which may have resulted from errors or omissions by the Consultant.

3. Compensation and Cost Reimbursement.

(a) The Consultant's sole compensation for satisfactory performance of all services required or rendered pursuant to this Agreement shall be a total fee not to exceed Two hundred twenty-five thousand, five hundred fifty-four dollars and seventy-two cents (\$225,554.72). Such fee includes all allowable expenses to be incurred by the Consultant in performance of this agreement on a cost reimbursable basis, except for those allowable costs eligible for reimbursement as set forth in subdivisions (e), (f) and (g) of this Section 3.

(b) The Consultant shall render detailed invoices monthly, to be reimbursed in the normal course of City business once approved. Such invoices shall detail all allowable costs incurred and shall be for an amount no greater than that attributable to the Part upon which the Consultant is then engaged, as provided in Section 3(c) below.

(c) For purposes of determining the division of the total compensation to the Consultant as provided in Section 3(a) above or should performance of any succeeding Part not be authorized by the City as provided in Section 1 of this Agreement, it is agreed that the total compensation shall be allocated to the five parts of the Consultant's performance as follows: Billing monthly determined by percentage of work completed. Prior to the award of a general construction contract for the Project, or should such contract not be awarded, the approved Parts as provided above shall be utilized for purposes of determining the fee due to the Consultant.

(d) The parties may modify this Agreement to increase or decrease the scope of services or provide for the rendition of services not required by this Agreement, which modification shall include an adjustment to the Consultant's compensation. Any change in the scope of services must be made by written amendment to the Agreement signed by an authorized representative for each party. The Consultant shall not be entitled to any additional compensation if services are performed prior to a signed written amendment. Subsequent to the date of completion of Part Three, changes due to Code revisions or enactments adopted after such date shall constitute additional work subject to this Section 3(d).

(e) The Consultant's indirect rates (costs eligible for reimbursement) are only allowable to the extent that they comply with the cost principles of the Federal Acquisition Regulations as set forth in 48 CFR Part 31.2, and are subject to audit. City will accept the indirect cost rates established by a cognizant Federal or State government agency in accordance with the FAR for one-year applicable accounting periods, if those rates are not currently under dispute.

(f) Until final annual indirect cost rates are established for any period, City shall reimburse the Consultant at billing rates established in the Consultant's proposal and audited by the Consultant's CPA Firm, subject to adjustment when the final

rates are established. Final rates may be established by an audit performed by the federal government or other governmental agency, or if necessary, by an audit performed by the City or its Agent. These billing rates:

- i. Shall be the anticipated final rates; and
- ii. May be prospectively or retroactively revised by mutual agreement, at either party's request, to prevent substantial overpayment or underpayment.

(g) At any time or times before final payment, the City may have the Consultant's invoices or vouchers and statements of cost audited. Any payment may be reduced by amounts found by City not to constitute allowable costs and/or adjusted for prior overpayments or underpayments. Upon the Consultant's compliance with all terms of this Agreement, City shall promptly pay any balance of allowable costs and that part of the fee (if any) not previously paid.

4. Termination, Remedies, Force Majeure, and Consolidation of Disputes.

(a) This Agreement shall terminate without any liability of the City to the Consultant upon the earlier of: (i) the Consultant's filing for protection under the federal bankruptcy laws, or any bankruptcy petition or petition for receiver commenced by a third party against the Consultant; (ii) 7 calendar days prior written notice with or without cause by the City to the Consultant; (iii) the City's non-appropriation of funds sufficient to meet its obligations hereunder during any City fiscal year of this Agreement, or insufficient funding for the Project; or (iv) expiration of this Agreement.

(b) Immediately upon any termination or expiration of this Agreement, the Consultant shall (i) immediately stop all work hereunder; (ii) immediately cause any and all of its subcontractors to cease work; and (iii) return to the City any and all unearned payments and all properties and materials in the possession of the Consultant that are owned by the City. Subject to the terms of this Agreement, the Consultant shall be paid compensation for services satisfactorily performed prior to the effective date of termination. The Consultant shall not be paid for any work or services performed or costs incurred which reasonably could have been avoided.

(c) In the event of termination due to failure of the Consultant to satisfactorily perform in accordance with the terms of this Agreement, the City may withhold an amount that would otherwise be payable as an offset to, but not in excess of, the City's damages caused by such failure. In no event shall any payment by the City pursuant to this Agreement constitute a waiver by the City of any breach of this Agreement which may then exist on the part of the Consultant, nor shall such payment impair or prejudice any remedy available to the City with respect to the breach.

(d) Upon any breach of this Agreement by the Consultant, the City may (i) exercise any right, remedy (in contract, law or equity), or privilege which may be available to it under applicable laws of the State of California or any other applicable law; (ii) proceed by appropriate court action to enforce the terms of the Agreement; and/or (iii) recover all direct, indirect, consequential, economic and incidental damages for the breach of the Agreement. If it is determined that the City improperly terminated this Agreement for default, such termination shall be deemed a termination for convenience.

(e) The Consultant shall provide the City with adequate written assurances of future performance, upon the request of the Director or designee, in the event the Consultant fails to comply with any terms or conditions of this Agreement.

(f) The Consultant shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Consultant and without its fault or negligence such as, acts of God or the public enemy, acts of the City in its contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Consultant shall notify the Director or designee in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, and shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Director or designee of the cessation of such occurrence.

(g) The Consultant agrees that, notwithstanding any contrary provision in this Agreement, any dispute arising from or relating to this Agreement (including, without limitation, disputes based on contract, tort, equity or statute) may, at the City's option, be joined and consolidated with any other dispute or disputes arising from or relating to the Project so that all disputes arising from or relating to the Project may be resolved in a single proceeding. The Consultant hereby specifically waives any objection it may otherwise have to such joinder and consolidation and specifically consents to mediation, arbitration or any other dispute resolution mechanism, forum or proceeding necessary to effectuate the joinder and consolidation contemplated by this provision.

5. Confidential Information, Ownership of Documents and Copyright License.

(a) Any reports, information, or other data prepared or assembled by the Consultant pursuant to this Agreement shall not be made available to any individual or organization by the Consultant without the prior written approval of the City. During the term of this Agreement, and thereafter, the Consultant shall not, without the prior written consent of the City, disclose to anyone any Confidential Information. The term "Confidential Information" for the purposes of this Agreement shall include all proprietary and confidential information of the City, including but not limited to business plans, marketing plans, financial information, designs, drawings, specifications, materials, compilations, documents, instruments, models, source or object codes and other information disclosed or submitted, orally, in writing, or by any other medium or media. All Confidential Information shall be and remain confidential and proprietary in the City.

(b) Any and all original sketches, pencil tracings of working drawings, plans, computations, specifications, computer disk files, writings, artwork and other documents prepared or provided by the Consultant pursuant to this Agreement (Work), and all data and copyrights related to such Work, shall be governed by the following provision for the benefit of the Federal Transit Administration (FTA):

LOCAL GOVERNMENTS

- a) The copyright in any work developed under a grant, subgrant, or contract under a grant or subgrant; and
- b) Any rights of copyright to which a grantee, subgrantee or a contractor purchases ownership with grant support.

(c) The Consultant shall not reproduce (such as photographs and prints), duplicate, distribute reproductions, or incorporate into any trademark or service mark, the Work without the prior written consent of the City. Any rights of the Consultant in the Work terminate upon the death of such the Consultant and do not extend to such the Consultant's heirs, successors or assigns.

(d) Title to the Work shall pass to the City upon final acceptance of the artwork by the City. The City reserves the right to donate, transfer or sell the Work or any portion thereof. City shall have the exclusive right to publicly display the Work and shall have a license to reproduce (such as photographs and prints) or create three-dimensional reproductions of the Work for any noncommercial purpose (including, but not limited to, books, slides, postcards, film, Internet sites, reproductions for advertising, and other media). Such reproductions shall contain a credit to the Consultant and a copyright notice. Reproductions for commercial purposes are only to be made with the mutual written consent of the Consultant and the City. All references and reproductions or adaptations of the Work will credit the Work to the Consultant unless the Consultant requests to the contrary. The City reserves the right to modify, remove and/or relocate the Work at any time, and after consultation with the Consultant, shall have the right to determine when and if modifications, repairs and/or restorations are needed. If City makes modifications, repairs or restoration not approved by the Consultant, the Consultant shall have the right to sever its association with the Work. The Consultant agrees to give the City written notice prior to asserting any claim pertaining to the Work, and the City shall have not less than 90 days from the date of receipt of claim to cure any such claim. The City may incorporate the Work into any trademark or service mark to be utilized by City to register the same in accordance with Federal, state or local law.

(e) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall cause each subcontractor to also comply with the requirements of this Section 5. This Section 5 shall survive expiration or termination of this Agreement.

6. Professional Skill. It is further mutually understood and agreed by and between the parties hereto that inasmuch as the Consultant represents to the City that the Consultant and its subcontractors, if any, are skilled in the profession and shall perform in accordance with the standards of said profession necessary to perform the services agreed to be done by it under this Agreement, the City relies upon the skill of the Consultant and any subcontractors to do and perform such services in a skillful manner and the Consultant agrees to thus perform the services and require the same of any

subcontractors. Therefore, any acceptance of such services by the City shall not operate as a release of the Consultant or any subcontractors from said professional standards.

7. Indemnification. To the furthest extent allowed by law, the Consultant shall indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) that arise out of, pertain to, or relate to the negligence, recklessness or willful misconduct of the Consultant, its principals, officers, employees, agents or volunteers in the performance of this Agreement.

If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall require each subcontractor to indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

8. Insurance.

(a) Throughout the life of this Agreement, the Consultant shall pay for and maintain in full force and effect all insurance as required in **Exhibit B**, which is incorporated into and part of this Agreement, with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by the City's Risk Manager or designee at any time and in his or her sole discretion. The required policies of insurance as stated in **Exhibit B** shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to the City, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, the Consultant or any of its subcontractors/sub-consultants fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to the Consultant shall be withheld until notice is received by the City that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to the City. Any failure to maintain the required insurance shall be sufficient cause for the City to terminate this Agreement. No action taken by the City pursuant to this section shall in any way relieve the Consultant of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by the City that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by the Consultant shall not be deemed to release or diminish the liability of the Consultant, including, without limitation,

liability under the indemnity provisions of this Agreement. The duty to indemnify the City shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by the Consultant. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of the Consultant, its principals, officers, agents, employees, persons under the supervision of the Consultant, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

(d) If the Consultant should subcontract all or any portion of the services to be performed under this Agreement, the Consultant shall require each subcontractor/sub-consultant to provide insurance protection, as an additional insured, to the City and each of its officers, officials, employees, agents and volunteers in accordance with the terms of this section, except that any required certificates and applicable endorsements shall be on file with the Consultant and the City prior to the commencement of any services by the subcontractor. The Consultant and any subcontractor/sub-consultant shall establish additional insured status for the City, its officers, officials, employees, agents and volunteers by using Insurance Service Office (ISO) Form CG 20 10 11 85 or both CG 20 10 10 01 and CG 20 37 10 01 or by an executed manuscript company endorsement providing additional insured status as broad as that contained in ISO Form CG 20 10 11 85.

9. Conflict of Interest and Non-Solicitation.

(a) Prior to the City's execution of this Agreement, the Consultant shall complete a City of Fresno conflict of interest disclosure statement in the form as set forth in **Exhibit C**. During the term of this Agreement, the Consultant shall have the obligation and duty to immediately notify the City in writing of any change to the information provided by the Consultant in such statement.

(b) The Consultant shall comply, and require its subcontractors to comply, with all applicable (i) professional canons and requirements governing avoidance of impermissible client conflicts; and (ii) federal, state and local conflict of interest laws and regulations including, without limitation, California Government Code Section 1090 et. seq., the California Political Reform Act (California Government Code Section 87100 et. seq.), the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations Section 18700 et. seq.) and Section 4-112 of the Fresno Municipal Code (Ineligibility to Compete). At any time, upon written request of the City, the Consultant shall provide a written opinion of its legal counsel and that of any subcontractor that, after a due diligent inquiry, the Consultant and the respective subcontractor(s) are in full compliance with all laws and regulations. The Consultant shall take, and require its subcontractors to take, reasonable steps to avoid any appearance of a conflict of interest. Upon discovery of any facts giving rise to the appearance of a conflict of interest, the Consultant shall immediately notify the City of these facts in writing.

(c) In performing the work or services to be provided hereunder, the Consultant shall not employ or retain the services of any person while such person either is employed by the City or is a member of any City council, commission, board,

committee, or similar City body. This requirement may be waived in writing by the City Manager, if no actual or potential conflict is involved.

(d) The Consultant represents and warrants that it has not paid or agreed to pay any compensation, contingent or otherwise, direct or indirect, to solicit or procure this Agreement or any rights/benefits hereunder.

(e) Neither the Consultant, nor any of the Consultant's subcontractors performing any services on this Project, shall bid for, assist anyone in the preparation of a bid for, or perform any services pursuant to, any other contract in connection with this Project. The Consultant and any of its subcontractors shall have no interest, direct or indirect, in any other contract with a third party in connection with this Project unless such interest is in accordance with all applicable law and fully disclosed to and approved by the City Manager, in advance and in writing.

(f) If the Consultant should subcontract all or any portion of the work to be performed or services to be provided under this Agreement, the Consultant shall include the provisions of this Section 9 in each subcontract and require its subcontractors to comply therewith.

(g) This Section 9 shall survive expiration or termination of this Agreement.

No provisions of this Agreement may be waived unless in writing and signed by all parties to this Agreement.

Waiver of any one provision herein shall not be deemed to be a waiver of any other provision herein.

EXHIBIT A – SCOPE OF SERVICES

PART 01 – SCHEMATIC (30%) DESIGN PHASE (8 WEEKS)

SD.1 PROJECT MANAGEMENT:

Project management tasks include managing schedules and scope of work; maintaining project records; coordinating with the City and stakeholders; and preparing monthly invoices.

SD.2 MEETING #1 – KICK-OFF MEETING

Following the execution of the contract with the City of Fresno, Provost & Pritchard (P&P) will schedule a kick-off meeting to review all 75 bus stop locations and determine the anticipated repairs or improvements at each location. We will also discuss an overall schedule and the potential for phasing of construction based on funding and desired timeframe.

CITY TO PROVIDE:

Topographic survey in AutoCAD (.dwg) format of the 75 bus stop locations. The survey should include, at a minimum, Right-of-Way lines, curb, gutter, flowline, edge of pavement, back of sidewalk, edge of nearest travel lane and/or centerline of street, shelters, signs, trash enclosures, street trees, approximate drip lines, tree wells, newspaper racks, telephones, street lights, storm drain inlets, utility manholes or vaults, and curb ramps up to 10 feet behind back of walk. Each bus stop location should be surveyed for at least 150 linear feet, centered on the location of the bus stop (approximately 75 feet in each direction up and down the street). P&P will use the results of this survey as the basis for our design discussions and plan preparation.

Deliverable:

- Memo with notes of discussion and actions items resulting from this meeting.

SD.3 SITE INVESTIGATION

P&P will review the City's topographic survey and request any additional information. P&P will contact utility providers to determine if they have facilities in the vicinity of the bus stop locations. Maps and information provided will be reviewed and incorporated into our project base map, as appropriate. P&P will review the surveyed locations along with the list of issues identified in our first meeting and identify any issues that were previously unknown, such issues would most likely be accessibility (ADA) compliance or surface drainage issues.

Deliverable:

- Bus Stop Improvements matrix with the location ID number, street address/location, direction of route at location, and notes of the issues P&P found at each location.

SD.4 MEETING #2 – REVIEW OF ISSUES AND UPGRADES

P&P will meet with FAX personnel to discuss any issues that were observed that were not previously identified at each location. This meeting will also give FAX the opportunity to identify any upgrades that they would like to have made at the locations.

Deliverable:

- Memo with notes of discussion and actions items resulting from this meeting.

SD.5 PRELIMINARY PLANS AND OPINION OF PROBABLE CONSTRUCTION COST

P&P will use the feedback received during Meeting #2 to prepare preliminary improvement plans for each bus stop location. The preliminary plans will be prepared on a City of Fresno 24"x36" title block "B" per P-17 and generally consist of:

- Cover sheet showing each bus stop location on a map of the City
- General Notes, legend and abbreviations
- Plan-view sheets showing each bus stop at a scale of 1"=10' showing existing topography, proposed limits of work and repairs, replacements and/or upgrades.

P&P will also prepare a preliminary opinion of probable construction cost for each bus stop location and include each location's cost estimate in the matrix. This will allow us to easily target bus stop locations by geographic location, priority and/or cost criteria to help phase the projects by fiscal year, if necessary.

Deliverables:

- Preliminary plans and opinion of probable construction cost in PDF format
- PDF of the Bus Stop Improvements Matrix

SD.6 MEETING #3

The last meeting of this phase will be to review preliminary design plans and opinions of probable construction cost for each location. P&P will work with FAX personnel to determine how the locations can be phased based on priority and anticipated budgets.

Deliverable:

- Memo with notes of discussion and actions items resulting from this meeting.

PART 02 – DESIGN DEVELOPMENT PHASE (0 WEEKS)

As stated in the RFQ, there will not be any scope or fee in this part.

PART 03 – CONSTRUCTION DOCUMENT PHASE (12 WEEKS)

CD.1 PROJECT MANAGEMENT:

Project management tasks include managing schedules and scope of work; maintaining project records; coordinating with the City and stakeholders; and preparing monthly invoices.

CD.2 CONSTRUCTION DOCUMENTS (PS&E)

P&P will review and incorporate the comments received from the City on the schematic design submittal to prepare final construction documents based upon the appropriate phasing of the bus stop locations determined during Meeting #3 (maximum of five phases).

These documents will define the limit and scope of asphalt, curb and/or gutter, and sidewalk to be repaired, replaced and/or upgraded. The plans will be in English units and prepared on a City of Fresno 24"x36" title block "B" per P-17. Technical specifications, if necessary, will be in CSI three-part format and incorporated in the City's bid specification template.

- Cover sheet with specific project phase number and map showing bus stop locations
- General Notes, legend and abbreviations
- Plan view sheets showing each bus stop at a scale of 1"=10'
- Details and Cross-sections as necessary

P&P will update the opinion of probable construction cost to separate into the phases corresponding to the plans and add 4% annual inflation accordingly to each phase depending on which fiscal year they will fall in.

P&P will prepare the bid item list, explanation of bid items, and the technical specifications for inclusion into Section VII of the City's Specification booklet provided by the City.

Deliverables:

- Final plans for up to five (5) phases in PDF format
- Opinions of probable construction cost for up to five (5) phases in PDF format

- Bid Item list, Explanation of Bid Items, and Section VII technical specifications, as necessary, in MS Word (.docx) format

CD.3 BACK-CHECK AND APPROVAL

FAX will submit the plans to Traffic Engineering and/or other City Departments (i.e., Building Department) as needed and provide their plan check comments, as well as any internal comments from FAX.

P&P will perform one (1) round of revisions to address any comments from the City plan check review and resubmit a final PS&E package.

Deliverables:

- Final plans for up to five (5) phases in PDF and AutoCAD 2021 (.dwg) format and hard copy.

PART 04 – BIDDING PHASE

The services of the design team during the project bidding phase are limited to assisting the City as follows:

BID.1 Respond to Contractor RFIs:

P&P will respond to bidders' requests for information (RFIs), as requested by the City during the project bid phase.

BID.2 Prepare Addenda & Clarifications:

P&P will prepare addenda and/or clarifications to the construction documents based on RFIs received from the City's Project Manager during the project bid phase.

If the project is phased, assistance during additional phases may require a contract scope amendment.

PART 05 – CONSTRUCTION PHASE AND GENERAL CONSTRUCTION

CONTRACT

CA.1 Project Management:

Project management tasks include managing schedules and scope of work; maintaining project records; coordinating with team members and the City; and preparing monthly invoices.

CA.2 Preconstruction Meeting:

P&P will attend the preconstruction meeting that is scheduled and coordinated by the City's Construction Management Division (CMD).

CA.3 Review Submittals and Shop Drawings:

P&P will review submittals and shop drawings sent to P&P by the CMD. P&P will respond in a timely manner. It is assumed that the CMD will log and track the progress of each submittal received from the Contractor.

CA.4 Respond to Contractor RFIs:

P&P will address contractor's requests for information (RFIs), as requested by the CMD during the construction phase.

CA.5 Review Change Order Requests:

P&P will review and comment on Change Order requests from the Contractor, as requested by the CMD during the construction phase.

If the project is phased or if the duration of a construction contract is longer than one year, additional assistance may be required with a contract scope amendment.
