1. ***Adopt a Side Letter of Agreement with the Fresno City Employees Association (FCEA) for Unit 3, Non-Supervisory White Collar **(Subject to Mayor's Veto)**
2. ***RESOLUTION - 7th Amendment to FY 2019 Salary Resolution No. 2018-159, amending Exhibit 3, Unit 3, Non-Supervisory White Collar (FCEA) as required by the Side Letter of Agreement with the Fresno City Employees Association **(Subject to Mayor's Veto)**

The above item was introduced to Council by Labor Relations Manager, Phillips.

When called, the following members from the public spoke: Dee Barnes, Markie De La Torre, and Crystal Penalzoa.

Council President Soria asked Director Cardell, Personnel Services Department to respond to some of the statements made. Director Cardell stated they were committed to a class and comp study once we were in a position and coming out of the recession with the understanding that we wanted to put ourselves in a better position to attract and retain individuals in the various classifications in the unit. We have some significant issues and we have to phase in our adjustments to these respective classes. We are trying to make the best of our limited resources and try to strike a balance in addressing a variety of issues. Regarding the Records classifications, we have not provided the maximum amount of increase that we are proposing for this class because we are trying to balance our limited resources. We agree that the two classes that are being developed for this unit should be compensated at a greater amount and we anticipate in our second phase that we should be able to accomplish that. Phase 2 will begin in the next fiscal year. There was discussion regarding the amount of money we are looking at if we included these cost during phase one given

the amount of carryover we have. Council President Soria stated that she would like to use some of the carry over money to fund the increases projected for phase two. Councilmember Chavez stated that he is supportive of funding the increases now instead of next fiscal year.

Councilmember Baines asked how would the Council go about implementing this today. Director Cardell responded that today the Council would approve what is before them and then direct us to come back with options to implement the rest.

Councilmember Baines made a motion to approve staff recommendation and move forward with the side letter, and direct staff to come back with an estimated cost.

RESOLUTION 2018-264 ADOPTED

On motion of Councilmember Baines III, seconded by Councilmember Caprioglio, the above item was approved. The motion carried by the following vote:

Aye: 6 - Soria, Baines III, Caprioglio, Chavez, Bredefeld and Olivier

The above item was introduced to Council by Labor Relations Manager Phillips, Personnel Services Department. Manager Phillips invited Al Munoz, ATU President to speak on this item.

Vice President Brandau asked several questions about FAX and ATU and then talked about the lengthy discussion about this topic in closed session. He stated Council has been reluctant in raising performance standards. Vice President Brandau said he would love to give raises to the drivers that deserve the raises. Instead we are going to be giving everybody raises and he can't be a part of that. We are giving an across the board raise and the City of Fresno is not getting the best that we could get and he will not be supporting this agreement today.

Councilmember Bredefeld stated that he supports the 2.5% raise for 2018 and 2019. What he does not support is employee incentive time off. This is not just about ATU, there were four other groups that have employee incentive time off approved before. One million dollars of the General Fund is being used to incentivize employees to come to work. If Police and Fire were to get the same incentives it would cost \$1.4 million dollars from the General Fund. We need to hold the employees who do not do their jobs accountable, and penalize those employees who do not do their jobs. General Fund money should be used to fund police and firefighters and fixing potholes. Employee incentive time off is a waste of taxpayer's money and he cannot support this.

Councilmember Caprioglio stated that the real issue is to raise the performance standards. This is not directed to ATU, it should apply to the whole city. He stated he will vote to support giving the unit a raise. He also believes that the million dollars is over four departments.

Councilmember Chavez asked Interim Director Barfield to come up. Councilmember Chavez asked if the funds used for the increase is from the Enterprise Fund or the General Fund. Director Barfield responded the Enterprise Fund. If everybody earned the employee incentive it would cost less than \$100,000. The cost of overtime would be \$2 million dollars overall. Director Cardell believes that the program has the ability to pay for itself.

Council President Soria stated that she fully supports the raise, but she believes that we need to look at the incentive program. She requested that the Administration comes back in the near future to let the Council know

how this program is functioning. This is not a new issue. Council President Soria believes that performance standards are very important to make sure that our employees are performing. We also want to keep employees accountable. Council President Soria stated that she reserves the right not to support future incentive programs.

Council President Soria made the motion to approve this item with the caveat that the Administration comes back in the near future to let the Council know how this program is functioning.

RESOLUTION 2018-265 ADOPTED

On motion of President Soria, seconded by Councilmember Chavez, the above item was approved. The motion carried by the following vote:

Aye: 5 - Soria, Baines III, Caprioglio, Chavez and Olivier

No: 2 - Brandau and Bredefeld

ADJOURNMENT
