

WILDLAND FIRE MUTUAL AID AGREEMENT

Between

CITY OF FRESNO

And

**CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE PROTECTION
FRESNO-KINGS UNIT**

INTRODUCTION:

This Wildland Fire Mutual Aid Agreement is intended to establish a wildland fire response plan for areas within City of Fresno and California Department of Forestry and Fire Protection ("CAL FIRE") jurisdictions. Both jurisdictions have areas that are heavily vegetated with a substantial intermix of residential structures and are considered a wildland urban interface fire threat. These areas will be shown on a master map on file at the Fresno-Kings Unit ("FKU") Headquarters, as illustrated in Appendix A of this Agreement. Non-wildland fire mutual aid requests are not a part of this Agreement.

PURPOSE:

The parties recognize that a substantial wildland fire in either jurisdiction would cause the response of, and an impact to, both parties regardless of jurisdictional authority or responsibility. Without this Agreement, the response of these agencies would otherwise be delayed and less coordinated. This Agreement describes the types of resources each of the parties will dispatch, as available, to effect perimeter control and protect threatened life and structures.

Whereas:

1. The City of Fresno maintains and operates a fire protection organization within its City Limits;
2. CAL FIRE maintains and operates a fire protection organization for the purposes of providing basic wildland fire protection to State Responsibility Area (SRA) lands which are adjacent or proximate to the area protected by the City of Fresno;
3. It is the desire of the parties to render aid to each other to combat the effect of fire when such aid is necessary, as herein set forth; and
4. The parties desire to effect the purpose of this agreement pursuant to the provisions of the "Joint Exercise of Power Act" (Government Code Sections 6500-6547) and Health and Safety Code Section 13050.

Now Therefore, the parties hereto mutually agree as follows:

1. To furnish fire protection personnel, equipment, materials and supplies, as described in Appendix B, and to render such fire protection services to each other as may be necessary to suppress wildland fires.
2. Such mutual aid shall be provided within the limits of the County of Fresno and as shown on the maps contained in Appendix A; provided however, that neither party hereto shall be required to reduce its own fire protection resources, personnel, services and facilities to the detriment of its normal fire protection capability.
3. No response to mutual aid requests provided for in this agreement will be made by the parties hereto unless such request is made and received through the established communication channels common to each party by a responsible fire official of the party requesting such aid. Responding mutual aid resources shall be capable of communication on a minimum of the listed radio frequencies shown in Appendix C.
4. Any mutual aid extended under this agreement will be extended with the express understanding that the fire official in charge, in whose jurisdiction an incident is occurring, shall remain in charge at such incident, including the direction of personnel and equipment provided through the operation of this mutual aid agreement.
5. That any mutual aid resources extended under this agreement will be provided fuel, oil, drinking water and food by the jurisdiction the incident is occurring within, as they would provide to their own resources.
6. Except as may be provided by separate agreement between the parties hereto, the assurance of mutual aid set forth shall constitute the sole consideration for the performance herein provided. Neither party shall be obligated to reimburse the other for any action taken, or aid rendered hereunder, or for any use of material, damage to equipment, or incurred liability that may occur in the course of rendering the firefighting assistance herein contemplated.
7. Certain specialized types of fire protection resources may not be made available subject to the provisions of this Agreement, and such resources will be available only on a reimbursement basis.
8. This Agreement shall supersede any prior agreements and remain in full force and effect from the date signed by both parties unless amended or terminated by either party hereto giving thirty (30) days prior written notice of such early termination to the other party.
9. The City shall indemnify, hold harmless and defend CAL-FIRE FKU and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by CAL-FIRE FKU, City or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly from the negligent or intentional acts or omissions, or willful misconduct

of the City or any of its officers, officials, employees, agents or volunteers in the performance of this Agreement; provided nothing herein shall constitute a waiver by the City of governmental immunities including California Government Code section 810 et seq.

CAL-FIRE FKU shall indemnify, hold harmless and defend the City and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by the City, CAL-FIRE FKU, or any other person, and from any and all claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly from the negligent or intentional acts or omissions, or willful misconduct of CAL-FIRE FKU or any of its officers, officials, employees, agents or volunteers in the performance of this Agreement; provided nothing herein shall constitute a waiver by CAL-FIRE FKU of governmental immunities including California Government Code section 810 et seq.

In the event of concurrent negligence on the part of City or any of its officers, officials, employees, agents or volunteers, and CAL-FIRE FKU or any of its officers, officials, employees, agents or volunteers, the liability for any and all such claims, demands and actions in law or equity for such losses, fines, penalties, forfeitures, costs and damages shall be apportioned under the State of California's theory of comparative negligence as presently established or as may be modified hereafter. This section shall survive termination or expiration of this Agreement.
