Planning Commission Notice and Comments

CITY OF FRESNO
DEVELOPMENT AND RESOURCE MANAGEMENT DEPARTMENT

NOTICE OF PUBLIC HEARING
CONDITIONAL USE PERMIT APPLICATION NO. C-16-033

NOTICE IS HEREBY GIVEN that the Fresno City Planning Commission, in accordance with Sections 65090 and 65091 (Planning and Zoning Law) of the Government Code and in accordance with the procedures of Article 50, Chapter 15, of the Fresno Municipal Code, will conduct a public hearing to consider **Conditional Use Permit Application No. C-16-033** which was filed by Ken Vang of Precision Engineering, on behalf of George Beal of Beal Developments and pertains to 0.55 acres of property located at 940 E Belmont Avenue, located on the southwest corner of East Belmont and Van Ness Avenues. Conditional Use Permit Application No. C-16-033 proposes construction of an approximately 3,453 square-foot Johnny Quik convenience store, an 849 square-foot quick serve restaurant with indoor seating, restrooms, and 8-station Chevron fueling facility with a 2,160 square-foot canopy. The applicant also requests authorization to acquire a Type 20 alcohol license (*Package Store – sale of beer and wine for consumption off the premises where sold*) for the convenience store. The subject property was part of a city-initiated Plan Amendment and Rezone (Application Nos. A-17-002 and R-17-004), which rezoned the subject property from CMS (*Commercial-Main Street*) to CG (*Commercial-General*). The project is considered a Service Station, Convenience Retail, and Liquor Store, which are conditionally permitted uses in the CG zoning district specified in the Fresno Municipal Code (FMC), as shown in Table 15-1202 of the FMC. At this hearing, the following will be considered.

1. **Environmental Assessment No. C-16-033:** Finding of Categorical Exemption pursuant to Section 15301/Class 3, New Construction or Conversion of Small Structures, of the California Environmental Quality Act Guidelines (CEQA) for Conditional Use Permit Application No. C-16-033.
2. **Conditional Use Permit Application No. C-16-033:** The project (Conditional Use Permit Application No. C-16-033) is a request for authorization to develop an approximately 3,453 square-foot Johnny Quik convenience store, an 849 square-foot quick serve restaurant with indoor seating, restrooms, and 8-station Chevron fueling facility with a 2,160 square-foot canopy.

FRESNO PLANNING COMMISSION

Date: Wednesday, December 20, 2017
Time: 6:00 p.m., or thereafter
Place: City Hall Council Chamber, 2nd Floor
2600 Fresno Street, Fresno, CA 93721

Any interested person may appear at the public hearings and present written testimony, or speak in favor or against the project proposal. If you challenge the above applications in court, you may be limited to raising only those issues, you, or someone else, raised at the public hearing described in this notice, or in written correspondence delivered to the Development Services Division of the Development and Resource Management Department and/or Planning Commission/City Council at, or prior to, the public hearing.

NOTE: This public hearing notice is being mailed to surrounding property owners within 1,000 feet of the project site pursuant to the requirements of Fresno Municipal Code Section 15-5007.

For additional information, contact Ricky Caperton, Development and Resource Management Department, Development Services Division, City Hall, 2600 Fresno Street, Fresno, California 93721-3604, by telephone, 559-621-8058; by fax at 559-498-1026, or via e-mail at Ricky.Caperton@fresno.gov. Si necesita información en Español, comuníquese con McKencie Contreras al teléfono (559) 621-8066.

Subject: CUP NO. C-16-033

Dear Planning Commission:
RE: CUP NO. C-16-033

I live in the Lowell neighborhood and I am in opposition of CUP application NO. C-16-033 based on several factors.

The over saturation of liquor stores in Belmont and the surrounding area has contributed to the proliferation of homelessness, prostitution, and poverty. Our health and safety in our community is impacted by the over saturation of liquor stores and gas stations. We need businesses that contribute to the health of our neighborhood.

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, within 1 mile there are 18 liquor stores, and over 7 other gas stations, including a Chevron.

Census tract 6 already has the maximum of 9 liquor stores and adding another is detrimental to the health of downtown.

The plans for new development are wonderful and this particular lot has been vacant and is prime for building a new business that would serve the downtown communities and contribute to a healthy and safe community for all.

Please do not approve the CUP NO. C-16-033.

Thank you,
Kathryn Borba
Lowell Neighborhood resident

Ricky Caperton

Subject: No more liquor please

Good morning Mr. Caperton. My name is Richard Burrell. I have lived in the Lowell neighborhood on and off for 20 years. 5 years ago I purchased a home on van ness. One year ago I leased an office that will share a parking lot with the proposed chevron that from what I understand will be selling alcohol.

Mr. Caperton in the last 5 years my wife and I have pulled countless drunk people out of traffic who have purchased alcohol at one of the 9 stores already operating in our area. Alcohol related violence which mostly goes unreported is overwhelming already. I am asking that you please not allow another store to sell alcohol in our community. We are healing here in Lowell. I love my city.i love my neighborhood. I am more than willing to sit down and hear more from you or answer any questions you may have. Thank you so much for taking the time to read over this email. Hope your holidays are filled with peace.

Subject: C-16-033 application

Dear Mr. Caperton,

My name is Steve Walter. I live at 934 E Mildreda, one block from this proposed gas station/liquor store. I oppose this application. There are already too many stores selling alcohol within a few blocks of this location. Vagrants are visible loitering around these sites. Panhandlers are plentiful. Adding another source for alcohol and cigarettes will only increase the substantial social issues in my neighborhood. I am asking that this application be rejected. Thank you.

Steve Walter

Dear Planning Commission:
RE: CUP NO. C-16-033

As a community member I am in opposition of CUP application NO. C-16-033 based on several factors.

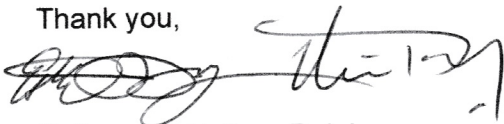

Belmont has historically been a street where liquor is easily available, Homeless and transient populations congregate and prostitution is rampant. All of these things contribute to a decrease in safety and health of the entire community. As a resident my desire is that we have healthy businesses who provide necessities and healthy competition of services and prices. **However there is an over-saturation of convenience stores, liquor and gas stations in this area.**

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, **within 1 mile there are 18 liquor stores**, and over 7 other gas stations, including a Chevron. Census tract 6 already has the maximum of 9 liquor stores and adding another is detrimental to the health of downtown.

The plans for new development are wonderful and this particular lot has been vacant and is prime for building a new business that would serve the downtown communities and contribute to a healthy and safe community for all.

Please do not approve the CUP NO. C-16-033.

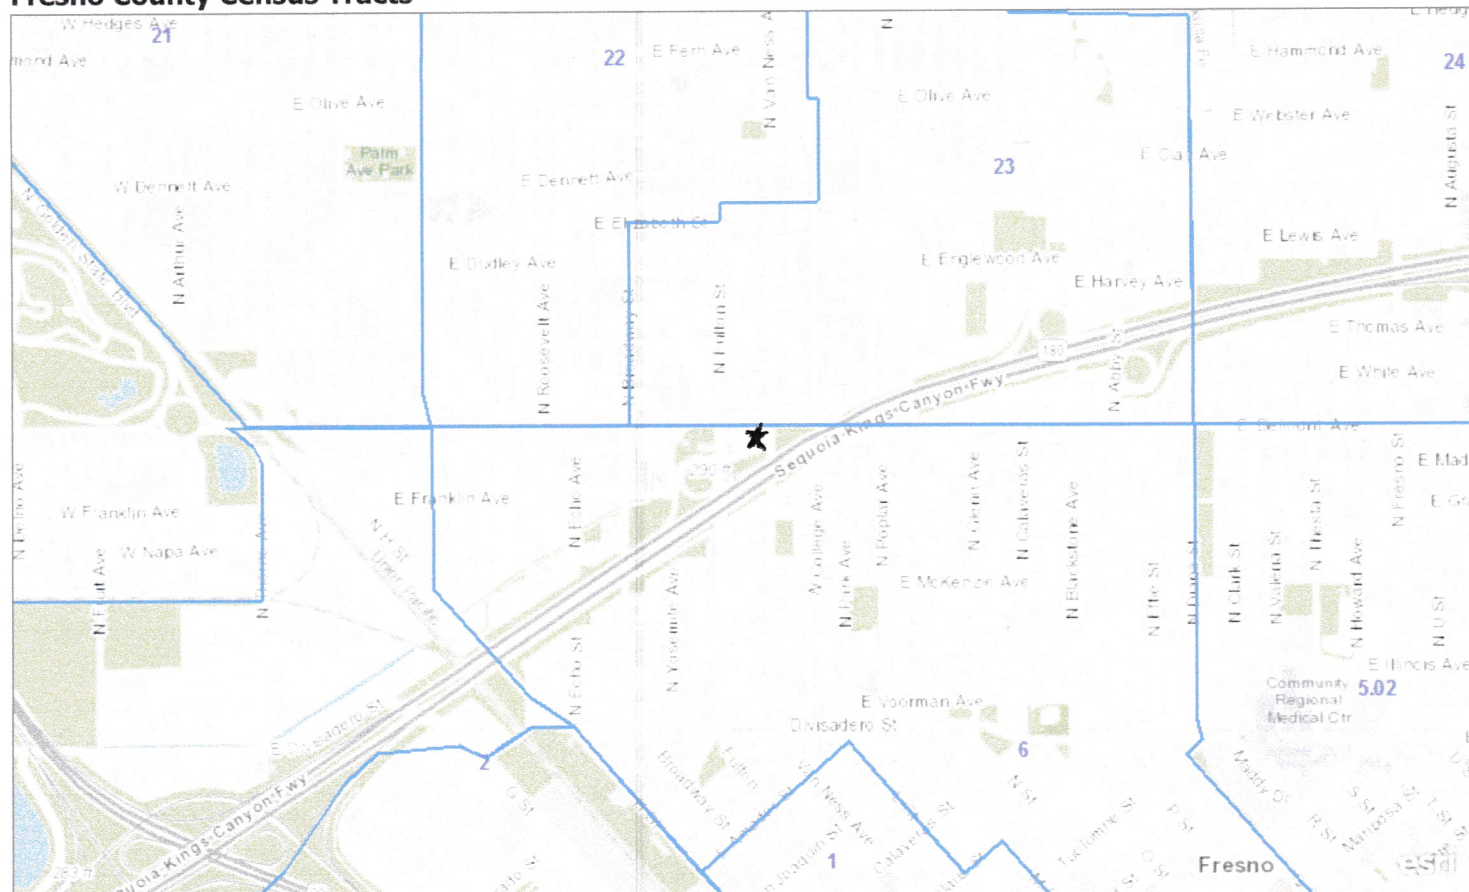

Thank you,

Esther and Nathan Delahay

Subject: Permit Application C-16-033

Dear Planning Commission:
RE: CUP NO. C-16-033

I hope you take these comments and that of my neighbors into account when you are thinking about his project.

As a community member I am in opposition of CUP application NO. C-16-033 based on several factors.

Belmont has historically been a street where liquor is easily available, Homeless and transient populations congregate and prostitution is rampant. All of these things contribute to a decrease in safety and health of the entire community. As a resident my desire is that we have healthy businesses who provide necessities and healthy competition of services and prices. However there is an over-saturation of convenience stores, liquor and gas stations in this area.

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, within 1 mile there are 18 liquor stores, and over 7 other gas stations, including a Chevron. Census tract 6 already has the maximum of 9 liquor stores and adding another is detrimental to the health of downtown.

The plans for new development are wonderful and this particular lot has been vacant and is prime for building a new business that would serve the downtown communities and contribute to a healthy and safe community for all.

Please do not approve the CUP NO. C-16-033.

Thank you,
Carolyn Flores-Conrad

Subject: C-16-033

Hello, I am a resident of Lowell. My address is 451 N San Pablo. I see from my neighbors there is opposition to the Johnny quick/Chevron selling alcohol. While I agree alcohol is a problem in our neighborhood, as is drugs, I don't agree that this gas station will place an additional burden on the neighborhood. I'd love to see some interventions that help neighbors make better choices but I don't believe one more drink will be drunk due to the location of the Johnny Quick. There are plenty of locations already so this is merely competition in the space not an encouragement to drink alcohol. My experience with Chevron and Johnny Quick has been positive. They are not slummy establishments like some of the alcohol vendors on Belmont. I would love for a top tier gasoline company such as Chevron to be in my neighborhood. Shell on Belmont and calaveras converted to a generic station which I believe contributed to the neighborhood blight. A Chevron in the area would be an elevation. I am not naive, alcohol sales are an important part of the profitability of a gas station. Alcohol in and of itself is not evil. I'll partake in an occasional glass of wine. This is not a liquor store, it's a high quality gas station that I think would improve the neighborhood. Since liquor sales are already prevalent, the sale of liquor at the Johnny Quick would not make it easier to obtain liquor or more prevalent. It would make it more attractive to Chevron to locate in the neighborhood which I want. I currently have to purchase gas outside of the neighborhood and would really embrace a top tier gasoline in the neighborhood. Should Chevron lose out on alcohol sales to the benefit of the liquor stores in the area? No, I want Chevron to make money to encourage others high quality stores to locate here.

I encourage you to APPROVE the petition to sell alcohol.

Dear Planning Commission:
RE: CUP NO. C-16-033

As a community member I am in opposition of CUP application NO. C-16-033 based on several factors.

Belmont has historically been a street where liquor is easily available, Homeless and transient populations congregate and prostitution is rampant. All of these things contribute to a decrease in safety and health of the entire community. As a resident my desire is that we have healthy businesses who provide necessities and healthy competition of services and prices. However there is an over-saturation of convenience stores, liquor and gas stations in this area.

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, **within 1 mile there are 18 liquor stores**, and over 7 other gas stations, including a Chevron.

Census tract 6 already has the maximum of 9 liquor stores and adding another is detrimental to the health of downtown.

The plans for new development are wonderful and this particular lot has been vacant and is prime for building a new business that would serve the downtown communities and contribute to a healthy and safe community for all.

Please do not approve the CUP NO. C-16-033.

Thank you,

Daniel and Brenda Dominguez

Estimada Comisión de Planificación:

RE: CUP NO. C-16-033

Como miembro de la comunidad, me opongo a la solicitud CUP NO. C-16-033 basado en varios factores.

Belmont ha sido históricamente una calle donde el licor es fácilmente disponible, las poblaciones indigentes y transitorias se congregan y prostitución presente. Todas estas cosas contribuyen a una disminución en la seguridad y la salud de toda la comunidad. Como residente, mi deseo es que tengamos negocios saludables que brinden las necesidades y una sana competencia de servicios y precios. Sin embargo, hay una sobresaturación de tiendas de conveniencia, licor y gasolineras en esta área.

Esta propiedad se encuentra en la esquina de la zona censal 6 y en el límite de las vías 22, 23 y 21. Desde esta propiedad, puede ver otras 3 pequeñas tiendas de conveniencia que venden licor, dentro de 1 milla hay 18 licorerías y más de 7 otras estaciones de servicio, incluida en esa área una Chevron.

La sección 6 del censo ya tiene un máximo de 9 licorerías y agregar otra es perjudicial para la salud del centro de la ciudad.

Los planes para un nuevo desarrollo son maravillosos y este lote en particular ha estado vacante y es primordial para construir un nuevo negocio que sirva a las comunidades del centro y contribuya a una comunidad saludable y segura para todos.

Por favor, no apruebe la CUP NO. C-16-033.

Gracias,

Maricela Sagredo

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, **within 1 mile there are 18 liquor stores**, and over 7 other gas stations, including a Chevron.

Census tract 6 already has the maximum of 9 liquor stores and adding another is detrimental to the health of downtown.

The plans for new development are wonderful and this particular lot has been vacant and is prime for building a new business that would serve the downtown communities and contribute to a healthy and safe community for all.

Please do not approve the CUP NO. C-16-033.

Dear Planning Commission:
RE: CUP NO. C-16-033

As a community member I am in opposition of CUP application NO. C-16-033 based on several factors.

Belmont has historically been a street where liquor is easily available, Homeless and transient populations congregate and prostitution is rampant. All of these things contribute to a decrease in safety and health of the entire community. As a resident my desire is that we have healthy businesses who provide necessities and healthy competition of services and prices. However there is an over-saturation of convenience stores, liquor and gas stations in this area.

This property sets at the corner of census tract 6 and on the border of tract 22, 23 and 21. From this property, you can see 3 other small convenience stores that sell liquor, **within 1 mile there are 18 liquor stores**, and over 7 other gas stations, including a Chevron.
