WHEREAS, on June 20, 2014, Councilmember Paul Caprioglio filed an appeal of the Planning Commission's decision regarding Conditional Use Permit No. C-13-092 to the City Council, pursuant to Sections 12-1019 and 12-406.J of Fresno Municipal Code; and,

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno, based upon the testimony and information presented at the hearing and upon review and consideration of the environmental documentation provided, as follows:

1. The Council finds in accordance with its own independent judgment that there is no substantial evidence in the record that the vesting tentative tract map and conditional use permit may have additional significant effects on the environment that were not identified in the 2025 Fresno General Plan Master Environmental Impact Report No. 10130 ("MEIR"), Mitigated Negative Declaration No. A-09-02 prepared for the Air Quality Update to the 2025 Fresno General Plan, and that no new or additional mitigation measure or alternatives may be required. In addition, pursuant to Public Resources Code, Section 21157.6(b)(1), Council finds that no substantial changes have occurred with respect to the circumstances under which the MEIR was certified and Mitigated Negative Declaration No. A-09-02/SCH No. 2009051016 was adopted; and,

that no new information, which was not known and could not have been known at the time that the MEIR was certified as complete, and Mitigated Negative Declaration No. A-09-02/SCH No. 2009051016 was adopted, has become available. Accordingly, Environmental Assessment No. A-11-003/R-11-003/C-13-092/T-6033 dated March 21, 2014, is hereby approved.

2. The Council finds that, with the conditions imposed as set forth in the Conditions of Approval dated April 16, 2014, approval of the conditional use permit is consistent with the adopted 2025 Fresno General Plan and the McLane Community Plan and with the findings set forth in Fresno Municipal Code 12-405-A-2 for approval of Conditional Use Permits.

3. The Council of the City of Fresno hereby denies the appeal and approves Conditional Use Permit No. C-13-092 subject to the Conditions of Approval contained in the report to the Planning Commission dated April 16, 2014.
