For parcels of undeveloped property zoned for development of single-family units attached, the number of residential units shall be determined by referencing the condominium plan, apartment plan site plan or other development plan, or by assigning the maximum allowable units permitted based on the underlying zoning for the parcel. Once a single-family attached building or buildings have been built on an assessor's parcel, the City or its designee shall determine the actual number of residential units contained within the building or buildings, and the special tax levied against the parcel in the next fiscal year shall be calculated by dividing the Special Tax Requirement by the actual number of residential units not to exceed the Maximum Special Tax per residential unit identified for the final map in Section C, Table 1 below.

C. MAXIMUM SPECIAL TAX

The Maximum Special Tax for Fiscal Year 2016-2017 for a residential unit within Final Tract Map No. 6139 is identified in Table 1 below:

Table 1

<p>*Beginning in January of each year, the MST shall be adjusted upward annually by 3% plus the rise, if any, in the Construction Cost Index (CCI) for the San Francisco Region for the prior 12-month period (December through December) as published in the <u>Engineering News Record</u>, or published in a comparable index if the <u>Engineering News Record</u> is discontinued or otherwise not available. Each annual adjustment of the MST shall become effective on the subsequent July 1.</p> <p>** A Special Tax shall be levied on all parcels within an identified final map except excluded parcels as identified in Attachment 1.</p>	

EXHIBIT B

D. METHOD OF LEVY AND COLLECTION OF THE SPECIAL TAX

Commencing with Fiscal Year 2016-2017, the Special Tax shall be levied on all taxable parcels as follows:

- Step 1: Determine the Special Tax Requirement (as defined in Section A above) for the fiscal year in which the Special Tax will be collected;
- Step 2: Calculate the total special tax revenues that could be collected from taxable property within CFD No. 11 based on applying the Maximum Special Tax rates determined pursuant to Section C above to the number of residential units on each parcel of taxable property in CFD No. 11;

If the amount determined in Step 1 is greater than or equal to the amount calculated in Step 2, levy the Maximum Special Tax set forth in Table 1 above on all parcels of taxable property in CFD No. 11;

If the amount determined in Step 1 is less than the amount calculated in Step 2, levy the Special Tax proportionately against all parcels of taxable property up to 100% of the Maximum Special Tax for each subdivision as identified in Table 1, until the amount of the Special Tax levy equals the Special Tax Requirement for that fiscal year.

The Special Tax for CFD No. 11 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that CFD No. 11 may (under the authority of Government Code 53340), in any particular case, bill the taxes directly to the property owner off of the County of Fresno tax roll, and the Special Taxes will be equally subject to penalties and foreclosure if delinquent.

E. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on parcels that have been conveyed to a public agency, except as otherwise provided in City Law. In addition, no Special Tax shall be levied on excluded parcels or parcels that are determined not to be developable lots.

** A Special Tax shall be levied on all parcels within an identified final map except excluded parcels as identified in Attachment 1.

D. METHOD OF LEVY AND COLLECTION OF THE SPECIAL TAX

Commencing with Fiscal Year 2017-2018, the Special Tax shall be levied on all taxable parcels as follows:

- Step 1: Determine the Special Tax Requirement (as defined in Section A above) for the fiscal year in which the Special Tax will be collected;
- Step 2: Calculate the total special tax revenues that could be collected from taxable property within CFD No. 11 based on applying the Maximum Special Tax rates determined pursuant to Section C above to the number of residential units on each parcel of taxable property in CFD No. 11;

If the amount determined in Step 1 is greater than or equal to the amount calculated in Step 2, levy the Maximum Special Tax set forth in Table 1 above on all parcels of taxable property in CFD No. 11;

EXHIBIT D

If the amount determined in Step 1 is less than the amount calculated in Step 2, levy the Special Tax proportionately against all parcels of taxable property up to 100% of the Maximum Special Tax for each subdivision as identified in Table 1, until the amount of the Special Tax levy equals the Special Tax Requirement for that fiscal year.

The Special Tax for CFD No. 11 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that CFD No. 11 may (under the authority of Government Code 53340), in any particular case, bill the taxes directly to the property owner off of the County of Fresno tax roll, and the Special Taxes will be equally subject to penalties and foreclosure if delinquent.

E. EXEMPTIONS

Notwithstanding any other provision of this Rate and Method of Apportionment of Special Tax, no Special Tax shall be levied on parcels that have been conveyed to a public agency, except as otherwise provided in City Law. In addition, no Special Tax shall be levied on excluded parcels or parcels that are determined not to be developable lots.
