Professional and Community Affiliations	Since my retirement I suspended my professional affiliations except for the Tower District Design Review Committee. I am fortunate in that I now have the opportunity to pursue new interests, and directions.
For what Board or Commission are you applying?	Tower District Design Review Committee
Briefly explain why you are interested in serving on this Board(s) or Commission(s)	Since relocating to Fresno, I've considered the Tower my home, where my neighbors have become friends. When my kids moved to Fresno they embraced the neighborhood with the enthusiasm of making the Tower home too. I am an ardent supporter and advocate of developing vibrant neighborhoods and have contributed and participated in numerous community events. As a current member of the Design Review Committee I am working with dedicated neighbors who feel strongly in preserving the community's architectural character. My relationship with the membership is positive and I believe my actions and words are respected by the group.
Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?	No
