Briefly explain why you are interested in serving on this Board(s) or Commission(s):
I'm interested in serving on the BPAC to help increase safety, access, and knowledge on pedestrian and bicyclist issues. As a runner and novice bicyclist, these are issues that interest me on a personal level. With my history of work with public health, pedestrian and bicyclist issues also cross into equitable access issues for all Fresno residents and I'm interested in helping advance and bring other thoughts to the table.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?
None that I am aware of.
