THEREFORE, IN CONSIDERATION of the foregoing and of the covenants, conditions, and promises hereinafter contained to be kept performed by the respective parties, it is mutually agreed as follows:

1. **Recitals.** Each and all of the foregoing recitals of background facts are incorporated herein by this reference as set forth herein.

2. **Obligations of the Developer.**

2.1 The Scope of this Agreement is the CITY's obligation to reimburse the DEVELOPER for the cost of constructing the Improvements eligible for reimbursement and/or credits, subject to the terms and limitations set for in this Agreement. Nothing in this Agreement is intended to alter or waive any obligations or duties of the DEVELOPER to comply with existing CITY ordinances, policies, procedures, plans and specifications related to the construction of the Improvements, including any requirements to obtain approval of construction plans or obtain necessary building, street-work, encroachment or other permits

or to comply with any requirements or conditions placed on the issuance of those permits (e.g. insurance, improvement security, etc.).

2.2 Nothing in this Agreement is meant to alter, amend, or otherwise modify the terms of the Development Agreement, dated July 21, 2010, between the CITY and DEVELOPER. In the event of a conflict between this Agreement and the terms of the Development Agreement, the Development Agreement shall control.

2.3 As the CITY is reimbursing the DEVELOPER the Eligible Construction Costs to construct the Improvements, the Improvements is a "Public Work" as defined by California Labor Code, section 1720(a). DEVELOPER agrees (a) to pay, and shall cause its contractors and subcontractors to pay, prevailing wages for the construction of the Improvement and (b) comply with the other applicable provisions of Labor Code, section 1720 et seq., and implementing regulations of the Department of Industrial Relations, necessary to determine that prevailing wages have been paid as required by law. During the construction of the Improvements, DEVELOPER shall, or shall cause its contractor, to post at the Project area the applicable prevailing rates of per diem wages. DEVELOPER shall indemnify, hold harmless and defend (with legal counsel reasonably acceptable to the CITY) the CITY against any claim for damages, compensation, fines, penalties or other amounts arising out of the failure or alleged failure of any person or entity (including DEVELOPER, its contractors and subcontractors) to pay prevailing wages as required by law or to comply with the other applicable provisions of Labor Code sections 1720 et seq., and/or the implementing regulations of the Department of Industrial Relations in connection with construction of the Improvement.

2.4 To the furthest extent allowed by law, including California Civil Code section 2782, DEVELOPER shall indemnify, defend and hold harmless CITY and each of its officers, officials, employees, agents, and volunteers from any and all claims, demands, actions in law or equity, loss, liability, fines, penalties, forfeitures, interest, costs including legal fees, and damages (whether in contract, tort, or strict liability, including but not limited to personal injury, death at any time, property damage, or loss of any type) arising or alleged to have arisen directly or indirectly out of (1) any voluntary or involuntary act or omission, (2) error, omission or negligence, or (3) the performance or non-performance of this Contract.

DEVELOPER's obligations as set forth in this section shall apply regardless of whether CITY or any of its officers, officials, employees, agents, or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

To the fullest extent allowed by law, and in addition to the express duty to indemnify, DEVELOPER, whenever there is any causal connection between the DEVELOPER's performance or non-performance of the work or services required under this Contract and any claim or loss, injury or damage of any type, DEVELOPER expressly agrees to undertake a duty to defend CITY and any of its officers, officials, employees, agents, or volunteers, as a separate duty, independent of and broader than the duty to indemnify. The duty to defend as herein agreed to by DEVELOPER expressly includes all costs of litigation, attorneys fees, settlement costs and expenses in connection with claims or litigation, whether or not the claims are valid, false or groundless, as long as the claims could be in any manner be causally connected to DEVELOPER as reasonably determined by CITY.

Upon the tender by CITY to DEVELOPER, DEVELOPER shall be bound and obligated to assume the defense of CITY and any of its officers, officials, employees, agents, or volunteers, including the a duty to settle and otherwise pursue settlement negotiations, and shall pay, liquidate, discharge and satisfy any and all settlements, judgments, awards, or expenses resulting from or arising out of the claims without reimbursement from CITY or any of its officers, officials, employees, agents, or volunteers.

It is further understood and agreed by DEVELOPER that if CITY tenders a defense of a claim on behalf of CITY or any of its officers, officials, employees, agents, or volunteers and DEVELOPER fails, refuses or neglects to assume the defense thereof, CITY and its officers, officials, employees, agents, or volunteers may agree to compromise and settle or defend any such claim or action and DEVELOPER shall be bound and obligated to reimburse CITY and its officers, officials, employees, agents, or volunteers for the amounts expended by each in defending or settling such claim, or in the amount required to pay any judgment rendered therein.

The defense and indemnity obligations set forth above shall be direct obligations and shall be separate from and shall not be limited in any manner by any insurance procured in accordance with the insurance requirements set forth in this Contract. In addition, such obligations remain in force regardless of whether CITY provided approval for, or did not review or object to, any insurance DEVELOPER may have procured in accordance with the insurance requirements set forth in this Contract. The defense and indemnity obligations shall arise at such time that any claim is made, or loss, injury or damage of any type has been incurred by CITY, and the entry of judgment, arbitration, or litigation of any claim shall not be a condition precedent to these obligations.

The defense and indemnity obligations set forth in this section shall survive termination or expiration of this Contract.

If DEVELOPER should subcontract all or any portion of the work to be performed under this Contract, DEVELOPER shall require each subcontractor to Indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms as set forth above.

(a) Throughout the life of this Agreement, DEVELOPER shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY's Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, DEVELOPER or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period

satisfactory to CITY. Any failure to maintain the required insurance shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve DEVELOPER of its responsibilities under this Agreement. The phrase “fail to maintain any required insurance” shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by DEVELOPER shall not be deemed to release or diminish the liability of DEVELOPER, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by DEVELOPER. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of DEVELOPER, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

Nothing herein provided for shall in any way excuse the DEVELOPER or his/her insurance

company from the obligation of furnishing all the required materials and completing the work in full compliance with the terms of this Agreement.
