Re: Statement of Self-Insurance for City of Fresno for Delegated Maintenance Agreement No. DMA 05-6-Fre-41-DL01 with California Department of Transportation for the encampment removal along SR 41 between Shaw Avenue and Friant Road (Postmile 28.47/31.68)

Dear Mr. Lum:

This letter certifies that the City of Fresno is self-insured and self-funded covering third-party claims arising out of its general operations (i.e.; commercial general liability and automobile liability insurance). Further, the CITY/COUNTY is self-insured covering workers' compensation claims and has received the consent of the State Department of Industrial Relations to do so.

Each fiscal year, as a part of its budgetary process, the CITY appropriates funds specifically to satisfy valid third-party claims and workers' compensation claims, which may be brought against the CITY.

The CITY certifies its self-insured, general liability coverage for bodily injury and property damage liability, meets the required coverage amounts in section 22 (Insurance) of the Delegated Maintenance Agreement, specifically general liability insurance, coverage of bodily injury and property damage liability in an amount of \$1 million per occurrence, \$2 million in aggregate, and \$5 million in excess.

If you need any additional information regarding this letter, please direct those inquiries through my office.

Sincerely,

IF YES, DESCRIBE
Volume 1, Chapter 1, section 1.07.3
This policy facilitates transportation, access and safety needs while providing guidance regarding encampment removal operations. To whatever extent the Maintenance Manual or other guidance is in conflict, this policy takes precedence.

DIRECTIVE
The California Department of Transportation (Caltrans) does not permit encampments on its Right-of-Way. Caltrans' goal is to maintain the integrity of the transportation network. Encampments degrade highway infrastructure and impact the maintenance and operation of the highway facilities. Removal of encampments mitigates health, safety, access, and concealment issues for Persons Experiencing Homelessness (PEHs), the traveling public, adjacent neighborhoods, Caltrans staff and first responders. For these reasons, Caltrans' Right-of-Way is not suitable for encampments. This policy facilitates transportation, access and safety needs while providing guidance regarding encampment removal operations. To whatever extent the Maintenance Manual or other guidance is in conflict, this policy takes precedence.

STATE OF CALIFORNIA • DEPARTMENT OF TRANSPORTATION
MAINTENANCE POLICY DIRECTIVE
MTCE-03 (REV 3/2015)

A. Site Assessment - When feasible, a site assessment should be performed by Maintenance staff and include:

1. Prioritization of each encampment as either a Priority Level 1 (Critical Priority for Expeditious / Urgent Removal) or a Priority Level 2 (Removal Needed).
 - a. Priority Level 1 (Critical Priority for Expeditious / Urgent Removal) - Critical circumstances exist when an encampment poses an imminent threat to life, health, safety, or infrastructure and must be immediately addressed. This is limited to exigent circumstances. Non-exclusive examples include: the encampment is on or near an unstable structure at risk of collapse; the encampment is close to traffic and the PEH in the encampment are at immediate risk of getting hit by vehicles; PEH are living within a confined space, such as a bridge cell.
 - b. Priority Level 2 (Removal Needed) - All other encampments.

B. Site Assessment Action Items and Considerations

1. When appropriate, the California Highway Patrol (CHP) should be contacted in advance to assist in initial site assessment.
2. The District Encampment Coordinator or staff should contact service providers and request outreach services for PEH at the encampment.
3. District Hazmat Coordinator or other hazmat-trained staff should evaluate the site for any hazards unique to the encampment that will require specialized hazardous materials handling, disposal, or site remediation.
4. If appropriate, the District Landscape Architect or designee should evaluate potential mitigation efforts related to landscaping to prevent future encampments.

C. Notice

1. Priority Level 1
 - a. No advance posted Notice to Vacate is required.
 - b. CHP should be present during operations.
 - c. If circumstances reasonably allow for advance notice, then give as much advance notice as is reasonable under the circumstances, to be determined on a case-by-case basis.
 - d. If advance written notice is not given and if property was collected during the removal, an after encampment "removal advisory" shall be posted in a prominent location near where the encampment was removed providing information describing where items were removed from, a contact phone number for reclaiming collected property, including the date by which property must be reclaimed.
 - e. Time-stamped photographs or videos should be taken of the "removal advisory."
 2. Priority Level 2
-

STATE OF CALIFORNIA • DEPARTMENT OF TRANSPORTATION
MAINTENANCE POLICY DIRECTIVE
MTCE-03 (REV 3/2015)

-
- a. Post Notice to Vacate at least 48 hours before beginning encampment removal.
 - b. CHP shall be present during the posting of Notice to Vacate.
 - c. Location of Posted Notice to Vacate - Written Notice to Vacate should be posted at each major point of ingress/egress in a conspicuous manner.
 - d. If prevented from posting the Notice to Vacate because of hostility, interference, or any other action from persons on site, posting should not be attempted until CHP mitigates the situation.
 - e. Time-stamped photographs or videos should be taken of the posted Notices to Vacate.
3. Paper Notices to Vacate should be enclosed in sheet protectors to protect against weather.
 4. Paper Notices to Vacate shall be filled out completely and include:
 - a. Posting date and time.
 - b. Location.
 - c. "Vacate by" date and time.
 - d. Telephone number for assistance in obtaining property collected during a removal.
 - e. Date by which property must be collected from Caltrans before it is discarded.
 - f. Removal start and end dates.

D. Removal Operations

1. Before work at encampment site, CHP shall be present. Do not begin removal operations when PEH are in the immediate vicinity. Any PEH who remain on site when Caltrans or its contractors arrive to begin the removal shall be given a reasonable amount of time to remove possessions before any removal begins.
 2. Where advance written notice is given, removal work shall begin on the date written on the Notice to Vacate and shall begin no earlier than the time written on the Notice to Vacate. If removal work does not begin on the date written on the Notice to Vacate, the location must be reposted before removal operations may begin. If prevented from removal work because of hostility, interference, or any other action from persons on site, removal work should not be attempted until CHP mitigates the situation. No further posting is necessary once Caltrans workforce and/or contractors arrive for removal operations and will continue from day to day until completed.
 3. Time-stamped photographs or videos should be taken before, during, and after removal work has been completed.
 4. Hazardous Materials trained personnel should evaluate the site to identify and plan for removal of any hazardous materials.
 5. When possible, equipment should be used to gather, pile, and load encampment debris to reduce exposure and contamination.
 6. Any personal property that is collected should be stored in a secured location by Caltrans for not less than 60 days, then discarded if not claimed.
