I condemn and am against in the strongest, any legal barrier stopping or preventing landlords from evicting non rent paying tenants. If the eviction ban extends 1 year, 2 years or 5 years tenants won't pay for that time regardless of if they have the ability to. Look around you... We all have jobs because we choose to get up off our backsides. We're you coddled to your job? No. You coddle children not grown adult men. Please allow our court system to do its job. We the legal rental agreements that you are stopping us from enforcing. This is causing overall depreciation of the housing market because landlords can no longer afford to maintain their units and do

necessary repairs/upgrades. If the block is not lifted immediately I will, as others have, sue the city for damages and losses due to you not allowing the courts to even look at our cases. I understand we have hard choices to make but this is what you have sword to do. Let our righteous courts decide the outcome of each situation cases by case. Stop this illegal immoral eviction ban immediately and protect the long term value of your city. Thank you.

The motions I support are slow streets, adding 3 fire fighters, advance peace, all the PD department motions, and all parks-related motions.

I am writing in support for a reduction in the budget that is allotted to the Fresno Police Department, and to reallocate those funds into other community based programs. I specifically ask that the city council vote to allocate the full amount needed to make the Advance Peace program happen at \$300,000 a year. This program cannot afford to do this with an incomplete budget, and it is crucial for our city to address the cost of violence on tax payers, and support this program that will invest in the health and wellbeing of those most effected by gun violence. I ask that every city council member vote yes in order to full fund Advance Peace, and invest in our community.

I am in strong support of the City of Fresno allocating 300k/year of the city budget to fully fund Advance Peace. The implementation of Advance Peace is long overdue. The City has implemented too many failed programs. Advance Peace is a community-led program that is proven to dramatically increase public safety. I urge each and every city council member to vote "yes" to fully fund Advance Peace and keep our community safe.

The country is calling for dramatic change in policing and financial support of historically underserved communities.

I am writing to express support for a reduction in the budget allotted for Fresno Police Department. I request that those funds be redistributed to underfunded schools and social programs. I request specifically that the council vote in favor of allocating funds to Advance Peace, a program that will work to advance the health and wellbeing of communities that need it most.
