Re: Fresno Fire Station No. 18 – Grading and Earthwork

Dear Mr. Lenhof:

Please let this letter serve as Klassen's written request to substitute its listed DeAnda Company, with Reddig General Engineering Inc, who will be completing the Grading and Earthwork scope of work on the above referenced project.

We make this request pursuant to Public Contract Code Section 4107.(3) which states: "When the listed subcontractor fails or refuses to perform his or her contract". Please note, Klassen has attempted to contract with DeAnda Company for this scope. DeAnda refuses to sign their contract agreement with the prime contractor, giving no explanation. (see email attached). DeAnda Companies should have no objections to the work being awarded to another contractor.

For your reference, the information for Reddig General Engineering is as follows: P.O. Box 1911 Tehachapi, CA. 93581. License Number 852806 Class A. Exp. Date 12-31-2021, DIR Registration Number 1000057678.

Should there be any issues with this substitution, please let me know. Thank you in advance for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Ben Walker', is written over a horizontal line.

Ben Walker  
Project Manager

## Ben Walker

All,

We have sent out all our sub contracts and you should be receiving them shortly if you haven't already received it. With that being said, please get your **submittals** in to me **ASAP**. I've only received a few and this project is ready to kick off. Lets avoid the back and forth and make sure all submittals are per the specified manufacturers and per plans.

Thank You,

Yerlys Hernandez

**Subject:** Fresno Fire Station No. 18

**Importance:** High

Good Evening All,

As previously mentioned, Klassen Corporation has been awarded the Fresno Fire Station No. 18. If you are receiving this email, we have listed you as our apparent low bidder. We are requesting your **schedule of values and durations(SOV'S)** for our review at this time. Please send in your SOV's no later than **Friday, Friday December 20, 2019 4:00pm** so we can begin the process of awarding contracts. A timely turnaround on this is greatly appreciated.

## Submittals

Also, I have attached a **submittal process** document for you to start to sending in your submittals per the directions listed within. Please review the attached **submittal log** for your trade and send in your submittals accordingly. Lets get these submittals in and out of the way so we can focus on building the fire station!

## Contacts

I have also attached a **Project Contact request** form for you to fill and return to me, so we can distribute documents to the appropriate personnel at your company.

I look forward to working with all of you and eager to get the project started off on the right foot. Please contact me with any questions or concerns.

Thank You,

Yerlys Hernandez
