#### Briefly explain why are you interested in serving on this board or commission?

---

I have been a member on the women's commission for district 6 since sept of 2022 and It has been very fulfilling getting more involved at the local political level. I believe over The past two years I have embodied the role of being an example for women and children in district 6 by starting with my own family. I was chosen and completed the fresno chamber of commerce political academy may of 2024. My 16yo daughter Jasmine also completed the Junior board chamber of commerce program, and together we graduated one week apart becoming the first mother and daughter duo in fresno chamber history to complete the programs. Now more than ever we are seeing the war against women and the narrative that marriage and motherhood are not significant life goals and achievements. I believe that girls and women need to be celebrated and have their own natural abilities and skill sets. That servitude, community and devotion to others and children are commendable and needed for a healthy well functioning society.
