

Exhibit H

Conditional Use Permit Application Findings

Conditional Use Permit No. C-17-056 proposes modified property development standards, including lot coverage and reduced setbacks. Based upon analysis of the conditional use permit application and subject to the applicant's compliance with the Conditions of Approval dated June 21, 2017, staff concludes that the following required findings of Section 15-5306 of the Fresno Municipal Code can be made:

1. The proposed use is allowed within the applicable zoning district and complies with all other applicable provisions of this Code and all other chapters of the Municipal Code; and,

Conditional Use Permit Application No. C-17-056 will comply with all applicable codes, including, landscaping, walls, etc., given that the special conditions of project approval will ensure that all conditions are met.

2. The proposed use is consistent with the General Plan and any other applicable plan and design guideline the City has adopted; and,

The proposed development is consistent with the General Plan designation of Low Density Residential and the Bullard Community Plan. Based upon the submitted subdivision design, the proposed project can be found consistent with the low density residential planned land use designation for the subject property.

3. The proposed use will not be substantially adverse to the public health, safety, or general welfare of the community, nor be detrimental to surrounding properties or improvements, and;

The Development and Resource Management Department has determined that the proposed use will not be detrimental to the public welfare or be injurious to property or improvements in the area in which the property is located if developed in accordance with the various conditions/requirements established through the related parcel map application review and conditional use permit application review process.

4. The design, location, size, and operating characteristics of the proposed activity are compatible with the existing and reasonably foreseeable future land uses in the vicinity, and;

The site is vastly surrounded by residential and urban uses and is developed at an allowable density under the Fresno General Plan.

5. The site is physically suitable for the type, density, and intensity of use being proposed, including access, emergency access, utilities, and services required.

The site is vastly surrounded by residential uses and is developed at an allowable density under the Fresno General Plan; and the project must comply with

applicable codes, including, landscaping, walls, etc., and conditions from other City Departments and outside agencies.
