NOTICE INVITING PROPOSALS

The City of Fresno, California is seeking proposals from qualified consultants who can demonstrate their expertise in community engagement, visioning, branding, and development of an outreach plan as it pertains to the City's existing and planned parks, trails, and other green spaces. The Community Engagement Consulting Team (Consultant) will be responsible for engaging at least 1,000 new residents and building public awareness, participation and community support for two of the City's current initiatives: Development of a Parks Master Plan and a Trails/Active Transportation Plan (ATP). Project teams involving multiple firms with the skills to complete the necessary tasks are encouraged.

CITY'S CURRENT INITIATIVES

The City is currently underway with the preparation of an ATP, which will not only meet State ATP requirements but will also update the City's 2010 Bicycle, Trail and Pedestrian Master Plan (BMP). The ATP will build upon the goals and policies established in the 2010 BMP and the 2035 General Plan. The City contracted with Fehr & Peers who began work on the ATP in early 2016. A Stakeholder Advisory Committee has been formed which will oversee the development of the ATP.

The ATP will illustrate Fresno's objective to provide alternative modes of transportation to create a more sustainable healthy and economically viable community. A well-developed system of bicycle and pedestrian facilities is a critical component in our efforts to achieve that goal and create a high quality of life for our residents. It is anticipated that the ATP will be finalized by fall of 2016.

The City is also developing a Parks Master Plan and has recently awarded a professional services agreement to Wallace Roberts & Todd to develop the Parks Master Plan. The Parks Master Plan will be integrated with the 2035 General Plan as well as the ATP, in order to support the City's needs over the next 20 years.

The Parks Master Plan will be developed as a tool geared toward improving the community's quality of life by providing quality parks and open space facilities to meet the needs of existing residents and businesses, new community members, potential citizens, and development clients. It is the City's goal to complete a Vision Plan outlining the capital improvement needs by December of 2016 and the complete Parks Master Plan by mid-2017.

The ATP and Parks Master Plan consultant teams each have a community engagement piece to inform the vision and development of their respective plans. It is the City's intent for the Consultant to work alongside the consultants preparing the technical documents and develop a cohesive messaging strategy and outreach campaign to generate broad public input and support for these two efforts, ultimately building a

coalition for implementation of the goals identified in the Parks Master Plan and the ATP.

In addition, the City is partnering with the Trust for Public Land (TPL) to conduct a feasibility study for potential funding options that explores technical and public considerations for implementation. This study will include best practice research and community surveys.

Submit six hard copies of your proposal to:

CLIENT PROFILE

The City of Fresno is the fifth largest city in California with a diverse population of 515,609, and is located in the Central San Joaquin Valley. Over the next 25 years the City's population is expected to grow to more than 970,000. In order to prepare for this growth the City of Fresno has recently adopted a new 2035 General Plan Update that seeks to strike a balance between the revitalization of existing neighborhoods and new development.

Historically, the City of Fresno consistently ranks at the bottom of an annual survey conducted by TPL (www.tpl.org), which measures the amount and accessibility of green space that is available to its residents. Over the past year, there has been increasing community interest in Fresno to adequately and equitably invest in open space throughout the City, especially in South Fresno neighborhoods. As a result of this engagement, there is increased public awareness of open space needs in Fresno. However, the path to achieving this goal has not been clear. The ATP and Parks Master Plans are the clear next step towards getting more refined information on how the City can increase equitable access to quality parks and trails; but ongoing awareness and

broad public support of the implementation plan will be necessary to secure the right
| funding to translate the vision to reality.

PROJECT DESCRIPTION

The City of Fresno is seeking qualified consultants who can demonstrate their expertise in community engagement, visioning, branding, and development of a communications plan as it pertains to the City's existing and planned parks, trails, and other green spaces. The Consultant will be responsible for engaging a minimum of 1,000 new residents and inviting broad community input and support for two of the City's current initiatives: Development of a Parks Master Plan and a Trails/ATP. Project teams involving multiple firms with the skills to complete the necessary tasks are encouraged.

SCOPE OF SERVICES

As part of this effort, the City is interested in creating an outreach, branding and communications strategy surrounding its parks and trails initiatives described above. The strategy must create a clear and cohesive message for the existing and planned parks, trails and other green space and their benefits to all Fresnoans.

The outreach, branding and communication strategy must convey the City's vision for parks, trails and other green spaces in a clear and effective message to be used with residents, businesses, and visitors. Additionally, it should identify short term and long term strategies to effectively deliver the message.

a. Community Engagement

Summarize activities required to develop a database with a minimum of 1,000 residents interested in the City's parks and trails initiatives who also want to stay engaged with the implementation of the Parks Master Plan and Trails/ATP. Activities could include town halls, neighborhood meetings, phone calls, door to door outreach, social media and should focus citywide – not just a concentration of one part of the city over another. The Consultant should coordinate with the TPL to ensure that TPL's survey work is complementary to this item.

Deliverables:

- Database with a minimum of 1,000 residents over the age of 18 who have participated in development of the Trails/ATP and Parks Master Plan and are interested in staying involved with the City's parks/trails initiatives.

b. Development of a Brand Identity/Strategy

Compile findings from stakeholder outreach and additional information from TPL's surveying and feasibility research and develop a succinct message that highlights Fresno's distinctive competencies and communicates the City's vision for its parks and trails initiatives. The message should communicate this vision and identity in a believable, relevant and simple format for the target audience. The message should serve as a framework to garner broad public support for the ultimate implementation of

the goals identified in the City's Parks Master Plan and ATP. The Consultant will develop promotional materials that aide in communicating the City's brand identity.

The Consultant will identify the long term strategy the City should adopt to ensure the City's new brand identity for parks and trails is sustainable and can be used for the life of the Parks Master Plan and Trails/ATP, ultimately ensuring the goals of each plan are implemented.

Deliverables:

- Create a brand identity for the City's parks and trails initiatives;
- Create a believable, relevant and simple message that communicates the City's parks, trails, and open space identity;
- Develop a communications strategy that leverages the City's identity in multiple mediums including print, outdoor, internet, direct mail, social and earned media;
- Identify key individual and organizational messengers and ambassadors of this message that should be integrated into a broad coalition for support; and
- Identify the long term brand strategy; with corresponding timeline to implement a sustainable brand identity.

c. Earned Media Campaign

Develop an earned media campaign that effectively launches the City's parks and trails initiatives. This could include: a public launch or event that would encourage media coverage; setting up pre- and post- launch interviews with local print and broadcast outlets; scheduling an editorial board with local newspaper; place stories in mainstream print, broadcast and online media outlets.

Deliverables:

- Develop an earned media campaign strategy that includes at least ten of the above items and effectively leverages previous work on messaging, brand identity, and includes key coalition members/stakeholders.

d. Final Report and Presentation

The Consultant will deliver one (1) unbound copy, five (5) printed bounded copies and one (1) electronic copy of their final report to the City. All marketing materials shall be in an electronic form commonly used by most computer software. In addition, the Consultant will be required to make a final formal presentation City staff. The City desires to have all work associated with this RFP complete by December 31 2016.

Consultant's Responsibilities

At the start of the project, the Consultant will meet with City Staff and selected individuals to discuss the approach and expectations. The Consultant will also meet with the project managers overseeing the Parks Master Plan and the ATP, as well as

the consultant teams overseeing these efforts. Throughout the process, the Consultant will be required to meet with the Parks Master Plan and ATP public outreach sub-consultants to learn from their community engagement efforts to ensure a clear and consistent work product. The Consultant will also meet with TPL staff to learn about TPL's survey work and feasibility research to ensure consistency with these various work products. The Consultant will meet on a regular basis with the City Manager's Office and other City Staff to review the progress of the work and to discuss any changes in direction or needed details.

At key points throughout the process, the Consultant will conduct up to three stakeholder meetings to inform their work and test their proposed branding and marketing strategies. The stakeholders should consist of community members who truly represent the community at large and who do not typically engage in the City's community meetings. The goal of the stakeholder meetings will be to ultimately engage 1,000 new residents, develop a database with their contact information, and build excitement and community support for the City's initiatives pertaining to parks, trails and other green spaces.

SELECTION CRITERIA

Evaluation of proposals will be based on the competitive selection process and will not be limited to price alone. Technical merit will also be considered in the selection process. or negligence such as, acts of God or the public enemy, acts of CITY in its contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. CONSULTANT shall notify Administrator in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, and shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to Administrator of the cessation of such occurrence.

(d) This Section 5 shall survive expiration or termination of this Agreement.

6. Professional Skill. It is further mutually understood and agreed by and between the parties hereto that inasmuch as CONSULTANT represents to CITY that CONSULTANT and its subcontractors, if any, are skilled in the profession and shall perform in accordance with the standards of said profession necessary to perform the services agreed to be done by it under this Agreement, CITY relies upon the skill of CONSULTANT and any subcontractors to do and perform such services in a skillful manner and CONSULTANT agrees to thus perform the services and require the same of any subcontractors. Therefore, any acceptance of such services by CITY shall not operate as a release of CONSULTANT or any subcontractors from said professional standards.

7. Indemnification. To the furthest extent allowed by law, CONSULTANT shall indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage), and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees and litigation expenses) that arise out of, pertain to,

or relate to the negligence, recklessness or willful misconduct of CONSULTANT, its principals, officers, employees, agents or volunteers in the performance of this Agreement.

If CONSULTANT should subcontract all or any portion of the services to be performed under this Agreement, CONSULTANT shall require each subcontractor to indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Agreement.

8. Insurance.

(a) Throughout the life of this Agreement, CONSULTANT shall pay for and maintain in full force and effect all insurance as required in **Exhibit B**, which is incorporated into and part of this Agreement, with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated in Exhibit B shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, CONSULTANT or any of its subcontractors\sub-consultants fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to CONSULTANT shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to maintain the required insurance shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve CONSULTANT of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by CONSULTANT shall not be deemed to release or diminish the liability of CONSULTANT, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by CONSULTANT. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of CONSULTANT, its principals, officers, agents, employees, persons under the supervision of CONSULTANT, vendors, suppliers, invitees, consultants, sub-consultants, subcontractors, or anyone employed directly or indirectly by any of them.

(d) If CONSULTANT should subcontract all or any portion of the services to be performed under this Agreement, CONSULTANT shall require each subcontractor/sub-consultant to provide insurance protection, as an additional insured, to the CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of this section, except that any required certificates and applicable endorsements shall be on file with CONSULTANT and CITY prior to the commencement of any services by the subcontractor. CONSULTANT and any subcontractor/sub-consultant shall establish additional insured status

for CITY, its officers, officials, employees, agents and volunteers by using Insurance Service Office (ISO) Form CG 20 10 11 85 or both CG 20 10 10 01 and CG 20 37 10 01 or by an executed manuscript company endorsement providing additional insured status as broad as that contained in ISO Form CG 20 10 11 85.

9. Conflict of Interest and Non-Solicitation.

(a) Prior to CITY'S execution of this Agreement, CONSULTANT shall complete a City of Fresno conflict of interest disclosure statement in the form as set forth in **Exhibit C**. During the term of this Agreement, CONSULTANT shall have the obligation and duty to immediately notify CITY in writing of any change to the information provided by CONSULTANT in such statement.

(b) CONSULTANT shall comply, and require its subcontractors to comply, with all applicable (i) professional canons and requirements governing avoidance of impermissible client conflicts; and (ii) federal, state and local conflict of interest laws and regulations including, without limitation, California Government Code Section 1090 et. seq., the California Political Reform Act (California Government Code Section 87100 et. seq.) and the regulations of the Fair Political Practices Commission concerning disclosure and disqualification (2 California Code of Regulations Section 18700 et. seq.). At any time, upon written request of CITY, CONSULTANT shall provide a written opinion of its legal counsel and that of any subcontractor that, after a due diligent inquiry, CONSULTANT and the respective subcontractor(s) are in full compliance with all laws and regulations. CONSULTANT shall take, and require its subcontractors to take, reasonable steps to avoid any appearance of a conflict of interest. Upon discovery of any facts giving rise to the appearance of a conflict of interest, CONSULTANT shall immediately notify CITY of these facts in writing.

(c) In performing the work or services to be provided hereunder, CONSULTANT shall not employ or retain the services of any person while such person either is employed by CITY or is a member of any CITY council, commission, board, committee, or similar CITY body. This requirement may be waived in writing by the City Manager, if no actual or potential conflict is involved.

(d) CONSULTANT represents and warrants that it has not paid or agreed to pay any compensation, contingent or otherwise, direct or indirect, to solicit or procure this Agreement or any rights/benefits hereunder.

(e) Neither CONSULTANT, nor any of CONSULTANT'S subcontractors performing any services on this Project, shall bid for, assist anyone in the preparation of a bid for, or perform any services pursuant to, any other contract in connection with this Project unless fully disclosed to and approved by the City Manager, in advance and in writing. CONSULTANT and any of its subcontractors shall have no interest, direct or indirect, in any other contract with a third party in connection with this Project unless such interest is in accordance with all applicable law and fully disclosed to and approved by the City Manager, in advance and in writing. Notwithstanding any approval given by the City Manager under this provision, CONSULTANT shall remain responsible for complying with Section 9(b), above.

(f) If CONSULTANT should subcontract all or any portion of the work to be performed or services to be provided under this Agreement, CONSULTANT shall include the provisions of this Section 9 in each subcontract and require its subcontractors to comply therewith.

(g) This Section 9 shall survive expiration or termination of this Agreement.

10. Recycling Program. In the event CONSULTANT maintains an office or operates a facility(ies), or is required herein to maintain or operate same, within the incorporated limits of the City of Fresno, CONSULTANT at its sole cost and expense shall:

- (i) Immediately establish and maintain a viable and ongoing recycling program, approved by CITY'S Solid Waste Management Division, for each office and facility. This Section 11(b) shall survive expiration or termination of this Agreement.

The waiver by either party of a breach by the other of any provision of this Agreement shall not constitute a continuing waiver or a waiver of any subsequent breach of either the same or a different provision of this Agreement. No provisions of this Agreement may be waived unless in writing and signed by all parties to this Agreement. Waiver of any one provision herein shall not be deemed to be a waiver of any other provision herein.

SCOPE OF SERVICES **Consultant Service Agreement between City of Fresno (“City”)** **and [Consultant Name] (“Consultant”)** [Project Title] PROJECT TITLE

As part of this effort, the City is interested in creating an outreach, branding and communications strategy surrounding its parks and trails initiatives described above. The strategy must create a clear and cohesive message for the existing and planned parks, trails and other green space and their benefits to all Fresnoans.

The outreach, branding and communication strategy must convey the City’s vision for parks, trails and other green spaces in a clear and effective message to be used with residents, businesses, and visitors. Additionally, it should identify short term and long term strategies to effectively deliver the message.

a. Community Engagement

Summarize activities required to develop a database with a minimum of 1,000 residents interested in the City’s parks and trails initiatives who also want to stay engaged with the implementation of the Parks Master Plan and Trails/ATP. Activities could include town halls, neighborhood meetings, phone calls, door to door outreach, social media and should focus citywide – not just a concentration of one part of the city over another. The Consultant should coordinate with the TPL to ensure that TPL’s survey work is complementary to this item.

Deliverables:

- Database with a minimum of 1,000 residents over the age of 18 who have participated in development of the Trails/ATP and Parks Master Plan and are interested in staying involved with the City’s parks/trails initiatives.

b. Development of a Brand Identity/Strategy

Compile findings from stakeholder outreach and additional information from TPL’s surveying and feasibility research and develop a succinct message that highlights Fresno’s distinctive competencies and communicates the City’s vision for its parks and trails initiatives. The message should communicate this vision and identity in a believable, relevant and simple format for the target audience. The message should serve as a framework to garner broad public support for the ultimate implementation of the goals identified in the City’s Parks Master Plan and ATP. The Consultant will develop promotional materials that aide in communicating the City’s brand identity.

The Consultant will identify the long term strategy the City should adopt to ensure the City's new brand identity for parks and trails is sustainable and can be used for the life of the Parks Master Plan and Trails/ATP, ultimately ensuring the goals of each plan are implemented.

Deliverables:

- Create a brand identity for the City's parks and trails initiatives;
- Create a believable, relevant and simple message that communicates the City's parks, trails, and open space identity;
- Develop a communications strategy that leverages the City's identity in multiple mediums including print, outdoor, internet, direct mail, social and earned media;
- Identify key individual and organizational messengers and ambassadors of this message that should be integrated into a broad coalition for support; and
- Identify the long term brand strategy; with corresponding timeline to implement a sustainable brand identity.

c. Earned Media Campaign

Develop an earned media campaign that effectively launches the City's parks and trails initiatives. This could include: a public launch or event that would encourage media coverage; setting up pre- and post- launch interviews with local print and broadcast outlets; scheduling an editorial board with local newspaper; place stories in mainstream print, broadcast and online media outlets.

Deliverables:

- Develop an earned media campaign strategy that includes at least ten of the above items and effectively leverages previous work on messaging, brand identity, and includes key coalition members/stakeholders.

d. Final Report and Presentation

The Consultant will deliver one (1) unbound copy, five (5) printed bounded copies and one (1) electronic copy of their final report to the City. All marketing materials shall be in an electronic form commonly used by most computer software. In addition, the Consultant will be required to make a final formal presentation City staff. The City desires to have all work associated with this RFP complete by December 31 2016.

Consultant's Responsibilities

At the start of the project, the Consultant will meet with City Staff and selected individuals to discuss the approach and expectations. The Consultant will also meet with the project managers overseeing the Parks Master Plan and the ATP, as well as the consultant teams overseeing these efforts. Throughout the process, the Consultant will be required to meet with the Parks Master Plan and ATP public outreach sub-consultants to learn from their community engagement efforts to ensure a clear and

consistent work product. The Consultant will also meet with TPL staff to learn about TPL's survey work and feasibility research to ensure consistency with these various work products. The Consultant will meet on a regular basis with the City Manager's Office and other City Staff to review the progress of the work and to discuss any changes in direction or needed details.

At key points throughout the process, the Consultant will conduct up to three stakeholder meetings to inform their work and test their proposed branding and marketing strategies. The stakeholders should consist of community members who truly represent the community at large and who do not typically engage in the City's community meetings. The goal of the stakeholder meetings will be to ultimately engage 1,000 new residents, develop a database with their contact information, and build excitement and community support for the City's initiatives pertaining to parks, trails and other green space.
