More nonsense. These special committees are deliberative not legislative bodies. Making them subject to the Brown Act opens the door to a chilling of the deliberative process since they could no longer claim exemption from the California Public Records Act.

Agenda Item: eComments for 1-S ID 21-598 Approve the Mayor's Appointments to the Parks, Arts and Recreation Commission established by Measure P

Hello Honorable City Council and Mayor Dyer,  
I would like to bring to your attention that the City of Fresno Building and Planning Department are not processing permits for houses, commercial, or anything. They are taking 6 months to a year for things that use to take 30 days. when you call them they are not available and it takes them 30 days just to email you back. The city is collecting no money for fees during this transition. The city is actually losing money. Compared to Clovis that has a in person response and processing licenses and permits as normal. Please look into this and call for a audit of the department. They are not working in the best interest of the Mayor who has big plans for this city. They are not working in the best interest of the community of Fresno. Permits are taking forever to get processed and no one cares in the department.

As written this appears unnecessary and seems to target certain people who have irritated particular council members in the past. I am opposed to this version.
