

FORMAL COOPERATIVE PURCHASE AGREEMENT

THIS AGREEMENT (Agreement) is made and entered into EFFECTIVE _____ by and between CITY OF FRESNO, a California municipal corporation (City), and GORDIAN GROUP, INC., a South Carolina corporation (Vendor).

AGREEMENT

NOW, THEREFORE, in consideration of the foregoing and of the covenants, conditions, and promises hereinafter contained to be kept and performed by the respective parties, it is mutually agreed as follows:

1. The Charter for the City allows for cooperative purchase agreements for materials, services, supplies and equipment. The City may use another government agency's agreement, as an exception to the competitive bidding process. The Parties agree that the Vendor has entered a contract with Omnia Partners Contract #2021002786 (Original Government Contract). The Original Contract is attached hereto as **Exhibit A**.
2. Vendor's Obligation. Vendor shall provide those services and carry out that work described in the Invitation For Bids which is attached hereto as **Exhibit B** and is incorporated herein by reference, subject to all the terms and conditions contained or incorporated herein.
3. City's Obligation. City shall make to the Vendor those payments described in **Exhibits A and B**, subject to all the terms and condition contained or incorporated herein
4. Notwithstanding the requirements that the Original Government Contract is fully binding on the Parties, the parties have agreed to modify certain non-material provisions of the Original Government Contract as applied to this Agreement between the Vendor and the City, as follows:
 - a) City's Insurance and Indemnity provisions attached as **Exhibit C**.
 - b) Address change for the City: Notwithstanding the address and contract information for the government entity as set out in **Exhibit A**, the Vendor agrees that notices and invoices will be sent to:

EXHIBIT A

ORIGINAL GOVERNMENT CONTRACT

The Agreement to furnish certain goods and services described herein and in the documents referenced herein ("Goods and/or Services") is made by and between The Regents of the University of California, a California public corporation ("UC") on behalf of the University of California, and the supplier named below ("Supplier"). This Agreement is binding only if it is negotiated and executed by an authorized representative with the proper delegation of authority.

1. Statement of Work

Supplier agrees to perform the Services listed in the statement of work attached as Attachment A ("Statement of Work") and any other documents referenced in the Incorporated Documents section herein, at the prices set forth in the Statement of Work and any other documents referenced in the Incorporated Documents section herein. Unless otherwise provided in the Agreement, UC will not be obligated to purchase a minimum amount of Goods and/or Services from Supplier.

2. Term of Agreement/Termination

- a) The initial term of the Agreement will be from **January 8, 2021** and through **January 7, 2026** (Initial Term) and is subject to earlier termination as provided below. UC may renew the Agreement for **five** successive **one** - year periods (each, a Renewal Term), by providing Supplier with at least **30** calendar days' written notice before the end of the Initial Term or any Renewal Term.
- b) UC may terminate the Agreement for convenience by giving Supplier at least **30** calendar days' written notice.
- c) UC or Supplier may terminate the Agreement for cause by giving the other party at least **30** days' notice to cure a breach of the Agreement (Cure Period). If the breaching party fails to cure the breach within the Cure Period, the non-breaching party may immediately terminate the Agreement.

3. Purchase Order; Advance Payments

Unless otherwise provided in the Agreement, Supplier may not begin providing Goods and/or Services until UC approves a Purchase Order for the Goods and/or Services.

4. Pricing, Invoicing Method, and Settlement Method and Terms

Refer to Statement of Work or Purchase Order for Pricing. For system-wide agreements, each UC Location will specify the Invoicing Method and Payment Options that will apply, taking into account the operational capabilities of Supplier and the UC Location. See UC's Procure to Pay Standards <http://www.ucop.edu/procurement-services/files/Matrix%20for%20website.pdf> for the options that will be considered. In the case of systemwide agreements, each UC Location will specify these terms in a Statement of Work or Purchase Order, as the case may be.]

For non-systemwide agreements, the Invoicing Method, and Settlement Method and Terms are addressed below.

Invoicing Method

Notwithstanding the provisions of Article 3 of the Terms and Conditions of Purchase, Supplier will be required to use the following Invoicing Method:

All invoices must clearly indicate the following information:

- California sales tax as a separate line item;
- Shipping costs as a separate line item;
- UC Purchase Order or Release Number;
- Description, quantity, catalog number and manufacturer number of the item ordered;
- Net cost of each item;
- Any pay/earned/dynamic discount;
- Reference to original order number for all credit memos issued;

Supplier will submit invoices following the designated invoice method directly to UC Accounts Payable Departments at each UC Location, unless UC notifies the Supplier otherwise by amendment to the Agreement.

5. Notices

As provided in the UC Terms and Conditions of Purchase, notices may be given by email, which will be considered legal notice only if such communications include the following text in the Subject field: FORMAL LEGAL NOTICE – [insert, as the case may be, Supplier name or University of California]. If a physical format notice is required, it must be sent by overnight delivery or by certified mail with return receipt requested, at the addresses specified below.

6. Intellectual Property, Copyright and Patents

☐ The Goods and/or Services involve Work Made for Hire

☒ The Goods and/or Services **do not** involve Work Made for Hire

7. Patient Protection and Affordable Care Act (PPACA)

☐ Because the Services involve temporary or supplementary staffing, they are subject to the PPACA warranties in the T&Cs.

☒ The Services do not involve temporary or supplementary staffing, and they are not subject to the PPACA warranties in the T&Cs.

8. Prevailing Wages

☒ Supplier is not required to pay prevailing wages when providing the Services.

9. Fair Wage/Fair Work

☐ Supplier is not required to pay the UC Fair Wage (defined as \$13 per hour as of 10/1/15, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) when providing the Services.

10. Federally Funded Contracts, Grants, and Cooperative Agreements

Not Applicable

11. Restriction Relating to Consulting Services or Similar Contracts – Follow-on Contracts

Please note a Supplier that is awarded a consulting services or similar contract cannot later submit a bid or be considered for

any work “required, suggested, or otherwise deemed appropriate” as the end product of the Services (*see* Public Contract Code Section 10515).

14. Records about Individuals

Records created pursuant to the Agreement that contain personal information about individuals (including statements made by or about individuals) may become subject to the California Information Practices Act of 1977, which includes a right of access by the subject individual. While ownership of confidential or personal information about individuals is subject to negotiated agreement between UC and Supplier, records will normally become UC’s property, and subject to state law and UC policies governing privacy and access to files. When collecting the information, Supplier must inform the individual that the record is being made, and the purpose of the record. Use of recording devices in discussions with employees is permitted only as specified in the Statement of Work.

15. Amendments to UC Terms and Conditions of Purchase

ARTICLE 7 – INTELLECTUAL PROPERTY, COPYRIGHT, PATENTS, AND DATA RIGHTS Section 7.B.1 includes additional language as follows:

“This provision shall not apply to any of the Goods and/or Services classified as Proprietary Information as set forth and defined in the JOC System License contained herein. The access, use and ownership of the Proprietary Information shall be exclusively governed by the terms of the JOC System License.”

16. Amendments to Appendix – Data Security

Terms and Conditions of Purchase

ARTICLE 1 – GENERAL

The equipment, materials, or supplies ("Goods") and/or services ("Services") furnished by Supplier (together, the "Goods and Services") and covered by the UC Purchase Order ("PO") and/or other agreement (which, when combined with these Terms and Conditions and any other documents incorporated by reference, will constitute the "Agreement") are governed by the terms and conditions set forth herein. As used herein, the term "Supplier" includes Supplier and its sub-suppliers at any tier. As used herein, "UC" refers to The Regents of the University of California, a corporation described in California Constitution Art. IX, Sec. 9, on behalf of the UC Locations identified in the Agreement and/or the PO. UC and Supplier individually will be referred to as "Party" and collectively as "Parties." Any defined terms not defined in these Terms and Conditions of Purchase will have the meaning ascribed to such term in any of the other documents incorporated in and constituting the Agreement. No other terms or conditions will be binding upon the Parties unless accepted by them in writing. Written acceptance or shipment of all or any portion of the Goods, or the performance of all or any portion of the Services, covered by the Agreement, will constitute Supplier's unqualified acceptance of all of the Agreement's terms and conditions. The terms of any proposal referred to in the Agreement are included and made a part of the Agreement only to the extent the proposal specifies the Goods and/or Services ordered, the price therefor, and the delivery thereof, and then only to the extent that such terms are consistent with the terms and conditions of the Agreement.

ARTICLE 2 – TERM AND TERMINATION

- A. As applicable, the term of the Agreement ("Initial Term") will be stated in the Agreement. Following the Initial Term, the Agreement may be extended by written mutual agreement.
- B. UC's obligation to proceed is conditioned upon the appropriation of state, federal and other sources of funds not controlled by UC ("Funding"). UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation in the event that through no action or inaction on the part of UC, the Funding is withdrawn.
- C. UC may, by written notice stating the extent and effective date thereof, terminate the Agreement for convenience in whole or in part, at any time. The effective date of such termination shall be consistent with any requirements for providing notice specified in the Agreement, or immediate if no such terms are set forth in the Agreement. As specified in the termination notice, UC will pay Supplier as full compensation the pro rata Agreement price for performance through the later of the date that (i) UC provided Supplier with notice of termination or (ii) Supplier's provision of Goods and/or Services will terminate.
- D. UC may by written notice terminate the Agreement for Supplier's breach of the Agreement, in whole or in part, at any time, if Supplier refuses or fails to comply with the provisions of the Agreement, or so fails to make progress as to endanger performance and does not cure such failure within five (5) business days, or fails to supply the Goods and/or Services within the time specified or any written extension thereof. In such event, UC may purchase or otherwise secure Goods and/or Services and, except as otherwise provided herein, Supplier will be liable to UC for any excess costs UC incurs thereby.
- E. UC's Appendix – Data Security, Appendix – BAA, and/or Appendix – GDPR will control in the event that one or more appendices are incorporated into the Agreement and conflicts with the provisions of this Article.

ARTICLE 3 – PRICING, INVOICING METHOD, AND SETTLEMENT METHOD AND TERMS.

Pricing is set forth in the Agreement or Purchase Order, and the amount UC is charged and responsible for shall not exceed the amount specified in the Agreement unless UC has given prior written approval. Unless otherwise agreed in writing by UC, Supplier will use the invoicing method and payment settlement method (and will extend the terms applicable to such settlement method) set forth in UC's Supplier Invoicing, Terms & Settlement Matrix. UC will pay Supplier, upon submission of acceptable invoices, for Goods and/or Services provided and accepted. Invoices must be itemized and reference the Agreement or Purchase Order number. UC will not pay shipping, packaging or handling expenses, unless specified in the Agreement or Purchase Order. Unless otherwise provided, freight is to be FOB destination. Any of Supplier's expenses that UC agrees to reimburse will be reimbursed under UC's Travel Policy, which may be found at <http://www.ucop.edu/central-travel-management/resources/index.html>. Where applicable, Supplier will pay all taxes imposed on Supplier in connection with its performance under the Agreement, including any federal, state and local income, sales, use, excise and other taxes or assessments. Notwithstanding any other provision to the contrary, UC will not be responsible for any fees, interest or surcharges Supplier wishes to impose.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

ARTICLE 4 – INSPECTION.

The Goods and/or Services furnished will be exactly as specified in the Agreement, free from all defects in Supplier's performance, design, skill and materials, and, except as otherwise provided in the Agreement, will be subject to inspection and test by UC at all times and places. If, prior to final acceptance, any Goods and/or Services furnished are found to be incomplete, or not as specified, UC may reject them, require Supplier to correct them at the sole cost of Supplier, or require provision of such Goods and/or Services at a reduction in price that is equitable under the circumstances. If Supplier is unable or refuses to correct such deficiencies within a time UC deems reasonable, UC may terminate the Agreement in whole or in part. Supplier will bear all risks as to rejected Goods and/or Services and, in addition to any costs for which Supplier may become liable to UC under other provisions of the Agreement, will reimburse UC for all transportation costs, other related costs incurred, or payments to Supplier in accordance with the terms of the Agreement for unaccepted Goods and/or Services and materials and supplies incidental thereto. Notwithstanding final acceptance and payment, Supplier will be liable for latent defects, fraud or such gross mistakes as amount to fraud.

ARTICLE 5 – ASSIGNED PERSONNEL; CHARACTER OF SERVICES

Supplier will provide the Services as an independent contractor and furnish all equipment, personnel and materiel sufficient to provide the Services expeditiously and efficiently, during as many hours per shift and shifts per week, and at such locations as UC may so require. Supplier will devote only its best-qualified personnel to work under the Agreement. Should UC inform Supplier that anyone providing the Services is not working to this standard, Supplier will immediately remove such personnel from providing Services and he or she will not Oagain, without UC's written permission, be assigned to provide Services. At no time will Supplier or Supplier's employees, sub-suppliers, agents, or assigns be considered employees of UC for any purpose, including but not limited to workers' compensation provisions. Supplier shall not have the power nor right to bind or obligate UC, and Supplier shall not hold itself out as having such authority. Supplier shall be responsible to UC for all Services performed by Supplier's employees, agents and subcontractors, including being responsible for ensuring payment of all unemployment, social security, payroll, contributions and other taxes with respect to such employees, agents and subcontractors.

ARTICLE 6 – WARRANTIES

In addition to the warranties set forth in Articles 11, 12, 17, 23, 24, 25 and 26 herein, Supplier makes the following warranties. Supplier acknowledges that failure to comply with any of the warranties in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

- A. General Warranties. Supplier represents, warrants and covenants that: (i) Supplier is free to enter into this Agreement and that Supplier is not, and will not become, during the Term, subject to any restrictions that might restrict or prohibit Supplier from performing the Services or providing the Goods ordered hereunder; (ii) Supplier will comply with all applicable laws, rules and regulations in performing Supplier's obligations hereunder; (iii) the Goods and/or Services shall be rendered with promptness and diligence and shall be executed in a skilled manner by competent personnel, in accordance with the prevailing industry standards; and if UC Appendix Data Security is NOT included:(iv) Supplier has developed a business interruption and disaster recovery program and is executing such program to assess and reduce the extent to which Supplier's hardware, software and embedded systems may be susceptible to errors or failures in various crisis (or force majeure) situations; (v) if Supplier uses electronic systems for creating, modifying, maintaining, archiving, retrieving or transmitting any records, including test results that are required by, or subject to inspection by an applicable regulatory authority, then Supplier represents and warrants that Supplier's systems for electronic records are in compliance; and (vi) Supplier agrees that the Goods and/or Services furnished under the Agreement will be covered by the most favorable warranties Supplier gives to any customer for the same or substantially similar goods or services, or such other more favorable warranties as specified in the Agreement. The rights and remedies so provided are in addition to and do not limit any rights afforded to UC by any other article of the Agreement.
- B. Permits and Licenses. Supplier agrees to procure all necessary permits or licenses and abide by all applicable laws, regulations and ordinances of the United States and of the state, territory and political subdivision or any other country in which the Goods and/or Services are provided.
- C. Federal and State Water and Air Pollution Laws. Where applicable, Supplier warrants that it complies with the requirements in UC Business and Finance Bulletin BUS-56 (Materiel Management; Purchases from Entities Violating State or Federal Water or Air Pollution

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

Laws). Consistent with California Government Code 4477, these requirements do not permit UC to contract with entities in violation of Federal or State water or air pollution laws.

- D. Web Accessibility Requirements. As applicable to the Supplies and/or Services being provided under the Agreement, Supplier warrants that:
1. It complies with California and federal disability laws and regulations; and
 2. The Goods and/or Services will conform to the accessibility requirements of WCAG 2.0AA.
 3. Supplier agrees to promptly respond to and resolve any complaint regarding accessibility of its Goods and/or Services;
- E. General Accessibility Requirements. Supplier warrants that:
1. It will comply with California and federal disability laws and regulations;
 2. Supplier will promptly respond to remediate to any identified accessibility defects in the Goods and Services to conform to WCAG 2.0 AA; and
 3. Supplier agrees to promptly respond to and use reasonable efforts to resolve and remediate any complaint regarding accessibility of its Goods and/or Services.
- F. Warranty of Quiet Enjoyment. Supplier warrants that Supplier has the right of Quiet Enjoyment in, and conveys the right of Quiet Enjoyment to UC for UC's use of, any and all intellectual property that will be needed for Supplier's provision, and UC's use of, the Goods and/or Services provided by Supplier under the Agreement.
- G. California Child Abuse and Neglect Reporting Act ("CANRA"). Where applicable, Supplier warrants that it complies with CANRA.
- H. Debarment and Suspension. Supplier warrants that it is not presently debarred, suspended, proposed for debarment, or declared ineligible for award of federal contracts or participation in federal assistance programs or activities.
- I. UC Trademark Licensing Code of Conduct. If the Goods will bear UC's name (including UC campus names, abbreviations of these names, UC logos, UC mascots, or UC seals) or other trademarks owned by UC, Supplier warrants that it holds a valid license from UC and complies with the Trademark Licensing Code of Conduct policy, available at <http://policy.ucop.edu/doc/3000130/TrademarkLicensing>.
- J. Outsourcing (Public Contract Code section 12147) Compliance. Supplier warrants that if the Agreement will displace UC employees, no funds paid under the Agreement will be used to train workers who are located outside of the United States, or plan to relocate outside the United States as part of the Agreement. Additionally, Supplier warrants that no work will be performed under the Agreement with workers outside the United States, except as described in Supplier's bid. If Supplier or its sub-supplier performs the Agreement with workers outside the United States during the life of the Agreement and Supplier did not describe such work in its bid, Supplier acknowledges and agrees that (i) UC may terminate the Agreement without further obligation for noncompliance, and (ii) Supplier will forfeit to UC the amount UC paid for the percentage of work that was performed with workers outside the United States and not described in Supplier's bid.

ARTICLE 7 – INTELLECTUAL PROPERTY, COPYRIGHT, PATENTS, AND DATA RIGHTS

- A. Goods and/or Services Involving Work Made for Hire.
1. Unless UC indicates that the Goods and/or Services do not involve work made for hire, Supplier acknowledges and agrees that any deliverables provided to UC by Supplier in the performance of the Agreement, and any intellectual property rights therein, (hereinafter the "Deliverables") will be owned by UC. The Deliverables will be considered "work made for hire" under U.S. copyright law and all right, title, and interest to and in such Deliverables including, but not limited to, any and all copyrights or trademarks, will be owned by UC. In the event that it is determined that UC is not the owner of such Deliverables under the "work made for hire" doctrine of U.S. copyright law, Supplier hereby irrevocably assigns to UC all right, title, and interest to and in such Deliverables and any copyrights or trademarks thereto.
 2. The Deliverables must be new and original. Supplier must not use any pre-existing copyrightable or trademarked images, writings, or other proprietary materials (hereinafter "Pre-Existing Materials") in the Deliverables without UC's prior written permission. In the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC with complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.

B. Goods and/or Services Not Involving Work Made for Hire.

1. If the Goods and/or Services do not involve work made for hire, and in the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables. This provision shall not apply to any of the Goods and/or Services classified as Proprietary Information as set forth and defined in the JOC System License contained herein. The access, use and ownership of the Proprietary Information shall be exclusively governed by the terms of the JOC System License.
2. The Deliverables must be new and original. Supplier must not use any Pre-Existing Materials in the Deliverables without UC's prior written permission.
3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.

C. General. Should the Goods and/or Services become, or in Supplier's opinion be likely to become, the subject of a claim of infringement of any patent, copyright, trademark, trade name, trade secret, or other proprietary or contractual right of any third party, Supplier will provide written notice to UC of the circumstances giving rise to such claim or likely claim. In the event that UC receives notice of a claim of infringement or is made a party to or is threatened with being made a party to any claim of infringement related to the Goods and/or Services, UC will provide Supplier with notice of such claim or threat. Following receipt of such notice, Supplier will either (at Supplier's sole election) (i) procure for UC the right to continue to use the affected portion of the Goods and/or Services, or (ii) replace or otherwise modify the affected portion of the Goods and/or Services to make them non-infringing, or obtain a reasonable substitute product for the affected portion of the Goods and/or Services, provided that any replacement, modification or substitution under this paragraph does not effect a material change in the Goods and/or Services' functionality. If none of the foregoing options is reasonably acceptable to UC, UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

D. UC Rights to Institutional Information. Institutional Information shall belong exclusively to UC and unless expressly provided, this Agreement shall not be construed as conferring on Supplier any patent, copyright, trademark, license right or trade secret owned or obtained by UC. Any right for Supplier to use Institutional Information is solely provided on a non-exclusive basis, and only to the extent required for Supplier to provide the Goods or Services under the Agreement. As used herein, "Institutional Information" means any information or data created, received, and/or collected by UC or on its behalf, including but not limited to application logs, metadata and data derived from such data.

ARTICLE 8 – INDEMNITY AND LIABILITY

To the fullest extent permitted by law, Supplier will defend, indemnify, and hold harmless UC, its officers, employees, and agents, from and against all losses, expenses (including, without limitation, reasonable attorneys' fees and costs), damages, and liabilities of any kind resulting from or arising out of the Agreement, including the performance hereunder of Supplier, its officers, employees, agents, sub-suppliers, or

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, provided such losses, expenses, damages and liabilities are due or claimed to be due to the acts or omissions of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control. UC agrees to provide Supplier with prompt notice of any such claim or action and to permit Supplier to defend any claim or action, and that UC will cooperate fully in such defense. UC retains the right to participate in the defense against any such claim or action, and the right to consent to any settlement, which consent will not unreasonably be withheld.

In the event Appendix DS applies to this Agreement, Supplier shall reimburse or otherwise be responsible for any costs, fines or penalties imposed against UC as a result of Supplier's Breach of Institutional Information and/or failure to cooperate with UC's response to such Breach. As used herein, "Breach" means: (1) any disclosure of Institutional Information to an unauthorized party or in an unlawful manner; (2) unauthorized or unlawful acquisition of information that compromises the security, confidentiality or integrity of Institutional Information and/or IT Resources; and (3) the acquisition, access, use, or disclosure of Protected Health Information or medical information in a manner not permitted under the Health Insurance Portability and Accountability Act (HIPAA) or California law. "IT Resources" means IT infrastructure, cloud services, software, and/or hardware with computing and/or networking capability that is Supplier owned/managed, or UC-owned, or a personally owned device that stores Institutional Information, is connected to UC systems, is connected to UC networks, or is used for UC business.

ARTICLE 9 – INSURANCE

Supplier, at its sole cost and expense, will insure its activities in connection with providing the Goods and/or Services and obtain, keep in force, and maintain the following insurance with the minimum limits set forth below, unless UC specifies otherwise: A. Commercial Form General Liability Insurance (contractual liability included) with limits as follows:

1. Each Occurrence \$ 1,000,000
 2. Products/Completed Operations Aggregate \$ 2,000,000
 3. Personal and Advertising Injury \$ 1,000,000
 4. General Aggregate \$ 2,000,000
- B. Business Automobile Liability Insurance for owned, scheduled, non-owned, or hired automobiles with a combined single limit of not less than one million dollars (\$1,000,000) per occurrence. (Required only if Supplier drives on UC premises or transports UC employees, officers, invitees, or agents in the course of supplying the Goods and/or Services to UC.)
- C. If applicable, Professional Liability Insurance with a limit of two million dollars (\$2,000,000) per occurrence or claim with an aggregate of not less than two million dollars (\$2,000,000). If this insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement.
- D. Workers' Compensation as required by applicable state law and Employer's Liability with limits of one million dollars (\$1,000,000) per occurrence. Workers' Compensation as required by applicable state law and Employer's Liability with limits of one million dollars (\$1,000,000) per occurrence.
- E. If applicable, Supplier Fidelity Bond or Crime coverage for the dishonest acts of its employees in a minimum amount of one million dollars (\$1,000,000). Supplier will endorse such policy to include a "Regents of the University of California Coverage" or "Joint Payee Coverage" endorsement. UC and, if so requested, UC's officers, employees, agents and sub-suppliers will be named as "Loss Payee, as Their Interest May Appear" in such Fidelity Bond.
- F. In the event Appendix DS applies to this Agreement, Supplier, at its sole cost and expense, will obtain, keep in force, and maintain one or more insurance policies that provide coverage for technology, professional liability, data protection, and/or cyber liability. Typically referred to as Privacy, Technology and Data Security Liability, Cyber Liability, or Technology Professional Liability insurance, it will cover liabilities for financial loss due to the acts, omissions, or intentional misconduct of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, in connection with the performance of this Agreement, as well as all Supplier costs, including damages it is obligated to pay UC or any third party, that are associated with any confirmed or suspected Breach or compromise of Institutional Information. In some cases, Professional Liability policies may include some coverage for data breaches or loss of Institutional Information. Regardless of the type of policy(ies) in place, such coverage will include without limitation: (i) costs to notify parties whose data were lost or compromised; (ii) costs to provide credit monitoring and credit restoration services to parties whose data were lost or compromised; (iii) costs associated with third party claims arising from the confirmed or suspected Breach or loss of Institutional Information, including

litigation costs and settlement costs; (iv) any investigation, enforcement, fines and penalties, or similar miscellaneous costs; and (v) any payment made to a third party as a result of extortion related to a confirmed or suspected Breach. The following insurance coverage is based on the highest Protection Level Classification of Institutional Information identified in Exhibit 1 to Appendix DS:

1. P1 - This insurance policy must have minimum limits of \$500,000 each occurrence and \$500,000 in the aggregate.
2. P2 - This insurance policy must have minimum limits of \$1,000,000 each occurrence and \$1,000,000 in the aggregate.
3. P3 and P4, less than 70,000 records - this insurance policy must have minimum limits of \$5,000,000 each occurrence and \$5,000,000 in the aggregate.
4. P3 and P4, 70,000 or more records - this insurance policy must have minimum limits of \$10,000,000 each occurrence and \$10,000,000 in the aggregate.

Protection Level Classifications are defined in the UC Systemwide Information Security Classification of Information and IT Resources:

<https://security.ucop.edu/policies/institutional-information-and-it-resource-classification.html>

- G. Additional other insurance in such amounts as may be reasonably required by UC against other insurable risks relating to performance. If the above insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement. If the above insurance coverage is modified, changed or cancelled, Supplier will provide UC with not less than fifteen (15) days' advance written notice of such modification, change, or cancellation, and will promptly obtain replacement coverage that complies with this Article.
- I. The coverages referred to under A and B of this Article must include UC as an additional insured. It is understood that the coverage and limits referred to under A, B and C of this Article will not in any way limit Supplier's liability. Supplier will furnish UC with certificates of insurance (and the relevant endorsement pages) evidencing compliance with all requirements prior to commencing work under the Agreement. Such certificates will:
 1. Indicate that The Regents of the University of California has been endorsed as an additional insured for the coverage referred to under A and B of this Article. This provision will only apply in proportion to and to the extent of the negligent acts or omissions of Supplier, its officers, agents, or employees.
 2. Include a provision that the coverage will be primary and will not participate with or be excess over any valid and collectible insurance or program of self-insurance carried or maintained by UC.

ARTICLE 10 – USE OF UC NAME AND TRADEMARKS

Supplier will not use the UC name, abbreviation of the UC name, trade names and/or trademarks (i.e., logos and seals) or any derivation thereof, in any form or manner in advertisements, reports, or other information released to the public, or place the UC name, abbreviations, trade names and/or trademarks or any derivation thereof on any consumer goods, products, or services for sale or distribution to the public, without UC's prior written approval. Supplier agrees to comply at all times with California Education Code Section 92000.

ARTICLE 11 – FEDERAL FUNDS

Supplier who supplies Goods and/or Services certifies and represents its compliance with the following clauses, as applicable. Supplier shall promptly notify UC of any change of status with regard to these certifications and representations. These certifications and representations are material statements upon which UC will rely.

- A. For commercial transactions involving funds on a federal contract (federal awards governed by the FAR), the following provisions apply, as applicable:
 1. FAR 52.203-13, Contractor Code of Business Ethics and Conduct;
 2. FAR 52.203-17, Contractor Employee Whistleblower Rights and Requirement to Inform Employees of Whistleblower Rights;
 3. FAR 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements;
 4. FAR 52.219-8, Utilization of Small Business Concerns;
 5. FAR 52.222-17, Non-displacement of Qualified Workers;
 6. FAR 52.222-21, Prohibition of Segregated Facilities;
 7. FAR 52.222-26, Equal Opportunity;
 8. FAR 52.222-35, Equal Opportunity for Veterans;

 20. FAR 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations;
 21. FAR 52.233-1, Disputes; and
 22. FAR 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels.
- B. For non-commercial transactions involving funds on a federal contract, the UC Appendix titled '*Federal Government Contracts Special terms and Conditions (Non-Commercial Items or Services)*' and located at www.ucop.edu/procurement-services/policiesforms/index.html is hereby incorporated herein by this reference.
- C. For transactions involving funds on a federal grant or cooperative agreement (federal awards governed by eCFR Title 2, Subtitle A, Chapter II, Part 200) the following provisions apply, as applicable:
1. Rights to Inventions. If Supplier is a small business firm or nonprofit organization, and is providing experimental, development, or research work under this transaction, Supplier must comply with the requirements of 3 CFR Part 401, "Rights to Inventions Made by nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements".
 2. Clean Air Act. Supplier agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
 3. Byrd Anti-Lobbying. Supplier certifies that it will not, and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.
 4. Procurement of Recovered Materials. If Supplier is a state agency or agency of a political subdivision of a state, then Supplier must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act.
- D. In these provisions, the term "contractor" as used therein will refer to Supplier, and the terms "Government" or "Contracting Officer" as used therein will refer to UC. Where a purchase of items is for fulfillment of a specific U.S. Government prime or subcontract, additional information and/or terms and conditions may be included in an attached supplement. By submitting an invoice to UC, Supplier is representing to UC that, at the time of submission:
1. Neither Supplier nor its principals are presently debarred, suspended, or proposed for debarment by the U.S. government (see FAR 52.209-6);
 2. Supplier has filed all compliance reports required by the Equal Opportunity clause (see FAR 52.222-22); and
 3. Any Supplier representations to UC about U.S. Small Business Administration or state and local classifications, including but not limited to size standards, ownership, and control, are accurate and complete.
 4. Byrd Anti-Lobbying. Supplier certifies that it will not, and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or

employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.

ARTICLE 12 – EQUAL OPPORTUNITY AFFIRMATIVE ACTION

Supplier will abide by the requirements set forth in Executive Orders 11246 and 11375. Where applicable, Supplier will comply with 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a), incorporated by reference with this statement: **“This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability.”** With respect to activities occurring in the State of California, Supplier agrees to adhere to the California Fair Employment and Housing Act. Supplier will provide UC on request a breakdown of its labor force by groups as specified by UC, and will discuss with UC its policies and practices relating to its affirmative action programs. Supplier will not maintain or provide facilities for employees at any establishment under its control that are segregated on a basis prohibited by federal law. Separate or single-user restrooms and necessary dressing or sleeping areas must be provided, however, to ensure privacy.

ARTICLE 13 – LIENS

Supplier agrees that upon UC's request, Supplier will submit a sworn statement setting forth the work performed or material furnished by sub-suppliers and material men, and the amount due and to become due to each, and that before the final payment called for under the Agreement, will upon UC's request submit to UC a complete set of vouchers showing what payments have been made for such work performed or material furnished. Supplier will promptly notify UC in writing, of any claims, demands, causes of action, liens or suits brought to its attention that arise out of the Agreement. UC will not make final payment until Supplier, if required, delivers to UC a complete release of all liens arising out of the Agreement, or receipts in full in lieu thereof, as UC may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and materials for which a lien could be filed; but Supplier may, if any sub-supplier refuses to furnish a release or receipt in full, furnish a bond satisfactory to UC to indemnify it against any claim by lien or otherwise. If any lien or claim remains unsatisfied after all payments are made, Supplier will refund to UC all monies that UC may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorneys' fees.

ARTICLE 14 – PREMISES WHERE SERVICES ARE PROVIDED

- A. Cleaning Up. Supplier will at all times keep UC premises where the Services are performed and adjoining premises free from accumulations of waste material or rubbish caused by its employees or work of any of its sub-suppliers, and, at the completion of the Services; will remove all rubbish from and about the premises and all its tools, scaffolding, and surplus materials, and will leave the premises "broom clean" or its equivalent, unless more exactly specified. In case of dispute between Supplier and its sub-suppliers as to responsibility for the removal of the rubbish, or if it is not promptly removed, UC may remove the rubbish and charge the cost to Supplier.
- B. Environmental, Safety, Health and Fire Protection. Supplier will take all reasonable precautions in providing the Goods and Services to protect the health and safety of UC employees and members of the public and to minimize danger from all hazards to life and property, and will comply with all applicable environmental protection, health, safety, and fire protection regulations and requirements (including reporting requirements). In the event that Supplier fails to comply with such regulations and requirements, UC may, without prejudice to any other legal or contractual rights of UC, issue an order stopping all or any part of the provision of the Goods and/or Services; thereafter a start order for resumption of providing the Goods and/or Services may be issued at UC's discretion. Supplier will not be entitled to make a claim for extension of time or for compensation or damages by reason of or in connection with such stoppage. Supplier will have sole responsibility for the safety of all persons employed by Supplier and its sub-suppliers on UC premises, or any other person who enters upon UC premises for reasons relating to the Agreement. Supplier will at all times maintain good order among its employees and all other persons who come onto UC's premises at Supplier's request and will not engage any unfit or unskilled person to provide the Goods and/or Services. Supplier will confine its employees and all other persons who come onto UC's premises at Supplier's request or for reasons relating to the Agreement and its equipment to that portion of UC's premises where the Services are to be provided or to roads leading to and from such work sites, and to any other area which UC may permit

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

Supplier to use. Supplier will take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon UC premises at Supplier's request. Such measures and precautions will include, but will not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on the premises that could be dangerous and to prevent accidents of any kind whenever the Goods and/or Services are being provided in proximity to any moving or operating machinery, equipment or facilities, whether such machinery, equipment or facilities are the property of or are being operated by, Supplier, its sub-suppliers, UC or other persons. To the extent compliance is required, Supplier will comply with all relevant UC safety rules and regulations when on UC premises.

- C. Tobacco-free Campus. UC is a tobacco-free institution. Use of cigarettes, cigars, oral tobacco, electronic cigarettes and all other tobacco products is prohibited on all UC owned or leased sites.

ARTICLE 15 – LIABILITY FOR UC - FURNISHED PROPERTY

Supplier assumes complete liability for any materials UC furnishes to Supplier in connection with the Agreement and Supplier agrees to pay for any UC materials Supplier damages or otherwise is not able to account for to UC's satisfaction. UC furnishing to Supplier any materials in connection with the Agreement will not, unless otherwise expressly provided in writing by UC, be construed to vest title thereto in Supplier.

ARTICLE 16 – COOPERATION

Supplier and its sub-suppliers, if any, will cooperate with UC and other suppliers and will so provide the Services that other cooperating suppliers will not be hindered, delayed or interfered with in the progress of their work, and so that all of such work will be a finished and complete job of its kind.

ARTICLE 17 – ADDITIONAL TERMS APPLICABLE TO THE FURNISHING OF GOODS

The terms in this Article have special application to the furnishing of Goods:

- A. Price Decreases. Supplier agrees immediately to notify UC of any price decreases from its suppliers, and to pass through to UC any price decreases.
- B. Declared Valuation of Shipments. Except as otherwise provided in the Agreement, all shipments by Supplier under the Agreement for UC's account will be made at the maximum declared value applicable to the lowest transportation rate or classification and the bill of lading will so note.
- C. Title. Title to the Goods purchased under the Agreement will pass directly from Supplier to UC at the f.o.b. point shown, or as otherwise specified in the Agreement, subject to UC's right to reject upon inspection.
- D. Changes. Notwithstanding the terms in Article 34, Amendments, UC may make changes within the general scope of the Agreement in drawings and specifications for specially manufactured Goods, place of delivery, method of shipment or packing of the Agreement by giving notice to Supplier and subsequently confirming such changes in writing. If such changes affect the cost of or the time required for performance of the Agreement, UC and Supplier will agree upon an equitable adjustment in the price and/or delivery terms. Supplier may not make changes without UC's written approval. Any claim of Supplier for an adjustment under the Agreement must be made in writing within thirty (30) days from the date Supplier receives notice of such change unless UC waives this condition in writing. Nothing in the Agreement will excuse Supplier from proceeding with performance of the Agreement as changed hereunder. Supplier may not alter or misbrand, within the meaning of the applicable Federal and State laws, the Goods furnished.
- E. Forced, Convict and Indentured Labor. Supplier warrants that no foreign-made Goods furnished to UC pursuant to the Agreement will be produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction. If UC determines that Supplier knew or should have known that it was breaching this warranty, UC may, in addition to terminating the Agreement, remove Supplier from consideration for UC contracts for a period not to exceed one year. This warranty is in addition to any applicable warranties in Articles 6 and 11.
- F. Export Control. Supplier agrees to provide UC (the contact listed on the Purchase Order) with written notification that identifies the export-controlled Goods and such Goods' export classification if any of the Goods is export-controlled under the International Traffic in Arms Regulations (ITAR) (22 CFR §§ 120-130), the Export Administration Regulations (15 CFR §§ 730-774) 500 or 600 series, or controlled on a military strategic goods list. Supplier agrees to provide UC (the contact listed on the Purchase Order) with written

Terms and Conditions of Purchase

notification if Supplier will be providing information necessary for the operation, installation (including on-site installation), maintenance (checking), repair, overhaul, and refurbishing of the Goods that is beyond a standard user manual (i.e. "Use" technology as defined under the EAR 15 CFR § 772.1), or "Technical Data" (as defined under the ITAR 22 CFR § 120.10).

ARTICLE 18 – CONFLICT OF INTEREST

Supplier affirms that, to the best of Supplier's knowledge, no UC employee who has participated in UC's decision-making concerning the Agreement has an "economic interest" in the Agreement or Supplier. A UC employee's "economic interest" means:

- A. An investment worth \$2,000 or more in Supplier or its affiliate;
- B. A position as director, officer, partner, trustee, employee or manager of Supplier or its affiliate; C. Receipt during the past 12 months of \$500 in income or \$440 in gifts from Supplier or its affiliate; or
- D. A personal financial benefit from the Agreement in the amount of \$250 or more.

In the event of a change in these economic interests, Supplier will provide written notice to UC within thirty (30) days after such change, noting such changes. Supplier will not be in a reporting relationship to a UC employee who is a near relative, nor will a near relative be in a decision making position with respect to Supplier.

ARTICLE 19 – AUDIT REQUIREMENTS

The Agreement, and any pertinent records involving transactions relating to this Agreement, is subject to the examination and audit of the Auditor General of the State of California or Comptroller General of the United States or designated Federal authority for a period of up to five (5) years after final payment under the Agreement. UC, and if the underlying grant, cooperative agreement or federal contract so provides, the other contracting Party or grantor (and if that be the United States or an instrumentality thereof, then the Comptroller General of the United States) will have access to and the right to examine Supplier's pertinent books, documents, papers, and records involving transactions and work related to the Agreement until the expiration of five (5) years after final payment under the Agreement. The examination and audit will be confined to those matters connected with the performance of the Agreement, including the costs of administering the Agreement.

ARTICLE 20 – PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF INSTITUTIONAL INFORMATION

- A. Prohibition on Access, Use and Disclosure of Institutional Information. Supplier will not access, use or disclose Institutional Information, other than to carry out the purposes for which UC disclosed the Institutional Information to Supplier, except as required by applicable law, or as otherwise authorized in writing by UC prior to Supplier's disclosure. Supplier shall have the limited right to disclose Institutional Information to Supplier's employees provided that: (i) Supplier shall disclose only such Institutional Information as is necessary for the Supplier to perform its obligations under this Agreement, and (ii) Supplier informs such employees of the obligations governing the access, use and disclosure of Institutional Information prior to Supplier's disclosure. Supplier shall be liable for any breach of this Agreement by its employees. For avoidance of doubt, this provision prohibits Supplier from using for its own benefit Institutional Information and any information derived therefrom. For the avoidance of doubt, the sale of Institutional Information is expressly prohibited.
- B. Compliance with Applicable Laws and Industry Best Practices. Supplier agrees to comply with all applicable state, federal, and foreign laws, as well as industry best practices, governing the collection, access, use, disclosure, safeguarding and destruction of Institutional Information. Supplier agrees to protect the privacy and security of Institutional Information according to all applicable laws and industry best practices, and no less rigorously than it protects its own information, but in no case less than reasonable care.
- C. Confidential Institutional Information. Supplier agrees to hold UC's Confidential Institutional Information, and any information derived therefrom, in strict confidence. Confidential Institutional Information shall be defined as any Institutional Information which is (i) marked as "Confidential" at the time of disclosure; (ii) if disclosed orally, identified at the time of such oral disclosure as confidential, and reduced to writing as "Confidential" within thirty (30) days of such oral disclosure; and (iii) if not marked as "Confidential," information that would be considered by a reasonable person in the relevant field to be confidential given its content and the circumstances of its disclosure. Confidential Information will not be considered confidential to the extent that: (i) Supplier can demonstrate by written records was known to Supplier prior to the effective date of the Agreement; (ii) is currently in, or in the future

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

enters, the public domain other than through a breach of the Agreement or through other acts or omissions of Supplier; (iii) is obtained lawfully from a third party; or (iv) is disclosed under the California Public Records Act or legal process. For the avoidance of doubt, as applicable to Supplier's Services, Confidential Institutional Information may include any information that identifies or is capable of identifying a specific individual, including but not limited to: 1. Personally identifiable information,

2. Protected Health Information as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the HIPAA regulations (including, but not limited to 45 C.F.R. § 160.103),
3. Medical information as defined by California Civil Code § 56.05,
4. Cardholder data,
5. Student records, or
6. Individual financial information that is subject to laws restricting the use and disclosure of such information, including but not limited to:
 - a. Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 *et seq.*);
 - b. The federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2));
 - c. The federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g);
 - d. The federal Fair and Accurate Credit Transactions Act (15 U.S.C. § 1601 *et seq.*);
 - e. The Fair Credit Reporting Act (15 U.S.C. § 1681 *et seq.*), and
 - f. Applicable international privacy laws, including, but not limited to the General Data Protection Regulation.
- D. Required Disclosures of Institutional Information. If Supplier is required by a court of competent jurisdiction or an administrative body to disclose Institutional Information, Supplier will notify UC in writing immediately upon receiving notice of such requirement and prior to any such disclosure (unless Supplier is prohibited by law from doing so), to give UC an opportunity to oppose or otherwise respond to such disclosure. To the extent Supplier still required to disclose Institutional Information, Supplier will furnish only that portion that is legally required and will exercise all reasonable efforts to obtain reliable assurance that confidential treatment will be afforded to any Confidential Institutional Information.
- E. No Offshoring. Supplier's transmission, transportation or storage of Institutional Information outside the United States, or access of Institutional Information from outside the United States, is prohibited except with prior written authorization by UC.
- F. Conflict in Terms. UC's Appendix – Data Security, Appendix – BAA, and/or Appendix GDPR will control in the event that one or more appendices is incorporated into the Agreement and conflicts with the provisions of this Article.
- G. Acknowledgement. Supplier acknowledges that remedies at law would be inadequate to protect UC against any actual or threatened breach of this Section by Supplier, and, without prejudice to any other rights and remedies otherwise available to UC, Supplier agrees to the granting of injunctive relief in UC's favor without proof of actual damages.

ARTICLE 21 – UC WHISTLEBLOWER POLICY

UC is committed to conducting its affairs in compliance with the law, and has established a process for reporting and investigating suspected improper governmental activities. Please visit <http://www.ucop.edu/uc-whistleblower/> for more information.

ARTICLE 22 – SUSTAINABLE PROCUREMENT GUIDELINES

Supplier will conduct business using environmentally, socially, and economically sustainable products and services (defined as products and services with a lesser or reduced effect on human health and the environment, and which generate benefits to the University as well as to society and the economy, while remaining within the carrying capacity of the environment), to the maximum possible extent consistent with the Agreement, and with the University of California Sustainable Practices Policy (<https://policy.ucop.edu/doc/3100155>) and the University of California Sustainable Procurement Guidelines:

(<https://www.ucop.edu/procurement-services/files/sustainableprocurementguidelines.pdf>).

In accordance with the University of California Sustainable Practices Policy, Supplier will adhere to the following requirements and standards, as applicable. Supplier acknowledges that failure to comply with any of the sustainability standards and requirements in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

- A. Sustainability Marketing Standards. Supplier sustainability related claims, where applicable, must meet UC recognized certifications and standards set forth in the UC Sustainable Procurement Guidelines and/or meet the standards of Federal Trade Commission's (FTC) Green Guides.
- B. Electronic Transfer of Supplier Information. Suppliers, when interacting with the UC, shall be prohibited from providing hard copies of presentations, marketing material, or other informational materials. Suppliers will be required to present all information in electronic format that is easily transferable to UC staff. Materials may be provided in hard copy or physical format if specifically required or requested by a UC representative.
- C. Packaging Requirements. All packaging must be compliant with the Toxics in Packaging Prevention Act (AB 455) and must meet all additional standards and requirements set forth in the UC Sustainable Practices Policy. In addition, UC requires that all packaging meet at least one of the criteria listed below:
 - 1. Uses bulk packaging;
 - 2. Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
 - 3. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
 - 4. Maximizes recycled content and/or meets or exceeds the minimum post-consumer content level for packaging in the U.S. Environmental Protection Agency Comprehensive Procurement Guidelines;
 - 5. Uses locally recyclable or certified compostable material.
- D. Foodservice Foam Ban. As of 2018, the University no longer allows packaging foam or expanded polystyrene (EPS) for takeaway containers or other food service items, in any University-owned or -operated food service facility.
- E. Product Packaging Foam Ban. Beginning January 1st, 2020, the University will prohibit all contracted and non-contracted suppliers from selling or distributing packaging foam (other than that utilized for laboratory supply or medical packaging) to UC campuses. Packaging foam is defined as any open or closed cell, solidified, polymeric foam used for cushioning or packaging, including but not limited to: low-density polyethylene foam, polypropylene foam, polystyrene foam (i.e. expanded polystyrene (EPS)), polyurethane foam, polyethylene foam, polyvinyl chloride (PVC) foam, and microcellular foam. Not included in this ban are easily biodegradable, plant-based foams such as those derived from corn or mushrooms.
- F. E-Waste Recycling Requirements. All recyclers of UC electronic equipment must be e-Steward certified by the Basel Action Network (BAN).
- G. Hosted and Punch-out Catalog Requirements. Suppliers enabled with eProcurement hosted catalog functionality must clearly identify products with UC-recognized certifications, as defined by the UC Sustainable Procurement Guidelines, in both hosted and punch-out catalog e-procurement environments.

ARTICLE 23 – PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA) EMPLOYER SHARED RESPONSIBILITY

If the Services involve Supplier furnishing UC with temporary or supplementary staffing, Supplier warrants that:

- A. If Supplier is an Applicable Large Employer (as defined under Treasury Regulation Section 54.4980H-1(a)(4)):
 - 1. Supplier offers health coverage to its full-time employees who are performing Services for UC;
 - 2. Supplier's cost of enrolling such employees in Supplier's health plan is factored into the fees for the Services; and
 - 3. The fees for the Services are higher than what the Services would cost if Supplier did not offer health coverage to such full-time employees.
- B. If Supplier is not an Applicable Large Employer (as defined above):
 - 1. Supplier offers group health coverage to its full-time employees who are performing Services for UC and such coverage is considered Minimum Essential Coverage (as defined under Treasury Regulation Section 1-5000A-2) and is Affordable (as defined under Treasury Regulation Section 54.4980H-5(e)); or
 - 2. Supplier's full-time employees who are performing services for UC have individual coverage and such coverage satisfies the PPACA requirements for mandated individual coverage.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

Supplier acknowledges that UC is relying on these warranties to ensure UC's compliance with the PPACA Employer Shared Responsibility provision.

ARTICLE 24 - PREVAILING WAGES

Unless UC notifies Supplier that the Services are not subject to prevailing wage requirements, Supplier will comply, and will ensure that all sub-suppliers comply, with California prevailing wage provisions, including but not limited to those set forth in Labor Code sections 1770, 1771, 1771.1, 1772, 1773, 1773.1, 1774, 1775, 1776, 1777.5, and 1777.6. For purposes of the Agreement, the term "sub-supplier" means a person or firm, of all tiers, that has a contract with Supplier or with a sub-supplier to provide a portion of the Services. The term sub-supplier will not include suppliers, manufacturers, or distributors. Specifically, and not by way of limitation, if apprenticeship occupations are involved in providing the Services, Supplier will be responsible for ensuring that Supplier and any sub-suppliers comply with Labor Code Section 1777.5. Supplier and sub-supplier may not provide the Services unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 and 1771.1. Notwithstanding the foregoing provisions, Supplier will be solely responsible for tracking and ensuring proper payment of prevailing wages regardless if Services are partially or wholly subject to prevailing wage requirements. In every instance, Supplier will pay not less than the UC Fair Wage (defined as \$13 per hour as of 10/1/15, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) for Services being performed at a UC Location (defined as any location owned or leased by UC).

The California Department of Industrial Relations (DIR) has ascertained the general prevailing per diem wage rates in the locality in which the Services are to be provided for each craft, classification, or type of worker required to provide the Services. A copy of the general prevailing per diem wage rates will be on file at each UC Location's procurement office, and will be made available to any interested party upon request. Supplier will post at any job site:

- A. Notice of the general prevailing per diem wage rates, and
- B. Any other notices required by DIR rule or regulation.

By this reference, such notices are made part of the Agreement. Supplier will pay not less than the prevailing wage rates, as specified in the schedule and any amendments thereto, to all workers employed by Supplier in providing the Services. Supplier will cause all subcontracts to include the provision that all sub-suppliers will pay not less than the prevailing rates to all workers employed by such sub-suppliers in providing the Services. The Services are subject to compliance monitoring and enforcement by the DIR. Supplier will forfeit, as a penalty, not more than \$200 for each calendar day or portion thereof for each worker that is paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any portion of the Services provided by Supplier or any sub-supplier. The amount of this penalty will be determined pursuant to applicable law. Such forfeiture amounts may be deducted from the amounts due under the Agreement. If there are insufficient funds remaining in the amounts due under the Agreement, Supplier will be liable for any outstanding amount remaining due. Supplier will also pay to any worker who was paid less than the prevailing wage rate for the work or craft for which the worker was employed for any portion of the Services, for each day, or portion thereof, for which the worker was paid less than the specified prevailing per diem wage rate, an amount equal to the difference between the specified prevailing per diem wage rate and the amount which was paid to the worker. Review of any civil wage and penalty assessment will be made pursuant to California Labor Code section 1742.

ARTICLE 25 – FAIR WAGE/FAIR WORK

If the Agreement is for Services that will be performed at one or more UC Locations, does not solely involve furnishing Goods, and are not subject to extramural awards containing sponsor-mandated terms and conditions, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in Articles 11, 12 and 14 herein, and that Supplier pays its employees performing the Services no less than the UC Fair Wage. Supplier agrees UC may conduct such UC Fair Wage/Fair Work interim compliance audits as UC reasonably requests, as determined in UC's sole discretion. Supplier agrees to post UC Fair Wage/Fair Work notices, in the form supplied by UC, in public areas (such as break rooms and lunch rooms) frequented by Supplier employees who perform Services.

For Services rendered (actual spend) not subject to prevailing wage requirements in excess of \$100,000 in a year (under the Agreement or any combination of agreements for the same service), Supplier will (i) at Supplier's expense, provide an annual independent verification

(<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>) performed by a licensed public accounting firm (independent accountant) or the Supplier's independent internal audit department (<http://na.theiia.org/standardsguidance/topics/Pages/Independence-and-Objectivity.aspx>) in compliance with UC's required verification standards and procedures (<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>), concerning Supplier's compliance with this provision, and (ii) ensure that in the case of a UC interim audit, its independent accountant/independent internal auditor makes available to UC its UC Fair Wage/Fair Work work papers for the most recent verification period. Supplier agrees to provide UC with a UC Fair Wage/Fair Work verification annually, in a form acceptable to UC, no later than ninety days after the end of the 12-month period in which \$100,000 in spend is reached.

The Fair Wage Fair Work annual independent verification requirement does not extend to contracts for professional services or consulting for which pre-certification has been provided to UC (<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>). Please see the UC Procurement/Supply Chain Management Policy BUS-43 (<https://www.ucop.edu/procurementservices/policies-forms/business-and-finance/index.html>) for the definition of professional services and consulting.

ARTICLE 26 – MEDICAL DEVICES

This Article applies when the Goods and/or Services involve UC purchasing or leasing one or more medical devices from Supplier, or when Supplier uses one or more medical devices in providing Goods and/or Services to UC.

Medical Device as used herein will have the meaning provided by the U.S. Food and Drug Administration ("FDA") and means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including a component part, or accessory which is: (i) recognized in the official National Formulary, or the United States Pharmacopoeia, or any supplement to them; (ii) intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in humans or other animals, or (iii) intended to affect the structure or any function of the body of humans or other animals, and which does not achieve any of its primary intended purposes through chemical action within or on the body of humans or other animals and which is not dependent upon being metabolized for the achievement of any of its primary intended purposes.

Supplier warrants that prior to UC's purchase or lease of any Medical Device or Supplier's use of any Medical Device in providing Goods and/or Services hereunder, Supplier will: (i) perform security testing and validation for each such Goods and/or Services or Medical Device, as applicable; (ii) perform security scans to detect malware on any software embedded within any Goods and/or Services or Medical Device, as applicable, in order to verify that the software does not contain any known malware; (iii) conduct a vulnerability scan encompassing all ports and fuzz testing; and (iv) provide UC with reports for (i) – (iii). Supplier warrants that any Good or Medical Device is compliant with FDA's most current guidance or regulation for the quality system related to the cybersecurity and the Management of Cybersecurity in Medical Devices, and that Supplier will maintain compliance with any updates to such guidance or regulations.

Throughout Supplier's performance of this Agreement, Supplier will provide UC with reasonably up-to-date patches, firmware and security updates for any Medical Device provided to UC, and any other Medical Device used in the course of providing Services, as applicable. All such patches and other security updates will be made available to UC within thirty (30) days of its commercial release or as otherwise recommended by Supplier or Supplier's sub-supplier, whichever is earlier.

Supplier warrants that all software and installation media not specifically required for any Medical Device used by Supplier or Goods and/or Services delivered to UC under this Agreement as well as files, scripts, messaging services and data will be removed from all such Goods and/or Services or Medical Device following installation, and that all hardware ports and drivers not required for use or operation of such Goods and/or Services or Medical Device will be disabled at time of installation. In addition, Medical Devices must be configured so that only Supplier-approved applications will run on such Medical Devices.

Supplier agrees that UC may take any and all actions that it, in its sole discretion, deems necessary to address, mitigate and/or rectify any real or potential security threat, and that no such action, to the extent such action does not compromise device certification, will impact, limit, reduce or negate Supplier's warranties or any of Supplier's other obligations hereunder.

**UNIVERSITY
OF
CALIFORNIA**

Terms and Conditions of Purchase

Supplier warrants that any Medical Device provided to UC, and any other Medical Device used in the course of providing such Goods and/or Services, meet and comply with all cyber-security guidance and similar standards promulgated by the FDA and any other applicable regulatory body.

If the Goods and/or Services entail provision or use of a Medical Device, Supplier will provide UC with a completed Manufacturer Disclosure Statement for Medical Device Security (MDS2) form for each such Medical Device before UC is obligated to purchase or lease such Medical Device or prior to Supplier's use of such device in its performance of Services. If Supplier provides an MDS2 form to UC concurrently with its provision of Goods and/or Services, UC will have a reasonable period of time to review such MDS2 form, and if the MDS2 form is unacceptable to UC, then UC in its sole discretion may return the Goods or terminate the Agreement with no further obligation to Supplier.

ARTICLE 27 – FORCE MAJEURE

Neither Party will be liable for delays due to causes beyond the Party's control (including, but not restricted to, war, civil disturbances, earthquakes, fires, floods, epidemics, quarantine restrictions, freight embargoes, and unusually severe weather).

ARTICLE 28 – ASSIGNMENT AND SUBCONTRACTING

Except as to any payment due hereunder, Supplier may not assign or subcontract the Agreement without UC's written consent. In case such consent is given, the assignee or subcontractor will be subject to all of the terms of the Agreement.

ARTICLE 29 – NO THIRD-PARTY RIGHTS

Nothing in the Agreement, express or implied, is intended to make any person or entity that is not a signer to the Agreement a third-party beneficiary of any right created by this Agreement or by operation of law.

ARTICLE 30 – OTHER APPLICABLE LAWS

Any provision required to be included in a contract of this type by any applicable and valid federal, state or local law, ordinance, rule or regulations will be deemed to be incorporated herein.

ARTICLE 31 – NOTICES

A Party must send any notice required to be given under the Agreement by overnight delivery or by certified mail with return receipt requested, to the other Party's representative at the address specified by such Party.

ARTICLE 32 – SEVERABILITY

If a provision of the Agreement becomes, or is determined to be, illegal, invalid, or unenforceable, that will not affect the legality, validity or enforceability of any other provision of the Agreement or of any portion of the invalidated provision that remains legal, valid, or enforceable.

ARTICLE 33 – WAIVER

Waiver or non-enforcement by either Party of a provision of the Agreement will not constitute a waiver or non-enforcement of any other provision or of any subsequent breach of the same or similar provision.

ARTICLE 34 – AMENDMENTS

The Parties may make changes in the Goods and/or Services or otherwise amend the Agreement, but only by a writing signed by both Parties' authorized representatives. In the event there is a Material Change to the Agreement, the parties agree to meet and confer in good faith in order to modify the terms of the Agreement. A Material Change as used herein refers to:

- A. A change to the scope of Goods and/or Services to be provided by Supplier, as agreed to by UC;
- B. A change in the Institutional Information Supplier is required to create, receive, maintain or transmit in performance of the Agreement, such that the Protection Level Classification of such Institutional Information changes;

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

- C. Changes in the status of the parties;
- D. Changes in flow down terms from external parties; and E. Changes in law or regulation applicable to this Agreement.

Each party shall notify the other party upon the occurrence of a Material Change.

ARTICLE 35 – GOVERNING LAW AND VENUE

California law will control the Agreement and any document to which it is appended. The exclusive jurisdiction and venue for any and all actions arising out of or brought under the Agreement is in a state court of competent jurisdiction, situated in the county in the State of California in which the UC Location is located or, where the procurement covers more than one UC Location, the exclusive venue is Alameda County, California.

ARTICLE 36 – ASSISTANCE IN LITIGATION OR ADMINISTRATIVE PROCEEDINGS

Supplier will make itself and its employees, subcontractors, or agents assisting Supplier in the performance of its obligations reasonably available to UC at no cost to UC to testify as witnesses, or otherwise, in the event of investigations, or proceedings against UC, its directors, officers, agents, or employees relating to the Goods or Services.

ARTICLE 37 – SUPPLIER TERMS

Any additional terms that Supplier includes in an order form or similar document will be of no force and effect, unless UC expressly agrees in writing to such terms.

ARTICLE 38 – SURVIVAL CLAUSE

Upon expiration or termination of the Agreement, the following provisions will survive: WARRANTIES; INTELLECTUAL PROPERTY, COPYRIGHT, PATENTS, AND DATA RIGHTS; INDEMNITY AND LIABILITY; USE OF UC NAMES AND TRADEMARKS; LIABILITY FOR UC-FURNISHED PROPERTY; COOPERATION; TERMS APPLICABLE TO THE FURNISHING OF GOODS; AUDIT REQUIREMENTS; PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF INSTITUTIONAL INFORMATION; GOVERNING LAW AND VENUE, and, to the extent incorporated into the Agreement, the terms of the APPENDIX–DATA SECURITY, APPENDIX–BAA, and/or APPENDIX-GDPR.

ARTICLE 39 – CONTRACTING FOR COVERED SERVICES

Covered Services, for the purpose of this Agreement, are defined as work customarily performed by bargaining unit employees at the University in the categories of services described in Regents Policy 5402, and American Federation of State, County, and Municipal Employees (AFSCME) Collective Bargaining Agreement Article 5. Covered Services include, but are not necessarily limited to, the following services: cleaning, custodial, janitorial, or housekeeping services; food services; laundry services; grounds keeping; building maintenance (excluding skilled crafts); transportation and parking services; and security services.

Unless UC notifies Supplier that the Services are not Covered Services, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in in other Articles of the Agreement. In accordance with Regents Policy 5402 and AFSCME Collective Bargaining Agreement Article 5, Supplier also warrants that it pays its employees performing the Covered Services at UC locations the equivalent value of the wages and benefits – as determined in the Wage and Benefit Parity Appendix – received by UC employees providing similar services at the same, or nearest UC location.

Supplier agrees UC may conduct such compliance audits as UC reasonably requests, and determined at UC's sole discretion. Supplier agrees to post UC Contracting for Covered Services notices, in the template supplied by UC, in a prominent and accessible place (such as break rooms and lunch rooms) where it may be easily seen by workers who perform Covered Services. The term "Supplier" includes Supplier and its Sub-Suppliers at any tier. Supplier also agrees to:

- (a) upon UC's request, provide verification of an independent audit performed by Supplier's independent auditor or independent internal audit department (<http://na.theiia.org/standards-guidance/topics/Pages/Independence-and-Objectivity.aspx>) and at

UNIVERSITY
OF

Supplier's expense; and

- (b) ensure that, in the case of a UC interim audit, Supplier's auditor makes available to UC its Contracting for Covered Services work papers for the most recently audited time period. Supplier agrees to provide UC requested verification, in a form acceptable to UC, no later than ninety days after receiving UC's request.

**ARTICLE 1. PURPOSE AND INTRODUCTION**

- A. In the course of providing the Goods and/or Services contemplated by the Agreement, Supplier may gain access to the University of California's (UC) Institutional Information and/or IT Resources (both defined below). In such an event, UC and Supplier desire to appropriately protect Institutional Information and IT Resources. The purpose of this Appendix-Data Security is to specify Supplier's cybersecurity and risk management responsibilities when Supplier has access to Institutional Information and/or IT Resources.
- B. Any capitalized terms used here have the meaning ascribed to such terms as set forth in the Agreement or Incorporated Documents.
- C. Supplier must provide commercially acceptable cybersecurity and cyber risk management to protect Institutional Information and/or IT Resources. This must include, but is not limited to the Supplier:
 1. Developing and documenting a plan that protects Institutional Information and IT Resources.
 - Supplier must responsibly execute this plan.
 - Supplier's approach must conform to a recognized cybersecurity framework designed for that purpose.¹
 - Supplier's information security plan must be supported by a third-party review or certification. Supplier may only use an alternative to a third-party review if approved by the responsible UC Information Security Officer.
 2. Conducting an accurate and thorough assessment of the potential risks to and vulnerabilities of the security of the Institutional Information and/or IT Resources. Supplier must mitigate anticipated risks effectively. This includes implementing commercially acceptable security policies, procedures, and practices that protect Institutional Information and/or IT Resources.
 3. Updating its plan to effectively address new cybersecurity risks.
 4. Complying with pertinent contractual and regulatory responsibilities.
 5. Providing UC with evidence of compliance with Supplier's information security plan.
 6. Keeping UC informed with timely updates on risks, vulnerabilities, Security Incidents, and Breaches.
 7. Keeping UC informed of any measures UC must perform to ensure the security of Institutional Information and IT Resources.

¹ Examples include the latest versions of PCI DSS, NIST CSF, CIS Critical Security Controls, ISO 27002, NIST SP 800-53 and NIST SP 800-171.

- D. If, in the course of providing the Goods and/or Services under the Agreement, Supplier engages in transactions with UC affiliated individuals (including but not limited to: students, staff, faculty, customers, patients, guests, volunteers, visitors, research subjects, etc.), as a benefit and result of the Agreement, Supplier must treat any data about UC affiliated individuals that Supplier creates, receives, and/or collects in the course of those transactions with the same level of privacy and security protections and standards as required of Institutional Information by this Appendix.
- E. Supplier agrees to be bound by the obligations set forth in this Appendix. To the extent applicable, Supplier also agrees to impose, by written contract, the same terms and conditions contained in this Appendix on any sub-supplier retained by Supplier to provide or assist in providing the Goods and/or Services to UC.
- F. To the extent that a requirement of this Appendix conflicts with those of any other UC Agreement or Incorporated Document, the most stringent requirement (including but not limited to: least risk to UC, shortest time, best practice, etc.) will apply.

ARTICLE 2. DEFINED TERMS

- A. **“Breach”** means: (1) Any disclosure of Institutional Information to an unauthorized party or in an unlawful manner; (2) Unauthorized or unlawful acquisition of information that compromises the security, confidentiality, or integrity of Institutional Information and/or IT Resources; or (3) The acquisition, access, use, or disclosure of protected health information (PHI) or medical information in a manner not permitted under the Health Insurance Portability and Accountability Act (HIPAA) or California law.
- B. **“Illicit Code”** means: (1) Any code UC would not reasonably expect to be present or operating; (2) Hidden software or functionality with adverse or undesired actions or consequences; (3) Code that replicates or transmits Institutional Information or activates operating systems or other similar services without the express knowledge and approval of UC; (4) Code that alters, damages, or erases any Institutional Information or software without the express knowledge and approval of UC; or (5) Code or apparatus that functions in any way as a: key lock, node lock, time-out, “back door,” “trap door,” “booby trap,” “dead drop device,” “data scrambling device,” or other function, regardless of how it is implemented, which is intended to alter or restrict the use of or access to any Institutional Information and/or IT Resources.
- C. **“Institutional Information”** means: Any information or data created, received, and/or collected by UC or on its behalf, including but not limited to: application logs, metadata, and data derived from such data.
- D. **“IT Resource”** means: IT infrastructure, cloud services, software, and/or hardware with computing and/or networking capability that is Supplier owned/managed or UC-owned, or a personally owned device that stores Institutional Information, is connected to UC systems, is connected to UC networks, or is used for UC business. IT Resources include, but are not limited to: personal and mobile computing systems and devices,

mobile phones, printers, network devices, industrial control systems (including but not limited to: SCADA, PLCs, DPC, Operational Technology, etc.), access control systems, digital video monitoring systems, data storage systems, data processing systems, backup systems, electronic and physical media, biometric and access tokens, Internet of Things (IoT), or any other device that connects to any UC network.

E. **“Major Change”** means: The implementation of a change that could have an effect on the security of an IT Resource or Institutional Information. The scope includes changes to architectures, processes, tools, metrics, and documentation, as well as changes to IT services and other configuration items. These include changes related to:

1. Technology upgrades or migrations.
2. Responses to Security Incidents.
3. Modifications of scope (data elements, features, location of Institutional Information, etc.).
4. Regulatory guidance.
5. Law and legal regulations.
6. Responses to risk assessments.
7. Addressing vulnerabilities.
8. Material updates or shifts in technologies used by Supplier.

F. **“Security Incident”** means: (1) A material compromise of the confidentiality, integrity, or availability of Institutional Information; (2) A single event or a series of unwanted or unexpected events that has a significant probability of compromising UC business operations or threatening Institutional Information and/or IT Resources; (3) Any event involving a cyber intrusion; or (4) A material failure of Supplier’s administrative, technical, or physical controls that resulted or could have resulted in an adverse impact to the confidentiality, integrity, or availability of Institutional Information or IT Resources.

ARTICLE 3. ACCESS TO INSTITUTIONAL INFORMATION AND IT RESOURCES

A. Supplier must limit its access to, use of, and disclosure of Institutional Information and IT Resources to the least invasive degree necessary required to provide the Goods and/or Services.

1. Supplier may not access or use Institutional Information and IT Resources for any purpose except to provide the Goods and/or Services.
2. For the avoidance of doubt, Supplier may not access, use, or disclose Institutional Information and IT Resources outside the scope of the Agreement for purposes of, including but not limited to: marketing, advertising, research, sale, or licensing unless expressly approved in writing by UC.

B. In the event that Goods and/or Services include the review of a specific Security Incident or a threat to or anomaly in Institutional Information or IT Resources, Supplier must limit inspection to the least invasive degree necessary required to perform the investigation.

ARTICLE 4. SUPPLIER'S INFORMATION SECURITY PLAN AND RESPONSIBILITIES

- A. Supplier acknowledges that UC must comply with information security standards as required by law, regulation, and regulatory guidance, as well as by UC's internal security program that protects Institutional Information and IT Resources.
- B. Supplier must establish, maintain, comply with, and responsibly execute its information security plan.
- C. Supplier's initial information security plan is attached as Exhibit 2 and incorporated by reference.
- D. Updates to Exhibit 2 will occur as follows:
 - 1. On an annual basis, Supplier will review its information security plan, update it as needed, and submit it upon written request by UC.
 - 2. In the event of a Major Change, Supplier will review its information security plan, update it as needed, and submit it to UC as detailed herein.
- E. If Supplier makes any material modifications to its information security plan that will affect the security of Institutional Information and IT Resources, Supplier must notify UC within seventy-two (72) calendar hours and identify the changes.
- F. Supplier's Information Security Plan must:
 - 1. Ensure the security (including but not limited to: confidentiality, integrity, and availability) of Institutional Information and IT Resources through the use and maintenance of appropriate administrative, technical, and physical controls;
 - 2. Protect against any reasonably anticipated threats or hazards to Institutional Information and IT Resources;
 - 3. Address the risks associated with Supplier having access to Institutional Information and IT Resources;
 - 4. Comply with applicable regulations and/or external obligations listed in Exhibit 1;
 - 5. Comply with all applicable legal and regulatory requirements for data protection, security, and privacy;
 - 6. Clearly document the cybersecurity responsibilities of each party;
 - 7. Follow UC records retention requirements outlined in the Statement of Work (SOW) or in UC's Terms and Conditions;
 - 8. Prevent the sharing of passwords or authentication secrets that provide access to Institutional Information and/or IT Resources;
 - 9. Prevent the use of passphrases (passwords) or other authentication secrets that are common across customers or multiple unrelated UC sites or units;
 - 10. Prevent unauthorized access to Institutional Information and IT Resources;
 - 11. Prevent unauthorized changes to IT Resources;
 - 12. Prevent the reduction, removal, or turning off of any security control without express written approval from UC;

13. Prevent the creation of new Supplier accounts to access Institutional Information and IT Resources without express written approval from UC;
14. Prevent the storing, harvesting, or passing through of UC credentials (username, password, authentication secret, or other factor); and
15. Prevent the use or copying of Institutional Information for any purpose not authorized under the Agreement or any associated Statement of Work (SOW).

ARTICLE 5. REQUESTS FROM UC AND EVIDENCE OF COMPLIANCE

- A. Supplier must provide UC with evidence that demonstrates to UC's reasonable satisfaction Supplier's adherence to its information security plan (including but not limited to: third-party report, attestation signed by an authorized individual, attestation of compliance by a qualified assessor, or a mutually agreed upon equivalent) upon execution of the Agreement, upon reasonable request (including but not limited to: annually, after Major Changes, and/or as a result of a Security Incident), or as required by any applicable regulatory or governmental authority.
- B. Supplier must respond to UC's reasonable questions related to cybersecurity controls, Security Incidents, or Major Changes, newly published vulnerabilities, and/or risk assessments within ten (10) business days.
- C. UC may request and perform a security audit using a qualified third party or a mutually agreed upon alternative annually or as a result of a Breach.

ARTICLE 6. NOTIFICATION OF MAJOR CHANGES AND VULNERABILITY DISCLOSURES

- A. Within twenty (20) business days, Supplier must notify UC regarding changes in Supplier's security posture or IT infrastructure. Such notices must occur:
 1. When Major Changes happen.
 2. When Supplier becomes aware of a vulnerability that warrants a CVE² rating of "High" or "Critical," based on the latest CVE version, for which a patch is not yet available or for which Supplier will delay application of an available patch.
- B. Supplier must use commercially acceptable efforts to remediate, within twenty (20) business days, any vulnerability rated as CVE High or Critical.
- C. In response to Major Changes, Supplier must update its information security plan no later than fifteen (15) days into the next calendar quarter and must provide updated evidence of compliance with the information security plan.

² Common Vulnerabilities and Exposures (CVE) is a dictionary-type list of standardized names for vulnerabilities and other information related to security exposures maintained by The MITRE Corporation. CVE aims to standardize the names for all publicly known vulnerabilities and security exposures. The goal of CVE is to make it easier to share data across separate vulnerability databases and security tools. The CVE list can be found at: cve.mitre.org

ARTICLE 7. RETURN AND DISPOSAL OF INSTITUTIONAL INFORMATION

- A. Within thirty (30) calendar days of the termination, cancellation, expiration, or other conclusion of the Agreement, Supplier must return all Institutional Information to UC and then dispose of the Institutional Information in possession of Supplier as detailed herein. This provision also applies to all Institutional Information that is in the possession of sub-suppliers or agents of Supplier.
- B. Such disposal will be accomplished using the methods described in UC's Institutional Information Disposal Standard (<https://security.ucop.edu/policies/institutional-information-disposal.html>) or an alternative approved by UC.
- C. Supplier will certify in writing to UC that such return and/or disposal has been completed.
- D. If Supplier believes that return and/or disposal of Institutional Information is technically impossible or impractical, Supplier must provide UC with a written statement explaining the reason for this conclusion. If UC determines that return and/or disposal is technically impossible or impractical, Supplier will continue to protect the Institutional Information in accordance with the terms of this Appendix for as long as the Institutional Information is in Supplier's possession.

ARTICLE 8. NOTIFICATION OF CORRESPONDENCE CONCERNING INSTITUTIONAL INFORMATION

- A. Supplier agrees to notify UC promptly, both orally and in writing, but in no event more than seventy-two (72) calendar hours after Supplier receives correspondence or a complaint that relates to a regulation, contractual obligation, Breach, or material risk concerning Institutional Information. For purposes of this Article 8.A, a correspondence or complaint may include, but is not limited to, any communication that originates from law enforcement, regulatory or governmental agencies, government investigators, corporations, or an individual, but excludes normal customer service correspondence or inquiries.

ARTICLE 9. COORDINATING, REPORTING, AND RESPONDING TO BREACHES AND SECURITY INCIDENTS

- A. **Reporting of Breach or Security Incident:** If Supplier reasonably suspects or confirms a Breach and/or a Security Incident impacting Institutional Information and/or IT Resources, Supplier must promptly notify UC both orally and in writing using the contacts in the Agreement. Supplier must provide such notifications no later than (1) seventy-two (72) calendar hours after the initial suspicion of a Security Incident and/or Breach and (2) seventy-two (72) calendar hours after the initial confirmation of a Security Incident and/or Breach, if Supplier is able to make such a confirmation. Supplier's notification must identify:
1. Contacts for both technical and management coordination;

2. Escalation and identifying information, such as ticket numbers, system identifiers, etc.;
 3. The nature of the Breach and/or Security Incident;
 4. The Institutional Information and/or IT Resources affected;
 5. What Supplier has done or will do to mitigate any deleterious effect; and
 6. What corrective action Supplier has taken or will take to prevent future Security Incidents.
- B. Supplier will provide other information as reasonably requested by UC.
- C. In the event of a suspected Breach and/or Security Incident, Supplier will keep UC informed regularly of the progress of its investigation until the incident is resolved.
- D. **Coordination of Breach Response or Security Incident Activities:** Supplier will fully cooperate with UC's investigation of any Breach and/or Security Incident involving Supplier and/or Goods and/or Services. Supplier's full cooperation will include, but not be limited to, Supplier:
1. Promptly preserving any potential forensic evidence relating to the Breach and/or Security Incident;
 2. Remedying the Breach and/or Security Incident as quickly as circumstances permit;
 3. Promptly, but no more than seventy two (72) calendar hours after the discovery of Breach and/or Security Incident, designating a contact person to whom UC will direct inquiries and who will communicate Supplier responses to UC inquiries;
 4. As rapidly as circumstances permit, assigning/using appropriate resources to remedy, investigate, and document the Breach and/or Security Incident, to restore UC service(s) as directed by UC, and undertake appropriate response activities;
 5. Providing status reports to UC regarding Breach and Security Incident response activities, either on a daily basis or a frequency approved by UC;
 6. Coordinating all media, law enforcement, or other Breach and/or Security Incident notifications with UC in advance of such notification(s), unless expressly prohibited by law;
 7. Ensuring that knowledgeable Supplier employees are available on short notice, if needed, to participate in UC and Supplier initiated meetings and/or conference calls regarding the Breach and/or Security Incident; and
 8. Ensuring that knowledgeable Supplier employees and agents participate in after-action analysis, including root cause analysis and preventive action planning.
- E. **Breaches and Security Incidents – Corrective And Preventive Action:** As a result of a Breach and/or Security Incident impacting Institutional Information and/or IT Resources, and upon UC's request, Supplier must prepare a report detailing corrective and preventive actions. The report must include:

1. A mutually agreed upon timeline for the corrective and preventive actions based on the nature of the Breach and/or Security Incident;
 2. Identification and description of the root causes; and
 3. Precise steps Supplier will take to address the failures in the underlying administrative, technical, and/or physical controls to mitigate damages and future cyber risk.
- F. **Costs:** Supplier must reimburse UC for reasonable costs related to responding to Breaches impacting Institutional Information and IT Resources caused by Supplier. This includes all costs associated with notice and/or remediation of the Breach.
- G. **Grounds for Termination:** Any Breach may be grounds for termination of the Agreement by UC. Agreement obligations to secure, dispose, and report continue through the resolution of the Breach and/or Security Incident.

ARTICLE 10. ILLICIT CODE WARRANTY

- A. Supplier represents and warrants that the Goods and/or Services do not contain Illicit Code.
- B. To the extent that any Goods and/or Services have Illicit Code written into them, Supplier will be in breach of this Agreement, and no cure period will apply.
- C. Supplier agrees, in order to protect UC from damages that may be intentionally or unintentionally caused by the introduction of Illicit Code, to promptly isolate or otherwise secure and then return Institutional Information and/or IT Resources.
- D. Supplier acknowledges that it does not have any right to electronically hold Institutional Information or assert any claim against UC by withholding the Goods and/or Services using Illicit Code.
- E. Should Supplier learn of the presence of Illicit Code, Supplier will promptly provide UC with written notice explaining the scope and associated risk.
- F. Supplier represents and warrants that it will take commercially reasonable steps to promptly remove Illicit Code.
- G. Supplier represents and warrants that even if Illicit Code is unintentionally installed via any method, Supplier will never utilize the Illicit Code.
- H. This provision does not relate to malware or viruses that attack the running IT Resource. These are covered under ARTICLE 9 - COORDINATING, REPORTING, AND RESPONDING TO BREACHES AND SECURITY INCIDENTS.

ARTICLE 11. BACKGROUND CHECKS

- A. Before Supplier's employee, sub-supplier, or agent may access Institutional Information and/or IT Resources classified at Protection Level 3 or Protection Level 4³, Supplier must conduct a thorough and pertinent background check. Supplier must evaluate the results prior to granting access in order to assure that there is no indication

³ See Exhibit 1.

that the employee, sub-supplier, or agent presents a risk to Institutional Information and IT Resources.

B. Supplier must retain each employee's, sub-supplier's, or agent's background check documentation for a period of three (3) years following the termination of the Agreement.

UNIVERSITY OF CALIFORNIA

Appendix – Business Associate Agreement

This Appendix - Business Associate Agreement ("Appendix BAA") supplements and is made a part of any and all agreements entered into by and between The Regents of the University of California, a California corporation ("UC"), on behalf of its University of California Health System and _____, Business Associate ("BA").

RECITALS

- A. UC is a "Covered Entity" as defined under 45 C.F.R. § 160.103
- B. UC and BA are entering into or have entered into, and may in the future enter into, one or more agreements (each an "Underlying Agreement") under which BA performs functions or activities for or on behalf of, or provides services to UC ("Services") that involve receiving, creating, maintaining and/or transmitting Protected Health Information ("PHI") of UC as a "Business Associate" of UC as defined under 45 C.F.R. § 160.103. This Appendix BAA shall only be operative in the event and to the extent this Appendix BAA is incorporated into an Underlying Agreement between UC and BA.
- C. UC and BA desire to protect the privacy and provide for the security of PHI used by or disclosed to BA in compliance with the Health Insurance Portability and Accountability Act of 1996 ("HIPAA"), the regulations promulgated thereunder by the U.S. Department of Health and Human Services (45 C.F.R. Parts 160, 162 and 164) (the "HIPAA Regulations"), the Health Information Technology for Economic and Clinical Health Act of 2009 (the "HITECH Act"), California Civil Code § 56 et seq., §§1798.82 and 1798.29, and other applicable laws and regulations. The purpose of this BA Agreement is to satisfy certain standards and requirements of HIPAA, the HIPAA Regulations, including 45 CFR § 164.504(e), the HITECH Act, including Subtitle D, part 1, as they may be amended from time to time, and similar requirements under California law.
- D. UC has designated all of its HIPAA health care components as a single component of its hybrid entity and therefore this BA Agreement is binding on all other UC health care components (collectively, the Single Health Care Component or the SHCC). This BA Agreement is effective on the date of the Underlying Agreement under which BA provides Services to UC ("Effective Date").

1. DEFINITIONS

Except for PHI, all capitalized terms in this Appendix BAA shall have the same meaning as those terms in the HIPAA Regulations.

PHI shall have the same meaning as "protected health information" in the HIPAA Regulations that is created, received, maintained, or transmitted by Business Associate or any Subcontractor on behalf of UC and shall also include "medical information" as defined at Cal. Civ. Code § 56.05.

2. OBLIGATIONS OF BA

BA agrees to:

- A. Comply with the requirements of the Privacy Rule that apply to UC in carrying out such obligations, to the extent BA carries out any obligations of UC under the Privacy Rule. BA also agrees to comply with the requirements of California state privacy laws and regulations that apply to UC in carrying out such obligations, to the extent BA carries out any obligations of UC under California Civil Code § 1798 et seq., California Civil Code § 56 et seq., and California Health & Safety Code §§ 1280.15 and 1280.18, as applicable, unless otherwise mutually agreed to by BA and UC.
- B. Not Use or Disclose PHI other than as permitted or required by the Underlying Agreement or as required by law.
- C. Use appropriate safeguards, and comply, where applicable, with 45 C.F.R. § 164 Subpart C with respect to ePHI, to prevent the Use or Disclosure of PHI other than as provided for by the Underlying Agreement(s) and the Appendix BAA.
- D. Notify UC, orally and in writing, as soon as possible, but in no event more than five (5) calendar days, after BA becomes aware of any Use or Disclosure of the PHI not permitted or required by the Appendix BAA or Underlying Agreement(s), including Breaches of unsecured PHI as required by 45 C.F.R. § 164.410 and potential compromises of UC PHI, including potential inappropriate access, acquisition, use or disclosure of UC PHI (each, collectively an “Incident”). BA shall be deemed to be aware of any such Incident, as of the first day on which it becomes aware of it, or by exercising reasonable diligence, should have been known to its officers, employees, agents or sub-suppliers. The notification to UC shall include, to the extent possible, each individual whose unsecured PHI has been, or is reasonably believed by BA to have been, accessed, acquired, used or disclosed during such Incident. BA shall further provide UC with any other available information that UC is required to include in a notification to affected individuals at the time of the notification to UC, or promptly thereafter as information becomes available. BA shall take prompt corrective action to remedy any such Incident, and, as soon as possible, shall provide to UC in writing: (i) the actions initiated by the BA to mitigate, to the extent practicable, any harmful effect of such Incident; and (ii) the corrective action BA has initiated or plans to initiate to prevent future similar Incidents.
- E. Ensure that any Subcontractors that create, receive, maintain, or transmit PHI on behalf of the BA agree to the same restrictions, conditions, and requirements that apply to the BA with respect to such PHI.
- F. If BA maintains PHI in a Designated Record Set, BA shall make the PHI in the Designated Record Set available to UC, or if directed by UC to the Individual or the Individual’s designee, as necessary to satisfy UC’s obligations under 45 C.F.R. § 164.524.
- G. If BA maintains PHI in a Designated Record Set, BA shall make any amendments directed or agreed to by UC pursuant to 45 C.F.R. § 164.526, or take other measures as necessary to satisfy UC’s obligations under 45 C.F.R. § 164.526.

- H. Maintain and make available the information required to provide an accounting of disclosures to UC, or if directed by UC to the Individual, as necessary to satisfy UC's obligations under 45 C.F.R. § 164.528.
- I. Make its internal practices, books, and records, relating to the Use and Disclosure of PHI available to UC, and to the Secretary for purposes of determining UC's compliance with HIPAA, HITECH and their implementing regulations.

3. PERMITTED USES AND DISCLOSURES BY BA

BA may only Use or Disclose the Minimum Necessary PHI to perform the services set forth in the Underlying Agreement.

4. TERM AND TERMINATION

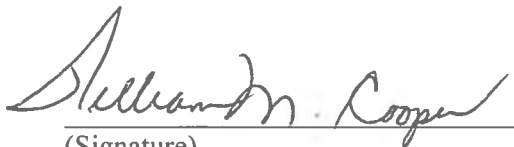

- A. Termination for Cause. UC may terminate this Appendix BAA and any Underlying Agreement(s), if UC determines BA has violated a material term of the Appendix BAA.
- B. Upon termination of this Appendix BAA for any reason, with respect to PHI received from UC, or created, maintained, or received by BA on behalf of UC, BA shall return to UC, or if agreed to by UC, destroy, all such PHI that BA still maintains in any form, and retain no copies of such PHI.

To the extent return or destruction of UC PHI is not feasible, BA shall (1) retain only that PHI which is necessary for BA to continue its proper management and administration or to carry out its legal responsibilities; and (2) continue to use appropriate safeguards for such UC PHI and comply with Subpart C of 45 C.F.R. Part 164 with respect to ePHI to prevent Use or Disclosure of the PHI, other than as provided for in this Section, for as long as BA retains the PHI.

- C. Survival. The obligations of BA under this Section 4.B shall survive the termination of this Appendix BAA and any Underlying Agreement(s).

The Appendix BAA is signed below by the parties' duly authorized representatives.

ATTACHMENT A TO PURCHASING AGREEMENT # _____
STATEMENT OF WORK

This Statement of Work # __ (“SOW”) is issued pursuant to Purchasing Agreement # _____ dated _____, 20__ between UC and Supplier (“Agreement”).

1. Title and Description of the Scope of Goods and/or Services

[Buyer: Provide an overview and background of Goods and/or Services to be provided.]

2. Term of SOW

This SOW will begin on _____, 20__ (“Effective Date”) and continue through _____, 20__. This SOW may not be renewed or otherwise amended except through a Change Order pursuant to the Change Management section below.

3. Key Tasks and Activities, Deliverables and Completion Timeframe

Supplier Obligations				
Task		Activities	Deliverables	Completion Date or Timeframe
1	[General description]	[Specific details using action verbs like “create”, “develop”, “test”, “analyze”, “evaluate”, etc.]	[List each discrete tangible work product that is considered a critical end result from the Supplier; deliverables are nouns, not verbs]	[Specific dates are best; can be stated as “Week 1”, “Week 2”, etc.]
2				
3				
4				
5				
Additional as needed		Include: Identify all phases. If additional phases will not be known until first phase work begins, be sure to specify hourly rate and a not to exceed price for this work. Request Supplier to provide data type, protected health information and other data		

4. UC Obligations

[Buyer: Include as appropriate language such as: UC will provide working space, equipment, furniture, utilities, and services, as follows:]

5. Place(s) of Performance

[Buyer: Use this section if appropriate to outline where Services will be provided]

6. Key Personnel

Supplier’s Account Manager is listed below, is subject to UC approval, and has overall responsibility for managing the UC/Supplier relationship:

Name	
Phone	
Email	
Address	

Subcontractors authorized to provide Goods and/or Services under this SOW [Buyer: Names should be listed only if Agreement permits use of subcontractors]:

Name of Subcontractor	Goods and/or Services the Subcontractor will provide

7. Reporting Requirements

[Buyer: Identify any key reports that should be produced by Supplier or critical reporting events. This can be included in the table above if preferred.]

Supplier agrees to provide other reports as reasonably requested by UC during the Term of the Agreement and any extension(s) to the Term at no additional cost to UC.

8. Assumptions

- a) The following items are not included within the scope of Goods and/or Services to be provided under this SOW: [Buyer: Delete if not needed]
- b) [Buyer: Add more as needed]
- c) Additional assumptions include the following: [Buyer: Delete if not needed, but list any UC dependencies that must be fulfilled in order for Supplier to provide the Goods and/or Services]
- d) [Buyer: Add more as needed]

9. Service Level Agreement

- a) **[Buyer: Any critical SLAs should be stated here. For goods, consider the following language:]**

During the Term of the Agreement, and any extension(s) of the Term, Supplier will provide the following minimum service standards:

Normal delivery	-next business day
Rush delivery	-within 4 hours
Pick up returns	-within 2 business days
Request for reports	-within 5 business days
Order fill rate	-98%
Delivery accuracy	-98%
Delivery, on-time	-98%
Invoice/billing accuracy	-98%
Customer service satisfaction	-98%

The minimum service standards set forth above recognize that occasional errors are likely; however, Supplier further agrees to use its best efforts to achieve 100% of service levels. Should the service levels fall below the minimum standards and Supplier does not take corrective action within fourteen (14) days following UC written notification, UC reserves the right to terminate the Agreement immediately.

10. Pricing, Invoicing Method, and Settlement Method and Terms

[Buyer: Pricing includes the contract amount (for instance, time and materials using an hourly rate; whether there is a not to exceed cap; and flat fee); and the payment schedule (what percentage must be paid at what times, including milestones)]

Pricing is addressed below. The Invoicing Method, and Settlement Method and Terms are addressed in the applicable Agreement. As regards Invoicing Method, and Settlement Method and Terms, the terms of the applicable Agreement will take precedence over any conflicting terms in this Statement of Work.

- a) “Fixed Price Services” to be rendered under this SOW, including deliverables to be provided as part of Fixed Price Services, are described in this section as:
- b) “Time and Materials Services” to be rendered under this SOW, including deliverables to be provided as part of Time and Materials Services:
- c) The rates applicable to each person who will render Time and Materials Services are as follows:

Name and Title of Person Rendering Services	Rate per Hour/Day	Estimated No. of Days	Extended Cost of Fees	UC MRC
Estimated Maximum Expenses (if any):			n/a	

Estimated Maximum Cost:		
-------------------------	--	--

d) **[Buyer: Outline Payment Schedule as needed]**

11. Program Requirements

[Buyer: If items will be ordered by catalog, use the Appendix – Electronic Commerce. If applicable, consider using these additional terms for Goods:]

Order Packaging and Labeling. Supplier agrees that each UC order will be individually wrapped and labeled with the following information:

- Purchase Order number;
- Product description, quantity and catalog number of the product ordered and an open 30-character field for internal identification e.g., UC storehouse catalog numbers and/or internal customer order numbers; and
- Other information, as may be requested by ordering UC Location.

Packaging slips will be attached to the outside of the package such that it can be inspected by UC at the requesting department and/or receiving dock.

Receiving Locations. Supplier agrees to provide desktop and dock delivery to all UC current and future authorized personnel delivery points, as requested by UC.

Standard Delivery Requirements. Supplier will deliver Monday through Friday, excluding UC- and Supplier-observed holidays. Supplier provide UC with a schedule on or before September 1 of the following calendar year showing holidays and other planned shutdowns (such as the annual inventory) that would impact Supplier’s ability to deliver the Goods and/or Services. Supplier agrees to deliver all UC orders received by 3:30pm Pacific Time the next business day as follows:

- Campus direct (desktop delivery) - by 3:30 pm Pacific Time
- Storehouse (drop ship delivery) - by 10:00 am Pacific Time

Delivery Delays. Supplier will report any delivery delay whatsoever to the ordering Location, as well as its cause, within two (2) hours after Supplier is able to reasonably determine there will be a delay; the report will be provided to UC by telephone, e-mail, or facsimile. Supplier will keep UC fully informed and will take all reasonable action in eliminating the cause of delay.

Rush Delivery Requirements. Supplier agrees to deliver UC emergency orders within four (4) hours after receipt of order at no additional charge to UC. Rush delivery orders for same day delivery must be requested by UC prior to 1:00 pm Pacific Time. Supplier cannot guarantee, but agrees to use good faith efforts to provide same day delivery for rush orders UC places after 1:00 pm Pacific Time.

Returns. Supplier agrees to accept Goods returned by UC if in resalable condition and if made within thirty (30) days of original shipment. Supplier must pick up returns from the ordering department location within two business days. Services under \$20.00 do not need to be physically returned to Supplier.

Credit. Requests for credit can be transmitted by the ordering UC personnel via the established order management system (telephone, fax, paper return form, and web-based). Chargebacks and credit memos will be issued to UC ordering departments in the current month’s billing period. Return items will be credited at cost. If Goods were purchased via UC purchasing card, credit must be issued to the same purchasing card.

Out of Stock Items. If there is an out of stock situation of any ordered inventoried item(s), the out of stock item will be added to the back order file and will be delivered to UC when the item is in stock without a further order being submitted.

Surveys. Supplier will, at UC's request, conduct customer surveys of UC orders through questionnaires. The content of these surveys will be approved by UC. UC will be responsible for the tabulation of these surveys.

12. Acceptance Criteria and Testing

[Buyer: Provide details of the Acceptance Criteria and testing which each Deliverable or Milestone must meet to be accepted, if specifics aren't defined.]

- a) **[Buyer: Indicate any additional financial or other considerations resulting from acceptance testing]**

13. Changes to the Services

UC may desire to change the Goods and/or Services following execution of an SOW. If so, UC will submit a written Amendment to Supplier describing the changes in appropriate detail. If an Amendment does not require Supplier to incur any additional material costs or expenses, then Supplier will make the modification within ten (10) business days of Supplier's receipt of UC's Amendment. If an Amendment does require that Supplier incur additional material costs or expenses, then Supplier in good faith will provide UC with a written, high level, non-binding assessment of the costs and expenses and the time required to perform the modifications required by the Amendment, within ten (10) business days of Supplier's receipt of UC's Amendment. UC will notify Supplier in writing within ten (10) business days after receipt of Supplier's response to the Amendment as to whether UC wishes Supplier to implement the Amendment based on the response. UC will compensate Supplier for implementation of an Amendment in accordance with the terms and conditions of the relevant Amendment and Supplier's response to the Amendment, if any. Supplier's implementation of an Amendment will not delay the performance of Services and/or the delivery of deliverables not reasonably affected by an Amendment.

14. No Mandatory Use

Because there is no mandatory use policy at UC, nothing in this Statement of Work will be construed to prevent UC from entering into similar agreements with any third parties including, without limitation, suppliers that may be in competition with Supplier.

15. Additional Terms

[Buyer: If recording devices will be allowed, add the following: Supplier will use recording devices in discussions with UC employees only when UC and the employees so authorize; this authorization must be in writing. If applicable, Supplier's use of recording devices in such discussion is proposed as follows: (Insert terms)]

Insurance Requirements **[Buyer: insert terms, if needed or different from basic levels in T&Cs]**

This Statement of Work is signed below by the parties’ duly authorized representatives.

Value Added Facility Planning Solutions and Pricing

Background Information

Gordian's Facility Planning solutions were first provided by a strategic consulting firm, Sightlines, founded in 2000 with the mission of enabling organizations to better manage their facilities operations and capital investments using objective data analytics and expertise. In 2015, Sightlines was acquired by Gordian to deliver a full life cycle of construction and facilities management services. Gordian's Planning services assess the current conditions of an organizations facilities, analyze the operational performance of those facilities, and benchmark every aspect of their operation against peers in order to make reliable, data-driven decisions that support the overall strategy of the organization.

Gordian has delivered Planning solutions to more than 450 organizations across North America and stewards the largest verified database (representing more than 1.5 billion gross square feet) of Higher Ed, Healthcare, and Community facilities information. Gordian's experience in construction procurement and cost estimating through RSMeans data provides access to hundreds of planning, design, procurement, construction and operations experts.

Our third-party independent perspective is key to our success. Since our core business is the measurement and strategic assessment of facilities assets, we help drive new policies that create change and improve facilities operations. Gordian professionals' experience within both the facilities and financial arenas provides member organizations with solutions that are realistic, quantifiable, and financially obtainable. Our analysis remains rigorous and completely objective.

Gordian proposes to include our Planning services in response to this RFP in order to make these services available to both University campuses, as well as Omni members through the adoption of this contract by Omnia.

Gordian's Planning service offerings include:

Sightlines Return on Physical Assets (ROPA): Physical facilities represent the largest investment most organizations will make. Most see buildings as a depreciating asset and look to avoid expenditures unless absolutely necessary rather than treat them as real *investments* and seek a strong return.

ROPA provides the data, contextual understanding and strategic recommendations needed to steward facilities most effectively. Gordian partners with organizations to develop an analytical framework and dialogue with stakeholders that aligns space, capital and operational needs. This objective analysis of performance provides facilities and finance administrators with the context and validation needed to evaluate investment tradeoffs and helps ensure facilities best serve the community.

Sightlines Strategic Capital Planning: In today's facilities environment, there is always going to be more capital need than available funding. So how does an organization decide which projects to fund and which to defer? To answer the question, many organizations conduct a facilities condition assessment (FCA) to understand the magnitude of the problem. Although often successful at establishing the funding shortfall and level of deficiencies, these studies rarely result in the actionable plans and campus-wide support for the capital strategy that is needed to address the core issues that leaders face.

Strategic Capital Planning takes the FCA to the next level utilizing engineering professionals and data analysts who do more than merely assemble a list of needs. Gordian works hand in hand with the facilities managers and other key stakeholders to engage across the organization or community to design capital plans that marry technical needs with strategic vision and financial capacity. Using our Building Portfolio process, Gordian takes an overwhelming backlog and guides decision making so organizations can improve their facilities and slow the ongoing rate of project deferral.

Sightlines Space Utilization: Colleges and universities are under more pressure than ever to use campus spaces to their full potential. Finding common ground with stakeholders can be difficult in the face of demands to decrease costs, respond to changing enrollment and fairly evaluate space ownership.

Using advanced data analytics and a thorough assessment of teaching spaces, Sightlines Space Utilization offers the tools that will help separate fact from fiction around space usage, optimize the use of existing assets to avoid unnecessary costs and provide a foundation for strategic campus growth. Tailored recommendations empower administrators to make more informed decisions, negotiate around both shared and owned spaces and produce results that satisfy all campus stakeholders.

Sightlines Sustainability Solutions: Being an effective steward of your facilities is one thing. Acting as a good steward of the environment requires a different set of tools entirely.

Gordian provides campus sustainability professionals with Benchmarking and Reporting tools that ease the time-consuming burden of continuous data collection and reporting. This opens up more time for pursuing their true mission: advocating and implementing campus policies that minimize impact on the planet. Whether the goal is to measure carbon footprint, fulfill STARS, Carbon Commitment, Sierra Club and/or Princeton Review reporting requirements, Gordian has a sustainability solution that can help.

Sightlines Return on Physical Assets

Scope of Work

It can be hard to know which choices about your space, capital and operations are the right ones. **Sightlines Return on Physical Assets (ROPA)** provides the data-based perspective, contextual understanding and strategic recommendations needed to help you take informed action to evolve your facilities to their ideal future state. We'll work with you to establish an analytical framework for facilities decision-making, so you're certain your choices are founded on objective data and tied to historical and peer performance. As your trusted long-term partners, we'll be by your side with decades of industry experience and an unbiased perspective to guide you through your critical business decisions.

The ROPA Decision-Making Framework

What Can ROPA Do For You?

Establish Clear Communication and Action-Planning Across Your Organization

By defining a common vocabulary around facilities issues and creating alignment on priorities from boiler room to boardroom, our proprietary decision-making framework gives business officers and facilities managers the tools they need to articulate their shared vision for the community, institution, or district.

Technical Approach

Data Discovery and Benchmarking

Our proprietary model helps you take a vast amount of facilities data and turn it into actionable information for optimal decision-making. Our team leads a discovery process at every organization by extracting large amounts of base data from disparate local sources and converting it into usable information and knowledge. We create a historical performance profile and peer comparisons which lead to objective observation, contextual understanding and strategic discussion.

Process specifics:

- Conduct onsite collection and assembly of space, capital and operations data to create a minimum five-year performance trend for over 200 facilities metrics
- Data is processed using Gordian's standard Quantify, Verify, Qualify (QVQ) approach to ensure consistent data collection, accurate performance measurement and confidence in comparative information
- Longitudinal and comparative benchmarks are created to identify areas of opportunities and see how your performance stacks up against peers to help improve your competitive edge
- Issues are examined to understand impact on performance and set balanced investment targets
- Objective observations are shared to fuel knowledge-based decisions and strategies

Capital Renewal Projections

We take a detailed look at your facilities lifespan, spending patterns and average growth of deferred maintenance to provide an accurate projection of future investment needs. By anticipating capital

renewal needs, you're able to better align funding with priority projects and prevent future accumulation of critical deferred maintenance.

Process specifics:

- Accurately project 10-year system-level needs based on modeled life cycle cost data and institutional knowledge
- Compare projected investment capacity with future needs to measure impact of investments on deferred maintenance
- Develop action plans to lower the risk of system failures and improve the educational experience

Performance Measurement & Optimization

We provide an invaluable continuous improvement cycle by acknowledging historical accomplishments, setting targets based on internal goals and industry best practices and ensuring progress is sustained.

Process specifics:

- Identify key operating and capital metrics and establish strategic objectives for each
- Create performance dashboards to select and manage changes by targeting improvement opportunities and defining the pace of change
- Track results against best-in-class performers
- Reevaluate goals as your physical profile evolves

Deliverables

Over 50% of the organizations we work with have us presenting directly to their Board of Trustees or senior leadership to make the case for facilities stewardship. Our third-party perspective gives us the ability to effectively remove subjectivity and make credible recommendations that speak to the concerns of all stakeholders and help you reach the best outcomes for your organization. Our success tells us that effective deliverables must be understandable from the boiler room to the boardroom. Therefore, strategic and technical information must be integrated to ensure policy initiatives can be easily translated into tactical actions for implementation at all levels of the organization. During our initial year, Gordian will provide three presentations as deliverables:

- A data qualification meeting as part of the QVQ process
- Preliminary presentation that shares initial findings and strategic recommendations with leadership
- Presentation of findings developed in conjunction with the member to deliver a focused, simplified story to an executive or board-level audience

In addition, after the findings are delivered the Gordian team stays engaged across the rest of the year to provide additional analysis and support, as well as explore with your team ways of driving the gained knowledge into actionable plans and offer an added perspective with actions at other organizations.

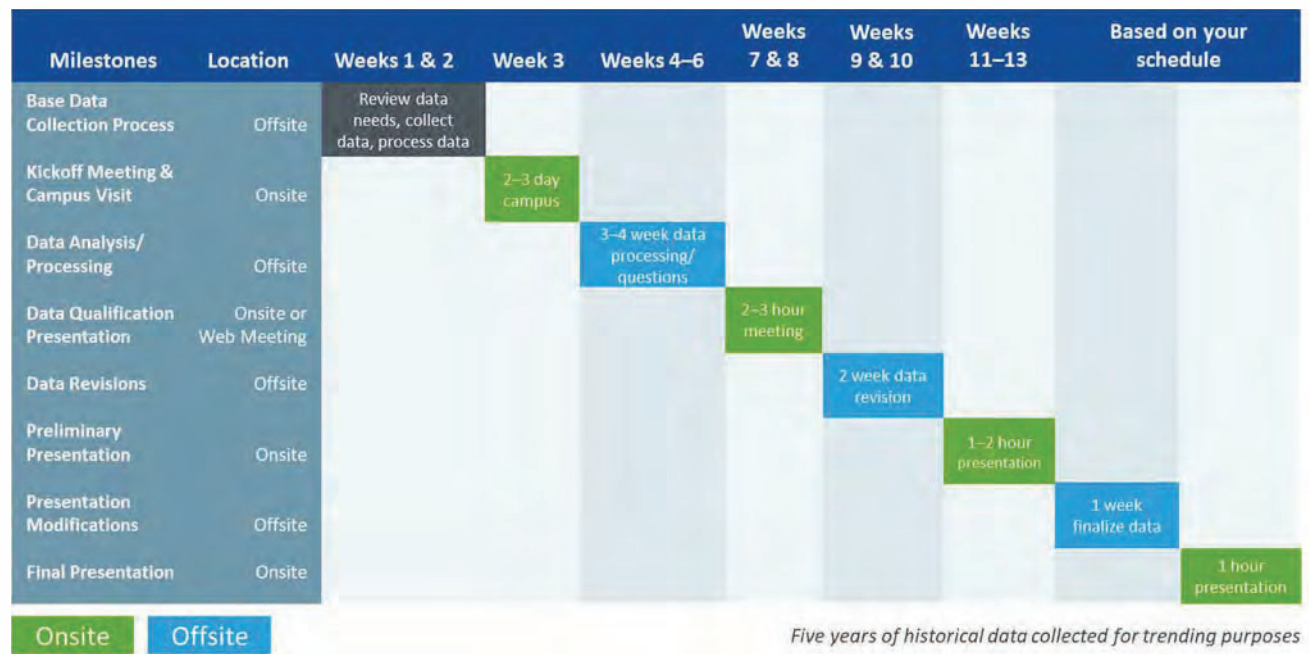

Subsequent years feature two presentations: a qualification and a final. Presentations are trustee quality and encourage key organizational personnel to participate in the final deliverable presentation.

In addition to presentation deliverables, key organizational personnel receive access to the Gordian's Member Portal, an online platform that provides quick access to facilities data, the ability to run comparative reports among all other Gordian Members and read access to reports and deliverables.

Project Schedule

Below is a typical schedule for the initial year of our ROPA service. Gordian takes you from data to discovery in 15-18 weeks depending on organizational schedules, facilities staff availability, data complexity and presentation milestones. Upon proposal acceptance, we will contact you to formalize our service schedule.

Sightlines Strategic Capital Planning

Executive Summary

The purpose of this document is to put forth a proposal for strategic analysis of facility needs and financial investment priorities through our **Sightlines Strategic Capital Planning** service. The goal of this service is to go beyond the traditional facilities condition assessment (FCA) and help your organization develop an actionable, long-term capital plan that aligns with strategic vision and financial realities to ensure each dollar is allocated to the highest priorities.

Our work with over 350 communities, institutions, and districts annually gives us unparalleled perspective on facilities stewardship strategies. It is this perspective that allows us to firmly state ***capital planning is more than just a project list***. Rather than simply “picking projects” from technical condition data, we will help you create a multi-year investment plan that aligns facilities and strategic priorities and engages decision-makers in a conversation about vision and financial realities.

By taking a different, more strategic and portfolio-based approach to managing your capital needs, Strategic Capital Planning is the comprehensive solution you need to make your facilities renewal more manageable and align project selection with strategic goals to achieve optimal investment outcomes.

Scope of Work

Gordian has developed a series of tools that will assist your community, institution or district in defining a multi-year investment plan instead of simply picking projects. The Strategic Capital Planning solution brings the concepts of financial investment and portfolio-based wealth management to the facilities

world, treating each building and grounds feature as an investment-worthy asset rather than a financial liability. This strategic focus allows decision-makers to target investments that reflect your mission and vision and ensure each dollar is allocated to the highest priority.

Unlike traditional facilities assessments that lead to disjointed project selection, our process builds transparency and constituency by engaging all levels of the organization from the boiler room to the board room. A focus on defined outcomes and total organizational engagement builds confidence in the process and the anticipated results.

Gordian's Strategic Capital Planning solution optimizes your limited resources by integrating the facilities organization, mission and vision, and the finance office. To this end, there is a focus on flexibility in both the process and the tools to ensure the development of an actionable plan:

- **Step 1 — Establish a Baseline.** Our flexible baselining process allows for you to choose the approach that fits best for each physical asset so that you only allocate precious resources where they are most necessary:
 - a. **Detailed Assessment** – For facilities which need a fine-tooth comb we will conduct an in-person condition assessment of the facility.
 - b. **Existing Data Migration** – Because resources are precious, we want to help you put existing data to work rather than reinvent the wheel.
 - c. **Core Systems Assessment** –A fully-remote approach leverages the power and insights that exist in Gordian's cost and facilities databases (RSMMeans, Gordian Planning, and Gordian JOC) to assess building needs at a system-level (Uniformat Level 3).

Because all three baseline approaches result in Uniformat codifications and are compared using RSMMeans pricing, we are able to create a consistent and apples-to-apples inventory of facilities needs across your portfolio of physical assets.

- **Step 2 — Integrate Operational Perspectives.** We harness the latent knowledge that exists within your organization by conducting interviews with facilities managers, frontline trades staff and other key stakeholders to validate our baseline data and ensure it is consistent with operational insight. This step helps us acquire operator input regarding the necessary repairs, priority, and timeframe, resulting in a more accurate list of facilities needs. Additionally, this step creates a sense of ownership with those ultimately responsible for the work and leads to an outcome with buy-in at every level of the community, institution, or district.
- **Step 3 — Create Building Portfolios.** We will use your leadership's goals and objectives to strategically segment your buildings into a portfolio of assets with similar functions, priorities, or other factor unique to you. Not all buildings are created equal, and our Building Portfolios process allows us to define areas of emphasis and provides a rationale for facilities funding distribution. This segmentation helps you form unique investment strategies and performance metrics that engage key stakeholders in a conversation about facilities and financial priorities and mission to accelerate decision-making.
- **Step 4 — Develop Multi-year Capital Plan.** With portfolios in place, Gordian supports resource allocation discussions and the creation of a capital investment plan. By adding an understanding of historical spending profiles, we can create outcome-based strategies that balance asset preservation with program adaptation in various financial scenarios to ensure practicality of results.
- **Step 5 — Ongoing Project Selection.** Project selection is a combination of art and science. Gordian's objective prioritization tools allow leadership to create and manage investment strategies that tie technical issues to vision and finance. Because they are objective, these tools help minimize the number of politically-motivated decisions and allow facilities leaders to create constituency and manage change. By providing access and training for our Gordian Cloud portal, we provide the team the ability manage the list independent of us, ensuring the priorities remain in focus for project selection.

Capital planning should not be a one-time exercise. Our solution is designed to integrate with your current planning systems: first by maintaining a live database so you can engage senior leadership as

organizational activity demands, and then by tracking performance to targets, which builds credibility for future appropriations.

The Process

Step 1: Establish a Baseline

Far too often, leaders start a strategic process by fixating on individual details without fully understanding their significance to the total result. By streamlining the path to a prioritized plan, we help you avoid putting effort and finances into extraneous details which are not critical to the organizational future.

Phase 1: Creation of Baseline Inventory

The first step in our process is to select a baseline approach that optimizes the relationship between cost and detail, keeping in mind that more detail comes with a higher financial cost and a longer lead time. Our flexible baseline methodology allows you to target high-priority buildings with Detailed Assessments, put old data back to work with an Existing data Migration, and reduce overall costs without sacrificing accuracy by choosing a Core Systems Assessment. For more detail on what each baseline approach has to offer, see below:

- a. **Detailed Assessment** – For facilities which need a fine-tooth comb we will conduct an in-person condition assessment of the facility. During this assessment we will:
 - i. inventory components at a granular level (Unifomat Level 5), confirming location, quantity, and renewal need
 - ii. conduct a visual inspection adhering to ASTM 2018-15 condition assessment standards
 - iii. identify each deficiency it's cause and recommended remedial action
 - iv. Create preliminary estimates of cost of replacement and/or remediation
 - v. Take and compile photographs to document critical deficiencies as appropriate

- b. **Existing Data Migration** – Because resources are precious, we want to help you put existing data to work rather than reinvent the wheel. If you have an existing assessment for a facility which still contains relevant, trustworthy data, allow us to migrate the data into our system so that it can be viewed in alongside other facilities in a comprehensive needs inventory and can make use of the strategic tools discussed later in the process.
- c. **Core Systems Assessment** – For facility which do not require a detailed approach, but where accuracy of information is critical, this fully-remote approach leverages the power and insights that exist in Gordian’s cost and facilities databases (RS Means, Gordian Planning, and Gordian JOC) to assess building needs at a system-level (Unifomat Level 3). This approach uses database cost-models, existing maintenance data, and user experiences to focus on the 20 most critical systems in each building which comprise over 95% of the identifiable needs within a facility. The system-level cost models are then customized for each unique facility to accurately reflect the specific needs of that physical asset.

Once the selection of the baseline approach is complete, the next step is to assemble the inventory through building assessments, data migrations, and cost-model creation. The resulting inventory is stored in Gordian Cloud’s secure platform, which leads us to phase 2.

Phase 2: Introduction and Setup on Gordian Cloud

To ensure the continued accuracy of the assessment data, Gordian makes our information accessible to you through our online platform, Gordian Cloud. This web-based platform will be the central repository for all detailed assessments, migrated data, cost models, and strategic tools as they are created. An introduction to this platform will begin during the baselining stage but will continue throughout the partnership with Gordian, as sustained engagement on the platform will be critical to the longevity and sustainment of the project results. Formal training on the usage of Gordian Cloud will be delivered after the conclusion of Step 4.

Step 2: Integrate Operational Perspectives

To harness the vast amount of latent knowledge held by your supervision and trades staff, Gordian will conduct interviews with facilities managers and other knowledgeable individuals. We find these interviews invaluable to:

- Confirm and adjust assumptions in the Core Systems and Detailed Assessments
- Confirm building and system alignment with operational objectives and direction.
- Validate life cycle and pricing estimates.
- Build operator confidence in the process, project recommendations and overall findings.

Supervisor interviews are an iterative process requiring equal involvement of your organization and Gordian staff. The time commitment required of organizational staff can vary, ranging from a few hours to a couple days. Because this stage runs through Gordian Cloud, these interviews can happen on-site or remotely through a web-meeting at your request.

Step 3: Customize Strategy Tools

Successful long-term planning requires more than a technical baseline. Gordian uses an array of strategic concepts as tools to tie facilities projects to the mission and vision of leadership and to define a framework for reinvestment funding. The primary strategic and functional prioritization tools are outlined below though others may be added as necessary to ensure a robust toolkit.

Building Portfolios

Organizing buildings into a portfolio of assets provides the means to reflect existing priorities and future aspirations. The Building Portfolio structures are often strategic, functional, geographic or a locally appropriate combination of these attributes which best highlight areas of emphasis or funding distribution across your community, institution, or district. This structure accelerates focus onto sequencing of future investments. Leadership can then target investments toward one portfolio over another or across portfolios as appropriate to best reflect your organizational goals and objectives. Projects can now happen in a transparently predictable fashion.

Project Category

The classification of a project helps to differentiate between a “want” versus a “need.” Gordian uses “Repair & Maintenance” where replacement is done in-kind and at end of life; an example would be replacing a roof when it begins to leak. “Modernization” is used to describe an improvement or an addition; common examples of modernization work would be the addition of an elevator in a building or the upgrade from a two-pipe heating system to a four-pipe heating and cooling system. “New Construction” needs are also clarified using Project Category to indicate that they too serve a different purpose than Repair & Maintenance or Modernization by adding to the facilities inventory.

Project Package

After codifying each project to a building or architectural system, Gordian assigns each project to a broader project package. Planning at a higher level, project integration (e.g. window replacements and brick pointing together) creates efficiencies among previously isolated projects. Typical packages are Building Envelope, Building System, Infrastructure, Space Renewal and Safety/Code.

Timeframe

Our experiences have taught us that the sequencing of work is essential to aligning financing to successful project execution. Multi-year investment time frames (immediate investment needs, 1-3 years, 4-7 years, 8-10 years, etc.) establish useful investment horizons based on age, condition and can be clearly communicated to leadership and decision makers without committing to individual project years.

Investment Criteria

Additionally, Gordian uses Investment Criteria to help decision-makers understand the importance or impact of a project. Each project is assigned to one of five Investment Criteria:

- **Reliability:** Issues of imminent failure or compromise to the system that may result in interruption to use of the space.
- **Asset Preservation:** Projects that preserve or enhance the integrity of building systems, building structure or local infrastructure.
- **Safety/Code:** Code compliance issues and safety priorities or items that are not in conformance with current codes, even though the system is “grandfathered in” and exempt from current code.
- **Program Improvement:** Projects that improve the functionality of space, primarily driven by facility occupants. These projects also address local impact and image needs.
- **Economic Opportunity:** Projects that result in a reduction of annual operating costs or capital savings.

Step 4: Develop a Multi-Year Capital Plan

The goal of the facility planning process is defining a plan that is credible, affordable and actionable. To accomplish this, Gordian engages leadership in an exercise that explores how the backlog came to exist, ties needs to vision and investment drivers, and develops multi-year funding plans based on strategy-driven outcomes for specific groups of buildings. Successful facilities plans deliver a capital program that will manage the rate of backlog accumulation, guide future investment decisions and ensure the effective use of gains made by capital infusions.

Background

As facilities budgets continue to be stretched and strained, leaders are faced with difficult decisions. It's not reasonable, or even fiscally responsible, to reduce the facilities backlog to zero, so the key is to define the backlog threshold that effectively manages facility risk. Gordian is not only able to communicate the size of the need, but we will explain how this need came to exist. An analysis of historical annual stewardship, capital investment and maintenance deferral will help outline where the organization has been to assure forward strategy will not repeat previous actions.

Frame the Outcome

We find that grouping projects within the five Investment Criteria categories outlined above is instructional in defining investment priorities. The process ties the raw project data to mission and objectives, effectively making the case for facilities funding through a balance of planned vision and physical plant needs. This analysis can be communicated to and understood by all constituents in the community, institution or district, in terms that are important to them.

Gordian uses Net Asset Value (NAV) as one important tool to help define outcomes by portfolio. Calculated as the replacement value less the total needs for the building divided by the replacement value, it represents the “percent good” remaining in the building. Equipped with NAV data by portfolio (and by building), Gordian will work with the key stakeholders and senior leadership to establish acceptable condition levels by portfolio.

A variety of methods are utilized to organize decisions made with the tools. One example to the right brings the Building Portfolio, Timeframe, and Investment Criteria together in a decision-making form to aid in setting investment priorities so leaders can move to the project selection phase of the process.

Portfolio / Investment Criteria	Building	A (1-4 Years)	B (4-7 Years)	C (8-25 Years)	Grand Total	% Invest	Investment Goal

Step 5: Project Selection

With an investment plan by Portfolio established, the process of deciding which projects to accomplish and in what sequence can commence. This is an iterative process guided by the multi-year plan. Understanding that annual priorities shift and impact project selection, these decision tools become an integral part of the planning and prioritization process moving forward for your organization.

Project selection is a combination of art and science. Technical issues of priority and reliability dictate the science. Occupancy, funding and the political environment guide the art.

Gordian will work with the community, institution, or district to assign a custom scoring methodology to rank projects within buildings where a Detailed Assessment was conducted or those facilities which otherwise have component-level detail. Creating an effective array of project scoring factors will increase both the transparency and effectiveness in the project selection process.

Each project receives a score based on the overall condition of the building, the importance of investment criteria and timeframe. Scores are customized to fit the specific needs of your organization. For example, an entity that wishes to stress fire protection and ADA compliance, Safety/Code projects can be given a higher score relative to others. A sample scoring scheme is shown here.

In this example, projects will be considered more urgent if they are imminent issues within critical systems in high-need buildings. Gordian will work with leadership to help guide toward the most effective and impactful set of project scoring factors for your organization. Our process includes tools that breaks ties for mid-range priorities.

Timeframe Score	X	Investment Criteria Score	X	Net Asset Value Score
-----------------	---	---------------------------	---	-----------------------

Timeframe	Score	Investment Criteria	Score	NAV Start	NAV End	Score
Backlog	5	Reliability	5	<10%	<10%	5
Timeframe A	4	Asset Preservation	3	10%	<20%	5
Timeframe B	3	Program Improvement	2	20%	<30%	4
Timeframe C	1	Safety/Code	4	30%	<40%	4
Timeframe X	0	Economic Opportunity	1	40%	<50%	3
				50%	<60%	3
				60%	<70%	2
				70%	<80%	2
				80%	<90%	1
				90%	100%	1

Total Project Score:
Maximum Score = 125 High Urgency
Minimum Score = 0 Low Urgency

Deliverables

Gordian deliverables are designed to effectively communicate findings to build broad support in the community and integrate with existing management systems. The results of the study are segmented between communication and physical deliverables.

Communication: Gordian will conduct four (4) on-site or remote presentations for the Strategic Capital Planning process:

- The first presentation will serve to review and qualify the summarized data from the building models, initial assessments and start the planning process.
- The second presentation will serve review planning and funding scenarios.
- The third presentation will be a review of the completed strategic capital plan and recommendations for next steps. This presentation will recommend a *strategic* course of action as well as:
 - *Provide context of historical funding levels and detail how the backlog came to exist.*
 - *Give a summary level overview of facilities needs highlighting key strategic issues.*
 - *Summarize Gordian's recommendation for a facilities reinvestment plan that ties to mission and available funding.*
- The final presentation can be given to senior leadership (e.g. CFO, President, School Board, Legislature, etc.) or the appropriate audience within your organization.

Virtual Deliverables:

- Web-based access to inventory of projects/assets and all associated information: timeframe, cost, Uniformat code, investment criteria, etc.
- Web-based access to dashboards containing visual summaries of the inventory by building, Uniformat level and portfolio.
- Training for client-team on how to access and use web-based portal and ongoing support from Gordian-team with regards to usage and issues

Physical Deliverables:

- A recommended ten-year project plan by investment criteria that ties to mission, operations and finance.
- PDF copies of all presentations delivered by team throughout the timeline of the engagement.

Schedule

Typical Project Schedule

Gordian's standard is a 20-week schedule to deliver our Strategic Capital Planning service. A draft timeframe is shown below. We can adjust our project calendar based on the needs of each institution, district or entity. Timelines may be refined upon project acceptance based on mutual agreement of the parties. Achievement of the milestones and deliverables within this schedule is fully dependent upon the availability of buildings, staff and data.

Week #	Component	Milestones for this Week
3-week hold	Pre-Weeks, Kick-Off Presentation	Scheduled dates & times for all meetings Collect existing base data Introduce strategic tools Discuss common costing and life cycles
1	Building Walk-Throughs and System Setup	Buildings Inspected (if necessary) Core Systems Assessment models created
2-4	Data Processing	List skeleton built, inspection data entered
5	Supervisor Interviews	All interviews completed Collect all capital planning documents - funding, projects, etc. Discuss investment objectives
6-8	Data Processing	All projects priced & codified All interview follow-ups completed
9	Data Qualification Meeting	All follow-up questions addressed Finalized project inventory Introduction to Gordian Cloud
10-12	Data Revisions	All changes made
13	Strategy Qualification Meeting	Finalized strategic tools Finalized portfolios Discuss funding availability
14-16	Data Cleanup	Preliminary Presentation built
17	Preliminary Presentation	Capital Plan finalized Initial training for Gordian Cloud
18-19	Data Refinement	Final Presentation built
20	Final Presentation	

Sightlines Space Utilization

Scope of Work

Gordian has provided information on our Sightlines Space Utilization solution, and is uniquely qualified to offer actionable space management recommendations to your leadership. The four primary components of Gordian Space Utilization Solution are:

- **Field inspection of each classroom and its components, including technology**
- **Coordinated effort to solicit feedback from students and faculty**
- **Assessment of classroom and position utilization**
- **Review of institutional scheduling policy**

The service proposed combines academic space profiling, classroom and lab utilization assessment, and facility condition and modernization assessments into a single effort to guide space planning.

There is one imperative in managing college & university facilities — programs change over time. Teaching methods constantly evolve, instead the living and learning environment seldom keeps pace. We have seen new spaces require renovation just after building occupancy to respond to the change in program needs over the timeframe of building design through construction. Such rapid functional obsolescence creates great pressures upon capital budgets. Spaces “churn” well before their physical lifecycle while building envelopes and mechanical systems reach lifecycle expectations.

Although it is impossible to accurately forecast space changes five or more years in the future, there are methods to understand why spaces are functioning effectively or not. Gordian believes that an understanding of the utilization rates, the space use, and the instruction methods are key.

The Gordian approach uses three distinct data points to better contextualize the results of any utilization analysis.

1. Granular utilization data, broken down into 15-minute intervals by class and room, allows for better insights into utilization trends.
2. Condition, technology, and configuration data for each potential teaching spaces identifies the characteristics of the most and least popular rooms.
3. Focus group information adds in user opinions from faculty and students, the end users of the spaces.

This three-pronged approach not only gives insight into utilization levels, but gives the tools for the institutions to understand why the results are what they are and how best to approach future changes. In addition, our qualification of the data helps to ensure the data is accurate, that any scheduling nuances are addressed and communicated correctly to all institutional audiences.

While our methodology and approach is standardized, our recommendations and visual deliverables are flexible to allow for customized modeling, best supporting campus needs and the impact of future changes. Our clients have successfully overcome internal politics, to implement significant space management improvements. Gordian service offers both short-term and long-term recommendations, and facilitates the process of getting these recommendations approved. Our clients have successfully upgraded classrooms, in response to stakeholder feedback, centralized scheduling of department-held classrooms, and “found” space without having to build new.

The services proposed combines academic space profiling, classroom and lab utilization assessment, and facility condition and modernization assessments into a single effort to guide space planning.

There is one imperative in managing college & university facilities — Programs Change Over Time. Teaching methods constantly evolve, but the living and learning environment seldom keeps pace. We have seen new spaces require renovation just after building occupancy to respond to the change in program needs over the timeframe of building design through construction. Such rapid functional obsolescence creates great pressures upon capital budgets. Although it is impossible to accurately forecast space changes five or more years in the future, there are methods to understand why spaces are functioning effectively or not. Gordian believes that an understanding of the utilization rates, the space use, and the instruction methods are key.

Gordian suggests the following process to meet the objectives outlined in the RFP:

Step 1: Assemble the Core Data

We compile a data base of scheduled spaces, capacities, interior conditions and technology assets to understand the current state of your school’s spaces. Gordian will document all of the components in each room, how these components work effectively to support program, and how these components should be modernized in future capital investment plans. Documentation of existing space utilization both

by room and position (chair) use. In addition, analysis the spread of existing space versus what is currently needed for class enrollments.

Gordian will:

- **Document Building size, configuration, and layout of space**
- **Utilize existing 2D (8½" x 11") floor plans and CAD drawings create a database of room sizes, use, and assignment.**
- **Quantify the academic spaces as to size, components and condition.**
- **Complete a detailed review of the classroom and lab schedules for four semesters.**
- **Identify the utilization of each room by comparing the schedule of room usage to the available times the room is available to be scheduled.**
- **Classify the position utilization by quantifying the numbers of people in the class as compared to the room's capacity.**
- **Document the space condition and its success in supporting program (mediation, computer integration, seating, shading, etc.)**

Step 2: Complete an Advanced Data Analysis

Once the data is gathered, we'll provide you a detailed picture of classroom usage and scheduling trends and communicate the financial impact of those trends.

Step 3: Conduct Focus Groups

We give key stakeholders a seat at the table to provide input on space needs and conditions. Deans, faculty, and facilities staff – everyone has a voice because space utilization affects the entire campus experience. Gordian will solicit feedback from students and faculty to understand internal preferences and rationale for room use by asking questions on comfort (NSF per student), location and availability.

In addition, Gordian will review the institutional scheduling policy. In every campus there are idiosyncrasies in programs and between departments that over time incrementally fragment space scheduling and utilization. Some of these policies are intentional and some are not. Some of these policies are desirable and logical in support of campus program and some are not. Gordian will define these issues and support a discussion of these policy attributes, potential issues, and options for change.

Step 4: Provide Actionable Improvement Options

All the information in the world won't matter without an action plan. We'll deliver independent recommendations for improvement to help you reach the outcomes you desire for standards, space utilization efficiencies, and adaptive reuse of space

Space assessments often suggest the renovation and or the creation of new space. Gordian has also discovered that campuses can attain a more effective outcome by considering the re-use of a space for an alternative function. Building a new lab building and converting the old lab to housing for example is an adaptive reuse that reaches program goals for far less resources than building two new facilities.

The recommendation process is iterative between the Gordian team and the client. After all of the data is reviewed and verified, the Gordian team will hold a preliminary presentation to share the findings and highlight recommendations. After feedback Gordian will refine, if necessary, the draft survey to a final report.

Deliverables

Gordian deliverables are designed to effectively communicate findings to build constituency with the client. Gordian will conduct three presentations of the Space Utilization Solution onsite. The first will

serve to qualify the data and initiate the scenario planning process. The second presentation will be a preliminary session given to those who participated in the effort to validate findings and identify questions with data collection and/or analysis. The final presentation can be given the appropriate audience.

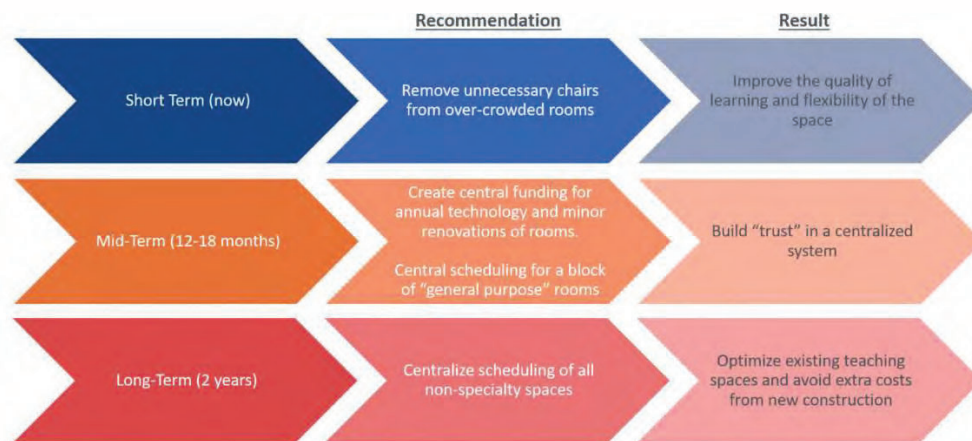

The preliminary and final presentations will:

- Correlate existing academic program review information with the existing classroom physical profile and utilization to define key attributes for successful teaching environments.
- Analyze the classroom needs based upon current program and provide models to forecast the impact of enrollment changes.
- Analyze where capital efficiencies are obtained to meeting academic space needs — through renovation, additions, new construction, or adaptive reuse of space.
- Define order of magnitude capital and operating costs for investment options defined.
- Correlate changes in space to the institution's wealth profile to indicate, over the long term, the implications of facility overhead to the current / forecast campus financial profile.

Room Capacity vs. Course Enrollment Size

This vision should provide the ability to develop a future scenario, define the variances to the existing conditions, and detail the probable range of financial implications of the actions. Having implemented such tools for over one hundred institutions, Gordian has the experience and knowledge to assure success of implementation over the long term. Gordian takes great pride in understanding the institutional financial pressures and customizing solutions that are financially realistic, operationally sound, and sustainable over time.

Teaching space Inventory

Gordian will provide a room inventory of condition and components in Excel format that can be analyzed by individual building, room type, specific room, time of day, or day of the week.

Photographs

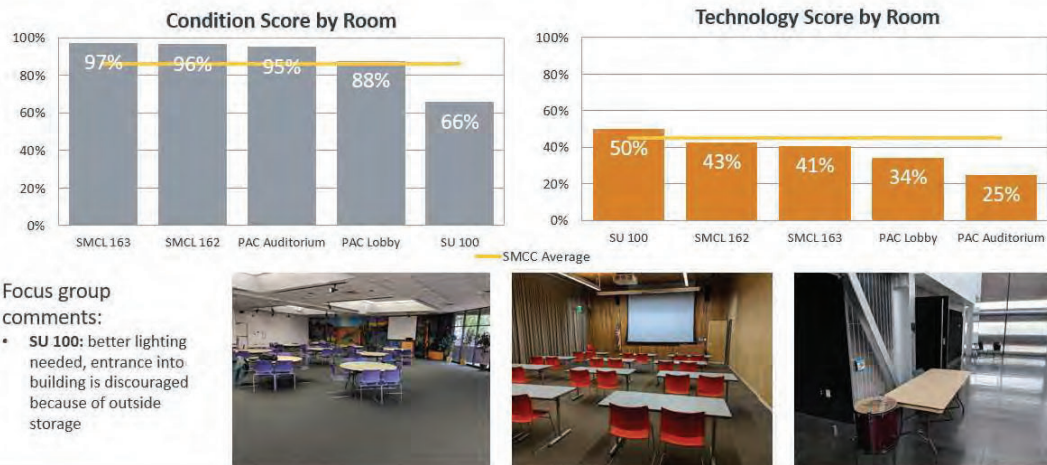

Gordian will provide digital photographs, for each facility and each teaching space evaluated, highlighting overall appearance, furniture and technology as part of the final report and deliverable dataset.

The Gordian approach uses three distinct data points to better contextualize the results of any utilization analysis.

1. Granular utilization data, broken down into 15-minute intervals by class and room, allows for better insights into utilization trends.
2. Condition, technology, and configuration data for each potential teaching spaces identifies the characteristics of the most and least popular rooms.

- Focus group information adds in user opinions from faculty and students, the end users of the spaces.

Specialty Rooms/ Event Space

This three-pronged approach not only gives insight into utilization levels, but gives the tools for the institutions to understand why the results are what they are and how best to approach future changes. In addition, our qualification of the data helps to ensure the data is accurate, that any scheduling nuances are addressed and communicated correctly to all institutional audiences.

While our methodology and approach is standardized, our recommendations and visual deliverables are flexible to allow for customized modeling, best supporting campus needs and the impact of future changes.

Sightlines Campus Sustainability

Scope of Work

Gordian has been active in the higher education sustainability community since 2007. Our collaboration with Clean Air - Cool Planet led to the initial version of our service intended to help institutions satisfy the early requirements of Second Nature's Climate Commitment. Since then we have completed over 500 greenhouse gas inventories and been a frequent contributor of content to numerous green publications, conferences, and other media.

Today, our Campus Sustainability solution is more than just a greenhouse gas inventory. Gordian independently validates sustainability performance and supports our members as they create and expand their climate

programs. Working with our members, we make strategic recommendations to enhance environmental stewardship, connect sustainability to other campus investments, and help communicate plans to various constituencies on campus. Our solution provides institutions with accurate and verified information regarding their green programs as well as the ability to benchmark their performance with over 50 other member institutions through our Member Portal.

Gordian uses *SiMAP (Sustainability Indicator Management & Analysis Platform)*, developed by the Sustainability Institute at the University of New Hampshire, to quantify and track greenhouse gas

Our QVQ Process:

To ensure the highest level of quality and consistency in our data collection, we:

- Collect data on site using our staff
- Use standard templates to gather valid comparative information
- Create a five-year performance trend for all data
- Correlate performance metrics and logical data relationships to establish confidence
- Qualify the data via presentation to key institutional personnel

emissions. This tool provides a credible and replicable base for measurement and comparison. When combined with Gordian proven data collection and qualification tools, *SiMAP* can assure consistency and comparability in measurement. Additionally, since it is the most accepted tool within higher education, Gordian's Campus Sustainability solution supports clients as they fulfill the quantitative requirements of Second Nature's Carbon Commitment and AASHE STARS, which recognize the *SiMAP* as their preferred methodology and baseline for measuring future greenhouse gas reductions.

Data Collection Process

The initial process performed at each institution involves the collection of five years of data (a historic review of four years plus the current year's data) to allow evaluation of trends and to assure accuracy moving forward. Each year following, data collection is performed for the recently completed fiscal year.

All Gordian services are designed to convert a wealth of campus data to usable information and actionable knowledge. Gordian uses its own staff to collect and validate base data from each institution. We do not rely on self-reported surveys or questionnaires. Our QVQ Process (Quantify, Verify, Qualify) is designed to achieve confidence and credibility in facilities and sustainability data. Since Gordian visits every campus and applies the QVQ Process consistently each year, members can "compare with confidence" now and into the future.

What do we measure?

Scope 1: Primarily composed of fossil fuel combustion for heating, cooling and other power generation; also fertilizer, campus vehicle fleets, refrigerant releases and research livestock.

Scope 2: Indirect emissions from the generation of power or other end-use utilities imported to the institution.

Scope 3: Other indirect emissions that are the result of the institution's activities but not owned or controlled by the institution (can be difficult to measure, includes commuting, air travel, waste disposal, paper

Gordian utilizes *SiMAP* to compile GHG inventories and to assure comparability among members. The calculator adheres to World Resources Institute Greenhouse Gas Protocol which puts forth a standard categorization of emissions. There are many gases that contribute to global warming. All emissions are expressed in units of carbon dioxide equivalents or MTCDE (metric tons of carbon dioxide equivalents). Regardless of the emission type, one MTCDE is equal to the global warming impact of one metric ton of carbon dioxide.

Gordian measures scope 1, scope 2 and scope 3 emissions. Second Nature states that the GHG inventories for signatories must include a full accounting of scope 1 and scope 2 emissions. Scope 3 reporting is only required for commuting and directly financed air travel. Gordian makes every effort to account for emissions as thoroughly as possible and views this as a minimum requirement.

The following chart details the data required for Sustainability Solutions. Prior to on-site data collection, a web-based meeting will be scheduled to review the availability of data, confirm the timelines, and determine a presentation date.

Data Elements Collected

Data Component	Description/Action
Utility Cost & Consumption	Collect utility information by fuel or energy type Determine source of electric purchases
Generation Review	Overview of utility systems and efficiencies of generation (if applicable)
Space Profile Review	Identify square footage to be analyzed
Community Population Review	Standardize population data (FTE) Collect data for faculty, staff and students

Agriculture	Headcounts of livestock on campus (if applicable) Fertilizer consumption (pounds and nitrogen content)
Commuting	Review existing commuting analyses Execute web-based Gordian Commuting Assessment Collect zip codes for faculty, staff and student commuters Identify percent of residential faculty, staff and students
Directly Financed Travel	Collect distance or cost of directly financed travel Determine mode of directly financed travel
Fleet Vehicles	Fuel use by type for institution owned/leased vehicles
Waste Disposal & Recycling	Tons of waste disposed Method of disposal (landfill/incineration) Tons of construction waste Tons of recycled materials Tons of composted waste
Refrigerant Use	Volumes of refrigerants used by type
Water/Sewer	Water and sewer use in gallons Separate irrigation and utility systems (if applicable)
“Green” Construction	Square footage of LEED certified buildings

Timeframe

Gordian will work with you to determine the most appropriate schedule for site visits and presentations.

The following tables contain suggested milestones for both solutions:

Data Component	Description/Action
Data Collection	Data collection will begin with a web-based meeting to discuss required data and scheduling. One day on-site or web based meeting will be scheduled.
Analysis – QVQ Process	Analysis of data should span approximately three weeks with a web-based or live meeting to follow. Data will be qualified.
Deliverables	Deliverables will be available approximately one-month after on-site data collection – contingent on data collection being complete.

Deliverables

As in any organizational or process assessment, the final deliverables are crucial to the successful implementation of recommendations. Gordian provides “trustee quality” deliverables which provide both summary and detail findings of Sustainability Solutions. We have found that effective deliverables must be understandable from the boardroom to the boiler room. Therefore, information is integrated to include both strategic and technical components. This integration helps assure that strategic policy initiatives can be easily translated to tactical actions for implementation at all levels of the organization.

Gordian provides the following deliverables:

- PowerPoint presentation of the results delivered either on-site or via webinar;
- Gordian Member Portal which provides full access to all institutional environmental data and the ability to run comparative reports among all Gordian members.

Provide Strategic Recommendations

Project has a 12-year payback period, but addresses \$64M in risk

Project Future Scenarios

New Prediction Tool estimates future emissions, based on anticipated changes in:

- Enrollment
- Campus GSP
- Infrastructure/systems
- Campus fuel mix
- Electric grid intensity
- Vehicle efficiency

Sustainability Reporting

Scope of Work

Gordian has been active in the higher education sustainability community since 2007. Our collaboration with Clean Air - Cool Planet led to the initial version of our service intended to help institutions satisfy the early requirements of Second Nature's Climate Commitment. Since then we have completed over 500 greenhouse gas inventories and been a frequent contributor of content to numerous green publications, conferences, and other media.

Gordian now turns its data collection and analysis skills towards assisting institutions to participate in the AASHE STARS program. Gordian can facilitate collection of all data and report results related to the four STARS modules:

- **Operations** – Credits reflecting the physical administration of the campus including greenhouse gas emissions, green constructions, food services, transportation, waste, etc.

- **Academics** – Credits that recognize institutions that have formal education programs, research programs and courses that address sustainability.
- **Engagement** – A series of metrics that demonstrate the presence of sustainability related learning experiences outside of the classroom and for all members of the community and beyond.
- **Administration & Planning** – Credits related to the organizational structures that support sustainability, workplace programs and campus investment.

The completion of each module will rely on robust data collection paired with key stakeholder interviews to validate and clarify findings. Where data is not available for collection, Gordian will make recommendations to the institution regarding enhanced systems for future years.

Prior to beginning the reporting process, the institution is responsible for listing Gordian as “Data Entry” User within STARS Reporting Tool. The institution is also responsible for all costs associated with STARS Reporting access.

Sightlines Serves as Project Managers

Using specialized tools, we efficiently:

Important Data Note

Gordian will expire all reasonable efforts to collect each data piece (3 data requests via phone and/or email, followed by troubleshooting with key campus leaders) to overcome any data collection issues. Any data not provided in a timely manner, despite these systematic outreach efforts, will not be included in the Gordian analysis. Secondly, any institution may choose not to pursue a credit, for any reason. Once a decision is made not to pursue a credit, Gordian will cease all collection efforts related to that credit.

Deliverables: Sustainability Reporting

Gordian provides the following deliverables:

- PowerPoint presentation of the results delivered either on-site or via webinar which outlines:
 - Data Collected
 - STARS Performance

- Recommendations for continuous improvement, including:
 - Short Term Recommendations that can be implemented before the next reporting cycle with limited capital and/or manpower
 - Long Term Recommendations that will require more time and/or resources to implement
- Completed STARS report (for each contracted section)

Timeframe

Our Sustainability Reporting solution streamlines your STARS reporting. We will work with you to determine the most appropriate schedule for our on-site visits and presentations. The following table describes the schedule generally:

Stage	Description/Action
Kick Off/Mobilization	Formally initiate the project with key stakeholders
Data Collection & Processing	Data collection will begin with a web-based meeting to discuss required data and scheduling. Four weeks off-site.
Interviews	Interviews (2-3 days depending on scope of work) Data will be qualified via email to the proper campus contacts who must review and sign-off.
Qualification of Data	Review of inventory with key stakeholders
3rd Party Data Review	Gordian assigns individual to perform a review of the analysis separate from the core assessment team
Gap Analysis	Analysis areas of opportunity for additional points
Preliminary Submission of STARS Report	Submit STARS report for a preliminary score from AASHE
Data Revisions with AASHE Guidance	Update STARS report with feedback from AASHE and finalize gap analysis
Presentation & Deliverables	Deliverables will be available approximately one-month after on-site data collection – contingent on data collection being complete. A presentation of final deliverables: 1. Completed STARS report 2. Senior level presentation

SECTION I: UNIVERSITY OF CALIFORNIA OVERVIEW

A) Background

The University of California (“UC”), one of the largest and most acclaimed institutions of higher learning in the world, is dedicated to excellence in teaching, research, health care and public service. It is a public institution with annual resources of over \$34 billion and encompasses ten campuses, six medical schools and five medical centers, four law schools and a statewide Division of Agriculture and Natural Resources. The University is also involved in the operation and management of three national laboratories for the U.S. Department of Energy.

System-wide management of the University of California is assigned to the Office of the President based in Oakland, California. Its divisions oversee UC’s academic mission, budget, external relations, legal matters, and business and financial activities (including the UC Office of the Chief Investments Officer). The University is governed by a Board of Regents consisting of 26 members, 18 of whom are appointed by the Governor for 12-year overlapping terms.

Official incorporated entity: The Regents of the University of California

B) Job Order Contracting Operations Summary

UC Facilities and Construction Services departments operate system-wide providing guidance, support, and training to campus capital programs, construction and facilities staff. The University utilizes innovative strategic options to deliver projects, manage costs, and mitigate project risk by advocating industry best practices and crafting complementary policies, procedures, guidelines, contract documents, and educational opportunities.

The Job Order Contracting delivery method is one such option to provide value and efficiency to the campus stakeholders. Utilized by teams in Facilities Management, Design & Construction Services, Housing & Dining, and UC Health, the University JOC program covers a wide range of trade specific projects as well as recurring maintenance solutions. It is anticipated that over the potential 10 year agreement life, that the University JOC program will reach \$30M in spend.

The University describes a job order contract (JOC) as a contract for a fixed term or maximum dollar value, whichever occurs first, in which a contractor is selected based on a competitive bid to perform various separate job orders during the life of the contract. Contract award is based on the bidding contractor’s adjustment factor, a multiplier used to determine the

contractor's costs relative to the "pre-priced" unit costs compiled in a Unit Price Book. The adjustment factor represents all of the contractor's costs (indirect and direct) and profit not included in the pre-priced unit costs. The contract may be modified by amendment or change order. Change orders include additions to the Unit Price Book and the University's unilateral option to extend the contract.

Job order contracts are typically used for well-defined, recurring or repetitive work where quick execution is essential, not for single unique or complex projects.

The JOC has an initial term of one year, with options to extend the term twice for one year intervals at the sole discretion of the University. Each option may be exercised after the previous term has expired or the maximum dollar value for the term has been reached, whichever occurs first. The adjustment factor for the initial term may be updated for use in subsequent option terms based on changes in the Construction Cost Index.

The University's maximum value of each contract term is \$5 million. The maximum value of any job order is \$1,000,000. The guaranteed minimum value of work under the contract is \$25,000. The minimum value of any job order is at the discretion of the campus.

Outside of the University, Participating Public Agencies may determine their maximum contract value at their discretion, including the maximum and minimum values pertaining to any job order associated with this Master Agreement.

SECTION II: INTRODUCTION TO THE REQUEST FOR PROPOSAL

The University of California seeks a system-wide agreement to administer its JOC Services program for one term of five (5) years with the University's option to renew five, one year extensions after the term is successfully completed (10 years total). The successful Supplier(s) shall be required to meet the requirements listed within this solicitation.

National Contract

The University of California, as the Principal Procurement Agency, defined in Exhibit A, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The University of California is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on Exhibit C, or as otherwise agreed to. Exhibit A contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries and affiliates, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and publicly competed. The Supplier benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (Exhibit A, B, F, G).

The University anticipates spending approximately \$30M over the full potential Master Agreement term for Job Order Contracting. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Job Order Contracting purchased under the Master Agreement through OMNIA Partners is approximately \$100M. This projection is based on the current annual volumes among the University of California, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

All items are subject to review and approval by the University.

SECTION III: PROPOSAL EVALUATION METHODOLOGY

Responsive Proposals will be evaluated using a Best Value method. Best Value means the most advantageous balance of price/cost, quality, service performance and other elements, as defined by the University. University evaluators will determine the Proposal's value by scoring the Proposals based on a uniform set of weighted evaluation criteria. Each Proposal's Best Value score will be the average of all evaluators' total scores awarded for the Proposal. The University will have determined the Maximum Possible Price Score prior to the Proposal due date. The Proposal with the Maximum Possible Price Score will be considered the lowest responsive Proposal.

All other responsive Proposals will receive a proportion of the Maximum Possible Price Score equal to the quotient of the lowest Proposal's cost divided by that Proposal's cost. Each

Proposal's Price Score will be added to that Proposal's Quality Point Score to get that Proposal's Total Score. The Proposal with the highest Total Score will be considered the "Best Value". The Proposal with the next highest Total Score will be considered the second Best Value, and so on. The University will then determine if the Supplier submitting the Best Value Proposal is responsible. The apparent RFP winner(s) will be the responsible Supplier(s) submitting the Best Value Proposal. The University's selection may be made on the basis of the initial Proposals or the University may elect to negotiate with Suppliers who are selected as finalists. The Evaluation Team may utilize Supplier's Oral Presentations, software demonstrations, additional material information, or References from the Supplier and others to come to a determination of award(s).

The University reserves the right to make evaluation decisions at its sole discretion. In performing its review of proposals, the University reserves the right to obtain and use in its evaluation any independently derived information including, but not limited to, financial reports and secondary customer references.

Right to Cancel/Modify

The University reserves the right to change any aspect of, terminate, or delay this RFP, the RFP process and/or the program outlined within this RFP at any time. Notice shall be provided in a timely manner thereafter. The University may award the contract without further discussion or may enter into negotiations with the apparent RFP winner. Should the apparent RFP winner fail to accept the award, the University may determine that that Supplier has abandoned its Proposal. The University may then enter into negotiations with the responsible Supplier submitting the second Best Value Proposal. If that Supplier fails to accept the award, the University may determine that that Supplier has abandoned its Proposal and enter into negotiations with the responsible Supplier submitting the third Best Value Proposal and so on to each successive responsible Best Value Supplier until an award is made and accepted. The University may also conduct concurrent negotiations with responsible Suppliers for the purpose of altering or otherwise changing the conditions, terms and price of the proposed contract unless prohibited. Suppliers shall be accorded fair and equal treatment in conducting negotiations and there shall be no disclosure of any information derived from proposals submitted by competing Suppliers.

Right to Make No Award

The University reserves the right to reject all Proposals and to make no award. Unless stated otherwise in this RFP, the University reserves the right to make multiple awards or to award items separately or in the aggregate as the interests of University may appear.

Minimum Criteria

Proposals will be screened as to whether the following minimum qualifications are met:

- The proposal must be submitted on time.
- The proposal includes all requested documents and has fully answered all required questions.

Evaluation Criteria

Qualification measurements may include, but are not limited to:

Section	Weight
Company Profile	15%
Sustainability	15%
Pricing	40%
Technology Capabilities	30%

Proposal Acceptance

Proposal must be complete and comply with all specifications and legal requirements set in this Request for Proposal.

The University reserves the right to reject any submittals which are:

- Incomplete or non-responsive
- Late (late Proposals are immediately rejected)

If, at any time, it is found that a person, firm or corporation in their response to this RFP, or to which an Agreement has been awarded, has colluded with any other party or parties, the University reserves the right to reject the proposal(s) and/or terminate any Agreement(s) so awarded and all parties involved in the collusion shall be liable to the University for all loss or damages which the University may have suffered.

Anticipated Start Date	11/7/2020

The University does not guarantee the above schedule and reserves the right to modify this schedule at its discretion. **Please mark off calendars****

***The UC reserves the right to conduct interviews with some or all of the Supplier's at any point during the evaluation process. While presentations are anticipated for this project, the UC may determine interviews are not necessary. In the even interviews or presentations are conducted, information provided during the interview/presentation process shall be taken into consideration when evaluating the stated criteria. The UC shall not reimburse the Supplier for the costs associated with the interview process.*

SECTION V: SUPPLIER REQUIREMENTS

The requirements shown below are essential to the UC for proposal consideration. Supplier's failure to provide or be in compliance with any one or more of the following requirements will negatively impact the evaluation of Suppliers proposal and may result in disqualification. All required documents must be accepted before Suppliers can submit proposals on the CalUSource platform.

- a) The University of California Terms and Conditions of Purchase, dated 2/27/20, as referenced in **Guidelines to this RFP**, will be incorporated into any Agreement that may result from this RFP.

- b) The University of California Appendix – Data Security and Privacy, dated 8/12/19, as referenced in ***Guidelines to this RFP***, will be incorporated into any Agreement that may result from this RFP.
- b) All proposals shall remain available for UC acceptance for a minimum of 180 days following the RFP close date.
- c) No late proposals will be accepted. Any proposals received after the specified deadline for submission shall result in automatic disqualification.

SECTION VI: GENERAL INFORMATION

A. Issuing Office and Communications Regarding the RFP

This RFP, and any subsequent addenda to it, is being issued by the System-wide Procurement Services Department on behalf of The University of California Office of the President. The System-wide Procurement Services Department is the sole point of contact regarding all procurement and contractual matters relating to the requirements described in this RFP. System-wide Procurement Services is also the only office authorized to change, modify, clarify, etc., the specifications, terms, and conditions of this RFP and any Agreements(s) awarded as a result of this RFP.

Any requests for clarification concerning this RFP must be submitted via the CalUSource

platform, under the Discussion Forum icon .

The submission of RFP response, pricing proposal and attachments must be submitted via the CalUSource e-Sourcing application, as further detailed in the *“Instructions for Submitting Proposals”* below.

Suppliers are advised that failure to adhere to the above communications requirements may result in disqualification.

B. Supplier RFP Zoom Call

Suppliers are welcome to join a **Supplier RFP Zoom call hosted on Tuesday, June 14th at 10:00am PST**. Please email Sean.Parker@ucop.edu for details and a log in link. This call will review the function of the CalUSource platform and how to submit proposals.

C. Instructions for Submitting Proposals

Proposals in response to this RFP must be submitted online using the CalUSource e-Sourcing application no later than August 4th, 2020 at 5:00 p.m. (PT).

Please review the [CalUSource Resource Guide](#) for any questions regarding operation of the RFP platform and submitting proposals.

Suppliers are to complete the questionnaire section(s) directly in the Excel templates provided in the CalUsource e-Sourcing application. Fill in these templates and upload them into CalUsource before submitting. Note: There are four (4) Questionnaires (Company Profile, Sustainability, Structured Offering and Technical questions).

Additional documents to support answered questions in the templates shall be submitted in the Attachment Section of the CalUsource e-Sourcing application.

******CalUsource requires significant time for accurate data entry. Suppliers are encouraged to review the Resource Guide and familiarize themselves with the process of responding, leaving adequate time to submit the proposal. General information and support is available by email: support@ucprocure.zendesk.com; or, for CalUsource technical issues, contact GEP Support: 1-732-428-1578 or support@gep.com. Please identify yourself as registering in the University of California network.******

Suppliers must provide a complete, straightforward, concise response to all prerequisites, questions and information in the RFP as detailed. Submission of a proposal via the CalUsource e-Sourcing application confirms Supplier's understanding and acceptance of all requirements, terms, and conditions of the RFP.

Supplier must not provide superfluous materials such as marketing materials or website links in response to, or in lieu of, specific responses to the questions herein, and may be disqualified for providing superfluous materials.

D. Addenda to the Request for Proposal

Any changes, additions, or deletions to this RFP will be in the form of written Addenda issued by the University of California via email or the CalUsource e-Sourcing application. The University will not be responsible for failure of any prospective Supplier to receive such Addenda. All Addenda so issued shall become part of this RFP.

E. Supplier Questions

An opportunity to submit questions will be allowed up to **5pm (PT), July 22, 2020**.

Note: All Supplier questions will be shared with all RFP participants, without attribution, on

the CalUsource platform under the Discussion Forum icon . Email responses will not be provided.

F. Proposal Acceptance

The proposal must be completed and submitted via the CalUsource e-Sourcing application on the forms provided or in the format indicated herein.

All documents submitted to the UC on behalf of this RFP will become the exclusive property of the UC system and will not be returned.

G. Proposal Format

Proposals should demonstrate a clear understanding of the Scope of Services and contain a comprehensive discussion of how the Supplier will fulfill the requirements of the Scope of

Services, including a discussion of the important features and Supplier attributes, highlighting any aspects, which separate it from its competitors. The UC reserves the right to make additional investigations as it deems necessary to establish the competence and financial stability of any Supplier submitting a proposal. Additionally, to comprehensively evaluate the proposals received, the UC may seek additional information or clarification from one or more of the Suppliers. Experience with the UC and entities that evaluation committee members represent may be taken into consideration when evaluating qualifications and experiences. The proposal should be submitted using the appropriate response templates provided on CalUSource:

1. Company Profile Questions
2. Sustainability Questions
3. Technical Questions
4. Structured Offering (Pricing) Questions

H. Proposal Preparation Costs

Supplier will bear all costs incurred in the preparation and submission of the Proposal and related documentation, including Supplier's presentation to UC. If Supplier is apparent awardee, Supplier will bear its own costs in negotiating and finalizing an agreement with the University.

I. Agreement Term

It is anticipated that the initial term of any Agreement awarded pursuant to this RFP will be for a period of five (5) years. UC may, at its option, extend or renew the Agreement for five additional one-year periods on the same terms and conditions. As stated, the successful Supplier(s) shall also have the right to enter local "service" agreements with Participating Public Agencies accessing the contract through OMNIA Partners, so long as the effective date of such agreement is prior to the expiration of the Contract. All local agreements may have a full potential term (any combination of initial and renewal periods) not to exceed ten (10) years. Any job orders executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

SECTION VII: SCOPE OF SERVICES

I. Deliverables:

- A. Unit Price Book (UPB)** – Successful Supplier(s) shall develop a Unit Price Book for each individual Job Order Contract. The UPB must contain a comprehensive listing of all construction tasks and related work items necessary for projects involving alteration, renovation, rehabilitation and/or minor new construction and incorporate

local pricing. Each construction task specified in the Unit Price Book must include a task description, a unit of measurement, and a unit price. Each unit price must contain fully-developed costs for the performance of the construction task specified, including, without limitation, the costs specified below:

1. Direct cost of material and equipment, including, without limitation, transportation to the site and sales and personal property taxes, if required.
2. Direct cost of labor, including, without limitation, prevailing wages for all required labor classifications in accordance with the prevailing wage determinations established by the State of California or the state of the Participating Public Agency.
3. Annual adjustments to market conditions and updates to Unit Price Book at the University's requests (maximum 3 per year). Adjustments shall be automatically updated whenever the contract is renewed or extend. (**Note:** the overall adjustment factor shall be multiplied by the local Construction Cost Index per ENR for that term)

B. Additional Services & Requirements:

1. System-wide JOC Training - The successful Supplier(s) shall develop a comprehensive JOC training program that provides specialized training to UC staff and JOC contractors. The training program must enable UC personnel and JOC contractors to acquire a proficiency in JOC methodology and the UPB created by the Supplier and skills in the use of all necessary tools. Although this additional service reflects the needs and requirements of the UC, OMNIA Partners Participating Public Agencies may have different needs and requirements as it relates to training. Specific services to be provided by the successful Supplier(s) shall include the following:
 - a. The successful Supplier shall develop a "hands on" training program based on approved UC policies and procedures. Training may occur onsite or via recordable webinar for archiving purposes. Training will include development and production of a comprehensive training and reference manual with sample Work Order letters, flow charts and forms. The training courses will include practical exercises which shall be based on actual UC projects. Training will incorporate all the activities necessary to give UC personnel and JOC contractors the expertise to implement, manage and use the JOC program. All training material shall be subject to review by the Office of the President for accuracy with respect to UC policies, procedures and contracts.
 - b. The successful Supplier(s) shall conduct six (6) online training courses every year in order to ensure that UC staff and JOC contractors are fully prepared to properly execute the current JOC System and to utilize proposal development

software. The training courses provided by the successful Supplier(s) and shall include, without limitations, the following:

- Conduct procedural and software training for new UC and contractor personnel
- Provide hands-on training for new UC and contractor personnel
- Conduct refresher course training for existing UC and contractor personnel, including update trainings
- Conduct specialized training courses for problem areas designated by UC
- Provide on-site or via webinar, software assistance to UC project managers and contractors
- Provide on-site systems support in connection with software
- Provide procedural assistance to UC and contractors for various projects
- Set-up software access for UC management, personnel and contractors
- Provide software overview and training manuals or videos
- Provide customized reports utilizing software for review by UC management
- Monitor the proper use of the software shared database

- c. The successful Supplier(s) shall develop and produce all training aids and material necessary to support the JOC system training courses, including comprehensive training materials with sample Work Order letters, flow charts and forms as well as full software documentation and applicable training manuals.

2. Technical Support & Requirements:

Although this service and requirements reflect the needs and requirements of the UC, OMNIA Partners Participating Public Agencies may have different needs and requirements as it relates to technical support and requirements.

- a. Technical Specifications – Successful Supplier(s) shall prepare construction and technical specifications that are contractually clear and understandable, and must be developed in conjunction with the unit price and UC Facilities standards. These specifications shall be easily amended (expanded, modified, etc.) by each University location. The price book shall also allow each UC location to add specifications as required in conjunction with Supplier's efforts for the individual location and project. Specifications must be prepared in accordance with Construction Specification Institute (CSI) format and meet all federal, state, and local laws, rules and regulations as well as all applicable code requirements and applicable requirements of all other regulatory agencies.

The successful Supplier(s) shall provide site-licensed software responsible for managing the JOC program which should be capable of the following:

- Track all contract documents in connection with JOC program, including Unit Price Book, contractor cost proposals, cost estimates, initial and final task orders, and project documentation.
- Creating management reports and forms, for both campus and UC system-wide scopes

- Creating project-specific and general program executive summary reports, including but not limited to, milestone reporting on:
 - Notice to Proceed
 - Substantial Completion / Beneficial Occupancy
 - Contract Completion
 - Change Order tracking
 - Milestone tracking
- Verification of contractor Job Order Schedule of Values

3. On-Going Support:

Although this service reflects the needs and requirements of the UC, OMNIA Partners Participating Public Agencies may have different needs and requirements as it relates to on-going support and requirements.

The successful Supplier(s) shall provide ongoing support services to each location at the University of California with respect to the use of the UPB. These support functions would include, at a minimum, the following:

1. Answer technical and support questions related to the UPB software
2. Assist campus with billing inquiries and disputes
3. Assist campus in comparing unit prices on JOC bids against the UPB estimates
4. Inform the University of California in advance of any service updates that could potentially disrupt existing project functions.

Awarded Supplier(s) shall respond to all of the items mentioned above within 24 hours from the inquiry unless otherwise noted.

4. Optional Services:

If available by the Supplier, the following services under this section may be listed in the Supplier's proposal to be made available to the UC and/or OMNIA Partners Participating Public Agencies as needed and requested. Each Successful Supplier awarded an item under this solicitation may offer their complete product and service offering/a balance of line for Job Order Contracting.

Services may include but are not limited to:

- a. JOC program development to implement and administer a JOC Program such as:
 - i. Developing customizable documents to be used by the JOC Program (ie: task catalog, technical specifications, and JOC Program facilitation documents);
 - ii. Establishing, maintaining, and updating a roster of contractors available to bid on JOC job orders;
 - iii. Organizing and managing conferences to promote operating and organizational concepts;
 - iv. Assisting in the development of procedures/policies for a JOC Program incorporating all applicable Federal, State and County laws, regulations and policies, including those of FEMA;

- v. Documenting the final JOC Program execution procedures and policies;
- vi. Assisting in incorporating safeguards into the execution procedures for the prevention of fraud, waste and abuse;
- vii. Coordinating JOC Program, policies and procedures with various Participating Public Agency Departments as well as other Local, State and Federal agencies as designated; and
- viii. Marketing JOC program to contractors and end users.

b. Overall technical, procurement, bid, and program support such as:

- i. Preparing and conducting orientation briefings of interested parties at the determination of Participating Public Agencies;
- ii. Assisting Participating Public Agencies with JOC Contract bidding services, including bid Addendums, RFI's and administration during JOC bid phases;
- iii. Coordinating and assisting with evaluations for JOC services;
- iv. Assisting with the verification of JOC Contractor qualifications and/or capabilities and other tasks involved in the selection and award of JOC Contract Services;
- v. Reviewing contractor price proposals for accuracy and selection of appropriate construction tasks;
- vi. Reviewing JOC contractor's construction schedule, proposed subcontractors, and other relevant documents;
- vii. Determining that the JOC contractor is proposing reasonable means and methods to perform the work specified in the scope of work and that the correct tasks are selected;
- viii. Verifying any task listed that is not available in the Unit Price Book and task catalog includes the required price justification;
- ix. Verifying all pricing for accuracy;
- x. Providing ongoing project development and financial oversight to include reviewing invoices and disbursements;
- xi. Providing insight and support for permit requirements and approvals, accuracy of as-built drawings, and warranty issues;
- xii. Visiting or remaining onsite for questions or assistance as requested by Participating Public Agency;
- xiii. Assisting in the development of Work Orders to include attending site visits, proposal development, and negotiation sessions;
- xiv. Providing post-award support for documentation and maintenance;
- xv. Providing updated versions of Information Management System software as well as installing, testing, and debugging software as needed;
- xvi. Providing telephonic systems support as needed;
- xvii. Assisting in reviews of concepts, performance, and effectiveness as well as providing documentation as needed; and
- xviii. Assisting in the execution of a JOC system;

c. Additional Assistance to Participating Public Agencies at their request that may include but is not limited to:

- i. Providing assistance in developing individual JOC Job Orders from project identification through issuance of the Job Order;
- ii. Providing construction management services to manage Job Orders from Job Order issuance to Job Order close-out; and
- iii. Providing an automated job order contracting system capable of providing full project tracking, automated development of proposals and independent

estimates, generation of all project documentation, providing project scheduling and budget/cost control, and generation of customized reports.

II. Pricing:

The successful Supplier(s) shall provide a complete set of pricing information for the JOC program including tax where applicable. A schedule of price with payment expectations and a clear listing of all prices associated with services and any project value is required as part of response to this RFP. This pricing schedule shall reflect "National" pricing, regardless of participating campuses or participating Public Agencies. The prices quoted in the proposal response by the successful Supplier(s) shall be the UC net price for the various services/materials. For items in the bid pricing submitted, there shall be no separate or additional charges, fees, handling or other incidental costs following contract award. **Supplier(s) shall not charge contractors extra fees or require contractors to use additional services and products in order to comply with the University's JOC program unless agreed to in writing by the University or Participating Public Agency.**

Special Offers/Promotions

In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, Contractor may conduct sales promotions involving price reductions for a specified lesser period. Contractor may offer Participating Agencies competitive pricing which is lower than the not-to-exceed price set forth herein at any time during the Contract term and such lower pricing shall not be applied as a global price reduction under the Contract.

Product Offering/Balance of Line Pricing

Pricing for complete product offering/balance of line items will be determined by a percentage discount off. The pricing percentage discount offered must be entered in the Pricing section of the Supplier's response.

Federal Funding Pricing

Due to products and services potentially being used in response to an emergency or disaster recovery situation in which federal funding may be utilized. Supplier's should provide alternative pricing (for emergency or disaster recovery situations with potential federal funding) that does not include cost plus a percentage of cost or pricing based on time and materials; if time and materials is necessary, a ceiling price that the contract exceeds at its own risk will be needed. When products and services provided in a situation where an agency is eligible for federal funding, Offeror is subject to and must comply with all federal requirements applicable to the funding including, but not limited to the FEMA Special Conditions section located in the Federal Funds Certifications Exhibit.

III. Technical Requirement:

Technical Specifications – Successful Supplier(s) shall prepare construction and technical specifications that are contractually clear and understandable, and must be developed in conjunction with the unit price and UC Facilities standards. These specifications shall be easily amended (expanded, modified, etc.) by each University location. The price book shall also allow each UC location to add specifications as required in conjunction with Supplier's efforts for the individual location and project. Specifications must be prepared in accordance with Construction Specification Institute (CSI) format and meet all federal, state, and local laws, rules and regulations as well as all applicable code requirements and applicable requirements of all other regulatory agencies.

The successful Supplier(s) shall provide site-licensed software responsible for managing the JOC program which should be capable of the following:

- Track all contract documents in connection with JOC program, including Unit Price Book, contractor cost proposals, cost estimates, initial and final task orders, and project documentation.
- Creating management reports and forms, for both campus and UC system-wide scopes
- Creating project-specific and general program executive summary reports
- Verification of contractor Job Order Schedule of Values

IV. On-going support:

The successful Supplier(s) shall provide ongoing support services to each location at the University of California with respect to the use of the UPB. These support functions would include, at a minimum, the following:

- i) Answer technical and support questions related to the UPB software
- ii) Assist campus with billing inquiries and disputes
- iii) Assist campus in comparing unit prices on JOC bids against the UPB estimates
- iv) Inform the University of California in advance of any service updates that could potentially disrupt existing project functions.

Supplier(s) shall respond to all of the items mentioned above within 24 hours from the inquiry unless otherwise noted.

SECTION VIII: QUESTIONNAIRE(S)

Refer to the CalUsource e-Sourcing application to complete the Questionnaire section(s) of the proposal.

There are four (4) questionnaire's that need to be completed;

1. Company Profile Questions
2. Sustainability Questions
3. Structured Offering (Pricing) Questions

4. Technical Questions

All questions must be answered as part of the proposal. If the response requires an attachment (Do not submit sales brochures), add the attachments in the Attachment Section of the CalUSource eSourcing tool and reference the question number in the title of the document.

Suppliers shall respond to the following questionnaire in order to be considered for evaluation. Failure to answer the following questions could result in disqualification.

Company Profile Questions

1. Provide a description about your company and all offerings at a high level, including location of company headquarters (actual street address), location of account management (if different from the headquarters), and number of offices your company has in California.
2. How long has your company been in business? Have your service offerings changed in the last 5 (five) years? If so, how?
3. Provide a reference list of existing clients outside of the University of California system and duration of their respective contracts
4. Does your firm have experience with Job Order Contracting and development of technical specifications? Include specific experience with the proposed Unit Price Book and related software.
5. Does your firm provide other types of JOC services? If so, describe these services.
6. Have you had any experience with “cloud based” or online Job Order Contract systems? If yes, share your experience and comments on the existing system.
7. Provide proposed management and staffing you intend to dedicate to the University’s JOC program. Include names, job titles, resumes, position within the company, potential role and % of time dedicated of all members of your proposed JOC team for the University. You may break this into a system-wide team and project based team.
8. Provide a response to the national program (Omnia Partners Exhibit A) .
 - a. Include a detailed response to Exhibit A, OMNIA Partners Response for National Cooperative contract. Responses should highlight experience, demonstrate a strong national presence, describe how offeror will educate its national sales force about the contract, describe how products and services will be distributed nationwide, include a plan for marketing the products and services nationwide, and describe how volume will be tracked and reported to OMNIA Partners.
 - b. The Successful Supplier(s) will be required to sign Exhibit B, OMNIA Partners Administration Agreement. Suppliers should have any reviews required to sign

the document prior to submitting a response. Supplier's response should include any proposed exceptions to the OMNIA Partners Administration Agreement.

9. Do you have additional implementation plans, other than those listed in this RFP, for the University's JOC program, if awarded to you? You may include marketing efforts, site-visits (system-wide or by campus).
10. This RFP requires you to provide on-going system-wide training for the JOC program. Have you offered training classes (in person or online) to your customers previously? If so, please include a small description or example of all standard training classes offered and length of each class.

Sustainability Questions

11. Is your company certified in the State of California or other U.S. State as a SBE, DBE, WBE, MBE, VBE, or DVBE? If yes, expand.
12. Do you have a Corporate Social Responsibility (CSR) statement/policy/code of conduct or equivalent? If yes, provide an information link. If not publicly available, submit a copy with your response under the CalUSource Attachments section.
13. Does your company have an existing, documented system to manage workplace and labor practices compliant with SA8000 (or equivalent) and/or other applicable labor and prevailing wage standards? If so, describe what systems are used and which compliance practices those systems are used for.
14. Describe in general terms how your company supports your local community and regional businesses and markets.
15. Describe specifically how your company will incorporate environmentally conscious business practices into the delivery of the requested services of this project.
16. Describe how you will ensure that the team which is awarded the work under this RFP reflects the diversity of the UC student and staff population.
17. Describe any tools or services that you offer to help the University with its sustainability goals listed within the Sustainable Practices Policy.
18. Is your company able to provide a cost book or program that utilizes green building products and systems for healthy & sustainable design (i.e. LEED, WELL, Living Building Challenge, Buy Clean California Act)?

Structured Offering (Pricing) Questions

19. Provide the structure of pricing for your services as listed below. As a reference, discounts proposed shall remain the same throughout the term of the contract and at all renewal options. At a minimum, the Contractor must hold the proposed price list firm for the first twelve (12) months after the contract award.
Pricing specific to the following examples:

- a. *Per User access*
 - b. *Per Campus access*
 - c. *System-wide access*
 - d. *Project spend*
 - e. *Annual spend (campus or system-wide)*
 - f. *Task Catalog purchase with initial onetime set up charge (campus to utilize enterprise billing systems). Include any limitations or ceiling structures.*
20. Provide details of proposed additional discounts for volume and tiered pricing structures offered
21. A description of the approach to localizing pricing and what localized data can be obtained to serve both the UC and Participating Public Agencies
22. Provide any Task Catalog fees
23. Details for what factors modify pricing (such as any restrictions or premiums for where tasks are performed/what areas or hours are worked); and
24. Additional incentives that can be offered (patronage, rebates, payment term incentives etc.)
25. Provide available payment terms and if payment will be accepted via credit card. If a credit card is permitted, can payments be made online and state the convenience fee, if allowable, per the Visa Operating Regulations

Technical Questions

26. For the offering provide:
- a. *A summary of the depth/breath of tasks/services covered under the UPB;*
 - b. *The percentage of tasks/services covered by a typical contract (and identify which items are typically not covered or considered optional services);*
 - c. *Reporting dashboards or reports for export;*
 - d. *Details for how often updates are made to include both product, service, and pricing changes;*
 - e. *Details as to what services can be provided as it relates to all items listed in the Scope, such as:*
 - i. *Offered strategies around marketing and outreach to contractor communities in order to ensure the largest qualified bidding pool possible;*

31. What are your service levels for response times and how will your company prove you are meeting the service levels and response times? Note RFP requirements.
32. Describe how the system supports a secure data environment, including encryption technology. Does this comply or conflict with UC Data Security? (See Appendix – Data Security)
- a. Will you support login account and password resets?*
 - b. How many concurrent users can the system support?*
 - c. Describe the system's ability to enforce security at multiple levels (e.g., organization, department, learning organization, etc.).*
 - d. Describe how the system authenticates information to ensure data integrity.*
 - e. Describe the audit trail linking the user or administrator to all transactions updating the database.*
33. Describe any plans to “partner” with another vendor to meet implementation needs. If your approach includes the use of one or more additional vendors or sub-contractors, please provide a detailed explanation of their role on the project. In addition, if your response to the technical and functional requirements and associated product demonstration is dependent upon a product offered by another vendor partner, please instruct that vendor to provide a response to this RFP as well.
34. What is your update/enhancement schedule?
- a. Describe the process for reviewing, approving and prioritizing suggested changes and enhancements.*
 - i. Does this vary when looking at system, region or campus locations?*
 - ii. Does this vary for participating agencies?*
 - b. What is your procedure for handling and resolving “bugs”?*
 - c. What is the process for updating or adding line items to a task catalog prior to a contract issuance? Include time frames when possible to each task*
 - d. OSHPD requirements*
35. What is the software's ability to create various contracts and department profiles?
36. How does software handle archiving of past contracts?
37. For the following project documents, please provide an example of pricing and schedule of values:
- a. Fenestration and Framing (details listed on document)
 - b. Small Building Renovation (general construction drawings)

These responses can be uploaded on the CalUSource platform

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

ARTICLE 1 – GENERAL

The equipment, materials, or supplies ("Goods") and/or services ("Services") furnished by Supplier (together, the "Goods and Services") and covered by the UC Purchase Order ("PO") and/or other agreement (which, when combined with these Terms and Conditions and any other documents incorporated by reference, will constitute the "Agreement") are governed by the terms and conditions set forth herein. As used herein, the term "Supplier" includes Supplier and its sub-suppliers at any tier. As used herein, "UC" refers to The Regents of the University of California, a corporation described in California Constitution Art. IX, Sec. 9, on behalf of the UC Locations identified in the Agreement and/or the PO. UC and Supplier individually will be referred to as "Party" and collectively as "Parties." Any defined terms not defined in these Terms and Conditions of Purchase will have the meaning ascribed to such term in any of the other documents incorporated in and constituting the Agreement. No other terms or conditions will be binding upon the Parties unless accepted by them in writing. Written acceptance or shipment of all or any portion of the Goods, or the performance of all or any portion of the Services, covered by the Agreement, will constitute Supplier's unqualified acceptance of all of the Agreement's terms and conditions. The terms of any proposal referred to in the Agreement are included and made a part of the Agreement only to the extent the proposal specifies the Goods and/or Services ordered, the price therefor, and the delivery thereof, and then only to the extent that such terms are consistent with the terms and conditions of the Agreement.

ARTICLE 2 – TERM AND TERMINATION

- A. As applicable, the term of the Agreement ("Initial Term") will be stated in the Agreement. Following the Initial Term, the Agreement may be extended by written mutual agreement.
- B. UC's obligation to proceed is conditioned upon the appropriation of state, federal and other sources of funds not controlled by UC ("Funding"). UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation in the event that through no action or inaction on the part of UC, the Funding is withdrawn.
- C. UC may, by written notice stating the extent and effective date thereof, terminate the Agreement for convenience in whole or in part, at any time. The effective date of such termination shall be consistent with any requirements for providing notice specified in the Agreement, or immediate if no such terms are set forth in the Agreement. As specified in the termination notice, UC will pay Supplier as full compensation the pro rata Agreement price for performance through the later of the date that (i) UC provided Supplier with notice of termination or (ii) Supplier's provision of Goods and/or Services will terminate.
- D. UC may by written notice terminate the Agreement for Supplier's breach of the Agreement, in whole or in part, at any time, if Supplier refuses or fails to comply with the provisions of the Agreement, or so fails to make progress as to endanger performance and does not cure such failure within five (5) business days, or fails to supply the Goods and/or Services within the time specified or any written extension thereof. In such event, UC may purchase or otherwise secure Goods and/or Services and, except as otherwise provided herein, Supplier will be liable to UC for any excess costs UC incurs thereby.
- E. UC's Appendix – Data Security, Appendix – BAA, and/or Appendix – GDPR will control in the event that one or more appendices are incorporated into the Agreement and conflicts with the provisions of this Article.

ARTICLE 3 – PRICING, INVOICING METHOD, AND SETTLEMENT METHOD AND TERMS.

Pricing is set forth in the Agreement or Purchase Order, and the amount UC is charged and responsible for shall not exceed the amount specified in the Agreement unless UC has given prior written approval. Unless otherwise agreed in writing by UC, Supplier will use the invoicing method and payment settlement method (and will extend the terms applicable to such settlement method) set forth in UC's Supplier Invoicing, Terms & Settlement Matrix. UC will pay Supplier, upon submission of acceptable invoices, for Goods and/or Services provided and accepted. Invoices must be itemized and reference the Agreement or Purchase Order number. UC will not pay shipping, packaging or handling expenses, unless specified in the Agreement or Purchase Order. Unless otherwise provided, freight is to be FOB destination. Any of Supplier's expenses that UC agrees to reimburse will be reimbursed under UC's Travel Policy, which may be found at <http://www.ucop.edu/central-travel-management/resources/index.html>. Where applicable, Supplier will pay all taxes imposed on Supplier in connection with its performance under the Agreement, including any federal, state and local income, sales, use, excise and other taxes or assessments. Notwithstanding any other provision to the contrary, UC will not be responsible for any fees, interest or surcharges Supplier wishes to impose.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

ARTICLE 4 – INSPECTION.

The Goods and/or Services furnished will be exactly as specified in the Agreement, free from all defects in Supplier's performance, design, skill and materials, and, except as otherwise provided in the Agreement, will be subject to inspection and test by UC at all times and places. If, prior to final acceptance, any Goods and/or Services furnished are found to be incomplete, or not as specified, UC may reject them, require Supplier to correct them at the sole cost of Supplier, or require provision of such Goods and/or Services at a reduction in price that is equitable under the circumstances. If Supplier is unable or refuses to correct such deficiencies within a time UC deems reasonable, UC may terminate the Agreement in whole or in part. Supplier will bear all risks as to rejected Goods and/or Services and, in addition to any costs for which Supplier may become liable to UC under other provisions of the Agreement, will reimburse UC for all transportation costs, other related costs incurred, or payments to Supplier in accordance with the terms of the Agreement for unaccepted Goods and/or Services and materials and supplies incidental thereto. Notwithstanding final acceptance and payment, Supplier will be liable for latent defects, fraud or such gross mistakes as amount to fraud.

ARTICLE 5 – ASSIGNED PERSONNEL; CHARACTER OF SERVICES

Supplier will provide the Services as an independent contractor and furnish all equipment, personnel and materiel sufficient to provide the Services expeditiously and efficiently, during as many hours per shift and shifts per week, and at such locations as UC may so require. Supplier will devote only its best-qualified personnel to work under the Agreement. Should UC inform Supplier that anyone providing the Services is not working to this standard, Supplier will immediately remove such personnel from providing Services and he or she will not Oagain, without UC's written permission, be assigned to provide Services. At no time will Supplier or Supplier's employees, sub-suppliers, agents, or assigns be considered employees of UC for any purpose, including but not limited to workers' compensation provisions. Supplier shall not have the power nor right to bind or obligate UC, and Supplier shall not hold itself out as having such authority. Supplier shall be responsible to UC for all Services performed by Supplier's employees, agents and subcontractors, including being responsible for ensuring payment of all unemployment, social security, payroll, contributions and other taxes with respect to such employees, agents and subcontractors.

ARTICLE 6 – WARRANTIES

In addition to the warranties set forth in Articles 11, 12, 17, 23, 24, 25 and 26 herein, Supplier makes the following warranties. Supplier acknowledges that failure to comply with any of the warranties in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

- A. General Warranties. Supplier represents, warrants and covenants that: (i) Supplier is free to enter into this Agreement and that Supplier is not, and will not become, during the Term, subject to any restrictions that might restrict or prohibit Supplier from performing the Services or providing the Goods ordered hereunder; (ii) Supplier will comply with all applicable laws, rules and regulations in performing Supplier's obligations hereunder; (iii) the Goods and/or Services shall be rendered with promptness and diligence and shall be executed in a skilled manner by competent personnel, in accordance with the prevailing industry standards; and if UC Appendix Data Security is NOT included:(iv) Supplier has developed a business interruption and disaster recovery program and is executing such program to assess and reduce the extent to which Supplier's hardware, software and embedded systems may be susceptible to errors or failures in various crisis (or force majeure) situations; (v) if Supplier uses electronic systems for creating, modifying, maintaining, archiving, retrieving or transmitting any records, including test results that are required by, or subject to inspection by an applicable regulatory authority, then Supplier represents and warrants that Supplier's systems for electronic records are in compliance; and (vi) Supplier agrees that the Goods and/or Services furnished under the Agreement will be covered by the most favorable warranties Supplier gives to any customer for the same or substantially similar goods or services, or such other more favorable warranties as specified in the Agreement. The rights and remedies so provided are in addition to and do not limit any rights afforded to UC by any other article of the Agreement.
- B. Permits and Licenses. Supplier agrees to procure all necessary permits or licenses and abide by all applicable laws, regulations and ordinances of the United States and of the state, territory and political subdivision or any other country in which the Goods and/or Services are provided.
- C. Federal and State Water and Air Pollution Laws. Where applicable, Supplier warrants that it complies with the requirements in UC Business and Finance Bulletin BUS-56 (Materiel Management; Purchases from Entities Violating State or Federal Water or Air Pollution Laws). Consistent with California Government Code 4477, these requirements do not permit UC to contract with entities in violation of Federal or State water or air pollution laws.
- D. Web Accessibility Requirements. As applicable to the Supplies and/or Services being provided under the Agreement, Supplier warrants that:

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

1. It complies with California and federal disability laws and regulations; and
 2. The Goods and/or Services will conform to the accessibility requirements of WCAG 2.0AA.
 3. Supplier agrees to promptly respond to and resolve any complaint regarding accessibility of its Goods and/or Services;
- E. General Accessibility Requirements. Supplier warrants that:
1. It will comply with California and federal disability laws and regulations;
 2. Supplier will promptly respond to remediate to any identified accessibility defects in the Goods and Services to conform to WCAG 2.0 AA; and
 3. Supplier agrees to promptly respond to and use reasonable efforts to resolve and remediate any complaint regarding accessibility of its Goods and/or Services.
- F. Warranty of Quiet Enjoyment. Supplier warrants that Supplier has the right of Quiet Enjoyment in, and conveys the right of Quiet Enjoyment to UC for UC's use of, any and all intellectual property that will be needed for Supplier's provision, and UC's use of, the Goods and/or Services provided by Supplier under the Agreement.
- G. California Child Abuse and Neglect Reporting Act ("CANRA"). Where applicable, Supplier warrants that it complies with CANRA.
- H. Debarment and Suspension. Supplier warrants that it is not presently debarred, suspended, proposed for debarment, or declared ineligible for award of federal contracts or participation in federal assistance programs or activities.
- I. UC Trademark Licensing Code of Conduct. If the Goods will bear UC's name (including UC campus names, abbreviations of these names, UC logos, UC mascots, or UC seals) or other trademarks owned by UC, Supplier warrants that it holds a valid license from UC and complies with the Trademark Licensing Code of Conduct policy, available at <http://policy.ucop.edu/doc/3000130/TrademarkLicensing>.
- J. Outsourcing (Public Contract Code section 12147) Compliance. Supplier warrants that if the Agreement will displace UC employees, no funds paid under the Agreement will be used to train workers who are located outside of the United States, or plan to relocate outside the United States as part of the Agreement. Additionally, Supplier warrants that no work will be performed under the Agreement with workers outside the United States, except as described in Supplier's bid. If Supplier or its sub-supplier performs the Agreement with workers outside the United States during the life of the Agreement and Supplier did not describe such work in its bid, Supplier acknowledges and agrees that (i) UC may terminate the Agreement without further obligation for noncompliance, and (ii) Supplier will forfeit to UC the amount UC paid for the percentage of work that was performed with workers outside the United States and not described in Supplier's bid.

ARTICLE 7 – INTELLECTUAL PROPERTY, COPYRIGHT, PATENTS, AND DATA RIGHTS

- A. Goods and/or Services Involving Work Made for Hire.
1. Unless UC indicates that the Goods and/or Services do not involve work made for hire, Supplier acknowledges and agrees that any deliverables provided to UC by Supplier in the performance of the Agreement, and any intellectual property rights therein, (hereinafter the "Deliverables") will be owned by UC. The Deliverables will be considered "work made for hire" under U.S. copyright law and all right, title, and interest to and in such Deliverables including, but not limited to, any and all copyrights or trademarks, will be owned by UC. In the event that it is determined that UC is not the owner of such Deliverables under the "work made for hire" doctrine of U.S. copyright law, Supplier hereby irrevocably assigns to UC all right, title, and interest to and in such Deliverables and any copyrights or trademarks thereto.
 2. The Deliverables must be new and original. Supplier must not use any pre-existing copyrightable or trademarked images, writings, or other proprietary materials (hereinafter "Pre-Existing Materials") in the Deliverables without UC's prior written permission. In the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables.
 3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC with complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
 4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.
- B. Goods and/or Services Not Involving Work Made for Hire.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

1. If the Goods and/or Services do not involve work made for hire, and in the event that Supplier uses any Pre-Existing Materials in the Deliverables in which Supplier has an ownership interest, UC is hereby granted, and will have, a non-exclusive, royalty-free, irrevocable, perpetual, paid-up, worldwide license (with the right to sublicense) to make, have made, copy, modify, make derivative works of, use, perform, display publicly, sell, and otherwise distribute such Pre-Existing Materials in connection with the Deliverables.
 2. The Deliverables must be new and original. Supplier must not use any Pre-Existing Materials in the Deliverables without UC's prior written permission.
 3. Whenever any invention or discovery is made or conceived by Supplier in the course of or in connection with the Agreement, Supplier will promptly furnish UC complete information with respect thereto and UC will have the sole power to determine whether and where a patent application will be filed and to determine the disposition of title to and all rights under any application or patent that may result.
 4. Supplier is specifically subject to an obligation to, and hereby does, assign all right, title and interest in any such intellectual property rights to UC as well as all right, title and interest in tangible research products embodying any such inventions whether the inventions are patentable or not. Supplier agrees to promptly execute any additional documents or forms that UC may require in order to effectuate such assignment.
- C. General. Should the Goods and/or Services become, or in Supplier's opinion be likely to become, the subject of a claim of infringement of any patent, copyright, trademark, trade name, trade secret, or other proprietary or contractual right of any third party, Supplier will provide written notice to UC of the circumstances giving rise to such claim or likely claim. In the event that UC receives notice of a claim of infringement or is made a party to or is threatened with being made a party to any claim of infringement related to the Goods and/or Services, UC will provide Supplier with notice of such claim or threat. Following receipt of such notice, Supplier will either (at Supplier's sole election) (i) procure for UC the right to continue to use the affected portion of the Goods and/or Services, or (ii) replace or otherwise modify the affected portion of the Goods and/or Services to make them non-infringing, or obtain a reasonable substitute product for the affected portion of the Goods and/or Services, provided that any replacement, modification or substitution under this paragraph does not effect a material change in the Goods and/or Services' functionality. If none of the foregoing options is reasonably acceptable to UC, UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.
- D. UC Rights to Institutional Information. Institutional Information shall belong exclusively to UC and unless expressly provided, this Agreement shall not be construed as conferring on Supplier any patent, copyright, trademark, license right or trade secret owned or obtained by UC. Any right for Supplier to use Institutional Information is solely provided on a non-exclusive basis, and only to the extent required for Supplier to provide the Goods or Services under the Agreement. As used herein, "Institutional Information" means any information or data created, received, and/or collected by UC or on its behalf, including but not limited to application logs, metadata and data derived from such data.

ARTICLE 8 – INDEMNITY AND LIABILITY

To the fullest extent permitted by law, Supplier will defend, indemnify, and hold harmless UC, its officers, employees, and agents, from and against all losses, expenses (including, without limitation, reasonable attorneys' fees and costs), damages, and liabilities of any kind resulting from or arising out of the Agreement, including the performance hereunder of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, provided such losses, expenses, damages and liabilities are due or claimed to be due to the acts or omissions of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control. UC agrees to provide Supplier with prompt notice of any such claim or action and to permit Supplier to defend any claim or action, and that UC will cooperate fully in such defense. UC retains the right to participate in the defense against any such claim or action, and the right to consent to any settlement, which consent will not unreasonably be withheld.

In the event Appendix DS applies to this Agreement, Supplier shall reimburse or otherwise be responsible for any costs, fines or penalties imposed against UC as a result of Supplier's Breach of Institutional Information and/or failure to cooperate with UC's response to such Breach. As used herein, "Breach" means: (1) any disclosure of Institutional Information to an unauthorized party or in an unlawful manner; (2) unauthorized or unlawful acquisition of information that compromises the security, confidentiality or integrity of Institutional Information and/or IT Resources; and (3) the acquisition, access, use, or disclosure of Protected Health Information or medical information in a manner not permitted under the Health Insurance Portability and Accountability Act (HIPAA) or California law. "IT Resources" means IT infrastructure, cloud services, software, and/or hardware with computing and/or networking capability that is Supplier owned/managed, or UC-owned, or a personally owned device that stores Institutional Information, is connected to UC systems, is connected to UC networks, or is used for UC business.

ARTICLE 9 – INSURANCE

Supplier, at its sole cost and expense, will insure its activities in connection with providing the Goods and/or Services and obtain, keep in force, and maintain the following insurance with the minimum limits set forth below, unless UC specifies otherwise:

- A. Commercial Form General Liability Insurance (contractual liability included) with limits as follows:
 1. Each Occurrence \$ 1,000,000
 2. Products/Completed Operations Aggregate \$ 2,000,000
 3. Personal and Advertising Injury \$ 1,000,000
 4. General Aggregate \$ 2,000,000
- B. Business Automobile Liability Insurance for owned, scheduled, non-owned, or hired automobiles with a combined single limit of not less than one million dollars (\$1,000,000) per occurrence. (Required only if Supplier drives on UC premises or transports UC employees, officers, invitees, or agents in the course of supplying the Goods and/or Services to UC.)
- C. If applicable, Professional Liability Insurance with a limit of two million dollars (\$2,000,000) per occurrence or claim with an aggregate of not less than two million dollars (\$2,000,000). If this insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement.
- D. Workers' Compensation as required by applicable state law and Employer's Liability with limits of one million dollars (\$1,000,000) per occurrence. Workers' Compensation as required by applicable state law and Employer's Liability with limits of one million dollars (\$1,000,000) per occurrence.
- E. If applicable, Supplier Fidelity Bond or Crime coverage for the dishonest acts of its employees in a minimum amount of one million dollars (\$1,000,000). Supplier will endorse such policy to include a "Regents of the University of California Coverage" or "Joint Payee Coverage" endorsement. UC and, if so requested, UC's officers, employees, agents and sub-suppliers will be named as "Loss Payee, as Their Interest May Appear" in such Fidelity Bond.
- F. In the event Appendix DS applies to this Agreement, Supplier, at its sole cost and expense, will obtain, keep in force, and maintain one or more insurance policies that provide coverage for technology, professional liability, data protection, and/or cyber liability. Typically referred to as Privacy, Technology and Data Security Liability, Cyber Liability, or Technology Professional Liability insurance, it will cover liabilities for financial loss due to the acts, omissions, or intentional misconduct of Supplier, its officers, employees, agents, sub-suppliers, or anyone directly or indirectly employed by Supplier, or any person or persons under Supplier's direction and control, in connection with the performance of this Agreement, as well as all Supplier costs, including damages it is obligated to pay UC or any third party, that are associated with any confirmed or suspected Breach or compromise of Institutional Information. In some cases, Professional Liability policies may include some coverage for data breaches or loss of Institutional Information. Regardless of the type of policy(ies) in place, such coverage will include without limitation: (i) costs to notify parties whose data were lost or compromised; (ii) costs to provide credit monitoring and credit restoration services to parties whose data were lost or compromised; (iii) costs associated with third party claims arising from the confirmed or suspected Breach or loss of Institutional Information, including litigation costs and settlement costs; (iv) any investigation, enforcement, fines and penalties, or similar miscellaneous costs; and (v) any payment made to a third party as a result of extortion related to a confirmed or suspected Breach. The following insurance coverage is based on the highest Protection Level Classification of Institutional Information identified in Exhibit 1 to Appendix DS:
 1. P1 - This insurance policy must have minimum limits of \$500,000 each occurrence and \$500,000 in the aggregate.
 2. P2 - This insurance policy must have minimum limits of \$1,000,000 each occurrence and \$1,000,000 in the aggregate.
 3. P3 and P4, less than 70,000 records - this insurance policy must have minimum limits of \$5,000,000 each occurrence and \$5,000,000 in the aggregate.
 4. P3 and P4, 70,000 or more records - this insurance policy must have minimum limits of \$10,000,000 each occurrence and \$10,000,000 in the aggregate.

Protection Level Classifications are defined in the UC Systemwide Information Security Classification of Information and IT Resources: <https://security.ucop.edu/policies/institutional-information-and-it-resource-classification.html>

- G. Additional other insurance in such amounts as may be reasonably required by UC against other insurable risks relating to performance. If the above insurance is written on a claims-made form, it will continue for three years following termination of the Agreement. The insurance will have a retroactive date of placement prior to or coinciding with the effective date of the Agreement. If the above insurance coverage is modified, changed or cancelled, Supplier will provide UC with not less than fifteen (15) days' advance written notice of such modification, change, or cancellation, and will promptly obtain replacement coverage that complies with this Article.
- I. The coverages referred to under A and B of this Article must include UC as an additional insured. It is understood that the coverage and limits referred to under A, B and C of this Article will not in any way limit Supplier's liability. Supplier will furnish UC with certificates

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

of insurance (and the relevant endorsement pages) evidencing compliance with all requirements prior to commencing work under the Agreement. Such certificates will:

1. Indicate that The Regents of the University of California has been endorsed as an additional insured for the coverage referred to under A and B of this Article. This provision will only apply in proportion to and to the extent of the negligent acts or omissions of Supplier, its officers, agents, or employees.
2. Include a provision that the coverage will be primary and will not participate with or be excess over any valid and collectible insurance or program of self-insurance carried or maintained by UC.

ARTICLE 10 – USE OF UC NAME AND TRADEMARKS

Supplier will not use the UC name, abbreviation of the UC name, trade names and/or trademarks (i.e., logos and seals) or any derivation thereof, in any form or manner in advertisements, reports, or other information released to the public, or place the UC name, abbreviations, trade names and/or trademarks or any derivation thereof on any consumer goods, products, or services for sale or distribution to the public, without UC's prior written approval. Supplier agrees to comply at all times with California Education Code Section 92000.

ARTICLE 11 – FEDERAL FUNDS

Supplier who supplies Goods and/or Services certifies and represents its compliance with the following clauses, as applicable. Supplier shall promptly notify UC of any change of status with regard to these certifications and representations. These certifications and representations are material statements upon which UC will rely.

- A. For commercial transactions involving funds on a federal contract (federal awards governed by the FAR), the following provisions apply, as applicable:
 1. FAR 52.203-13, Contractor Code of Business Ethics and Conduct;
 2. FAR 52.203-17, Contractor Employee Whistleblower Rights and Requirement to Inform Employees of Whistleblower Rights;
 3. FAR 52.203-19, Prohibition on Requiring Certain Internal Confidentiality Agreements or Statements;
 4. FAR 52.219-8, Utilization of Small Business Concerns;
 5. FAR 52.222-17, Non-displacement of Qualified Workers;
 6. FAR 52.222-21, Prohibition of Segregated Facilities;
 7. FAR 52.222-26, Equal Opportunity;
 8. FAR 52.222-35, Equal Opportunity for Veterans;
 9. FAR 52.222-36, Equal Opportunity for Workers with Disabilities;
 10. FAR 52.222-37, Employment Reports on Veterans;
 11. FAR 52.222-40, Notification of Employee Rights Under the National Labor Relations Act;
 12. FAR 52.222-41, Service Contract Labor Standards;
 13. FAR 52.222-50, Combating Trafficking in Persons;
 14. FAR 52.222-51, Exemption from Application of the Service Contract Labor Standards to Contracts for Maintenance, Calibration, or Repair of Certain Equipment - Requirements;
 15. FAR 52.222-53, Exemption from Application of the Service Contract Labor Standards to Contracts for Certain Services - Requirements;
 16. FAR 52.222-54, Employment Eligibility Verification;
 17. FAR 52.222-55, Minimum Wages Under Executive Order 13658;
 18. FAR 52.222-62, Paid Sick Leave under Executive Order 13706;
 19. FAR 52.224-3, Privacy Training;
 20. FAR 52.226-6, Promoting Excess Food Donation to Nonprofit Organizations;
 21. FAR 52.233-1, Disputes; and
 22. FAR 52.247-64, Preference for Privately Owned U.S.-Flag Commercial Vessels.
- B. For non-commercial transactions involving funds on a federal contract, the UC Appendix titled '*Federal Government Contracts Special terms and Conditions (Non-Commercial Items or Services)*' and located at www.ucop.edu/procurement-services/policies-forms/index.html is hereby incorporated herein by this reference.
- C. For transactions involving funds on a federal grant or cooperative agreement (federal awards governed by eCFR Title 2, Subtitle A, Chapter II, Part 200) the following provisions apply, as applicable:

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

1. Rights to Inventions. If Supplier is a small business firm or nonprofit organization, and is providing experimental, development, or research work under this transaction, Supplier must comply with the requirements of 3 CFR Part 401, "Rights to Inventions Made by nonprofit Organizations and Small Business Firms Under Government Grants, Contracts, and Cooperative Agreements".
 2. Clean Air Act. Supplier agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 U.S.C. 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. 1251-1387). Violations must be reported to the Federal awarding agency and the Regional Office of the Environmental Protection Agency (EPA).
 3. Byrd Anti-Lobbying. Supplier certifies that it will not, and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.
 4. Procurement of Recovered Materials. If Supplier is a state agency or agency of a political subdivision of a state, then Supplier must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act.
- D. In these provisions, the term "contractor" as used therein will refer to Supplier, and the terms "Government" or "Contracting Officer" as used therein will refer to UC. Where a purchase of items is for fulfillment of a specific U.S. Government prime or subcontract, additional information and/or terms and conditions may be included in an attached supplement. By submitting an invoice to UC, Supplier is representing to UC that, at the time of submission:
1. Neither Supplier nor its principals are presently debarred, suspended, or proposed for debarment by the U.S. government (see FAR 52.209-6);
 2. Supplier has filed all compliance reports required by the Equal Opportunity clause (see FAR 52.222-22); and
 3. Any Supplier representations to UC about U.S. Small Business Administration or state and local classifications, including but not limited to size standards, ownership, and control, are accurate and complete.
 4. Byrd Anti-Lobbying. Supplier certifies that it will not, and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352.

ARTICLE 12 – EQUAL OPPORTUNITY AFFIRMATIVE ACTION

Supplier will abide by the requirements set forth in Executive Orders 11246 and 11375. Where applicable, Supplier will comply with 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a), incorporated by reference with this statement: **"This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity, or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, protected veteran status or disability."** With respect to activities occurring in the State of California, Supplier agrees to adhere to the California Fair Employment and Housing Act. Supplier will provide UC on request a breakdown of its labor force by groups as specified by UC, and will discuss with UC its policies and practices relating to its affirmative action programs. Supplier will not maintain or provide facilities for employees at any establishment under its control that are segregated on a basis prohibited by federal law. Separate or single-user restrooms and necessary dressing or sleeping areas must be provided, however, to ensure privacy.

ARTICLE 13 – LIENS

Supplier agrees that upon UC's request, Supplier will submit a sworn statement setting forth the work performed or material furnished by sub-suppliers and material men, and the amount due and to become due to each, and that before the final payment called for under the Agreement, will upon UC's request submit to UC a complete set of vouchers showing what payments have been made for such work performed or material furnished. Supplier will promptly notify UC in writing, of any claims, demands, causes of action, liens or suits brought to its attention that arise out of the Agreement. UC will not make final payment until Supplier, if required, delivers to UC a complete release of all liens arising out of the Agreement, or receipts in full in lieu thereof, as UC may require, and if required in either case, an affidavit that as far as it has knowledge or information, the receipts include all the labor and materials for which a lien could be filed; but Supplier may, if any sub-supplier refuses to furnish a release or receipt in full, furnish a bond satisfactory to UC to indemnify it against any claim by lien or otherwise. If any lien or claim remains unsatisfied after all payments are made, Supplier will refund to UC all monies that UC may be compelled to pay in discharging such lien or claim, including all costs and reasonable attorneys' fees.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

ARTICLE 14 – PREMISES WHERE SERVICES ARE PROVIDED

- A. Cleaning Up. Supplier will at all times keep UC premises where the Services are performed and adjoining premises free from accumulations of waste material or rubbish caused by its employees or work of any of its sub-suppliers, and, at the completion of the Services; will remove all rubbish from and about the premises and all its tools, scaffolding, and surplus materials, and will leave the premises "broom clean" or its equivalent, unless more exactly specified. In case of dispute between Supplier and its sub-suppliers as to responsibility for the removal of the rubbish, or if it is not promptly removed, UC may remove the rubbish and charge the cost to Supplier.
- B. Environmental, Safety, Health and Fire Protection. Supplier will take all reasonable precautions in providing the Goods and Services to protect the health and safety of UC employees and members of the public and to minimize danger from all hazards to life and property, and will comply with all applicable environmental protection, health, safety, and fire protection regulations and requirements (including reporting requirements). In the event that Supplier fails to comply with such regulations and requirements, UC may, without prejudice to any other legal or contractual rights of UC, issue an order stopping all or any part of the provision of the Goods and/or Services; thereafter a start order for resumption of providing the Goods and/or Services may be issued at UC's discretion. Supplier will not be entitled to make a claim for extension of time or for compensation or damages by reason of or in connection with such stoppage. Supplier will have sole responsibility for the safety of all persons employed by Supplier and its sub-suppliers on UC premises, or any other person who enters upon UC premises for reasons relating to the Agreement. Supplier will at all times maintain good order among its employees and all other persons who come onto UC's premises at Supplier's request and will not engage any unfit or unskilled person to provide the Goods and/or Services. Supplier will confine its employees and all other persons who come onto UC's premises at Supplier's request or for reasons relating to the Agreement and its equipment to that portion of UC's premises where the Services are to be provided or to roads leading to and from such work sites, and to any other area which UC may permit Supplier to use. Supplier will take all reasonable measures and precautions at all times to prevent injuries to or the death of any of its employees or any other person who enters upon UC premises at Supplier's request. Such measures and precautions will include, but will not be limited to, all safeguards and warnings necessary to protect workers and others against any conditions on the premises that could be dangerous and to prevent accidents of any kind whenever the Goods and/or Services are being provided in proximity to any moving or operating machinery, equipment or facilities, whether such machinery, equipment or facilities are the property of or are being operated by, Supplier, its sub-suppliers, UC or other persons. To the extent compliance is required, Supplier will comply with all relevant UC safety rules and regulations when on UC premises.
- C. Tobacco-free Campus. UC is a tobacco-free institution. Use of cigarettes, cigars, oral tobacco, electronic cigarettes and all other tobacco products is prohibited on all UC owned or leased sites.

ARTICLE 15 – LIABILITY FOR UC - FURNISHED PROPERTY

Supplier assumes complete liability for any materials UC furnishes to Supplier in connection with the Agreement and Supplier agrees to pay for any UC materials Supplier damages or otherwise is not able to account for to UC's satisfaction. UC furnishing to Supplier any materials in connection with the Agreement will not, unless otherwise expressly provided in writing by UC, be construed to vest title thereto in Supplier.

ARTICLE 16 – COOPERATION

Supplier and its sub-suppliers, if any, will cooperate with UC and other suppliers and will so provide the Services that other cooperating suppliers will not be hindered, delayed or interfered with in the progress of their work, and so that all of such work will be a finished and complete job of its kind.

ARTICLE 17 – ADDITIONAL TERMS APPLICABLE TO THE FURNISHING OF GOODS

The terms in this Article have special application to the furnishing of Goods:

- A. Price Decreases. Supplier agrees immediately to notify UC of any price decreases from its suppliers, and to pass through to UC any price decreases.
- B. Declared Valuation of Shipments. Except as otherwise provided in the Agreement, all shipments by Supplier under the Agreement for UC's account will be made at the maximum declared value applicable to the lowest transportation rate or classification and the bill of lading will so note.
- C. Title. Title to the Goods purchased under the Agreement will pass directly from Supplier to UC at the f.o.b. point shown, or as otherwise specified in the Agreement, subject to UC's right to reject upon inspection.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

- D. Changes. Notwithstanding the terms in Article 34, Amendments, UC may make changes within the general scope of the Agreement in drawings and specifications for specially manufactured Goods, place of delivery, method of shipment or packing of the Agreement by giving notice to Supplier and subsequently confirming such changes in writing. If such changes affect the cost of or the time required for performance of the Agreement, UC and Supplier will agree upon an equitable adjustment in the price and/or delivery terms. Supplier may not make changes without UC's written approval. Any claim of Supplier for an adjustment under the Agreement must be made in writing within thirty (30) days from the date Supplier receives notice of such change unless UC waives this condition in writing. Nothing in the Agreement will excuse Supplier from proceeding with performance of the Agreement as changed hereunder. Supplier may not alter or misbrand, within the meaning of the applicable Federal and State laws, the Goods furnished.
- E. Forced, Convict and Indentured Labor. Supplier warrants that no foreign-made Goods furnished to UC pursuant to the Agreement will be produced in whole or in part by forced labor, convict labor, or indentured labor under penal sanction. If UC determines that Supplier knew or should have known that it was breaching this warranty, UC may, in addition to terminating the Agreement, remove Supplier from consideration for UC contracts for a period not to exceed one year. This warranty is in addition to any applicable warranties in Articles 6 and 11.
- F. Export Control. Supplier agrees to provide UC (the contact listed on the Purchase Order) with written notification that identifies the export-controlled Goods and such Goods' export classification if any of the Goods is export-controlled under the International Traffic in Arms Regulations (ITAR) (22 CFR §§ 120-130), the Export Administration Regulations (15 CFR §§ 730-774) 500 or 600 series, or controlled on a military strategic goods list. Supplier agrees to provide UC (the contact listed on the Purchase Order) with written notification if Supplier will be providing information necessary for the operation, installation (including on-site installation), maintenance (checking), repair, overhaul, and refurbishing of the Goods that is beyond a standard user manual (i.e. "Use" technology as defined under the EAR 15 CFR § 772.1), or "Technical Data" (as defined under the ITAR 22 CFR § 120.10).

ARTICLE 18 – CONFLICT OF INTEREST

Supplier affirms that, to the best of Supplier's knowledge, no UC employee who has participated in UC's decision-making concerning the Agreement has an "economic interest" in the Agreement or Supplier. A UC employee's "economic interest" means:

- A. An investment worth \$2,000 or more in Supplier or its affiliate;
- B. A position as director, officer, partner, trustee, employee or manager of Supplier or its affiliate;
- C. Receipt during the past 12 months of \$500 in income or \$440 in gifts from Supplier or its affiliate; or
- D. A personal financial benefit from the Agreement in the amount of \$250 or more.

In the event of a change in these economic interests, Supplier will provide written notice to UC within thirty (30) days after such change, noting such changes. Supplier will not be in a reporting relationship to a UC employee who is a near relative, nor will a near relative be in a decision making position with respect to Supplier.

ARTICLE 19 – AUDIT REQUIREMENTS

The Agreement, and any pertinent records involving transactions relating to this Agreement, is subject to the examination and audit of the Auditor General of the State of California or Comptroller General of the United States or designated Federal authority for a period of up to five (5) years after final payment under the Agreement. UC, and if the underlying grant, cooperative agreement or federal contract so provides, the other contracting Party or grantor (and if that be the United States or an instrumentality thereof, then the Comptroller General of the United States) will have access to and the right to examine Supplier's pertinent books, documents, papers, and records involving transactions and work related to the Agreement until the expiration of five (5) years after final payment under the Agreement. The examination and audit will be confined to those matters connected with the performance of the Agreement, including the costs of administering the Agreement.

ARTICLE 20 – PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF INSTITUTIONAL INFORMATION

- A. Prohibition on Access, Use and Disclosure of Institutional Information. Supplier will not access, use or disclose Institutional Information, other than to carry out the purposes for which UC disclosed the Institutional Information to Supplier, except as required by applicable law, or as otherwise authorized in writing by UC prior to Supplier's disclosure. Supplier shall have the limited right to disclose Institutional Information to Supplier's employees provided that: (i) Supplier shall disclose only such Institutional Information as is necessary for the Supplier to perform its obligations under this Agreement, and (ii) Supplier informs such employees of the obligations governing the access, use and disclosure of Institutional Information prior to Supplier's disclosure. Supplier shall be liable

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

for any breach of this Agreement by its employees. For avoidance of doubt, this provision prohibits Supplier from using for its own benefit Institutional Information and any information derived therefrom. For the avoidance of doubt, the sale of Institutional Information is expressly prohibited.

- B. Compliance with Applicable Laws and Industry Best Practices. Supplier agrees to comply with all applicable state, federal, and foreign laws, as well as industry best practices, governing the collection, access, use, disclosure, safeguarding and destruction of Institutional Information. Supplier agrees to protect the privacy and security of Institutional Information according to all applicable laws and industry best practices, and no less rigorously than it protects its own information, but in no case less than reasonable care.
- C. Confidential Institutional Information. Supplier agrees to hold UC's Confidential Institutional Information, and any information derived therefrom, in strict confidence. Confidential Institutional Information shall be defined as any Institutional Information which is (i) marked as "Confidential" at the time of disclosure; (ii) if disclosed orally, identified at the time of such oral disclosure as confidential, and reduced to writing as "Confidential" within thirty (30) days of such oral disclosure; and (iii) if not marked as "Confidential," information that would be considered by a reasonable person in the relevant field to be confidential given its content and the circumstances of its disclosure. Confidential Information will not be considered confidential to the extent that: (i) Supplier can demonstrate by written records was known to Supplier prior to the effective date of the Agreement; (ii) is currently in, or in the future enters, the public domain other than through a breach of the Agreement or through other acts or omissions of Supplier; (iii) is obtained lawfully from a third party; or (iv) is disclosed under the California Public Records Act or legal process. For the avoidance of doubt, as applicable to Supplier's Services, Confidential Institutional Information may include any information that identifies or is capable of identifying a specific individual, including but not limited to:
 1. Personally identifiable information,
 2. Protected Health Information as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and the HIPAA regulations (including, but not limited to 45 C.F.R. § 160.103),
 3. Medical information as defined by California Civil Code § 56.05,
 4. Cardholder data,
 5. Student records, or
 6. Individual financial information that is subject to laws restricting the use and disclosure of such information, including but not limited to:
 - a. Article 1, Section 1 of the California Constitution; the California Information Practices Act (Civil Code § 1798 *et seq.*);
 - b. The federal Gramm-Leach-Bliley Act (15 U.S.C. §§ 6801(b) and 6805(b)(2));
 - c. The federal Family Educational Rights and Privacy Act (20 U.S.C. § 1232g);
 - d. The federal Fair and Accurate Credit Transactions Act (15 U.S.C. § 1601 *et seq.*);
 - e. The Fair Credit Reporting Act (15 U.S.C. § 1681 *et seq.*), and
 - f. Applicable international privacy laws, including, but not limited to the General Data Protection Regulation.
- D. Required Disclosures of Institutional Information. If Supplier is required by a court of competent jurisdiction or an administrative body to disclose Institutional Information, Supplier will notify UC in writing immediately upon receiving notice of such requirement and prior to any such disclosure (unless Supplier is prohibited by law from doing so), to give UC an opportunity to oppose or otherwise respond to such disclosure. To the extent Supplier still required to disclose Institutional Information, Supplier will furnish only that portion that is legally required and will exercise all reasonable efforts to obtain reliable assurance that confidential treatment will be afforded to any Confidential Institutional Information.
- E. No Offshoring. Supplier's transmission, transportation or storage of Institutional Information outside the United States, or access of Institutional Information from outside the United States, is prohibited except with prior written authorization by UC.
- F. Conflict in Terms. UC's Appendix – Data Security, Appendix – BAA, and/or Appendix GDPR will control in the event that one or more appendices is incorporated into the Agreement and conflicts with the provisions of this Article.
- G. Acknowledgement. Supplier acknowledges that remedies at law would be inadequate to protect UC against any actual or threatened breach of this Section by Supplier, and, without prejudice to any other rights and remedies otherwise available to UC, Supplier agrees to the granting of injunctive relief in UC's favor without proof of actual damages.

ARTICLE 21 – UC WHISTLEBLOWER POLICY

UC is committed to conducting its affairs in compliance with the law, and has established a process for reporting and investigating suspected improper governmental activities. Please visit <http://www.ucop.edu/uc-whistleblower/> for more information.

ARTICLE 22 – SUSTAINABLE PROCUREMENT GUIDELINES

Supplier will conduct business using environmentally, socially, and economically sustainable products and services (defined as products and services with a lesser or reduced effect on human health and the environment, and which generate benefits to the University as well as to society and the economy, while remaining within the carrying capacity of the environment), to the maximum possible extent consistent with the Agreement, and with the University of California Sustainable Practices Policy (<https://policy.ucop.edu/doc/3100155>) and the University of California Sustainable Procurement Guidelines:

(<https://www.ucop.edu/procurement-services/files/sustainableprocurementguidelines.pdf>).

In accordance with the University of California Sustainable Practices Policy, Supplier will adhere to the following requirements and standards, as applicable. Supplier acknowledges that failure to comply with any of the sustainability standards and requirements in the Agreement will constitute a material breach of the Agreement and UC will have the right to terminate the Agreement without damage, penalty, cost or further obligation.

- A. Sustainability Marketing Standards. Supplier sustainability related claims, where applicable, must meet UC recognized certifications and standards set forth in the UC Sustainable Procurement Guidelines and/or meet the standards of Federal Trade Commission's (FTC) Green Guides.
- B. Electronic Transfer of Supplier Information. Suppliers, when interacting with the UC, shall be prohibited from providing hard copies of presentations, marketing material, or other informational materials. Suppliers will be required to present all information in electronic format that is easily transferable to UC staff. Materials may be provided in hard copy or physical format if specifically required or requested by a UC representative.
- C. Packaging Requirements. All packaging must be compliant with the Toxics in Packaging Prevention Act (AB 455) and must meet all additional standards and requirements set forth in the UC Sustainable Practices Policy. In addition, UC requires that all packaging meet at least one of the criteria listed below:
 1. Uses bulk packaging;
 2. Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
 3. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
 4. Maximizes recycled content and/or meets or exceeds the minimum post-consumer content level for packaging in the U.S. Environmental Protection Agency Comprehensive Procurement Guidelines;
 5. Uses locally recyclable or certified compostable material.
- D. Foodservice Foam Ban. As of 2018, the University no longer allows packaging foam or expanded polystyrene (EPS) for takeaway containers or other food service items, in any University-owned or -operated food service facility.
- E. Product Packaging Foam Ban. Beginning January 1st, 2020, the University will prohibit all contracted and non-contracted suppliers from selling or distributing packaging foam (other than that utilized for laboratory supply or medical packaging) to UC campuses. Packaging foam is defined as any open or closed cell, solidified, polymeric foam used for cushioning or packaging, including but not limited to: low-density polyethylene foam, polypropylene foam, polystyrene foam (i.e. expanded polystyrene (EPS)), polyurethane foam, polyethylene foam, polyvinyl chloride (PVC) foam, and microcellular foam. Not included in this ban are easily biodegradable, plant-based foams such as those derived from corn or mushrooms.
- F. E-Waste Recycling Requirements. All recyclers of UC electronic equipment must be e-Steward certified by the Basel Action Network (BAN).
- G. Hosted and Punch-out Catalog Requirements. Suppliers enabled with eProcurement hosted catalog functionality must clearly identify products with UC-recognized certifications, as defined by the UC Sustainable Procurement Guidelines, in both hosted and punch-out catalog e-procurement environments.

ARTICLE 23 – PATIENT PROTECTION AND AFFORDABLE CARE ACT (PPACA) EMPLOYER SHARED RESPONSIBILITY

If the Services involve Supplier furnishing UC with temporary or supplementary staffing, Supplier warrants that:

- A. If Supplier is an Applicable Large Employer (as defined under Treasury Regulation Section 54.4980H-1(a)(4)):
 1. Supplier offers health coverage to its full-time employees who are performing Services for UC;
 2. Supplier's cost of enrolling such employees in Supplier's health plan is factored into the fees for the Services; and
 3. The fees for the Services are higher than what the Services would cost if Supplier did not offer health coverage to such full-time employees.

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

- B. If Supplier is not an Applicable Large Employer (as defined above):
1. Supplier offers group health coverage to its full-time employees who are performing Services for UC and such coverage is considered Minimum Essential Coverage (as defined under Treasury Regulation Section 1-5000A-2) and is Affordable (as defined under Treasury Regulation Section 54.4980H-5(e)); or
 2. Supplier's full-time employees who are performing services for UC have individual coverage and such coverage satisfies the PPACA requirements for mandated individual coverage.

Supplier acknowledges that UC is relying on these warranties to ensure UC's compliance with the PPACA Employer Shared Responsibility provision.

ARTICLE 24 - PREVAILING WAGES

Unless UC notifies Supplier that the Services are not subject to prevailing wage requirements, Supplier will comply, and will ensure that all sub-suppliers comply, with California prevailing wage provisions, including but not limited to those set forth in Labor Code sections 1770, 1771, 1771.1, 1772, 1773, 1773.1, 1774, 1775, 1776, 1777.5, and 1777.6. For purposes of the Agreement, the term "sub-supplier" means a person or firm, of all tiers, that has a contract with Supplier or with a sub-supplier to provide a portion of the Services. The term sub-supplier will not include suppliers, manufacturers, or distributors. Specifically, and not by way of limitation, if apprenticeable occupations are involved in providing the Services, Supplier will be responsible for ensuring that Supplier and any sub-suppliers comply with Labor Code Section 1777.5. Supplier and sub-supplier may not provide the Services unless currently registered and qualified to perform public work pursuant to Labor Code Section 1725.5 and 1771.1. Notwithstanding the foregoing provisions, Supplier will be solely responsible for tracking and ensuring proper payment of prevailing wages regardless if Services are partially or wholly subject to prevailing wage requirements. In every instance, Supplier will pay not less than the UC Fair Wage (defined as \$13 per hour as of 10/1/15, \$14 per hour as of 10/1/16, and \$15 per hour as of 10/1/17) for Services being performed at a UC Location (defined as any location owned or leased by UC).

The California Department of Industrial Relations (DIR) has ascertained the general prevailing per diem wage rates in the locality in which the Services are to be provided for each craft, classification, or type of worker required to provide the Services. A copy of the general prevailing per diem wage rates will be on file at each UC Location's procurement office, and will be made available to any interested party upon request. Supplier will post at any job site:

- A. Notice of the general prevailing per diem wage rates, and
- B. Any other notices required by DIR rule or regulation.

By this reference, such notices are made part of the Agreement. Supplier will pay not less than the prevailing wage rates, as specified in the schedule and any amendments thereto, to all workers employed by Supplier in providing the Services. Supplier will cause all subcontracts to include the provision that all sub-suppliers will pay not less than the prevailing rates to all workers employed by such sub-suppliers in providing the Services. The Services are subject to compliance monitoring and enforcement by the DIR. Supplier will forfeit, as a penalty, not more than \$200 for each calendar day or portion thereof for each worker that is paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any portion of the Services provided by Supplier or any sub-supplier. The amount of this penalty will be determined pursuant to applicable law. Such forfeiture amounts may be deducted from the amounts due under the Agreement. If there are insufficient funds remaining in the amounts due under the Agreement, Supplier will be liable for any outstanding amount remaining due. Supplier will also pay to any worker who was paid less than the prevailing wage rate for the work or craft for which the worker was employed for any portion of the Services, for each day, or portion thereof, for which the worker was paid less than the specified prevailing per diem wage rate, an amount equal to the difference between the specified prevailing per diem wage rate and the amount which was paid to the worker. Review of any civil wage and penalty assessment will be made pursuant to California Labor Code section 1742.

ARTICLE 25 – FAIR WAGE/FAIR WORK

If the Agreement is for Services that will be performed at one or more UC Locations, does not solely involve furnishing Goods, and are not subject to extramural awards containing sponsor-mandated terms and conditions, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in Articles 11, 12 and 14 herein, and that Supplier pays its employees performing the Services no less than the UC Fair Wage. Supplier agrees UC may conduct such UC Fair Wage/Fair Work interim compliance audits as UC reasonably requests, as determined in UC's sole discretion. Supplier agrees to post UC

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

Fair Wage/Fair Work notices, in the form supplied by UC, in public areas (such as break rooms and lunch rooms) frequented by Supplier employees who perform Services.

For Services rendered (actual spend) not subject to prevailing wage requirements in excess of \$100,000 in a year (under the Agreement or any combination of agreements for the same service), Supplier will (i) at Supplier's expense, provide an annual independent verification (<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>) performed by a licensed public accounting firm (independent accountant) or the Supplier's independent internal audit department (<http://na.theiia.org/standards-guidance/topics/Pages/Independence-and-Objectivity.aspx>) in compliance with UC's required verification standards and procedures (<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>), concerning Supplier's compliance with this provision, and (ii) ensure that in the case of a UC interim audit, its independent accountant/independent internal auditor makes available to UC its UC Fair Wage/Fair Work work papers for the most recent verification period. Supplier agrees to provide UC with a UC Fair Wage/Fair Work verification annually, in a form acceptable to UC, no later than ninety days after the end of the 12-month period in which \$100,000 in spend is reached.

The Fair Wage Fair Work annual independent verification requirement does not extend to contracts for professional services or consulting for which pre-certification has been provided to UC (<https://www.ucop.edu/procurement-services/for-suppliers/fwfw-resources-suppliers.html>). Please see the UC Procurement/Supply Chain Management Policy BUS-43 (<https://www.ucop.edu/procurement-services/policies-forms/business-and-finance/index.html>) for the definition of professional services and consulting.

ARTICLE 26 – MEDICAL DEVICES

This Article applies when the Goods and/or Services involve UC purchasing or leasing one or more medical devices from Supplier, or when Supplier uses one or more medical devices in providing Goods and/or Services to UC.

Medical Device as used herein will have the meaning provided by the U.S. Food and Drug Administration ("FDA") and means an instrument, apparatus, implement, machine, contrivance, implant, in vitro reagent, or other similar or related article, including a component part, or accessory which is: (i) recognized in the official National Formulary, or the United States Pharmacopoeia, or any supplement to them; (ii) intended for use in the diagnosis of disease or other conditions, or in the cure, mitigation, treatment, or prevention of disease, in humans or other animals, or (iii) intended to affect the structure or any function of the body of humans or other animals, and which does not achieve any of its primary intended purposes through chemical action within or on the body of humans or other animals and which is not dependent upon being metabolized for the achievement of any of its primary intended purposes.

Supplier warrants that prior to UC's purchase or lease of any Medical Device or Supplier's use of any Medical Device in providing Goods and/or Services hereunder, Supplier will: (i) perform security testing and validation for each such Goods and/or Services or Medical Device, as applicable; (ii) perform security scans to detect malware on any software embedded within any Goods and/or Services or Medical Device, as applicable, in order to verify that the software does not contain any known malware; (iii) conduct a vulnerability scan encompassing all ports and fuzz testing; and (iv) provide UC with reports for (i) – (iii). Supplier warrants that any Good or Medical Device is compliant with FDA's most current guidance or regulation for the quality system related to the cybersecurity and the Management of Cybersecurity in Medical Devices, and that Supplier will maintain compliance with any updates to such guidance or regulations.

Throughout Supplier's performance of this Agreement, Supplier will provide UC with reasonably up-to-date patches, firmware and security updates for any Medical Device provided to UC, and any other Medical Device used in the course of providing Services, as applicable. All such patches and other security updates will be made available to UC within thirty (30) days of its commercial release or as otherwise recommended by Supplier or Supplier's sub-supplier, whichever is earlier.

Supplier warrants that all software and installation media not specifically required for any Medical Device used by Supplier or Goods and/or Services delivered to UC under this Agreement as well as files, scripts, messaging services and data will be removed from all such Goods and/or Services or Medical Device following installation, and that all hardware ports and drivers not required for use or operation of such Goods and/or Services or Medical Device will be disabled at time of installation. In addition, Medical Devices must be configured so that only Supplier-approved applications will run on such Medical Devices.

**UNIVERSITY
OF
CALIFORNIA**

Terms and Conditions of Purchase

Supplier agrees that UC may take any and all actions that it, in its sole discretion, deems necessary to address, mitigate and/or rectify any real or potential security threat, and that no such action, to the extent such action does not compromise device certification, will impact, limit, reduce or negate Supplier's warranties or any of Supplier's other obligations hereunder.

Supplier warrants that any Medical Device provided to UC, and any other Medical Device used in the course of providing such Goods and/or Services, meet and comply with all cyber-security guidance and similar standards promulgated by the FDA and any other applicable regulatory body.

If the Goods and/or Services entail provision or use of a Medical Device, Supplier will provide UC with a completed Manufacturer Disclosure Statement for Medical Device Security (MDS2) form for each such Medical Device before UC is obligated to purchase or lease such Medical Device or prior to Supplier's use of such device in its performance of Services. If Supplier provides an MDS2 form to UC concurrently with its provision of Goods and/or Services, UC will have a reasonable period of time to review such MDS2 form, and if the MDS2 form is unacceptable to UC, then UC in its sole discretion may return the Goods or terminate the Agreement with no further obligation to Supplier.

ARTICLE 27 – FORCE MAJEURE

Neither Party will be liable for delays due to causes beyond the Party's control (including, but not restricted to, war, civil disturbances, earthquakes, fires, floods, epidemics, quarantine restrictions, freight embargoes, and unusually severe weather).

ARTICLE 28 – ASSIGNMENT AND SUBCONTRACTING

Except as to any payment due hereunder, Supplier may not assign or subcontract the Agreement without UC's written consent. In case such consent is given, the assignee or subcontractor will be subject to all of the terms of the Agreement.

ARTICLE 29 – NO THIRD-PARTY RIGHTS

Nothing in the Agreement, express or implied, is intended to make any person or entity that is not a signer to the Agreement a third-party beneficiary of any right created by this Agreement or by operation of law.

ARTICLE 30 – OTHER APPLICABLE LAWS

Any provision required to be included in a contract of this type by any applicable and valid federal, state or local law, ordinance, rule or regulations will be deemed to be incorporated herein.

ARTICLE 31 – NOTICES

A Party must send any notice required to be given under the Agreement by overnight delivery or by certified mail with return receipt requested, to the other Party's representative at the address specified by such Party.

ARTICLE 32 – SEVERABILITY

If a provision of the Agreement becomes, or is determined to be, illegal, invalid, or unenforceable, that will not affect the legality, validity or enforceability of any other provision of the Agreement or of any portion of the invalidated provision that remains legal, valid, or enforceable.

ARTICLE 33 – WAIVER

Waiver or non-enforcement by either Party of a provision of the Agreement will not constitute a waiver or non-enforcement of any other provision or of any subsequent breach of the same or similar provision.

ARTICLE 34 – AMENDMENTS

The Parties may make changes in the Goods and/or Services or otherwise amend the Agreement, but only by a writing signed by both Parties' authorized representatives. In the event there is a Material Change to the Agreement, the parties agree to meet and confer in good faith in order to modify the terms of the Agreement. A Material Change as used herein refers to:

UNIVERSITY OF CALIFORNIA

Terms and Conditions of Purchase

- A. A change to the scope of Goods and/or Services to be provided by Supplier, as agreed to by UC;
- B. A change in the Institutional Information Supplier is required to create, receive, maintain or transmit in performance of the Agreement, such that the Protection Level Classification of such Institutional Information changes;
- C. Changes in the status of the parties;
- D. Changes in flow down terms from external parties; and
- E. Changes in law or regulation applicable to this Agreement.

Each party shall notify the other party upon the occurrence of a Material Change.

ARTICLE 35 – GOVERNING LAW AND VENUE

California law will control the Agreement and any document to which it is appended. The exclusive jurisdiction and venue for any and all actions arising out of or brought under the Agreement is in a state court of competent jurisdiction, situated in the county in the State of California in which the UC Location is located or, where the procurement covers more than one UC Location, the exclusive venue is Alameda County, California.

ARTICLE 36 – ASSISTANCE IN LITIGATION OR ADMINISTRATIVE PROCEEDINGS

Supplier will make itself and its employees, subcontractors, or agents assisting Supplier in the performance of its obligations reasonably available to UC at no cost to UC to testify as witnesses, or otherwise, in the event of investigations, or proceedings against UC, its directors, officers, agents, or employees relating to the Goods or Services.

ARTICLE 37 – SUPPLIER TERMS

Any additional terms that Supplier includes in an order form or similar document will be of no force and effect, unless UC expressly agrees in writing to such terms.

ARTICLE 38 – SURVIVAL CLAUSE

Upon expiration or termination of the Agreement, the following provisions will survive: WARRANTIES; INTELLECTUAL PROPERTY, COPYRIGHT, PATENTS, AND DATA RIGHTS; INDEMNITY AND LIABILITY; USE OF UC NAMES AND TRADEMARKS; LIABILITY FOR UC-FURNISHED PROPERTY; COOPERATION; TERMS APPLICABLE TO THE FURNISHING OF GOODS; AUDIT REQUIREMENTS; PROHIBITION ON UNAUTHORIZED USE OR DISCLOSURE OF INSTITUTIONAL INFORMATION; GOVERNING LAW AND VENUE, and, to the extent incorporated into the Agreement, the terms of the APPENDIX–DATA SECURITY, APPENDIX–BAA, and/or APPENDIX-GDPR.

ARTICLE 39 – CONTRACTING FOR COVERED SERVICES

Covered Services, for the purpose of this Agreement, are defined as work customarily performed by bargaining unit employees at the University in the categories of services described in Regents Policy 5402, and American Federation of State, County, and Municipal Employees (AFSCME) Collective Bargaining Agreement Article 5. Covered Services include, but are not necessarily limited to, the following services: cleaning, custodial, janitorial, or housekeeping services; food services; laundry services; grounds keeping; building maintenance (excluding skilled crafts); transportation and parking services; and security services.

Unless UC notifies Supplier that the Services are not Covered Services, Supplier warrants that it is in compliance with applicable federal, state and local working conditions requirements, including but not limited to those set forth in in other Articles of the Agreement. In accordance with Regents Policy 5402 and AFSCME Collective Bargaining Agreement Article 5, Supplier also warrants that it pays its employees performing the Covered Services at UC locations the equivalent value of the wages and benefits – as determined in the Wage and Benefit Parity Appendix – received by UC employees providing similar services at the same, or nearest UC location.

Supplier agrees UC may conduct such compliance audits as UC reasonably requests, and determined at UC's sole discretion. Supplier agrees to post UC Contracting for Covered Services notices, in the template supplied by UC, in a prominent and accessible place (such as break rooms and lunch rooms) where it may be easily seen by workers who perform Covered Services. The term "Supplier" includes Supplier and its Sub-Suppliers at any tier. Supplier also agrees to:

UNIVERSITY
OF

Terms and Conditions of Purchase

- (a) upon UC's request, provide verification of an independent audit performed by Supplier's independent auditor or independent internal audit department (<http://na.theiia.org/standards-guidance/topics/Pages/Independence-and-Objectivity.aspx>) and at Supplier's expense; and
- (b) ensure that, in the case of a UC interim audit, Supplier's auditor makes available to UC its Contracting for Covered Services work papers for the most recently audited time period. Supplier agrees to provide UC requested verification, in a form acceptable to UC, no later than ninety days after receiving UC's request.

Required Supplier Information

A. Communications & Amendments Regarding the RFx

All communications, including any requests for clarification, concerning this Request for Proposal ("RFP"), Request for Quote ("RFQ"), Request for Qualifications ("RFq"), or Request for Information ("RFI") (collectively, referred to as "RFx") must be submitted via the Discussion Forum section of this RFx within CalUsource, the University of California and California State University Public Bid Site.

The University of California ("UC") will make any changes, additions, or deletions to the RFx in the form of amendments electronically sent via the Public Bid Site. UC will not be responsible for failure of any prospective Supplier to receive such amendments. All amendments will become part of the RFx.

It is Supplier's responsibility to read the entire RFx document, including any attachments, references and amendments, and to comply with all requirements listed herein.

For instruction on how to bid, refer to the CalUsource Supplier Bidding Guide under the Guidelines section of the Public Bid Site.

B. Proposal Submittal and Evaluation

1. This solicitation, the evaluation of proposals, and the award of any resulting contract will be made in conformance with applicable UC policies and California law. UC reserves the right to withdraw this RFx at any time. All documents submitted to UC in response to this RFx will become the exclusive property of UC and will not be returned.
2. Supplier is strongly encouraged to complete and submit its proposal/bid ("Proposal") in the Public Bid Site well before the RFx closing date and time. A late Proposal will not be accepted after the RFx closing date and time.
3. Proposals must follow the format specified in the RFx. The submission of a Proposal confirms that it has been issued and reviewed by an individual authorized to enter into contracts on behalf of Supplier.
4. Supplier must not provide superfluous materials such as marketing materials or website links in response to or in lieu of the Questionnaires Section, and may be disqualified for providing superfluous materials. Supplier may, however, use attachments or website links to respond to Cost Questions if Cost is directly referenced in the question and such materials respond specifically to the question without extraneous information.
5. Any contract(s) resulting from this RFx will be awarded to the responsive and responsible Supplier who's Proposal, in UC's opinion, offers the greatest benefit to UC. Proposals will be evaluated by the UC evaluation team using the methodology set forth in the RFx Evaluation document attached to this RFx. NOTE: This applies to RFPs, RFqs, and RFQs only. RFIs do not result in contracts.
6. UC may waive irregularities in a Proposal provided that, in UC's judgment, such action will not negate fair competition and will permit proper comparative evaluation of proposals. UC's waiver of an immaterial deviation or defect will not modify the RFx documents or excuse Supplier from full compliance with the RFx specifications in the event a contract is awarded to Supplier.

7. UC reserves the right to reject all proposals, make more than one award, or make no award. Based on the results of this RFx process, UC reserves the right to request one or more separate proposals for selected items, with a select group of suppliers, including direct manufacturers of these products. Based on the results of such requests, UC or its locations may enter into contracts with other suppliers to provide those products, while remaining UC locations may buy those products through this RFx. Any contract awarded pursuant to this RFx will incorporate the RFx requirements and specifications, as well the contents of the Proposal as accepted by UC, and will be in writing.
8. Supplier must operate within the guidelines of all federal, state, and local labor laws and codes. Supplier must possess all trade, professional or business licenses as may be required by the work contemplated by this RFx.
9. Supplier will bear all costs incurred in the preparation and submission of the Proposal and related documentation, including Supplier's presentations to UC. If Supplier is the apparent awardee, Supplier will bear its own costs in negotiating and finalizing an agreement with UC.
10. Several UC campuses have enabled e-commerce using hosted catalogs and punch-outs. Supplier may be asked to comply with campus e-commerce requirements on a campus by campus basis, but must adhere to UC system-wide policy for consistency in catalog loading, pricing, and product flagging. Suppliers must clearly identify products with UC-recognized certifications, as defined by the [UC Sustainable Procurement Guidelines](#), in both hosted and punch-out catalog e-procurement environments, where enabled.
11. UC may visit Supplier's site to verify that Supplier will meet the RFx specifications set forth in the Statement of Work ("RFx Specifications"). Additionally, in assessing Supplier's ability to perform, UC may consider factors including but not limited to Supplier's financial resources, past performance with UC, references from other customers, experience, organization, personnel, technical skills, operational controls, sustainable offerings and practices, supplier diversity, equipment, and quality control.

C. UC Sustainable Practices Policy

Recognizing the substantial impact that procurement decisions have on the environment, society, and the economy, the University of California will maximize its procurement of sustainable products and services, within the constraints of research needs and budgetary requirements and in compliance with all applicable rules, regulations and laws. The University values the health and wellbeing of its students, staff, faculty, visitors, and suppliers, and seeks to provide healthy and accessible conditions for the communities it serves, as well as those throughout its supply chain. As such, product, service, and supply chain impacts to health and wellbeing will be considered as fundamental factors when making procurement decisions. Where functional alternatives to harmful products and/or services exist, they will be strongly preferred.

1. **Packaging Requirements:** Packaging for all products procured by the University must be designed, produced, and distributed to the end user in a sustainable manner. The University requires that all packaging be compliant with the Toxics in Packaging Prevention Act (AB 455) as to be free of any intentionally introduced lead, cadmium, mercury or hexavalent chromium, and containing no incidental concentrations of these regulated metals greater than 100 parts per million (ppm) by weight. In addition, the University requires that all packaging meet at least one of the criteria listed below:
 - Uses bulk packaging;
 - Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
 - Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
 - Maximizes recycled content and/or meets or exceeds the minimum post-consumer content

level for packaging in the U.S. Environmental Protection Agency Comprehensive Procurement Guidelines;

- Uses locally recyclable or certified compostable material.

The University has prohibited the use of Expanded Polystyrene (EPS) in foodservice facilities for takeaway containers. By 2020, the University will prohibit the sale, procurement, and distribution of expanded plastic foam materials [such as Expanded Polystyrene (EPS), Expanded Polyethylene (EPE), Expanded Polyurethane, and expanded plastic foam hybrids] at all UC locations other than that utilized for laboratory supply or medical packaging and products where there is no functional alternative.

2. Environmental Marketing Claims: The University requires all sustainability related purchasing claims to be supported with UC-recognized certifications and/or detailed information on proven benefits, durability, recycled content, and recyclability properties, in accordance with the Federal Trade Commission's (FTC) Green Guides for the use of environmental marketing claims.

D. California Public Records Act

All proposals, supporting materials and related documentation are subject to the California Public Records Act. Marking a document "confidential" or "proprietary" may not prevent its release.

E. Insurance Requirements

If awarded a contract, Supplier must name UC as an additional insured and furnish a certificate of insurance acceptable to UC as outlined in the Terms and Conditions set forth in the RFx.

F. Errors & Omissions

Supplier should immediately notify UC of any apparent discrepancy, error, omission, ambiguity or lack of clarity in this RFx, any attachments, references and amendments. Supplier will not be entitled to compensation for any error or discrepancy that appears in this RFx.

G. Federal and State Water and Air Pollution Laws

UC will not contract with entities in violation of Federal or State water or air pollution laws. To determine if the State of California has a record that Supplier is in violation of California pollution laws, Supplier may contact the California Air Resources Board and California Water Resources Control Board. Supplier must disclose on an addendum to its Proposal any open violations of water or air pollution laws, along with Supplier's action plans to remedy the violations.

H. Collusion among Suppliers

Collusion among Suppliers is not allowed. If there is proof of collusion among Suppliers, UC will reject all proposals involved in the collusive action.

I. Exclusions

Supplier is advised that some goods and/or services may be subject to pre-existing agreements with other Suppliers, or may be outside the scope of this RFx and may not be included in any awarded contract or may be included on a limited basis.

J. Disqualification

UC may disqualify any Supplier that does not adhere to the provisions in this Required Supplier Information.

K. Multiple Proposals

Supplier may not submit or be interested in more than one proposal for the same RFx; provided, however, that a person or firm that submitted a sub-proposal to a Supplier or who has quoted prices for goods and/or services to a Supplier is not thereby disqualified from submitting a sub-proposal quoting prices to other Suppliers.

L. Specifications and Exceptions

1. Unless documented as an Exception, the submission of a Proposal will confirm Supplier's acceptance of all RFx Specifications. In documenting an Exception to the RFx Specifications, Supplier must provide a detailed itemization and explanation for each deviation from the RFx Specifications, clearly describing any alternate goods and/or services that could be provided to satisfy those requirements. Supplier should list any items it wishes to exclude from its standard catalog. Absence of an itemization and explanation will mean that Supplier is willing and able to meet all RFx Specifications. If Supplier does not document an Exception regarding the RFx Specifications and it is found that goods and/or services delivered do not meet the RFx Specifications, Supplier will be required to correct same at Supplier's expense.
2. Unless documented as an Exception, Supplier's submission of a Proposal confirms acceptance of UC's Guidelines and Contract Documents. In documenting an Exception to the Guidelines or Contract Documents, Supplier must itemize in detail any exceptions taken to the Guidelines or Contract Documents and provide alternative language or provisions for UC to review. UC will not consider the submission of Supplier's terms and conditions to be documentation of an Exception. UC reserves the right to modify the Guidelines and Contract Documents as it deems necessary either before or during any negotiations with Supplier until mutual agreement is achieved.
3. Supplier is cautioned that if UC does not approve Supplier's request for Exception to the RFx Specifications and/or Guidelines and Contract Documents, and Supplier does not withdraw the request, the Proposal may be deemed non-responsive and ineligible for contract award.

M. Complaints and Protests

Controversies over the solicitation or award of a contract are covered by University of California Policy <https://www.ucop.edu/procurement-services/policies-forms/business-and-finance/index.html>, which is posted online. The policy requests that a party with a complaint regarding the solicitation or award of a contract first attempt to resolve the complaint with the University contracting officer involved in the transaction.

If the complaint cannot be resolved informally, the complainant may file a formal written protest with the University contracting officer who will escalate this protest to the proper authority. Complainants should use the phrase "Formal Bid Protest" in the communication's subject line to indicate the intent to escalate the complaint. Under UC policy, formal written protests must be filed promptly (and in any event within two calendar weeks after the complainant knows or should have known the facts giving rise to the protest).

N. Offshoring of Services

Supplier must do one of the following in its Proposal:

1. Certify *under penalty of perjury* that the services will be performed solely with workers within the United States, including any services that Supplier would provide using a sub-supplier; or
2. Describe in its bid any parts of the services that will be performed by workers outside of the United States.

Additionally, UC will not, as a part of the contract that will displace UC employees, pay to train workers located in foreign countries or who plan to relocate to a foreign country. Please note that a condition of awarding a contract will be that Supplier agree to the warranties in Article 6(I) of UC's Terms & Conditions of Purchase.

**ARTICLE 1. PURPOSE AND INTRODUCTION**

- A. In the course of providing the Goods and/or Services contemplated by the Agreement, Supplier may gain access to the University of California's (UC) Institutional Information and/or IT Resources (both defined below). In such an event, UC and Supplier desire to appropriately protect Institutional Information and IT Resources. The purpose of this Appendix-Data Security is to specify Supplier's cybersecurity and risk management responsibilities when Supplier has access to Institutional Information and/or IT Resources.
- B. Any capitalized terms used here have the meaning ascribed to such terms as set forth in the Agreement or Incorporated Documents.
- C. Supplier must provide commercially acceptable cybersecurity and cyber risk management to protect Institutional Information and/or IT Resources. This must include, but is not limited to the Supplier:
 1. Developing and documenting a plan that protects Institutional Information and IT Resources.
 - Supplier must responsibly execute this plan.
 - Supplier's approach must conform to a recognized cybersecurity framework designed for that purpose.¹
 - Supplier's information security plan must be supported by a third-party review or certification. Supplier may only use an alternative to a third-party review if approved by the responsible UC Information Security Officer.
 2. Conducting an accurate and thorough assessment of the potential risks to and vulnerabilities of the security of the Institutional Information and/or IT Resources. Supplier must mitigate anticipated risks effectively. This includes implementing commercially acceptable security policies, procedures, and practices that protect Institutional Information and/or IT Resources.
 3. Updating its plan to effectively address new cybersecurity risks.
 4. Complying with pertinent contractual and regulatory responsibilities.
 5. Providing UC with evidence of compliance with Supplier's information security plan.
 6. Keeping UC informed with timely updates on risks, vulnerabilities, Security Incidents, and Breaches.
 7. Keeping UC informed of any measures UC must perform to ensure the security of Institutional Information and IT Resources.

¹ Examples include the latest versions of PCI DSS, NIST CSF, CIS Critical Security Controls, ISO 27002, NIST SP 800-53 and NIST SP 800-171.

- D. If, in the course of providing the Goods and/or Services under the Agreement, Supplier engages in transactions with UC affiliated individuals (including but not limited to: students, staff, faculty, customers, patients, guests, volunteers, visitors, research subjects, etc.), as a benefit and result of the Agreement, Supplier must treat any data about UC affiliated individuals that Supplier creates, receives, and/or collects in the course of those transactions with the same level of privacy and security protections and standards as required of Institutional Information by this Appendix.
- E. Supplier agrees to be bound by the obligations set forth in this Appendix. To the extent applicable, Supplier also agrees to impose, by written contract, the same terms and conditions contained in this Appendix on any sub-supplier retained by Supplier to provide or assist in providing the Goods and/or Services to UC.
- F. To the extent that a requirement of this Appendix conflicts with those of any other UC Agreement or Incorporated Document, the most stringent requirement (including but not limited to: least risk to UC, shortest time, best practice, etc.) will apply.

ARTICLE 2. DEFINED TERMS

- A. **“Breach”** means: (1) Any disclosure of Institutional Information to an unauthorized party or in an unlawful manner; (2) Unauthorized or unlawful acquisition of information that compromises the security, confidentiality, or integrity of Institutional Information and/or IT Resources; or (3) The acquisition, access, use, or disclosure of protected health information (PHI) or medical information in a manner not permitted under the Health Insurance Portability and Accountability Act (HIPAA) or California law.
- B. **“Illicit Code”** means: (1) Any code UC would not reasonably expect to be present or operating; (2) Hidden software or functionality with adverse or undesired actions or consequences; (3) Code that replicates or transmits Institutional Information or activates operating systems or other similar services without the express knowledge and approval of UC; (4) Code that alters, damages, or erases any Institutional Information or software without the express knowledge and approval of UC; or (5) Code or apparatus that functions in any way as a: key lock, node lock, time-out, “back door,” “trap door,” “booby trap,” “dead drop device,” “data scrambling device,” or other function, regardless of how it is implemented, which is intended to alter or restrict the use of or access to any Institutional Information and/or IT Resources.
- C. **“Institutional Information”** means: Any information or data created, received, and/or collected by UC or on its behalf, including but not limited to: application logs, metadata, and data derived from such data.
- D. **“IT Resource”** means: IT infrastructure, cloud services, software, and/or hardware with computing and/or networking capability that is Supplier owned/managed or UC-owned, or a personally owned device that stores Institutional Information, is connected to UC systems, is connected to UC networks, or is used for UC business. IT Resources include, but are not limited to: personal and mobile computing systems and devices,

mobile phones, printers, network devices, industrial control systems (including but not limited to: SCADA, PLCs, DPC, Operational Technology, etc.), access control systems, digital video monitoring systems, data storage systems, data processing systems, backup systems, electronic and physical media, biometric and access tokens, Internet of Things (IoT), or any other device that connects to any UC network.

E. **“Major Change”** means: The implementation of a change that could have an effect on the security of an IT Resource or Institutional Information. The scope includes changes to architectures, processes, tools, metrics, and documentation, as well as changes to IT services and other configuration items. These include changes related to:

1. Technology upgrades or migrations.
2. Responses to Security Incidents.
3. Modifications of scope (data elements, features, location of Institutional Information, etc.).
4. Regulatory guidance.
5. Law and legal regulations.
6. Responses to risk assessments.
7. Addressing vulnerabilities.
8. Material updates or shifts in technologies used by Supplier.

F. **“Security Incident”** means: (1) A material compromise of the confidentiality, integrity, or availability of Institutional Information; (2) A single event or a series of unwanted or unexpected events that has a significant probability of compromising UC business operations or threatening Institutional Information and/or IT Resources; (3) Any event involving a cyber intrusion; or (4) A material failure of Supplier’s administrative, technical, or physical controls that resulted or could have resulted in an adverse impact to the confidentiality, integrity, or availability of Institutional Information or IT Resources.

ARTICLE 3. ACCESS TO INSTITUTIONAL INFORMATION AND IT RESOURCES

A. Supplier must limit its access to, use of, and disclosure of Institutional Information and IT Resources to the least invasive degree necessary required to provide the Goods and/or Services.

1. Supplier may not access or use Institutional Information and IT Resources for any purpose except to provide the Goods and/or Services.
2. For the avoidance of doubt, Supplier may not access, use, or disclose Institutional Information and IT Resources outside the scope of the Agreement for purposes of, including but not limited to: marketing, advertising, research, sale, or licensing unless expressly approved in writing by UC.

B. In the event that Goods and/or Services include the review of a specific Security Incident or a threat to or anomaly in Institutional Information or IT Resources, Supplier must limit inspection to the least invasive degree necessary required to perform the investigation.

ARTICLE 4. SUPPLIER'S INFORMATION SECURITY PLAN AND RESPONSIBILITIES

- A. Supplier acknowledges that UC must comply with information security standards as required by law, regulation, and regulatory guidance, as well as by UC's internal security program that protects Institutional Information and IT Resources.
- B. Supplier must establish, maintain, comply with, and responsibly execute its information security plan.
- C. Supplier's initial information security plan is attached as Exhibit 2 and incorporated by reference.
- D. Updates to Exhibit 2 will occur as follows:
 - 1. On an annual basis, Supplier will review its information security plan, update it as needed, and submit it upon written request by UC.
 - 2. In the event of a Major Change, Supplier will review its information security plan, update it as needed, and submit it to UC as detailed herein.
- E. If Supplier makes any material modifications to its information security plan that will affect the security of Institutional Information and IT Resources, Supplier must notify UC within seventy-two (72) calendar hours and identify the changes.
- F. Supplier's Information Security Plan must:
 - 1. Ensure the security (including but not limited to: confidentiality, integrity, and availability) of Institutional Information and IT Resources through the use and maintenance of appropriate administrative, technical, and physical controls;
 - 2. Protect against any reasonably anticipated threats or hazards to Institutional Information and IT Resources;
 - 3. Address the risks associated with Supplier having access to Institutional Information and IT Resources;
 - 4. Comply with applicable regulations and/or external obligations listed in Exhibit 1;
 - 5. Comply with all applicable legal and regulatory requirements for data protection, security, and privacy;
 - 6. Clearly document the cybersecurity responsibilities of each party;
 - 7. Follow UC records retention requirements outlined in the Statement of Work (SOW) or in UC's Terms and Conditions;
 - 8. Prevent the sharing of passwords or authentication secrets that provide access to Institutional Information and/or IT Resources;
 - 9. Prevent the use of passphrases (passwords) or other authentication secrets that are common across customers or multiple unrelated UC sites or units;
 - 10. Prevent unauthorized access to Institutional Information and IT Resources;
 - 11. Prevent unauthorized changes to IT Resources;
 - 12. Prevent the reduction, removal, or turning off of any security control without express written approval from UC;

13. Prevent the creation of new Supplier accounts to access Institutional Information and IT Resources without express written approval from UC;
14. Prevent the storing, harvesting, or passing through of UC credentials (username, password, authentication secret, or other factor); and
15. Prevent the use or copying of Institutional Information for any purpose not authorized under the Agreement or any associated Statement of Work (SOW).

ARTICLE 5. REQUESTS FROM UC AND EVIDENCE OF COMPLIANCE

- A. Supplier must provide UC with evidence that demonstrates to UC's reasonable satisfaction Supplier's adherence to its information security plan (including but not limited to: third-party report, attestation signed by an authorized individual, attestation of compliance by a qualified assessor, or a mutually agreed upon equivalent) upon execution of the Agreement, upon reasonable request (including but not limited to: annually, after Major Changes, and/or as a result of a Security Incident), or as required by any applicable regulatory or governmental authority.
- B. Supplier must respond to UC's reasonable questions related to cybersecurity controls, Security Incidents, or Major Changes, newly published vulnerabilities, and/or risk assessments within ten (10) business days.
- C. UC may request and perform a security audit using a qualified third party or a mutually agreed upon alternative annually or as a result of a Breach.

ARTICLE 6. NOTIFICATION OF MAJOR CHANGES AND VULNERABILITY DISCLOSURES

- A. Within twenty (20) business days, Supplier must notify UC regarding changes in Supplier's security posture or IT infrastructure. Such notices must occur:
 1. When Major Changes happen.
 2. When Supplier becomes aware of a vulnerability that warrants a CVE² rating of "High" or "Critical," based on the latest CVE version, for which a patch is not yet available or for which Supplier will delay application of an available patch.
- B. Supplier must use commercially acceptable efforts to remediate, within twenty (20) business days, any vulnerability rated as CVE High or Critical.
- C. In response to Major Changes, Supplier must update its information security plan no later than fifteen (15) days into the next calendar quarter and must provide updated evidence of compliance with the information security plan.

² Common Vulnerabilities and Exposures (CVE) is a dictionary-type list of standardized names for vulnerabilities and other information related to security exposures maintained by The MITRE Corporation. CVE aims to standardize the names for all publicly known vulnerabilities and security exposures. The goal of CVE is to make it easier to share data across separate vulnerability databases and security tools. The CVE list can be found at: cve.mitre.org

ARTICLE 7. RETURN AND DISPOSAL OF INSTITUTIONAL INFORMATION

- A. Within thirty (30) calendar days of the termination, cancellation, expiration, or other conclusion of the Agreement, Supplier must return all Institutional Information to UC and then dispose of the Institutional Information in possession of Supplier as detailed herein. This provision also applies to all Institutional Information that is in the possession of sub-suppliers or agents of Supplier.
- B. Such disposal will be accomplished using the methods described in UC's Institutional Information Disposal Standard (<https://security.ucop.edu/policies/institutional-information-disposal.html>) or an alternative approved by UC.
- C. Supplier will certify in writing to UC that such return and/or disposal has been completed.
- D. If Supplier believes that return and/or disposal of Institutional Information is technically impossible or impractical, Supplier must provide UC with a written statement explaining the reason for this conclusion. If UC determines that return and/or disposal is technically impossible or impractical, Supplier will continue to protect the Institutional Information in accordance with the terms of this Appendix for as long as the Institutional Information is in Supplier's possession.

ARTICLE 8. NOTIFICATION OF CORRESPONDENCE CONCERNING INSTITUTIONAL INFORMATION

- A. Supplier agrees to notify UC promptly, both orally and in writing, but in no event more than seventy-two (72) calendar hours after Supplier receives correspondence or a complaint that relates to a regulation, contractual obligation, Breach, or material risk concerning Institutional Information. For purposes of this Article 8.A, a correspondence or complaint may include, but is not limited to, any communication that originates from law enforcement, regulatory or governmental agencies, government investigators, corporations, or an individual, but excludes normal customer service correspondence or inquiries.

ARTICLE 9. COORDINATING, REPORTING, AND RESPONDING TO BREACHES AND SECURITY INCIDENTS

- A. **Reporting of Breach or Security Incident:** If Supplier reasonably suspects or confirms a Breach and/or a Security Incident impacting Institutional Information and/or IT Resources, Supplier must promptly notify UC both orally and in writing using the contacts in the Agreement. Supplier must provide such notifications no later than (1) seventy-two (72) calendar hours after the initial suspicion of a Security Incident and/or Breach and (2) seventy-two (72) calendar hours after the initial confirmation of a Security Incident and/or Breach, if Supplier is able to make such a confirmation. Supplier's notification must identify:
1. Contacts for both technical and management coordination;

2. Escalation and identifying information, such as ticket numbers, system identifiers, etc.;
 3. The nature of the Breach and/or Security Incident;
 4. The Institutional Information and/or IT Resources affected;
 5. What Supplier has done or will do to mitigate any deleterious effect; and
 6. What corrective action Supplier has taken or will take to prevent future Security Incidents.
- B. Supplier will provide other information as reasonably requested by UC.
- C. In the event of a suspected Breach and/or Security Incident, Supplier will keep UC informed regularly of the progress of its investigation until the incident is resolved.
- D. **Coordination of Breach Response or Security Incident Activities:** Supplier will fully cooperate with UC's investigation of any Breach and/or Security Incident involving Supplier and/or Goods and/or Services. Supplier's full cooperation will include, but not be limited to, Supplier:
1. Promptly preserving any potential forensic evidence relating to the Breach and/or Security Incident;
 2. Remedying the Breach and/or Security Incident as quickly as circumstances permit;
 3. Promptly, but no more than seventy two (72) calendar hours after the discovery of Breach and/or Security Incident, designating a contact person to whom UC will direct inquiries and who will communicate Supplier responses to UC inquiries;
 4. As rapidly as circumstances permit, assigning/using appropriate resources to remedy, investigate, and document the Breach and/or Security Incident, to restore UC service(s) as directed by UC, and undertake appropriate response activities;
 5. Providing status reports to UC regarding Breach and Security Incident response activities, either on a daily basis or a frequency approved by UC;
 6. Coordinating all media, law enforcement, or other Breach and/or Security Incident notifications with UC in advance of such notification(s), unless expressly prohibited by law;
 7. Ensuring that knowledgeable Supplier employees are available on short notice, if needed, to participate in UC and Supplier initiated meetings and/or conference calls regarding the Breach and/or Security Incident; and
 8. Ensuring that knowledgeable Supplier employees and agents participate in after-action analysis, including root cause analysis and preventive action planning.
- E. **Breaches and Security Incidents – Corrective And Preventive Action:** As a result of a Breach and/or Security Incident impacting Institutional Information and/or IT Resources, and upon UC's request, Supplier must prepare a report detailing corrective and preventive actions. The report must include:

1. A mutually agreed upon timeline for the corrective and preventive actions based on the nature of the Breach and/or Security Incident;
 2. Identification and description of the root causes; and
 3. Precise steps Supplier will take to address the failures in the underlying administrative, technical, and/or physical controls to mitigate damages and future cyber risk.
- F. **Costs:** Supplier must reimburse UC for reasonable costs related to responding to Breaches impacting Institutional Information and IT Resources caused by Supplier. This includes all costs associated with notice and/or remediation of the Breach.
- G. **Grounds for Termination:** Any Breach may be grounds for termination of the Agreement by UC. Agreement obligations to secure, dispose, and report continue through the resolution of the Breach and/or Security Incident.

ARTICLE 10. ILLICIT CODE WARRANTY

- A. Supplier represents and warrants that the Goods and/or Services do not contain Illicit Code.
- B. To the extent that any Goods and/or Services have Illicit Code written into them, Supplier will be in breach of this Agreement, and no cure period will apply.
- C. Supplier agrees, in order to protect UC from damages that may be intentionally or unintentionally caused by the introduction of Illicit Code, to promptly isolate or otherwise secure and then return Institutional Information and/or IT Resources.
- D. Supplier acknowledges that it does not have any right to electronically hold Institutional Information or assert any claim against UC by withholding the Goods and/or Services using Illicit Code.
- E. Should Supplier learn of the presence of Illicit Code, Supplier will promptly provide UC with written notice explaining the scope and associated risk.
- F. Supplier represents and warrants that it will take commercially reasonable steps to promptly remove Illicit Code.
- G. Supplier represents and warrants that even if Illicit Code is unintentionally installed via any method, Supplier will never utilize the Illicit Code.
- H. This provision does not relate to malware or viruses that attack the running IT Resource. These are covered under ARTICLE 9 - COORDINATING, REPORTING, AND RESPONDING TO BREACHES AND SECURITY INCIDENTS.

ARTICLE 11. BACKGROUND CHECKS

- A. Before Supplier's employee, sub-supplier, or agent may access Institutional Information and/or IT Resources classified at Protection Level 3 or Protection Level 4³, Supplier must conduct a thorough and pertinent background check. Supplier must evaluate the results prior to granting access in order to assure that there is no indication

³ See Exhibit 1.

that the employee, sub-supplier, or agent presents a risk to Institutional Information and IT Resources.

B. Supplier must retain each employee's, sub-supplier's, or agent's background check documentation for a period of three (3) years following the termination of the Agreement.

Exhibit 1 – Institutional Information

1. Protection Level Classification⁴:

☐ Protection Level 1

☐ Protection Level 2

☐ Protection Level 3

☐ Protection Level 4

Explanation: [Optional, add detail if needed, may be covered in SOW]

The Protection Level determines the applicable cyber security insurance requirement in the Terms and Conditions.

To participate in bidding and supplier activities with these California public higher education institutions, potential suppliers must register in CalUsource – the collaborative web-based eProcurement platform used by California public higher education systems.

Whether you are already a supplier for California public higher education or are exploring working with us for the first time, CalUsource will help make your experience in bidding and contracting with us more streamlined.

Accessing and Using CalUsource

The [CalUsource website](#) and this guide have all the information and resources you need to use CalUsource effectively, including the [CalUsource Public Bid Site](#).

To participate in California public higher education bidding events and to access contract documents, you must first register in CalUsource.

This guide leads you step-by-step through:

- Navigating, searching for bids, and selecting a bidding event on the Public Bid Site
- Registering as a CalUsource supplier
- Adding additional company contacts
- Updating your company's CalUsource profile
- Updating your user profile
- Navigating CalUsource
- Submitting a bid
- Posting and participating in the event's bidding discussion forum
- Withdrawing and resubmitting a bid
- Reviewing, editing and signing your UC/CSU/CCC contract
- Getting help

USING THE PUBLIC BID SITE

The [CalUsource Public Bid Site](#) is where you can browse public bid opportunities for all California public higher education campuses (UC, CSU and CCC). You can also access the Public Bid Site from the [CalUsource website](#).

The Public Bid Site lists all active and closed public sourcing events. On this site, you can also register in CalUsource so you can participate in bidding events. Once registered, you can login to the CalUsource platform through the Public Bid Site.

1. **Active Events** Displays all active CalUsource events available for bidding.
2. **Closed Events** Displays all CalUsource events that have been awarded or closed.
3. **Help icon** Opens CalUsource support contact information.
4. **Login icon** Opens the CalUsource login screen.
5. **Register icon** Opens the CalUsource Primary Registration Form so you can register your company in CalUsource.
6. **Search, Sort and Functions** Helps to locate an event. (See next page for more details.)
7. **Download Event Summary icon** (If available) Downloads the Event Summary, which provides background, instruction and other details.

PARTICIPATING IN AN RFX

CalUsource uses the term **RFX** to describe an online sourcing event. An RFX might be a Request for Information (RFI), a Request for Quote (RFQ), a Request for Proposal (RFP), or an Auction. California public higher education institutions use CalUsource to create an RFX and invite suppliers to submit a bid.

Overview of the RFX process

The following diagram shows the major phases in the RFX process once a bid is closed. An RFX document's Timeline section (described on Page 17) provides a graphic representation of the time periods of each phase of the RFX.

Response	During the Response phase, invited suppliers can prepare and submit a bid for the RFX. During this phase, suppliers can revise their bids in response to information posted in the Discussion Forum or as desired to improve their chances of being selected. The RFX includes a bid clock that displays how much time is left to submit a bid the event. As long as the RFX is in the Response phase, you can withdraw and resubmit your bid.
Evaluation	The RFX's commodity manager can also include an Evaluation period after the Response phase to analyze bids. During this period, a team of evaluators will follow a structured practice to assess each supplier's responses. During this time, the commodity manager may reach out to suppliers for additional information on their bids. The buyer might negotiate with suppliers and make agreed-upon adjustments to their bids before the event moves into the Pending Selection phase.
Selection	After the Evaluation period closes, the RFX moves to the Selection phase. During this time, the commodity manager reviews bids and scores to make the final determination of which supplier(s) will be awarded a contract.
Award	During the Award phase, the supplier selection is formalized and documented. At this point, negotiation and contract creation begins.

The rest of this section describes the steps included in each phase of the RFX process.

Supplier RFx Bidding Tasks in CalUsource

CalUsource expedites the process of bidding on RFx events from accepting bid guidelines, reviewing timelines, answering questions and providing price sheets.

Review this entire section to understand all aspects of responding to a CalUsource RFx event or go directly to the page for instructions with a specific CalUsource bidding task you need to perform.

Navigating from the Main Menu

The CalUsource Main Menu is the starting point for accessing all CalUsource pages and features. There are four ways to navigate from the Main Menu to find information related to your bidding events, contracts, and your supplier profile.

1. Enter specific terms to search for an RFx or Contract name in the main **Search bar** and press enter to see a list that matches your search terms.
2. Click **Tasks** to see items awaiting action from you.
3. Click **Manage** to see all existing CalUsource RFx events available for viewing.
4. Click **Supplier Profile** to review and update your company's profile and contact information.

Utilizing the Task and Manage Menus

Task Menu/Action Pending Card

When you click the Task Menu, the Action Pending card displays documents associated with you. The most recently modified documents will display at the top.

- 1. In most cases, the only card that will appear in the Task Menu is **Action Pending**. This card will list all items that require action from you.
- 2. Click the document's name to open it.
- 3. Click **Show All** to display all your Action Pending records.

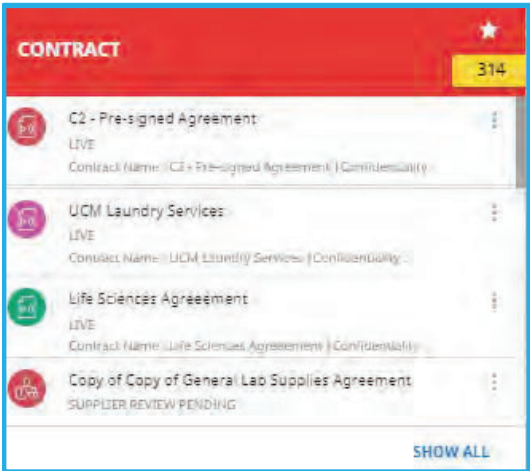

Manage Menu

The Manage Menu lists all documents that you have access to, both those that are currently in progress and those that have been completed.

Contract Card: Lists contracts that you have been awarded.

Rfx Card: Lists sourcing events you have responded to, or are in the process of responding to.

Top Blue Bar Features

The top blue bar has numerous icons to access and navigate CalUsource features.

Left Side Navigation Aids

Back button: Redisplays the previous screen.

Home: Returns you to the Main Menu from any CalUsource screen.

Page Title: The name and status of the displayed page.

Right Side Navigation Aids

Profile: Defines your account credentials, including password and electronic signature setup.

Bookmarks: Allows you to add bookmarks and select existing ones for quick access.

Announcements: Provides the latest CalUsource published announcements.

Support: Used to access the Help Center. For help with CalUsource issues contact support@gep.com. Do not use the GEP phone numbers.

Navigation: Used to display the Log Out button  and to provide quick access to CalUsource modules.

The following pages provide instructions on how to review and respond to a bid CalUsource.

As the first section of the RFX, the Basic Details section acts as a cover sheet, providing an overview of the event. Key fields are highlighted below:

Event Timelines

The **Event Timelines** section provides a graphical representation of the time allotted for each phase of the event.

The **Response Timeline** is of critical importance to you. To be considered, your response must be submitted by the end date and time shown in the Response Timeline.

Note: The names of the timelines displayed in the graphic will vary from RFx to RFx.

The time remaining before the response period is closed displays in the upper right of the top blue bar as shown below.

Viewing and Adding Attachments

Use the Attachments section to view documents the RFx author has uploaded for your review.

1. Click documents to download them.
2. Click the **Comments icon** to view information the RFx author has provided about the attachment.
3. Click **Supplier** to upload documents that support your response.

The screenshot shows the 'ATTACHMENTS (3)' section. The 'SUPPLIER (0)' tab is highlighted with a yellow box and a blue circle labeled '3'. Below the tabs is a table with columns for checkboxes, Attachment Name, File Size, and Comments. The third row, 'Limited Asbestos Survey Report_July 3 2017.pdf', is highlighted with a yellow box. A blue circle labeled '1' points to the checkbox, and a blue circle labeled '2' points to the comments icon in the 'Comments' column. A separate blue circle labeled '2' points to a comments icon in a separate box at the bottom right.

Note: Do NOT load Questionnaire and Price Sheet responses in the Attachment section. Use the 'Questionnaire' and 'Price Sheet' sections to load your responses.

Completing Price Sheets

A price sheet includes a list of items specified by the RFx author. Suppliers can provide quotes for all or some of these items. Also, you can choose to complete the price sheet online, or download the sheet to work offline and upload it upon completion.

- 1. Go to the **Price Sheets** section. Click on a **price sheet name** to open it.
- 2. The **Response Completion %** column displays the percentage of price sheet fields that have been already completed. Price sheets for which you have not provided quotes are listed as 0.00%.
- 3. Review the top fields of the price sheet to confirm which items require you to provide prices.
- 4. In the **Intend to Bid** column, select **Yes** for items on which you will bid, and **No** for items on which you will not bid.
- 5. Complete the **Price Per Unit** column for all items on which you are bidding.
- 6. **Alternately**, if you choose to work on the price sheet offline, click the **Download icon** in the upper right of the screen to download the sheet.
- 7. Once you have completed your price sheets offline, click the **Upload icon** to upload them back into CalUsource.

Submitting your Response

After you have answered all RFX questions and completed the pricing sheets, you can submit your RFX response*.

1. Click the **Submit Response** button in the lower right of your screen, and click **Yes** in the Confirmation message.
2. **Response Submitted** will display in the top blue bar, or an error message will display describing the additional information required.

***Note:** A primary respondent can reassign ownership to another contact (also registered in CalUsource) to submit the RFX.

Bidding Checklist

Use the following checklist to complete your bid before submitting it:

- ☐ [Accept Guidelines](#)
You must accept the RFX guidelines before bidding.
- ☐ [Review All RFX Details](#)
Check the information you have entered in all RFX sections. Make sure you read all attachments before bidding.
- ☐ [Use the Discussion Forum](#)
CalUsource hosts a Discussion Forum for each RFX so you can ask questions and see responses to questions that other suppliers have asked. Ask questions as early in the process as possible to allow the RFX author time to provide a complete answer.
- ☐ [Prepare a Price Sheet for All Items](#)
You must indicate whether you intend to bid on each item listed in each price sheet. You must also enter a price per unit for all items on which you are bidding.
- ☐ [Prepare Questionnaire Responses](#)
You must respond to all RFX Questionnaire questions before submitting your bid.

2. Enter a reason for withdrawing your response in the **Comments** popup that displays.
3. Click **Post**.
4. **Response Withdrawn** will display in the top blue bar.
5. Make the necessary changes to your RFx bid.
6. Click **Submit Responses** to resubmit your bid.

CONTRACTING IN CALUSOURCE

CalUsource facilitates the contracting process by:

- Sharing contract details, such as party contact information, contract terms, compliance requirements, notification schedules, access to additional attachments and other pertinent information.
- Facilitates the process of contract language review, redlining and revisioning among all parties.
- Facilitates the process of contract execution.

Contract Document Overview

The following table defines each section of a CalUsource contract document.

Basic Details – The contract cover sheet provides basic details about the contract.

Applicable For – Defines commodity category and campuses to which the contract pertains.

Internal Party – Lists authoring entity’s key contacts and parties.

External Party – Lists your company’s contract contact and signatory.

Terms – Lists the Parent Contract Number or Name (if applicable), contract value, payment terms, effective date, how long the contract remains in effect, and any renewal conditions.

Contract Language – For review and revision of contract language (see below).

Notes and Attachments – Displays contract-related files, notes and external links.

Lines – Displays lines from the RFx price sheet.

Team Members – Lists authoring entity’s contract viewers or reviewers.

Frequently Asked Questions

[Do I have to pay a membership fee to participate?](#)

There are no fees. The buying organization assumes all costs associated with running the RFx.

[How do I get a username and password?](#)

The email message inviting you to register for CalUsource and/or participate in the RFx contains your username and password.

[How do I change my password?](#)

You can change your password by clicking on the Profile icon (silhouette) that displays at the top of all CalUsource webpages. See Page 5 of this guide for more details.

[How do I change my time zone?](#)

You can change your time zone by clicking on the Profile icon (silhouette) that displays at the top of all CalUsource webpages. See Page 5 of this guide for more details.

[Do I have to fill out all the registration profile information?](#)

Only fields with a red asterisk (*) are required. However, the buying organization will use the information in your profile to find suppliers for future sourcing events, so it is advantageous for you to complete your entire profile.

CalUsource Supplier Guide

Can my company bid as a team?

You can bid as a team only if the team members share a single login during the bid response process. Using the same login, different team members can edit, enter and save information, but the primary contact listed is the person who must submit the final bid.

Please note that only one team member should edit the bid at a time. Otherwise, one team member can overwrite another team member. You can change ownership of a bid by selecting **Ownership** on the **Actions menu** and changing the role of Primary Respondent to another registered CalUsource user in your company.

What do I do if I make a mistake?

CalUsource checks your bid when you submit it and informs you of any errors that need correction. CalUsource will display a 'Success' message if your bid has been submitted properly.

Can I change my bid after it is submitted?

You can withdraw and resubmit your bid only while the RFX is in the Response phase.

How do I send a message to the buying organization?

Click the Discussion Forum icon in the RFX, and then click the add New Discussion icon. Enter your message, and click Post.

Will other suppliers be able to see my bid or name?

No, other suppliers will not be able to see your bid.

Will the event end automatically?

The event will close automatically at the end date/time shown in the RFX timeline.

Do I need to save the information I enter during bidding?

CalUsource automatically saves information that you enter into each section. However, we do recommend saving your questionnaire responses as you enter them, as it is possible to inadvertently cancel out and lose your responses.

University of California – Policy on Sustainable Practices
Sustainable Practices

I. POLICY SUMMARY

The Sustainable Practices Policy (“Policy”) establishes goals in nine areas of sustainable practices: green building, clean energy, transportation, climate protection, sustainable operations, waste reduction and recycling, environmentally preferable purchasing, sustainable foodservice, sustainable water systems.

II. DEFINITIONS

Addressable Spend: Spend that can be impacted through sourcing activities. For the purposes of this policy, addressable spend relates to the spend within a specific product or service category.

Adjusted Patient Day: Inpatient Days x (Gross Patient Revenue/Inpatient Revenue) where Gross Patient Revenue is Outpatient Revenue + Newborn Revenue + Inpatient Revenue.

Allowable Thermal Residual Conversion: Consistent with CalRecycle and the Southern California Conversion Technology Project, residual conversion includes: thermal, chemical, mechanical, and/or biological processes capable of converting post-recycled residual solid waste into useful products and chemicals, green fuels like ethanol and biodiesel, and clean, renewable energy. It does not include combustion.

Examples include the transformation of post-recycled residual materials into usable heat or electricity through gasification, pyrolysis, distillation, or biological conversion other than composting. To count as allowable residual conversion, the process must include an integrated materials recovery facility (MRF) or equivalent sorting system to recover recyclables and compostable material prior to conversion. Materials that are otherwise landfilled or incinerated, including biomass conversion operations that exclusively incinerate organic materials, landfill-gas-to-energy (LFGTE) facilities, and other facilities that do not employ integrated materials recovery or equivalent sorting and recovery systems may not be considered to be converted residual waste.

Average Vehicle Ridership (AVR): Calculated by dividing the number of all person trip arrivals by the number of private vehicle trips, with adjustments for telecommuting, compressed work weeks and zero emission vehicles (based on the South Coast Air Quality Management District method).

CBC: California Building Code, Title 24 portion of the California Code of Regulations

Climate Neutrality: Climate neutrality means that the University will have net zero climate impacts from greenhouse gas (GHG) emissions attributed to scope 1 direct emission sources and scope 2 indirect emission sources as defined by The Climate Registry, and specific scope 3 emissions as defined by Second Nature’s Carbon Commitment. This neutrality will be achieved by minimizing GHG emissions from these sources as much as possible and using carbon offsets or other measures to mitigate the remaining GHG emissions.

Combustion: As defined by CalRecycle, combustion is a rapid conversion of chemical energy into thermal energy. The reaction is exothermic. Organic matter is oxidized with

University of California – Policy on Sustainable Practices Sustainable Practices

sufficient air (or oxygen) for reactions to go to completion. The carbon and hydrogen are oxidized to carbon dioxide and water, respectively.

Construction and Demolition Waste (C&D): Waste generated by construction projects that do not occur every year or are not a result of regular operations and maintenance. Examples include building renovations or new construction.

Diversion from Landfill: Institutions divert materials from the landfill, combustion or other non-allowable thermal conversion by recycling, composting, donating, reselling or reusing.

Domestic Water: Potable and non-potable water provided for domestic indoor (e.g., toilets, urinals, showers, and faucets) and outdoor (e.g., landscape irrigation) use.

Economically and Socially Responsible (EaSR) Spend: Spend on products or services supplied by a business holding one of the UC-recognized certifications listed in the UC [Sustainable Procurement Guidelines](#).¹

Environmentally preferable products: Designation for those products whose manufacture, use, and disposal results in relatively less environmental harm than comparable products.

Expanded Polystyrene (EPS): As defined by the City of San Francisco, blown polystyrene and expanded and extruded foams which are thermoplastic petrochemical materials utilizing a styrene monomer and processed by any number of techniques including but not limited to, fusion of polymer spheres (expanded bead polystyrene), injection molding, foam molding, and extrusion-blown molding (extruded foam polystyrene).

Fleet: University-owned or operated vehicles and mobility equipment (e.g., passenger vehicles, trucks, vans, shuttles, agricultural vehicles, marine equipment, etc.) including vehicles operated under contract with the University **and for which the University/Campus maintains operational control.**

Full Time Equivalent (FTE): A full-time equivalent employee is the hours worked by one employee on a full-time basis and can be used to convert the hours worked by several part-time employees into the hours worked by full-time employees. A full-time employee is assumed to work 40 hours in a standard week.

Green Lab Assessment Programs: A program that works with individual laboratories and researchers to inform, collect best practices, and assess areas for improvement in research efficiency, including engagement, and targeted initiatives around efficiency in natural resources and other environmental issues. This assessment program could be based on the My Green Labs (MGL) Systemwide Checklist or another similar tool. The MGL checklist was developed based on best practices from several UC campuses as well as the expertise of My Green Lab.

Green Spend: Spend on products meeting the UC “Preferred Level” of environmental

¹ University of California. 2018. The University of California’s Sustainable Procurement Guidelines.

University of California – Policy on Sustainable Practices Sustainable Practices

sustainability criteria as laid out in the UC [Sustainable Procurement Guidelines](#).²

Gross Square Foot: Pursuant to the definition in the Facilities Inventory Guide³, gross square footage is the Outside Gross Area, or OGSF50, and equals the sum of Basic Gross Area (the sum of all areas, finished and unfinished, on all floors of an enclosed structure, for all stories or areas which have floor surfaces) + 50% Covered Unenclosed Gross Area (the sum of all covered or roofed areas of a building located outside of the enclosed structure). OGSF50 is also known as “California Gross.”

Industrial Water: Water provided for specific industrial applications such as heating, cooling, or lubricating equipment.

LEED™: Leadership in Energy and Environmental Design. LEED is a registered trademark of the U.S. Green Building Council (USGBC). This trademark applies to all occurrences of LEED in this document. LEED is a green building rating system developed and administered by the non-profit U.S. Green Building Council. The four levels of LEED certification, from lowest to highest, are Certified, Silver, Gold, and Platinum. LEED has several rating systems. This Policy refers to the following rating systems:

LEED for Interior Design and Construction (LEED-ID+C) for renovation projects;
LEED for Building Operations and Maintenance (LEED-O+M) for the ongoing operational and maintenance practices in buildings; and,
LEED for Building Design and Construction (LEED-BD+C) for new buildings and major renovations of existing buildings.

Location: As used in this Policy, means any or all campuses, health locations, and the Lawrence Berkeley National Laboratory as referred to in the “Scope” above.

Low-emissions vehicle (LEV): As defined by the current California Air Resources Board (CARB) LEV program standards, a vehicle that emits relatively low levels of GHG emissions from the onboard source of power and may include subcategories as defined by CARB.

Municipal Solid Waste: Garbage, refuse, sludges, and other discarded solid materials resulting from residential activities, and industrial and commercial operations which are legally accepted in CalRecycle permitted landfills. Municipal Solid Waste does not include any regulated hazardous/universal waste, medical waste or other material used as Average Daily Cover (ADC); however, it does include construction and demolition waste, diverted recyclables and organic waste. Non-health location waste targets refer to municipal solid waste only.

Operating Room Setback: (also referred to as "night setback" or "unoccupied setback") is an energy-saving strategy that reduces the amount of air supplied to an OR when the room is not in use. Heating, ventilation and air conditioning (HVAC) system setback may also allow temperature or humidity settings (or both) to widen during times the room is not in use.

³ Facilities Inventory Guide, Attachment 8, Appendix C, pages 13-15.

University of California – Policy on Sustainable Practices Sustainable Practices

Organic: As defined by CalRecycle, material containing carbon and hydrogen. Organic material in municipal solid waste includes the biomass components of the waste stream as well as hydrocarbons usually derived from fossil sources (e.g., most plastics, polymers, the majority of waste tire components, and petroleum residues).

Packaging Foam: Any open or closed cell, solidified, polymeric foam used for cushioning or packaging, including but not limited to: Ethylene-vinyl acetate (EVA) foam, Low-density polyethylene (LDPE) foam, Polychloroprene foam (Neoprene), Polypropylene (PP) foam, Polystyrene (PS) foam (including expanded polystyrene (EPS), extruded polystyrene foam (XPS) and polystyrene paper (PSP)), Polyurethane (PU) foams, Polyethylene foams, Polyvinyl chloride (PVC) foam, and Microcellular foam. Not included is easily biodegradable, plant-based foams such as those derived from corn or mushrooms.

Policy Exception Authority: The responsible authority for granting exceptions to item III.G.5.a. in the Sustainable Procurement section of this Policy will be the Chief Procurement Officer for a non-UC Health systemwide or Office of the President contract and otherwise by the senior procurement officer of the campus.

Post-Consumer Waste (PCW): Waste produced by the end-user of a product. Post-consumer waste is differentiated from pre-consumer waste, which refers to waste produced in the manufacture of a product.

Potable Water: Water that meets state water quality standards for human consumption.

Reclaimed or Recycled Water: Wastewater treated with the intention of reuse, including:

- Direct Potable Reuse: Treated wastewater reused for human consumption.
- Indirect Potable Reuse: Treated wastewater blended with groundwater or other water sources reused as potable or non-potable water.
- Non-Potable Reuse: Treated wastewater reused for purposes other than human consumption, such as irrigation, fire suppression, and industrial processes.

Renewable power: Energy generated from inexhaustible sources, such as the sun or wind, or from sources that can quickly be replenished, such as biomass. For the purposes of this Policy, an energy source is renewable if it has been designated as such by the California Energy Commission ([Renewables Portfolio Standard Eligibility](#)).

Required Level Green Spend criteria: The minimum certification standard required for a product or service category. Required Level Green Spend criteria is laid out in the UC [Sustainable Procurement Guidelines](#).⁴

Research Group: When counting the number of laboratories assessed via a green lab assessment program, a laboratory will be counted as a research group rather by physical rooms. As defined in the Laboratory Hazard Assessment Tool, (LHAT) a group includes the workers that report to one Principal Investigator (PI) or Responsible Person. While some PI's may have multiple groups, one assessment for the purposes

⁴ University of California. 2018. The University of California's Sustainable Procurement Guidelines

University of California – Policy on Sustainable Practices Sustainable Practices

of this Policy will include all the people working under one PI or Responsible Person, and all of the rooms they occupy or share, and field sites, if any. Total number of PI's and Responsible People will be tracked according to LHAT or similar tracking method at campuses not using LHAT. LHAT includes research and teaching laboratories.

Savings by Design: An energy efficiency program offered by California's four investor-owned utility companies and the Sacramento Municipal Utility District. Savings By Design provides design assistance, energy analysis, life-cycle costing, and financial incentives for new construction and major renovation projects. The Savings By Design program is also known as the Non-Residential New Construction Program.

Single-Occupancy Vehicle (SOV): Vehicle driven by a single driver with no passengers. SOV percentages may separate the percentage of vehicle trips occurring in zero- or low-emission vehicles from carbon-fuel vehicles (e.g., SOV-standard fuel and SOV-alternative fuel).

Single Pass Cooling: Single Pass or Once Through cooling systems flow water through a piece of equipment to absorb heat and dispose the water down the drain without recirculation. Replacing and managing these types of systems is a recommended best practice by the International Institute for Sustainable Laboratories (formerly Labs 21), US Office of Energy Efficiency & Renewable Energy, and the EPA. Equipment typically using this type of cooling includes hydraulic equipment, distillation condensers, refrigeration condensers, air compressors, vacuum pumps, electron microscopes, mass spectrometers, lasers, helium recovery, and electro magnets.

Solicitation: The process of seeking information, bid proposals, and quotations from suppliers.

Sterilized Water: Water that has been cleaned to remove, deactivate, or kill microorganisms present that may be harmful to humans; primarily used in medical facilities and research.

Stormwater: Water that originates during precipitation events.

Strategic sourcing: A process designed to maximize the purchasing power of large, decentralized organizations, such as the University of California, by consolidating and leveraging common purchases.

Sustainable Procurement: [Modified from the UK Government's Sustainable Procurement Task Force (2012)] Purchasing that takes into account the economic, environmental and socially responsible requirements of an entity's spending. Sustainable Procurement allows organizations to procure their goods and services in a way that achieves value for money on a whole-life basis in terms of generating benefits not only to the organization, but also to society and the economy, while remaining within the carrying capacity of the environment.

Sustainable Spend: The intersection of Green and Economically and Socially Responsible (EaSR) Spend. UC Sustainable Spend is defined as spend that meets the

University of California – Policy on Sustainable Practices Sustainable Practices

criteria and requirements for Green Spend as well as EaSR Spend as laid out in the UC [Sustainable Procurement Guidelines](#).⁵

Sustainable Water Systems: Water systems or processes that maximize water use conservation or efficiency, optimize water resource management, protect resources in the context of the local watershed, and enhance economic, social and environmental sustainability while meeting operational objectives.

Takeback program: A program that allows customers to return used products or materials to either the producer or distributor for responsible re-use or recycling consistent with applicable state and federal laws. These programs encourage responsible design for disassembly and recyclability, and protect the environment by keeping bulky or toxic products and packaging out of the waste stream.

TDM: Transportation Demand Management. TDM is the application of strategies and policies to reduce travel demand (specifically that of single-occupancy private vehicles). TDM programs may include: car sharing (car share), carpools (rideshare), vanpools, bus pools, shuttles, transit, bicycle circulation systems, pedestrian circulation systems, emergency rides home, telecommuting, flexible schedules, parking management (amount, access, fees), etc.

Total Cost of Ownership (TCO): An analysis of cost that considers not only purchase price, but also any costs associated with the acquisition, use, and disposal of the product. These costs may include some or all of the following: freight, taxes and fees, installation, operation/energy use, maintenance, warranty, collection, end-of-life disposal or recycling, as well as social or environmental costs, such as the cost of purchasing pollution offsets or monitoring labor practices.

Total Solid Waste: total solid waste includes municipal solid waste as well as all forms of regulated waste, this includes but is not limited to: regulated medical waste, biohazardous waste, pharmaceutical waste, universal waste and construction and demolition waste. Unlike campus targets, UC Health Location diversion rates and reduction targets use total solid waste rather than municipal solid waste.

UC Green Laboratories Action Plan: A document created with the goal of setting campus specific targets; documenting the strengths and areas for improvement within sustainable operations of research laboratories via a gap analysis; and outlining actions that can be implemented to further targets.

USGBC: U.S. Green Building Council. The USGBC is a membership-based non-profit organization dedicated to sustainable building design and construction, and is the developer of the LEED building rating system.

Vehicle Miles Traveled (VMT): Number of miles driven by a given vehicle(s) over a given period of time.

Wastewater: Water that is discharged from domestic, industrial, or other use.

⁵ University of California. 2018. The University of California's Sustainable Procurement Guidelines

University of California – Policy on Sustainable Practices Sustainable Practices

Watershed: In the context of this Policy, a watershed is the area of land that drains to a common waterway, such as a stream, lake, estuary, wetland, aquifer, bay, or ocean.

Water systems: Natural and/or human made systems that provide water to and support the functions of watersheds and/or human communities.

Weighted Campus User: As defined in the current Association for the Advancement of Sustainability in Higher Education (AASHE) STARS Technical Manual.⁶ This calculation applies only to campuses and not to health locations or LBNL.

Zero-emissions vehicle (ZEV): As defined by the current California Air Resources Board (CARB) ZEV program standards, a vehicle that emits no tailpipe pollutants from the onboard source of power and may include subcategories as defined by CARB.

Zero waste: The University zero waste goal is made up of incremental waste reduction and waste diversion targets. The University recognizes the attainment of reduction goals stated in this Policy and a 90% diversion of municipal solid waste as minimum compliance standard to be defined as a zero waste for locations other than health locations.

III. POLICY TEXT

The University of California (“University”) is committed to responsible stewardship of resources and to demonstrating leadership in sustainable business practices. The University’s locations should be living laboratories for sustainability, contributing to the research and educational mission of the University, consistent with available funding and safe operational practices. Policy goals are presented below in nine areas of sustainable practices.

A. Green Building Design

New Buildings

1. All new building projects, other than acute care facilities, shall be designed, constructed, and commissioned to outperform the CBC energy-efficiency standards by at least 20% or meet the whole-building energy performance targets listed in Table 1 of Section V.A.3. The University will strive to design, construct, and commission buildings that outperform CBC energy efficiency standards by 30% or more, or meet the stretch whole-building energy performance targets listed in Table 1 of Section V.A.3, whenever possible within the constraints of program needs and standard budget parameters.
2. Acute care/hospital facilities and medical office buildings shall be designed, constructed, and commissioned to outperform ASHRAE 90.1 - 2010 by at least 30% or meet the whole-building energy performance targets listed in Table 2 in Section V.A.3.

⁶ Association for the Advancement of Sustainability in Higher Education (AASHE) is a sustainability rating system for the higher education sector.

University of California – Policy on Sustainable Practices

Sustainable Practices

3. No new building or major renovation that is approved after June 30, 2019 shall use onsite fossil fuel combustion (e.g., natural gas) for space and water heating (except those projects connected to an existing campus central thermal infrastructure). Projects unable to meet this requirement shall document the rationale for this decision as described in Section V.A.4.
4. All new buildings will achieve a USGBC LEED “Silver” certification at a minimum. All new buildings will strive to achieve certification at a USGBC LEED “Gold” rating or higher, whenever possible within the constraints of program needs and standard budget parameters.
5. The University of California will design, construct, and commission new laboratory buildings to achieve a minimum of LEED “Silver” certification as well as meeting at least the prerequisites of the Laboratories for the 21st Century (Labs21) Environmental Performance Criteria (EPC)⁷. Laboratory spaces in new buildings also shall meet at least the prerequisites of Labs21 EPC. Design, construction, and commissioning processes shall strive to optimize the energy efficiency of systems not addressed by the CBC energy efficiency standards.
6. All new building projects will achieve at least two points within the available credits in LEED-BD+C’s Water Efficiency category.

Building Renovations

7. Major Renovations of buildings are defined as projects that require 100% replacement of mechanical, electrical and plumbing systems and replacement of over 50% of all non-shell areas (interior walls, doors, floor coverings and ceiling systems) shall at a minimum comply with III.A.4 or III.A.5, above. Such projects shall outperform CBC Title 24, Part 6, currently in effect, by 20%. This does not apply to acute care facilities.
8. Acute care facilities and medical office buildings undertaking major renovations as defined above will outperform ASHRAE 90.1- 2010 by 30%.
9. Renovation projects with a project cost of \$5 million or greater (CCCI 5000) that do not constitute a Major Renovation as defined in item III.A.6. shall at a minimum achieve a LEED-ID+C Certified rating and register with the utilities’ Savings by Design program, if eligible. This does not apply to acute care facilities.

B. Clean Energy

In support of the climate neutrality goals outlined in Section C of this policy, the University of California is committed to reducing its greenhouse gas emissions by reducing energy use and switching to clean energy supplies.

⁷ Labs21 is a voluntary partnership program that offers training and resources to support the design and operation of high-performance laboratories. Labs21 is co-sponsored by the Department of Energy and the Environmental Protection Agency. The Labs21 Environmental Performance Criteria (EPC) is a rating system that consists of prerequisites and credits in several laboratory-specific areas, including laboratory equipment water use, chemical management, and ventilation. Labs21 EPC is designed as a complement to LEED.

University of California – Policy on Sustainable Practices

Sustainable Practices

1. Energy Efficiency

Each location will implement energy efficiency actions in buildings and infrastructure systems to reduce the location's energy use intensity by an average of at least 2 percent annually.

2. On-campus Renewable Electricity

Campuses and health locations will install additional on-site renewable electricity supplies and energy storage systems whenever cost-effective and/or supportive of the location's Climate Action Plan or other goals.

3. Off-campus Clean Electricity

By 2025, each campus and health location will obtain 100% clean electricity. By 2018, the University's Wholesale Power Program will provide 100% clean electricity to participating locations.

4. On-campus Combustion

By 2025, at least 40% of the natural gas combusted on-site at each campus and health location will be biogas.

C. Climate Protection

Each campus and the UC Office of the President will develop strategies for meeting the following UC goals:

1. Climate neutrality from scope 1 and 2 sources by 2025
2. Climate neutrality from specific scope 3 sources (as defined by Second Nature's Carbon Commitment) by 2050 or sooner

And at minimum, meet the following intermediate goal in pursuit of climate neutrality:

3. Reduce greenhouse gas (GHG) emissions to 1990 levels by 2020, pursuant to the California Global Warming Solutions Act of 2006.

For purposes of this section, campuses shall include their health location for all goals. GHG emissions reduction goals pertain to emissions of the six Kyoto greenhouse gasses⁸ originating from all scope 1 and scope 2 sources as specified by the Climate Registry, and from scope 3 emissions as specified by Second Nature's Carbon Commitment, which include air travel paid for by or through the institution; and commuting to and from campus on a day-to-day basis by students, faculty, and staff. These goals will be pursued while maintaining the research and education mission of the University.

Campuses subject to the United States Environmental Protection Agency (USEPA) Greenhouse Gas Reporting Program, California Air Resources Board (CARB) Mandatory Greenhouse Gas Emissions Reporting, and participation in the CARB Cap-and-Trade Program shall perform to those regulatory requirements.

⁸ The six greenhouse gasses identified in the Kyoto Protocol are carbon dioxide, methane, nitrous oxide, sulfur hexafluoride, hydrofluorocarbons, and perfluorocarbons.

University of California – Policy on Sustainable Practices
Sustainable Practices

D. Sustainable Transportation

The University will implement transportation programs and GHG emission reduction strategies that reduce the environmental impacts from commuting, fleet and business air travel related to achieving the Climate Protection section of this Policy (see Section III.C.).

1. Each location will reduce GHG emissions from its fleet and report annually on its progress. Locations shall implement strategies to reduce fleet emissions and improve fuel efficiency of all university-owned or operated fleet vehicles and equipment where practical options exist through acquisition and fleet operation protocols.
 - A. By 2025, zero emission vehicles or hybrid vehicles shall account for at least 50% of all new light-duty vehicle acquisitions.
2. The University recognizes that single-occupant vehicle (SOV) commuting is a primary contributor to commute GHG emissions and localized transportation impacts.
 - A. By 2025, each location shall strive to reduce its percentage of employees and students commuting by SOV by 10% relative to its 2015 SOV commute rates;
 - B. By 2050, each location shall strive to have no more 40% of its employees and no more than 30% of all employees and students commuting to the location by SOV.
3. Consistent with the State of California goal of increasing alternative fuel – specifically electric – vehicle usage, the University shall promote purchases and support investment in alternative fuel infrastructure at each location.
 - A. By 2025, each location shall strive to have at least 4.5% of commuter vehicles be ZEV.
 - B. By 2050, each location shall strive to have at least 30% of commuter vehicles be ZEV.
4. Each location will develop a business-case analysis for any proposed parking structures serving University affiliates or visitors to campus to document how a capital investment in parking aligns with each campus' Climate Action Plans and/or sustainable transportation policies.

E. Sustainable Building Operations for Campuses

1. Each campus will submit for certification one pilot building at a LEED-O+M "Certified" level or higher.
2. Each campus shall register a master site to certify campus-wide LEED-O+M credits and prerequisites to streamline the certification of multiple buildings through the LEED-O+M rating system by July 1, 2015. Each campus shall certify their campus-wide credits as soon as possible after the master site has been registered.

University of California – Policy on Sustainable Practices
Sustainable Practices

3. Each campus shall seek to certify as many buildings as possible through the LEED-O+M rating system, within budgetary constraints and eligibility limitations.
4. All locations shall implement an ongoing Green Lab Assessment Program supported by a department on campus to assess operational sustainability of research groups and the laboratories and other research spaces they use by Summer 2018.
 - a. At least one staff or faculty member from the location must have the role of managing the Green Lab Assessment Program.
 - b. Any green lab assessment programs and related efforts will adhere to all relevant UC, state and national policies and laws. Safety will never be compromised to accommodate sustainability goals.
 - c. All locations shall submit a UC Green Laboratories Action Plan by Summer 2018.

F. Zero Waste

1. The University prioritizes waste reduction in the following order: reduce, reuse, and then recycle and compost.
2. The University supports the integration of waste, climate and other sustainability goals, including the reduction of embodied carbon in the supply chain through the promotion of a circular economy and the management of organic waste to promote atmospheric carbon reduction. In support of this goal, waste reporting will include tracking estimated scope 3 greenhouse gas emissions.
3. The University will reduce per capita total municipal solid waste generation at all locations other than health locations as follows:
 - a. Reduce waste generation per capita to FY2015/16 levels by 2020
 - b. Reduce waste generation by 25% per capita from FY2015/16 levels by 2025
 - c. Reduce waste generation by 50% per capita from FY2015/16 levels by 2030
4. The University will achieve zero waste by 2020 at all locations other than health locations. Minimum compliance for zero waste is 90% diversion of municipal solid waste from landfill.
5. By 2020, the University will prohibit the sale, procurement or distribution of packaging foam, such as food containers and packaging material, other than that utilized for laboratory supply or medical packaging and products. The University seeks to reduce, reuse and find alternatives for packaging foam used for laboratory and medical packaging products.
 - a. No packaging foam or expanded polystyrene (EPS) shall be used in foodservice facilities for takeaway containers.

For implementation guidelines as they relate to the procurement of goods for University of California campuses, [reference the University of California Sustainable Procurement Guidelines.](#)

University of California – Policy on Sustainable Practices
Sustainable Practices

G. Sustainable Procurement

Recognizing the substantial impact that procurement decisions have on the environment, society, and the economy, the University of California will maximize its procurement of sustainable products and services. The goals outlined throughout these policy and procedures sections shall be applied within the constraints of research needs and budgetary requirements and in compliance with all applicable rules, regulations and laws.

1. The University values the health and wellbeing of its students, staff, faculty, visitors, and suppliers. The University seeks to provide healthy and accessible conditions for the communities it serves and this will be considered as a fundamental factor when making procurement decisions. Where functional alternatives to harmful products or impacts exist, they are to be strongly preferred.
2. Per III. F. 1., the University prioritizes waste reduction in the following order: reduce, reuse, and then recycle. Accordingly, sustainable procurement will look to reduce unnecessary purchasing first, then prioritize purchase of surplus or multiple use products, before looking at recyclable or compostable products.
3. The University's sustainable purchasing requirements are ⁹:
 - a. 100% compliance with Required Level Green Spend criteria within three (3) fiscal years of the addition of those products and/or product categories to the Guidelines.
 - b. 25% Green Spend as a total percentage of spend per product category; target to be reached within three (3) fiscal years after a category is added to the Guidelines.
 - c. 25% Economically and Socially Responsible Spend as a total percentage of addressable spend; target to be reached within five (5) fiscal years of adoption of this section in the Guidelines.
4. The University's sustainable purchasing reporting requirements are:
 - a. Reporting on percent Green Spend beginning at the close of the first full Fiscal Year after a category is added to the Guidelines.
 - b. Reporting on percent Economically and Socially Responsible Spend beginning at the close of Fiscal Year 2018/19.
 - c. Reporting on percent Sustainable Spend will be piloted by UCOP beginning at the close of Fiscal Year 2018/19.
5. Each University's Procurement department will integrate sustainability into its processes and practices, including competitive solicitations, in order to satisfy the

⁹ Detailed criteria for Green Spend, Economically and Socially Responsible (EaSR) Spend, and their combined intersection, Sustainable Spend, can be found in the UC Sustainable Procurement Guidelines (Guidelines); University of California. 2018. The University of California's Sustainable Procurement Guidelines.

University of California – Policy on Sustainable Practices Sustainable Practices

sustainable purchasing goals outlined above for products, as well as for the procurement of services. The University will do so by:

- a. Allocating a minimum of 15% of the points utilized in solicitation evaluations to sustainability criteria. Criteria may include, but is not limited to, sustainable product attributes, supplier diversity, supplier practices, contributions to health and wellbeing, and materials safety. This requirement will go into effect on July 1st, 2019. Exceptions to this policy may only be granted by the appropriate Policy Exception Authority. Decisions to grant an exception shall be made in the context of a locations need to support teaching, research and public service when there is a demonstrable case that the inclusion of a minimum of 15% of the points utilized in solicitation evaluation for sustainability criteria will conflict with the project teams ability to execute a competitive solicitation.
- b. Supporting outreach, education and providing equal access to small, diverse, and disadvantaged suppliers for all applicable University procurement opportunities in accordance with BUS-43 policy.
- c. Comparing the Total Cost of Ownership when evaluating costs for goods and services in the selection of suppliers, whenever feasible.¹⁰
- d. Targeting sustainable products and services for volume-discounted pricing to make less competitive or emerging sustainable products and services cost-competitive with conventional products and services.
- e. Leveraging its purchasing power and market presence to develop sustainable product and service options where not already available.
- f. Requiring packaging for all products procured by the University be designed, produced, and distributed to the end user in a sustainable manner.
- g. Contracting with suppliers of products (e.g. electronics, furniture, lab consumables) that have established (preferably non-manufacturer specific) end-of-life reuse, recycling, and/or takeback programs at no extra cost to the University, and in compliance with applicable federal, state, and University regulations regarding waste disposal.
- h. Requiring sustainability related purchasing claims to be supported with UC-recognized certifications and/or detailed information on proven benefits, durability, recycled content, and recyclability properties, in accordance with the [Federal Trade Commission's \(FTC\) Green Guides](#) for the use of environmental marketing claims.

¹⁰ Public Contract Code§ 10507.8 states: "As provided for in this article, when the University of California determines that it can expect long-term savings through the use of life-cycle cost methodology, the use of more sustainable goods and materials, and reduced administrative costs, the lowest responsible bidder may be selected on the basis of the best value to the university. In order to implement this method of selection, the Regents of the University of California shall adopt and publish policies and guidelines for evaluating bidders that ensure that best value selections by the university are conducted in a fair and impartial manner."

University of California – Policy on Sustainable Practices
Sustainable Practices

- i. Working with its suppliers to achieve greater transparency and sustainable outcomes throughout the supply chain. This may include maximizing the procurement of products that optimize use of resources from extraction through manufacturing and distribution (e.g. EPA’s SmartWay Program).
6. All procurement staff will consult the UC [Sustainable Procurement Guidelines](#) document for minimum mandatory sustainability requirements to be included in solicitations for a given product or service category.

H. Sustainable Foodservices

1. Campus and Health Location Foodservice Operations

Campuses and health locations shall develop sustainability goals and initiatives in each of the four categories of sustainable foodservice practices listed below.

a. Food Procurement

Each campus and health location foodservice operation shall strive to procure 20% sustainable food products by the year 2020, while maintaining accessibility and affordability for all students and UC Health Location’s foodservice patrons.

b. Education

Each campus and health location shall provide patrons with access to educational materials that will help support their food choices.

c. Engagement With External Stakeholders

Campus and health location departments, organizations, groups, and individuals shall engage in activities with their surrounding communities that support common goals regarding sustainable food systems.

d. Sustainable Operations

Campus and health location foodservice operations shall strive to earn third-party “green business” certifications for sustainable dining operations.

2. Retail Foodservice Operations:

- a. Retail foodservice tenants will strive to meet the policies in III.H.1.a-d. above. Given the constraints faced by nationally-branded franchises that must purchase food through corporate contracts, location departments managing retail foodservice tenants will have the option of meeting III.H.1.a. (procuring 20% of all sustainable food products by the year 2020) by aggregating the purchases of all retail entities under the jurisdiction of a single operational unit on location.
- b. Locations will include Section H of this Policy in lease language as new leases and contracts are negotiated or existing leases are renewed. However, locations will also work with tenants to advance sustainable foodservice practices as much as possible within the timeframe of current leases.

University of California – Policy on Sustainable Practices
Sustainable Practices

I. Sustainable Water Systems¹¹

With the overall intent of achieving sustainable water systems and demonstrating leadership in the area of sustainable water systems, the University has set the following goals applicable to all locations:

1. Locations will reduce growth-adjusted potable water consumption 20% by 2020 and 36% by 2025, when compared to a three-year average baseline of FY2005/06, FY2006/07, and FY2007/08. Locations that achieve this target early are encouraged to set more stringent goals to further reduce potable water consumption. Each Campus shall strive to reduce potable water used for irrigation by converting to recycled water, implementing efficient irrigation systems, drought tolerant planting selections, and/or by removing turf.
2. Each location will develop and maintain a Water Action Plan that identifies long term strategies for achieving sustainable water systems. The next update of the plan shall be completed in December 2016.
 - A. Campuses will include in this update quantification of total square feet of used turf and under-used turf areas on campus as well as a plan for phasing out un-used turf irrigated with potable water.
3. Each campus shall identify existing single pass cooling systems and constant flow sterilizers and autoclaves in laboratories and develop a plan for replacement.
4. New equipment requiring liquid cooling shall be connected to an existing recirculated building cooling water system, new local chiller vented to building exhaust or outdoors, or to the campus chilled water system through an intervening heat exchange system if available.
 - A. Once through or single pass cooling systems shall not be allowed for soft-plumbed systems using flexible tubing and quick connect fittings for short term research settings.
 - B. If no alternative to single pass cooling exists, water flow must be automated and controlled to avoid water waste.

J. Sustainability at UC Health

1. Health locations will achieve Practice Greenhealth's award "Greenhealth Partner for Change". Locations will use the definitions in Practice Greenhealth to set medical-center-specific goals for waste diversion and reduction as well as water reduction. Award achievement and target setting will occur before the following dates:

Award Recognition from Practice Greenhealth by:

- August 31, 2017 for UC San Francisco Health and UCLA Health.

- August 31, 2019 – UC Irvine Health, UC San Diego Health and UC Davis Health.

Target commitments for water and waste by:

- January 1, 2020 – UC Irvine Health, UC San Diego Health and UC Davis Health.

2. UC San Francisco Health and UCLA Health have the following targets:

- By 2020, 50% of total solid waste diverted from landfill and incineration.
- By 2020, 40lbs of total solid waste per Adjusted Patient Day.
- In line with campus targets, UCLA and UCSF Medical Centers will reduce growth-adjusted potable water consumption 20% by 2020 and 36% by 2025, when compared to a three-year average baseline of FY2005/06, FY2006/07, and FY2007/08.

IV. COMPLIANCE/RESPONSIBILITIES

A. Implementation of the Policy

The Executive Vice President-Chief Operating Officer is the Responsible Officer for this Policy. The UC Sustainability Steering Committee, which is chaired by the Executive Vice President-Chief Operating Officer, provides oversight for all aspects of the Policy.

B. Revisions to the Policy

The President is the approver of this Policy and has the authority to approve or delegate the approval of revisions to the Policy.

The systemwide Working Group corresponding to each section of the Policy recommends Policy revisions to the UC Sustainability Steering Committee and Executive Vice President-Chief Operating Officer. Proposed provisions accepted by the UC Sustainability Steering Committee and the Executive Vice President-Chief Operating Officer shall then be recommended to the President for approval or to the appropriate delegated authority, as stated above.

The Sustainable Practices Policy will be reviewed, at a minimum, once every three years with the intent of developing and strengthening implementation provisions and assessing the influence of the Policy on existing facilities and operations, new capital projects, plant operating costs, fleet and transportation services, and accessibility, mobility, and livability. The University will provide for ongoing active participation of students, faculty, administrators, and external representatives in further development and implementation of this *Policy*.

C. Compliance with the Policy

Chancellors and the Lawrence Berkeley National Laboratory Director are responsible for implementation of the Policy in the context of individual building projects, facilities operations, etc. An assessment of location achievements with

University of California – Policy on Sustainable Practices
Sustainable Practices

regard to the *Policy* is detailed in an annual report to the Regents. The internal audit department may conduct periodic audits to assess compliance with this Policy. ([Annual Report on Sustainable Practices](#)).

D. Reporting

On an annual basis, the President will report to the Regents on the University's sustainability efforts in each area of the *Policy*.

V. PROCEDURES

A. Green Building Design

New Buildings and Major Renovations

1. Projects will utilize the versions of the CBC energy efficiency standards and of LEED-BD+C that are in effect at the time of first submittal of "Preliminary Plans" (design development drawings and outline specifications) as defined in the *State Administrative Manual*.¹²
2. If eligible, all new buildings and major renovations (as defined in III.A) will register with the Savings By Design program in order to document compliance with the requirement to outperform CBC energy efficiency standards by at least 20%.
3. Projects other than acute care facilities that opt to use energy performance targets for compliance with III.A.1 will at a minimum use the whole-building energy performance target listed below that corresponds to the year of the project's budget approval. The whole-building energy performance target is expressed as a percentage of the sum of the Annual Electricity and Annual Thermal targets (converted to kBtu/gsf-yr) published as Table 1, UC Building 1999 Energy Benchmarks by Campus, in Sahai, et al. 2014.¹³

Table 1

Calendar Years	Compliance Target	Stretch Target
2015-16	65%	50%
2017-18	60%	45%
2019-20	55%	40%
2021-22	50%	35%
2023-24	45%	30%
2025 or after	40%	25%

4. Decisions affecting energy efficiency, fossil fuel use, and connection to existing central thermal services shall be made in the context of the location's climate action plan. Where onsite fossil fuel combustion within the building is deemed

Sustainable Practices

necessary, the rationale for this decision shall be documented as part of the existing project approval process. The submittal should include the following:

- An estimate of annual electricity and gas use for the project as well as the project's target design energy use in thousand British thermal units (kBtu) per square foot.
- An explanation of why fossil fuel combustion is required for the project and what other alternatives were evaluated.
- An analysis explaining why fossil-fuel combustion is the most cost-effective energy source for the identified project specific applications.
- A plan to mitigate, by 2025, the associated greenhouse gas emissions in accordance with the location's Climate Action Plan.

This documentation is part of the broader project approval process and does not require separate UCOP approval. Draft information should be submitted prior to budget approval as part of a Project Planning Guide, Delegated Authority Project Certification Checklist or related ancillary document. This information should be updated prior to design approval.

- Acute care facilities and medical office buildings opting to use energy performance targets for compliance with III.A.2 will at a minimum use the whole-building energy performance target listed in table 2 below. The whole-building energy performance target is expressed as a percentage of the sum of the Annual Electricity and Annual Thermal targets (converted to kBtu/gsf-yr) based on ASHRAE (2012) Advanced Energy Design Guidelines.¹⁴

Table 2

	Acute Care			Medical Office Buildings

UC Irvine Health	230	160	115	80	56	40
UCLA Health	230	160	115	80	56	40
UC San Diego	230	160	115	80	56	40
UC San Francisco Health	230	160	115	80	56	40

Locations will demonstrate compliance based on the results of energy modeling that represents a best estimate of as-operated, whole-building energy use, before

accounting for on-site energy generation. Targets are intended to be verifiable in actual operation following building occupancy.

Projects are also required to model and report on the following metrics:

- annual electricity consumption (kWh/gsf/yr)
- annual thermal consumption (therms/gsf/yr)
- peak electricity (W/gsf)
- peak chilled water (tons/kgf) (if applicable)
- peak thermal (therms/hr/kgf)

The following very high-intensity process loads may be subtracted out of the total building energy use intensity if they can be metered separately.

- Clean room
- Data center
- Micro-chip fabrication
- Accelerator (e.g. laser, light source)
- Bio-safety level III Laboratory
- Magnetic Resonance Imaging (MRI)
- Positron Emission Tomography (PET)
- Computer Tomography (CT)
- Pharmacies

If a building has more than 6 Operating Rooms (ORs), additional ORs (defined as any ORs beyond the baseline of 6 ORs) may be subtracted out of total building energy use intensity if they meet the following two requirements:

- a. OR heating, ventilation and air conditioning (HVAC) is metered separately; and,
- b. A commitment is made by an appropriate official within the hospital's administration to implement an OR HVAC setback program in the subtracted ORs.

6. Locations are encouraged to coordinate with local water districts in efforts to conserve water and to meet reduced water use goals of the local districts.

Privatized Development

7. All privatized development of New Buildings or Major Renovations on University-owned land, that are constructed in whole or in substantial part for University-related purposes (i.e., in furtherance of the University's mission, both programmatic and auxiliary uses), and build-to-suit projects not on University-owned land constructed for University-related purposes, shall comply with section III.A. of this *Policy*. The provisions of this subsection apply regardless of

University of California – Policy on Sustainable Practices

Sustainable Practices

the business relationship between the parties (i.e., whether a gift, acquisition, ground lease and/or lease).

Building Renovations

8. At budget approval, all renovation projects should include a listing of sustainable measures under consideration.
9. For all improvement projects in spaces leased or licensed by the Regents to be used for University-related purposes for a term of greater than 12 months, locations shall strive to comply with the Policy requirements in III.A.6 and III.A.7, as appropriate.

Waiver Conditions Applicable to all Projects

10. Waivers will only be granted in exceptional circumstances and will not be considered if the project negatively impacts the ability to comply with the goals of this Policy, in particular the goal of achieving carbon neutrality by 2025.
11. Any proposed waiver from section III.A of the Policy may be requested administratively from the UCOP Executive Director of Capital Programs prior to first project approval.
12. New Building and Major Renovation projects applying for an exception from section III.A.3 of this Policy should strive to achieve a USGBC LEED “Certified” rating. New building and renovation projects that are unable to achieve a USGBC LEED “Certified” rating shall submit a request for an exception with a LEED scorecard and supporting documentation to the UCOP Executive Director of Capital Programs, showing the credits that the project would achieve.
13. Such waiver requests shall indicate the applicable section of the Policy and/or Procedures; the proposed solution; and demonstrate equivalency with Policy intent.

General/Miscellaneous

14. The University will develop a program for sharing best practices.
15. The University will incorporate the requirements of sections III.A. and V.A. into existing training programs, with the aim of promoting and maintaining the goals of the Policy.
16. The University planning and design process will include explicit consideration of lifecycle cost along with other factors in the project planning and design process, recognizing the importance of long-term operations and maintenance in the performance of University facilities.
17. The University will work closely with the USGBC, Labs21, the Department of Energy, the U.S. Environmental Protection Agency, state government, and other organizations to facilitate the improvement of evaluation methodologies to address University requirements.

University of California – Policy on Sustainable Practices
Sustainable Practices

B. Clean Energy

1. **Energy Efficiency:** The energy efficiency goal follows the spirit of the US Department of Energy's Better Building Challenge. Each location's percent reduction in energy use intensity (EUI) will be reported annually based on the sum of weather-adjusted energy use divided by the sum of the maintained gross square footage (OGSF50). The average annual reduction will be calculated by comparing the current year EUI to the EUI five years prior. UCOP will use energy usage data from the systemwide purchased utility database for reporting campus energy use intensity, based on the campus-specified set of utility accounts and associated maintained gross square footage. Electric and gas site energy will be converted to kBTU and normalized for weather.
2. **On-campus Renewable Energy**
 - a. Each location will determine the appropriate mix of measures to be adopted within its clean energy portfolio. The capacity to adopt these measures is driven by technological and economic factors and each location will need to reevaluate its mix of energy measures on a regular basis.
 - b. Locations will periodically evaluate the feasibility of new on-site renewable electricity projects. The financial evaluation of these projects will fully account for the anticipated avoided costs associated with decreased on-site power production from combined heat and power plants and/or purchased electricity as well as the avoided cost of carbon.
3. **Off-campus Clean Electricity**
 - a. Clean electricity is defined as having a residual greenhouse gas emission factor that is less than 150 lbs CO₂/MWh.
 - b. Clean electricity shall be procured through the following methods and reported on annually:
 - i. A location may opt-in to a utility provided green power program for its purchased electricity that meets the definition of clean electricity specified in V.B.3.a.
 - ii. The UC Wholesale Power Program, which will procure and supply to participating campuses 100% clean electricity by 2018.
 - iii. Those locations without access to a green power program may purchase Renewable Energy Credits (REC) to offset purchased electricity. In order to be counted, such RECs will be transferred to UC or retired on behalf of UC.
4. Where feasible, the University will seek to benefit from the economies of scale and to reduce risk by developing a portfolio for systemwide clean energy procurement contracts from which locations may benefit.
5. **On-campus Combustion**
 - a. The University will develop and procure biogas supplies under the direction of the Energy Services Unit Governing Board (The Governing Board). The

University of California – Policy on Sustainable Practices
Sustainable Practices

Governing Board will establish acceptable pricing for biogas projects and determine how the biogas will be allocated to each location. Locations may also implement local projects to directly transport biogas to the location.

C. Climate Protection

1. Each campus will maintain individual membership with The Climate Registry (TCR)¹⁵. Campuses shall include their health locations in their membership.
2. Each campus will complete a Greenhouse Gas (GHG) emissions inventory annually. Campuses shall include their health locations in their inventories.
3. To comply with TCR and the Second Nature Carbon Commitment requirements,¹⁶ inventories should contain emissions of the six Kyoto greenhouse gasses from: scope 1 and 2 emission sources outlined in the TCR General Reporting Protocol; and scope 3 emissions sources outlined by the Second Nature Carbon Commitment's Implementation Guide. All UC campuses will report their updated emissions inventories through the Second Nature Carbon Commitment on-line reporting tool at least biennially. Campuses must verify all emissions inventories through TCR. Campuses may either pursue verification annually (for the previous year's emissions inventory) or biennially (for the emissions inventories from the previous two years).
4. Campuses subject to the United States Environmental Protection Agency (USEPA) Greenhouse Gas Reporting Program, California Air Resources Board (CARB) Mandatory Greenhouse Gas Emissions Reporting, and participation in the CARB Cap-and-Trade Program shall complete the relevant emissions inventories outlined in the USEPA and CARB reporting protocols.
5. Each campus will regularly update its climate action plan for reducing GHG emissions to 1990 levels by calendar year 2020 (annual 2020 emissions to be reported in 2021); achieving climate neutrality for scope 1 and 2 sources by calendar year 2025 (annual 2025 emissions reported in 2026); and achieving climate neutrality for the Second Nature Carbon Commitment-specified scope 3 sources for calendar year 2050 (annual 2050 emissions reported in 2051). This will include an annual review and update, if needed, of the GHG reduction strategies reported by the campus to the UC Office of the President (UCOP). Campuses shall include their health locations in the action plan.
6. The Climate Change Working Group (CCWG), under the UC Sustainability Steering Committee and represented on the President's Global Climate Leadership Council, will monitor progress toward reaching the stated goals for GHG reduction, and will evaluate suggestions for strategies and programs to reach these goals.

¹⁵ [The Climate Registry](#) is a nonprofit collaboration among North American states, provinces, territories and Native Sovereign Nations that sets consistent and transparent standards to calculate, verify and publicly report greenhouse gas emissions into a single registry.

¹⁶ The Second Nature Carbon Commitment requirements are outlined at [Second Nature: The Presidents' Climate Leadership Commitments](#).

University of California – Policy on Sustainable Practices
Sustainable Practices

7. The CCWG will develop protocols to allow for growth adjustment, normalization of data, and accurate reporting procedures among the UC campuses, as required.

D. Sustainable Transportation

1. The Sustainable Transportation Working Group, with input from the Climate Change Working Group, will develop normalized data reporting protocols to track progress on the implementation of sustainable transportation programs. Annually, each location will collect and report:
 - a. Fleet efficiency metrics: fleet fuel consumption, total vehicle inventory, and total number and percent of new ZEV fleet acquisitions.
 - b. Commute data: employee and campus-wide mode split, average vehicle ridership (AVR), and percent of commuter alternative fuel vehicles.
 - c. Number and type of alternative fuel infrastructure (e.g. electric vehicle charging stations, natural gas, etc.).
2. Due to the unique characteristics of each campus' fleet management protocols, each location shall develop a Fleet Sustainability Implementation Plan by January 1, 2018 to document the infrastructure and financial needs to implement a low-carbon fleet program and lower campus fleet carbon emissions through 2025. Location fleets shall implement practical measures to improve fleet emissions including, but not necessarily limited to, managing vehicle fleet size, eliminating non-essential vehicles, purchasing the cleanest and most efficient vehicles and fuels, and investing in clean shuttle operations.
3. To amplify the impact of campus programs, each location is encouraged to partner with local agencies on opportunities to improve sustainable transportation access to and around university facilities in addition to developing its own transportation programs.
4. Each location shall implement parking management and pricing strategies to support emissions reduction and sustainable transportation goals, including variable pricing and unbundling parking and housing costs.
5. The University will pursue strategic programs and data collection to offset greenhouse gas emissions related to business-related campus air travel.
6. This Policy shall be consulted for all new campus development – including acquisitions and leases – to evaluate how the development or acquisition would meet the transportation policies and goals of the campus and University.
7. Sustainable Transportation Working Group will coordinate the development of a system wide best practices guide for campus units implementing this Policy. Mechanisms for reducing transportation emissions include, but are not limited to:
 - a. Constructing additional on-campus housing (e.g., student housing and temporary housing for new faculty)
 - b. Expanding TDM programs: car share, carpool/rideshare, vanpool, shuttles, transit, bicycle circulation system, pedestrian circulation system, emergency

University of California – Policy on Sustainable Practices

Sustainable Practices

- rides home, parking management and pricing, employee service and retail amenities, etc.
- c. Expanding intra-campus transportation programs such as shuttles, car share, bike share, bicycle and pedestrian infrastructure, etc.
- d. Encourage opportunities for employees to participate in flexible work schedules and/or telecommuting programs to provide alternative commute flexibility and options.
- e. Replacing fleet vehicles with newer, more fuel-efficient vehicles when ZEV are not available
- f. Rightsizing fleets (determining the appropriate fleet size, revising business practices to reduce need for travel)
- g. Reducing fleet vehicle miles traveled
- h. Increasing use of fuels with lower GHG emissions
- i. Installation of telematics and GPS to measure and help reduce fuel consumption by monitoring and reducing excessive idling and speeding.

E. Sustainable Building Operations for Campuses

1. The University will incorporate the Sustainable Building Operations policy requirements into existing facilities-related training programs, with the aim of promoting and maintaining the goals of the Policy.
2. The University will work closely with the USGBC to address the needs and concerns of campuses in the further development of USGBC programs, including the LEED-O+M rating system and the USGBC's "Application Guide for Multiple Buildings and On-Campus Buildings."
3. Locations will use the LEED-O+M certification process to advance the University's educational and research mission by using the buildings as living, learning laboratories.
4. Each location will assess at least three new research groups through their Green Lab Assessment Program by Summer 2018.
5. All locations shall complete a UC Green Laboratories Action Plan by summer 2018 to determine strengths and areas for improvement within the operations of research laboratories in respect to sustainability and carbon neutrality. A standard template for this with required sections will be maintained and updated by the Sustainable Operations Working Group and this plan will be updated on a four-year cycle (2018, 2022, 2026 and so on).
6. Each location will report annually on their Green Labs program progress including the number of researchers directly and indirectly engaged by the program each year.

University of California – Policy on Sustainable Practices
Sustainable Practices

F. Zero Waste

1. The University will voluntarily comply with Chapter 18.5, the “State Agency Integrated Waste Management Plan,” in California Public Resources Code Section 40196.3.
2. Waste reduction and recycling shall be prioritized in seeking LEED credits for LEED-BD+C, LEED-ID+C, and LEED-O+M projects.
3. By the end of 2018, locations other than health locations will submit new waste management plans including planned waste reduction strategies. Plans will include campus and regional waste management practices and options, evaluate progress towards policy goals and determine the associated costs of achieving policy goals. Waste management plans will be updated and submitted to the Associate Vice President of Energy and Sustainability, Office of the President on a 5-year cycle.
4. Exceptions will be considered for entities which represent less than 1% of the overall campus solid waste tonnage.
5. Reduction, reuse, recycling and composting are the primary methods to be counted toward the municipal solid waste diversion from landfill goals. The goal is to strive for the highest form of resource recovery methods and the best use of the materials. The hierarchy for resource recovery is as follows:
 - a. Source reduction: The reduction of waste is the highest form of resource recovery as it eliminates the products from being manufactured or transported in the first place.
 - b. Reuse: Reuse materials in their original form (e.g. use lumber for lumber, mugs instead of single use cups, reuse course readers in subsequent classes. These methods maintain the embodied energy in each material.)
 - c. Composting and recycling: Composting is the recycling of organics such as animal waste, bedding, greenwaste and foodwaste into compost and mulch. Recycling refers to the conversion of waste into basic materials so they can be made back into new products.
 - d. The methods of reusing and recycling waste vary and will evolve over time as technologies improve. The Solid Waste and Recycling Working Group – comprising waste and recycling professionals from each location – will continue to evaluate recycling methods and recommend their appropriateness for counting toward diversion goals.
6. Waste Reduction: For the purposes of measuring waste reduction, reporting will be in waste generated per capita per day. Waste generated includes municipal solid waste that goes to landfill and all waste that is diverted through recycling, organics or conversion technologies. Not included in waste reduction calculations are:
 - a. Waste generated as part of major construction and demolition projects;

University of California – Policy on Sustainable Practices

Sustainable Practices

- b. Organic waste generated due to landscape management; Agricultural and animal related waste.
- 7. Per capita metrics will be understood in the context of business operations and activities:
 - a. Campuses will use Weighted Campus User
 - b. LBNL will use Full Time Equivalent

Other locations should use the per capita metric that best supports their business operations.
- 8. Where significant data methodology errors are found in benchmark years, an appropriate alternative methodology will be determined by agreement with UCOP and the Solid Waste and Recycling Working Group.
- 9. Reporting of solid waste and recycling data will follow ULEs Environmental Claim Validation Procedure for Zero Waste to Landfill (UL2799: 2017-03-22: 3rd Edition) and should be applied in principle to future standards/ editions. Where there discrepancies between UC policy definitions and goals and UL2799 and subsequent editions, the policy language will apply.
- 10. Campuses will be able to meet up to 10% of their diversion targets through combustion until the end of FY2021/22 after which the UC will no longer accept combustion as a form of diversion. No campus will increase the percentage of combustion reported as diversion from reported FY2015/16 levels. Up to 10 percent of total waste generated per campus may be disposed through allowable thermal residual conversion after FY2021/22. To count, (non-combustion) waste converted through thermal processes must include an integrated materials recovery facility (MRF) or equivalent sorting system to recover recyclables and compostable material prior to conversion. The total value of converted materials counted as diversion from landfill is not to exceed 10%.

G. Sustainable Procurement

- 1. This section V.G. shall be applied within the constraints of research needs and budgetary requirements and in compliance with applicable rules, regulations and laws.
- 2. The University will work to remove harmful chemicals from products brought onto campus by increasing the purchase of products and materials that disclose known hazards (e.g. in compliance with the requirements of LEED BD+C [v4 Building product disclosure and optimization - material ingredients](#) - or updated equivalent) and choosing products with reduced concentrations of chemical contaminants that can damage air quality, human health, productivity, and the environment.
- 3. The University will require suppliers to clearly identify products with UC-recognized certifications, as defined by the Guidelines, in both hosted and punch out catalog e-procurement environments.

University of California – Policy on Sustainable Practices
Sustainable Practices

- a. Commodity/Contract Managers will work with all contracted suppliers to ensure that contract items that meet the UC criteria for Green and EaSR Spend as outlined in the Guidelines will be prioritized in all product searches.
 - b. Unless locations request otherwise, products that do not meet the University's minimum criteria requirements will be blocked in all hosted catalogs and punch out catalogs upon contract award.
4. The University will require all strategically sourced suppliers to report annually on their sustainable business operations, and quarterly on the University's sustainable purchasing activity. Quarterly sustainable spend reports will be collected by the appropriate University of California Procurement Services department. Quarterly spend reports must be filterable, include all products and services purchased, use an Excel compatible software, include information on a single sheet and include the following fields:
 - i. Campus
 - ii. Department and/or delivery location
 - iii. SKU and/or manufacturer number
 - iv. Item description
 - v. 8-digit UNSPSC code
 - vi. Product category/Title of UNSPSC code
 - vii. Quantity
 - viii. Unit of measure
 - ix. Price
 - x. Third-party sustainability attribute or certification as recognized in the Guidelines
5. UC locations, not including health locations or the Lawrence Berkeley National Lab, will report annually to the UC Office of the President (UCOP) their percent Green Spend and EaSR Spend for product and service categories defined in the Guidelines. For the first two (2) years of reporting, reports on Green Spend will include at minimum a location's share of products purchased from system wide strategically sourced suppliers, with reports to be provided by the suppliers to UCOP and locations. EaSR Spend reporting will be compiled at the campus level, with the support of UCOP. Reports will be reviewed by each location for accuracy and signed by the location's Chief Procurement Officer, with reporting due 60 days after fiscal close. Reporting procedures will be reviewed after two (2) years of reporting under this policy.
6. The University Standards for all packaging materials will be outlined in all solicitations. Suppliers will be required to demonstrate how their standards and practices for packaging materials meet the UC Standards.

University of California – Policy on Sustainable Practices

Sustainable Practices

- a. Additional consideration in bid evaluations will be given to suppliers who meet more than one criteria listed in 8 (a) - (e) for packaging, and with preference given to bids meeting 8 (b).
7. In accordance with section III.F.5., the University has disallowed the use of packaging foam by 2020. For implementation procedures, reference the University of California [Sustainable Procurement Guidelines](#).
8. The University requires that all packaging be compliant with the Toxics in Packaging Prevention Act (AB 455) as to be free of any intentionally introduced lead, cadmium, mercury or hexavalent chromium, and containing no incidental concentrations of these regulated metals greater than 100 parts per million (ppm) by weight. In addition, the University requires that all packaging meet at least one of the criteria listed below:
 - a. Uses bulk packaging;
 - b. Uses reusable packaging (e.g. totes reused by delivery service for next delivery);
 - c. Uses innovative packaging that reduces the weight of packaging, reduces packaging waste, or utilizes packaging that is a component of the product;
 - d. Maximizes recycled content and/or meets or exceeds the minimum post-consumer content level for packaging in the [U.S. Environmental Protection Agency Comprehensive Procurement Guidelines](#);
 - e. Uses locally recyclable or certified compostable material.
9. Suppliers, when interacting with the University, shall be prohibited from providing hard copies of presentations or other materials. Suppliers will be required to present all information in electronic format that is easily transferable to University staff, who may choose to print their own copies in accordance with UC Policy if necessary. Materials may be provided if specifically required or requested by a UC representative.
10. All recyclers of the University's electronic equipment must be e-Steward certified by the Basel Action Network (BAN) (www.ban.org). In cases where the University has established take-back programs with a manufacturer, the University will encourage the manufacturer to become a BAN-certified e-Steward Enterprise ([e-Stewards for Enterprises](#)).

H. Sustainable Foodservices

Campuses and Health Locations

1. Campus and health location foodservice operations subject to this Policy shall include both self-operated and contract-operated foodservices.
2. In the context of this Policy, sustainable food is defined as food and beverage purchases that meet one or more of the criteria listed below, which are reviewed annually by the UC Sustainable Foodservices Working Group (under the UC Sustainability Steering Committee).

University of California – Policy on Sustainable Practices
Sustainable Practices

- i. Locally Grown¹⁷
 - ii. Locally Raised, Handled, and Distributed
 - iii. Fair Trade Certified¹⁸
 - iv. Domestic Fair Trade Certified
 - v. Shade-Grown or Bird Friendly Coffee
 - vi. Rainforest Alliance Certified
 - vii. Food Alliance Certified
 - viii. USDA Organic
 - ix. AGA Grassfed
 - x. Grass-finished/100% Grassfed
 - xi. Certified Humane Raised & Handled
 - xii. American Humane Certified
 - xiii. Animal Welfare Approved
 - xiv. Global Animal Partnership (steps III, IV, V)
 - xv. Cage-free
 - xvi. Protected Harvest Certified
 - xvii. Marine Stewardship Council
 - xviii. Seafood Watch Guide “Best Choices” or “Good Alternatives”
 - xix. Farm/business is a cooperative or has profit sharing with all employees
 - xx. Farm/business social responsibility policy includes (1) union or prevailing wages, (2) transportation and/or housing support, and (3) health care benefits
 - xxi. Other practices or certified processes as determined by the location and brought to the Sustainable Foodservices Working Group for review and possible addition in future Policy updates.
3. With the goal of achieving 20% sustainable food purchases, all Food Service Operations should track and report annually the percentage of total annual food budget spent on sustainable food.
 4. If cost effective, each campus and health location will certify one facility through a third-party green business certification program through one of the following: (1)

¹⁷ Resulting from regional constraints, campus definitions of “Locally Grown” and “Locally Raised, Handled, and Distributed” may vary; however, “Locally Grown” and “Locally Raised, Handled, and Distributed” distances shall not exceed 500 miles.

¹⁸ Fair Trade Certified products must be third party certified by one of the following: IMO Fair For Life, Fairtrade International (FLO), Fair Trade USA.

University of California – Policy on Sustainable Practices
Sustainable Practices

city or county's "green business" program, (2) Green Seal's Restaurants and Food Services Operations certification program, or (3) the Green Restaurant Association certification program.

5. Campuses, health locations, and retail foodservice operations will provide an annual progress report on these goals. Annual reports should include the individual campus and health location's goals as well as the progress and timelines for the programs being implemented to reach those goals.
6. Campuses and health locations are encouraged to form a campus-level foodservices sustainability working group to facilitate the campus goal setting and implementation process.
7. The stakeholders who are involved with the implementation of the Sustainable Foodservice section of this Policy will participate in a system-wide working group to meet, network and to discuss their goals, best practices, and impediments to implementation.
8. Campuses and health locations are encouraged to implement training programs for all foodservice staff on sustainable foodservice operations, as well as, where applicable, on sustainable food products being served to patrons, so that staff can effectively communicate with the patrons about the sustainable food options.
9. Campuses and health locations are encouraged to participate in intercollegiate and national programs that raise awareness on dietary health, wellness and sustainability (e.g. the MyPyramid.gov Corporate Challenge and the Real Food Challenge).
10. Campuses and health locations are encouraged to develop health and wellness standards for food service operators, including eliminating the use of trans-fat oils or products made with trans-fat.
11. Campuses and health locations are encouraged to undertake additional initiatives that encourage healthy and sustainable food services operations. Examples include tray-less dining, beef-less or meat-less days, and preservative minimization programs.

I. Sustainable Water Systems

Reporting Methods

1. Explicitly identify the geographic and operational areas comprising the scope of location water usage (e.g., the campus as defined by its Long Range Development Plan boundary, excluding third-party operated facilities).
2. Locations with health locations may choose to report health locations data and progress toward the target separately from the main campus.
3. All locations shall report water usage in a tabular format using the following methods:
 - a. Measure per capita water consumption by Weighted Campus User (WCU) for main campuses and Adjusted Patient Day (APD) for health locations. If

University of California – Policy on Sustainable Practices
Sustainable Practices

necessary, WCU and APD may be combined using the following calculation:

$$[(APD/360) * 1.5] + WCU;$$

- b. Potable water usage for a baseline period that is three consecutive fiscal years including FY 2005/06, 2006/07, and FY 2007/08:
 - i. Total location potable water usage, in gallons, for each of the three years comprising the baseline period,
 - ii. WCU, or APD, for each of the three years comprising the baseline period,
 - iii. Baseline Potable Water Usage: calculate the baseline metric as follows:
 Step 1: Divide each year's total water use in gallons by that years' WCU or APD population. Step 2: Average the three gallons/population calculations to derive the Baseline Potable Water Usage for the location,
 - iv. Multiply the Baseline Potable Water Usage figure by 0.64 to derive the location's 2025 Potable Water Usage Target, and
 - v. Unless impracticable, provide average gallons of potable water usage per baseline year per gross square foot of location built space for which potable water consumption is being reported, mirroring (c) above;
- c. Potable water usage for the most recent fiscal year¹⁹:
 - i. If using only the most recent fiscal year, and not an average, list in the table the following:
 1. Total location potable water usage, in gallons, for the most recent fiscal year,
 2. WCU or APD for the most recent fiscal year,
 3. Divide the gallons by the WCU or APD to derive the Current Potable Water Usage, and
 - ii. If feasible, provide average gallons of potable water usage per gross square feet for either the three most current fiscal years, if that is the method adopted, or for the single most current fiscal year, again using the methodology described above;
- d. Total location non-potable water usage, in gallons, for the most recent fiscal year.
- e. Report, or estimate if metered data is not available, water usage in the following use categories at a minimum: buildings, landscape, and central plant including cooling towers, identifying the quantities of potable and non-potable used for these purposes.

¹⁹ An average of the three most current fiscal years is allowed but not required.

University of California – Policy on Sustainable Practices
Sustainable Practices

Reporting Schedule

4. Each location prepared a Water Action Plan as specified below and submitted it to the Office of the President by December 2013.
5. Beginning the following year, each location will provide an annual progress report on implementing its Water Action Plan to include progress on its water usage reduction.

Water Action Plans

6. Each Water Action Plan and the water conservation and water efficiency strategies it contains will take into account relevant regional conditions and regulatory requirements, will recognize historical progress, and will acknowledge current location best practices being implemented.
7. Each Water Action Plan will include a section on Water Usage and Reduction Strategies that:
 - a. Describes the applicable types of water comprising water systems, including but not limited to potable water, non-potable water, industrial water, sterilized water, reclaimed water, stormwater, and wastewater;
 - b. Reports water usage in accordance with the methods set forth in these procedures;
 - c. Considers setting more stringent potable water reduction goals if the location has already achieved a 36% below baseline reduction in per capital potable water consumption;
 - d. Outlines location-specific strategies for achieving the target for reduced potable water consumption;
 - e. Encourages implementation of innovative water-efficient technologies as part of capital projects and renovations (e.g., installation of WaterSense certified fixtures and appliances, graywater reuse, rainwater harvesting, and watershed restoration);
 - f. Addresses use of non-potable water sources, and how those sources factor into overall sustainable water systems strategy;
 - g. Analyzes the identified water use reduction strategies using a full cost approach by considering:
 - i. Projected costs and savings of the identified water use strategies,
 - ii. Indirect costs and savings associated with reduced energy consumption due to the energy use embodied in water use,
 - iii. Savings associated with reduced or avoided infrastructure costs, and
 - iv. Other avoided costs; and
 - h. Sets a timeline for the strategies being implemented to reach the water usage reduction target.

University of California – Policy on Sustainable Practices
Sustainable Practices

8. Each Water Action Plan will include a section on Stormwater Management developed in conjunction with the location stormwater regulatory specialist that:
 - a. Addresses stormwater management from a watershed perspective in a location-wide, comprehensive way that recognizes stormwater as a resource and aims to protect and restore the integrity of the local watershed(s);
 - b. References the location's best management practices for preventing stormwater pollution from activities that have the potential to pollute the watershed (e.g., construction; trenching; storage of outdoor equipment, materials, and waste; landscaping maintenance; outdoor cleaning practices; vehicle parking);
 - c. Encourages stormwater quality elements such as appropriate source control, site design (low impact development), and stormwater treatment measures to be considered during the planning stages of projects in order to most efficiently incorporate measures to protect stormwater quality;
 - d. If feasible, cites relevant and current location stormwater-related plans and permits in an appendix or reference list accompanying the Water Action Plan; and
 - e. Includes, to the extent feasible, full cost evaluation of stormwater management initiatives similar to the approach in the Water Usage and Reduction Strategies section above.
9. Each location's Water Action Plan will include a section on Education and Outreach that:
 - a. Presents potential opportunities to serve as a living laboratory for sustainable water projects;
 - b. Supports efforts of students, faculty and staff to implement sustainable water systems on campuses and other locations;
 - c. Identifies opportunities for pilot projects that illustrate the University's commitment to sustainable water practices through teaching, research, and service; and
 - d. Identifies opportunities for new practices that could create behavior change with regard to water use and watershed management.
10. Each location's Water Action Plan will include a section called Irrigation and Landscape that includes:
 - a. Total square feet of turf area and breaks out used and under used turf areas, and;
 - b. A description and plan to reduce irrigation with potable water.

J. Sustainability at UC Health

1. The UC Health Sustainability Working Group, with input from relevant working groups for each subject area, will develop normalized data reporting protocols to track the implementation of sustainability programs at health locations. Annually,

University of California – Policy on Sustainable Practices Sustainable Practices

the UC Health Sustainability Working Group will report to the University of California Health Center Chief Operating Officer Group and the University of California Sustainability Steering Committee.

2. Health locations will participate in Practice Greenhealth's reporting program and report at a minimum metrics for energy, carbon, water and waste. To meet the reporting requirements, reporting to Practice Greenhealth will reflect UC Health location boundaries and will use either adjusted patient encounters or adjusted patient days as appropriate to reflect non-licensed patient encounters. Reporting to Practice Greenhealth will be based on the most recently complete fiscal year. Beginning in the 2018/19 fiscal year, these reports will be used for the Annual Report on Sustainable Practices that is presented to the UC Regents.
3. Health locations may discretionarily submit additional facility-specific applications to Practice Greenhealth for award consideration in addition to a total site/campus application. The stated policy goal of achieving Practice Greenhealth Partner for Change Awards may be at the campus or facility level.
4. Health locations will set targets for their facilities for waste diversion and reduction as well as for water reduction in accordance with the schedule outlined in section III.J. If targets require a comparison to a baseline dataset, Practice Greenhealth's 2017 report will be used as a baseline. These targets will be recommended to the system wide Sustainability Steering Committee for addition to the Policy at the meeting following the due dates listed in section III.J.

VIII. REVISION HISTORY

July 2019: Policy revised to clarify the following sections: climate protection, zero waste, and sustainable procurement.

August 2018: Policy expanded to include UC Health and revised to update the following sections with new goals and clarifying language: definitions, green building design, clean energy, zero waste, and sustainable procurement.

June 2017: Policy remediated for accessibility according to Web Content Accessibility Guidelines (WCAG) 2.0

Policy revised to reflect the University Carbon Neutrality Initiative, adding definitions of green lab assessment programs, “research group” as defined by the Laboratory Hazard Assessment Tool (LHAT), and the inclusion of the UC Green Laboratories Action Plan. Changes were also made to the sections for Sustainable Building Operations for Campuses.

June 2016: Policy revised to update the following sections with new goals and clarifying language: definitions, green building design, sustainable transportation, and sustainable water systems.

June 2015: Policy revised to update the following sections: sustainable building operations, sustainable foodservices practices, green building design, and clean energy.

July 2011: Policy revised to update the following sections: green building design, climate protection practices, sustainable operations, environmentally preferable purchasing, and sustainable foodservice practices.

September 2009: Policy expanded to include sustainable foodservice

March 2007: Policy expanded to include sustainable operations, waste reduction, and environmentally preferable purchasing; renovations guidelines added to green building section, climate protection section refined

January 2006: Policy expanded to include transportation and climate protection

June 2004: President formally issued the “Presidential Policy on Green Building Design and Clean Energy Standards.” This Policy was subsequently renamed the Policy on Sustainable Practices

July 2003: The Regents approved sustainability policy principles ([UCOP Sustainability](#))

Sample Job Order

Goal of exercise below is to see the level of services provided within the task catalog and the specifications. Please provide as much as possible:

1. A list of line items needed to complete the work. (may be a different document from final proposal)
2. Line item descriptions showing additional costs associated with the installation.
3. Cost break downs by labor and equipment by unit of work included to perform the work.
4. Provide information on overhead costs not listed as a part of work. i.e. protect in place, moving of furniture. (can be a separate document listing items included in adjustment factor.
5. Set of specifications needed to complete the work.
6. Preliminary or Final proposal to see overall composition and readability.

Assume typical 2 bedroom off-campus apartment, furnished.

1. Total Floor Area is 850 SF.
 - a. Bathroom area is 75 SF per Bedroom 150 SF total.
 - b. Kitchen area is 150 SF
 - c. Dining Area is 150 SF
 - d. Bedrooms are 100 SF each.
 - e. Living Area is 200 SF
2. Ceiling height is 8'-0"
3. Assume two sets of windows at each bedroom dimensioned 3'w x 5'h
4. Assumed sliding door system at living area dimensioned 8' w x 7' h
5. All walls are painted, except kitchen sink backsplash area.
6. Assume kitchen is galley with wall and base cabinets, standard clearances from counter height of 3' to counter clearance of 2'
7. Assume 5 standard entry doors and 2 pairs of sliding closet doors sized for 8'wx7' openings.
8. Assume wall tile at bathroom tub areas and on floors. Tub dimension typical 3'w x 6'L x 18"h. Sink and cabinet base dimensioned 4'w x 3'h x 2'd with mirror on counter to ceiling and extended to back of toilet just short of tub. Bathrooms have no windows and use curtain rod showers.

Description of Work:

1. Remove all existing carpeting in Living Area and Bedrooms and replace with Resilient Vinyl Planking, 30 Mil thickness, 6"wx48"L.
2. Paint all room walls, closets and ceilings latex paint, 2 coats with primer, use brush and roller. Include trim on doors, doors and wood wall base, 4" high. Exclude kitchen cabinetry.
3. Extend existing dining room wing wall sized 4'w x 42" high to extend to the ceiling. Match all existing finishes for non-rated, 2x4 wood stud framing and drywall. Frame and finish per specifications. (provide sample specs)

DEMOLITION NOTES

DEMOLITION DRAWINGS ARE BASED ON CASUAL FIELD OBSERVATION AND EXISTING RECORD DOCUMENTS. REPORT DISCREPANCIES TO ARCHITECT BEFORE DISTURBING EXISTING INSTALLATION.

DISCONNECT ELECTRICAL SYSTEMS IN WALLS, FLOORS AND CEILINGS SCHEDULED FOR REMOVAL.

PROVIDE TEMPORARY WIRING AND CONNECTIONS TO MAINTAIN EXISTING SYSTEMS IN SERVICE DURING CONSTRUCTION.

REMOVE, RELOCATE, AND EXTEND EXISTING INSTALLATIONS TO ACCOMMODATE NEW CONSTRUCTION

REPAIR ADJACENT CONSTRUCTION AND FINISHES DAMAGED DURING DEMOLITION AND EXTENSION WORK ANY FIRE RESISTANCE RATED

CONSTRUCTION DAMAGED DURING THE SCOPE OF WORK SHALL BE REPAIRED TO MATCH THE EXISTING RATED CONDITION PER 2016 CFC SECTION 703.1

REMOVE EXPOSED ABANDONED WIRE AND CABLE. PATCH SURFACES WHERE REMOVED CABLES PASS THROUGH RAILING FINISHES.

DISCONNECT ABANDONED CIRCUITS, OUTLETS AND REMOVE CIRCUIT DEVICES. WIRE AND CABLE REMOVE ABANDONED ROYCE WILKINS

TELEPHONES, WIRE AND CABLE. REMOVE ABANDONED BOXES, OUTLETS AND RACEWAY. WIRE AND CABLE SERVICING THEM IS ABANDONED AND REMOVED. PROVIDE BLANK COVER FOR ABANDONED BOXES WHICH ARE NOT REMOVED.

ENSURE ACCESS TO EXISTING BOXES, WIRING CONNECTIONS AND OTHER INSTALLATIONS WHICH ARE TO REMAIN ACTIVE AND WHICH

OTHER INSTALLATIONS WHICH ARE TO REMAIN ACTIVE AND WHICH REQUIRE ACCESS, MODIFY INSTALLATION OR PROVIDE ACCESS PANEL IS APPROPRIATE.

GENERAL NOTES

THE CONTRACTOR SHALL VISIT JOB SITE AND VERIFY CONDITIONS BEFORE BIDDING.

THE FACILITY SHALL REMAIN IN OPERATION DURING ALL PHASES OF THE WORK WHERE SYSTEM SHUTDOWNS AND POWER OUTAGES ARE UNAVOIDABLE. SUCH WORK SHALL BE SCHEDULED WITH THE UNDERSTANDING THAT SUCH SHUTDOWNS OR OUTAGES WILL OCCUR AT SUCH TIMES AS TO CAUSE THE LEAST DISRUPTION OF NORMAL FACILITY FUNCTIONS. INCLUDE ALL PREMIUM LABOR IN BID PROPOSAL TO COVER WORK REQUIRED TO BE PERFORMED BEFORE OR AFTER NORMAL "WORKING HOURS".

COORDINATE SEQUENCE OF WORK WITH UNIVERSITY. MAKE ALL NECESSARY CONNECTIONS AS REQUIRED TO MAINTAIN POWER DURING THE STAGES OF WORK

EXISTING DEVICES SHOWN WERE TAKEN FROM EXISTING DRAWINGS NOT "AS BUILT" DRAWINGS) AND LIMITED SITE SURVEYS AND MAY NOT BE EXACTLY AS SHOWN. CONTRACTOR SHALL VISIT JOB SITE AND VERIFY CONDITIONS PRIOR TO RIDDING.

REFER TO THOSE DRAWINGS SHOWING OTHER WORK, AND COORDINATE PLACEMENT OF WORK WITH THAT OF OTHER TRADES. REPORT ANY CONFLICT TO UNIVERSITY PRIOR TO INSTALLING WORK, ADJUST WORK AS DIRECTED BY UNIVERSITY.

EXISTING DEVICES SHOWN WITH INCOMPLETE, OR WITHOUT BRANCH CIRCUITRY WHERE INSTALLED AND/OR ALTERED BY OWNER. CONTRACTOR SHALL RELOCATE EXISTING BRANCH CIRCUITRY AND MAKE ALL NECESSARY RECONNECTIONS AS REQUIRED TO FACILITATE REMODEL. VERIFY ALL WORK REQUIRED ON THE JOB AND RECORD ON RECORD DRAWINGS.

CORE DRILL EXISTING WALLS AND FLOORS AS REQUIRED TO FACILITATE CONDUIT INSTALLATION, SEAL ALL PENETRATIONS WATER AND SMOKE TIGHT AND IN CONFORMANCE WITH CBC SECTION 714.1 AND C.E.C. 300.21, FIRE STOP MATERIAL SHALL BE A TESTED ASSEMBLY APPROVED BY THE OSHPD FIRE MARSHAL. NO REBAR SHALL BE CUT DURING CORE DRILL OPERATION.

THE CONTRACTOR SHALL BE RESPONSIBLE FOR PROVIDING NEW FIRE STOPPING OF ALL NEW OR EXISTING CONDUIT OR CABLE PENETRATIONS IN NEW OR EXISTING FIRE RATED WALLS WITHIN THE LIMITS OF WORK.

REMOVE AND REINSTALL EXISTING LIGHT FIXTURES AS REQUIRED TO FACILITATE INSTALLATION OF WORK OF OTHER TRADES UNDER THIS PROJECT. VERIFY ALL WORK REQUIRED ON THE JOB.

ALL EQUIPMENT INSTALLED OR CONNECTED BY THE CONTRACTOR
HALL BE LABELED OR CERTIFIED FOR ITS USE BY A NATIONALLY
RECOGNIZED TESTING LABORATORY.

NO PIPING, DUCTS, EQUIPMENT FOREIGN TO THE ELECTRICAL EQUIPMENT OR ARCHITECTURAL APPLIANCES SHALL BE IN THE DEDICATED SPACE FOR SWITCHBOARD(S), PANELBOARD(S), AND/OR MOTOR CONTROL CENTER(S) PER CEC 110.26(F).

UNLESS OTHERWISE INDICATED, ALL 20 AMP 120 OR 277 VOLT BRANCH CIRCUITS SHALL HAVE DEDICATED NEUTRALS. DO NOT SHARE NEUTRALS.

RESPONSE FOR NATIONAL COOPERATIVE CONTRACT

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The University of California (hereinafter defined and referred to as “Principal Procurement Agency”), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector (“OMNIA Partners”), is requesting proposals for UC System-wide Job Order Contracting (JOC) Services Agreement. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal (“Master Agreement”) be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (“Public Agencies”), through OMNIA Partners’ cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners’ cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether or not to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

- A. Marketing collateral (print, electronic, email, presentations)
- B. Website
- C. Trade shows/conferences/meetings
- D. Advertising
- E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

- A. Individual sales calls
- B. Joint sales calls
- C. Communications/customer service
- D. Training sessions for Public Agency teams
- E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

- A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
- B. Training sessions for Public Agency teams
- C. Training sessions for Supplier teams
- D. Regular business reviews to monitor program success
- E. General contract administration

Suppliers are required to pay an administrative fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately \$100M annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public

Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g. governing law) are subject to modification for each Participating Public Agency as Supplier, such Participating Public Agency and OMNIA Partners shall agree without being in conflict with the Master Agreement. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (i.e. invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, governing law, etc.). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable administrative fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

- A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;
- B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;
- C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;
- D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

3.0 SUPPLIER RESPONSE

Supplier must supply the following information in order for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

- L. Describe any debarment or suspension actions taken against supplier

3.2 Distribution, Logistics

- A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.
- B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.
- C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.
- D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.
- E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

3.3 Marketing and Sales

- A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:
 - i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days
 - ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days
- B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:
 - i. Creation and distribution of a co-branded press release to trade publications
 - ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days
 - iii. Design, publication and distribution of co-branded marketing materials within first 90 days
 - iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement
 - v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers. Booth space will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.
 - vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement
 - vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)
 - viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:

- OMNIA Partners standard logo;
- Copy of original Request for Proposal;
- Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated toll-free number and email address for OMNIA Partners

- C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.
- D. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.
- E. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:
- i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency
 - ii. Best government pricing
 - iii. No cost to participate
 - iv. Non-exclusive
- F. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:
- i. Key features of Master Agreement
 - ii. Working knowledge of the solicitation process

- iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners
- iv. Knowledge of benefits of the use of cooperative contracts

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

- i. Executive Support
- ii. Marketing
- iii. Sales
- iv. Sales Support
- v. Financial Reporting
- vi. Accounts Payable
- vii. Contracts

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

L. Provide the Contract Sales (as defined in Section 10 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

\$_____.00 in year one
\$_____.00 in year two
\$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the administration fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

- i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
- ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
- iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
- iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

ADMINISTRATION AGREEMENT

THIS ADMINISTRATION AGREEMENT (this “**Agreement**”) is made this ____ day of _____ 20__, between National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector (“**OMNIA Partners**”), and _____ (“**Supplier**”).

RECITALS

WHEREAS, the _____ (the “**Principal Procurement Agency**”) has entered into a Master Agreement effective _____, Agreement No _____, by and between the Principal Procurement Agency and Supplier, (as may be amended from time to time in accordance with the terms thereof, the “**Master Agreement**”), as attached hereto as Exhibit A and incorporated herein by reference as though fully set forth herein, for the purchase of _____ (the “**Product**”);

WHEREAS, said Master Agreement provides that any or all public agencies, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit (collectively, “**Public Agencies**”), that register (either via registration on the OMNIA Partners website or execution of a Master Intergovernmental Cooperative Purchasing Agreement, attached hereto as Exhibit B) (each, hereinafter referred to as a “**Participating Public Agency**”) may purchase Product at prices stated in the Master Agreement;

WHEREAS, Participating Public Agencies may access the Master Agreement which is offered through OMNIA Partners to Public Agencies;

WHEREAS, OMNIA Partners serves as the contract administrator of the Master Agreement on behalf of Principal Procurement Agency;

WHEREAS, Principal Procurement Agency desires OMNIA Partners to proceed with administration of the Master Agreement; and

WHEREAS, OMNIA Partners and Supplier desire to enter into this Agreement to make available the Master Agreement to Participating Public Agencies and to set forth certain terms and conditions governing the relationship between OMNIA Partners and Supplier.

NOW, THEREFORE, in consideration of the payments to be made hereunder and the mutual covenants contained in this Agreement, OMNIA Partners and Supplier hereby agree as follows:

DEFINITIONS

1. Capitalized terms used in this Agreement and not otherwise defined herein shall have the meanings given to them in the Master Agreement.

TERMS AND CONDITIONS

2. The Master Agreement and the terms and conditions contained therein shall apply to this Agreement except as expressly changed or modified by this Agreement. Supplier acknowledges and agrees that the covenants and agreements of Supplier set forth in the solicitation and Supplier's response thereto resulting in the Master Agreement are incorporated herein and are an integral part hereof.

3. OMNIA Partners shall be afforded all of the rights, privileges and indemnifications afforded to Principal Procurement Agency by or from Supplier under the Master Agreement, and such rights, privileges and indemnifications shall accrue and apply with equal effect to OMNIA Partners, its agents, employees, directors, and representatives under this Agreement including, but not limited to, Supplier's obligation to obtain appropriate insurance.

4. OMNIA Partners shall perform all of its duties, responsibilities and obligations as contract administrator of the Master Agreement on behalf of Principal Procurement Agency as set forth herein, and Supplier hereby acknowledges and agrees that all duties, responsibilities and obligations will be undertaken by OMNIA Partners solely in its capacity as the contract administrator under the Master Agreement.

5. With respect to any purchases by Principal Procurement Agency or any Participating Public Agency pursuant to the Master Agreement, OMNIA Partners shall not be: (i) construed as a dealer, re-marketer, representative, partner or agent of any type of the Supplier, Principal Procurement Agency or any Participating Public Agency; (ii) obligated, liable or responsible for any order for Product made by Principal Procurement Agency or any Participating Public Agency or any employee thereof under the Master Agreement or for any payment required to be made with respect to such order for Product; and (iii) obligated, liable or responsible for any failure by Principal Procurement Agency or any Participating Public Agency to comply with procedures or requirements of applicable law or the Master Agreement or to obtain the due authorization and approval necessary to purchase under the Master Agreement. OMNIA Partners makes no representation or guaranty with respect to any minimum purchases by Principal Procurement Agency or any Participating Public Agency or any employee thereof under this Agreement or the Master Agreement.

6. OMNIA Partners shall not be responsible for Supplier's performance under the Master Agreement, and Supplier shall hold OMNIA Partners harmless from any liability that may arise from the acts or omissions of Supplier in connection with the Master Agreement.

7. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, OMNIA PARTNERS EXPRESSLY DISCLAIMS ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING OMNIA PARTNERS' PERFORMANCE AS A CONTRACT ADMINISTRATOR OF THE MASTER AGREEMENT. OMNIA PARTNERS SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF OMNIA PARTNERS IS ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

TERM OF AGREEMENT; TERMINATION

8. This Agreement shall be in effect so long as the Master Agreement remains in effect, provided, however, that the provisions of Sections 3 – 8 and 11 – 22, hereof and the indemnifications afforded by the Supplier to OMNIA Partners in the Master Agreement, to the extent such provisions survive any expiration or termination of the Master Agreement, shall survive the expiration or termination of this Agreement.

NATIONAL PROMOTION

9. OMNIA Partners and Supplier shall publicize and promote the availability of the Master Agreement's products and services to Public Agencies and such agencies' employees. Supplier shall require each Public Agency to register its participation in the OMNIA Partners program by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector), or executing a Master Intergovernmental Cooperative Purchasing Agreement prior to processing the Participating Public Agency's first sales order. Upon request, Supplier shall make available to interested Public Agencies a copy of the Master Agreement and such price lists or quotes as may be necessary for such Public Agencies to evaluate potential purchases.

10. Supplier shall provide such marketing and administrative support as set forth in the solicitation resulting in the Master Agreement, including assisting in development of marketing materials as reasonably requested by Principal Procurement Agency and OMNIA Partners. Supplier shall be responsible for obtaining permission or license of use and payment of any license fees for all content and images Supplier provides to OMNIA Partners or posts on the OMNIA Partners website. Supplier shall indemnify, defend and hold harmless OMNIA Partners for use of all such content and images including copyright infringement claims. Supplier and OMNIA Partners each hereby grant to the other party a limited, revocable, non-transferable, non-sublicensable right to use such party's logo (each, the "**Logo**") solely for use in marketing the Master Agreement. Each party shall provide the other party with the standard terms of use of such party's Logo, and such party shall comply with such terms in all material respects. Both parties shall obtain approval from the other party prior to use of such party's Logo. Notwithstanding the foregoing, the parties understand and agree that except as provided herein neither party shall have any right, title or interest in the other party's Logo. Upon termination of this Agreement, each party shall immediately cease use of the other party's Logo.

ADMINISTRATIVE FEE, REPORTING & PAYMENT

11. An "Administrative Fee" shall be defined and due to OMNIA Partners from Supplier in the amount of __ percent (__%) ("**Administrative Fee Percentage**") multiplied by the total purchase amount paid to Supplier, less refunds, credits on returns, rebates and discounts, for the sale of products and/or services to Principal Procurement Agency and Participating Public Agencies pursuant to the Master Agreement (as amended from time to time and including any renewal thereof) ("**Contract Sales**"). From time to time the parties may mutually agree in writing to a lower Administrative Fee Percentage for a specifically identified Participating Public Agency's Contract Sales.

12. Supplier shall provide OMNIA Partners with an electronic accounting report monthly, in the format prescribed by OMNIA Partners, summarizing all Contract Sales for each calendar month. The Contract Sales reporting format is provided as Exhibit C ("**Contract Sales Report**"), attached hereto and incorporated herein by reference. Contract Sales Reports for each calendar month shall be provided by Supplier to OMNIA Partners by the 10th day of the following month. Failure to

provide a Contract Sales Report within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion.

13. Administrative Fee payments are to be paid by Supplier to OMNIA Partners at the frequency and on the due date stated in Section 12, above, for Supplier's submission of corresponding Contract Sales Reports. Administrative Fee payments are to be made via Automated Clearing House (ACH) to the OMNIA Partners designated financial institution identified in Exhibit D. Failure to provide a payment of the Administrative Fee within the time and manner specified herein shall constitute a material breach of this Agreement and if not cured within thirty (30) days of written notice to Supplier shall be deemed a cause for termination of the Master Agreement, at Principal Procurement Agency's sole discretion, and/or this Agreement, at OMNIA Partners' sole discretion. All Administrative Fees not paid when due shall bear interest at a rate equal to the lesser of one and one-half percent (1 1/2%) per month or the maximum rate permitted by law until paid in full.

14. Supplier shall maintain an accounting of all purchases made by Participating Public Agencies under the Master Agreement. OMNIA Partners, or its designee, in OMNIA Partners' sole discretion, reserves the right to compare Participating Public Agency records with Contract Sales Reports submitted by Supplier for a period of four (4) years from the date OMNIA Partners receives such report. In addition, OMNIA Partners may engage a third party to conduct an independent audit of Supplier's monthly reports. In the event of such an audit, Supplier shall provide all materials reasonably requested relating to such audit by OMNIA Partners at the location designated by OMNIA Partners. In the event an underreporting of Contract Sales and a resulting underpayment of Administrative Fees is revealed, OMNIA Partners will notify the Supplier in writing. Supplier will have thirty (30) days from the date of such notice to resolve the discrepancy to OMNIA Partners' reasonable satisfaction, including payment of any Administrative Fees due and owing, together with interest thereon in accordance with Section 13, and reimbursement of OMNIA Partners' costs and expenses related to such audit.

GENERAL PROVISIONS

15. This Agreement, the Master Agreement and the exhibits referenced herein supersede any and all other agreements, either oral or in writing, between the parties hereto with respect to the subject matter hereto and no other agreement, statement, or promise relating to the subject matter of this Agreement which is not contained or incorporated herein shall be valid or binding. In the event of any conflict between the provisions of this Agreement and the Master Agreement, as between OMNIA Partners and Supplier, the provisions of this Agreement shall prevail.

16. If any action at law or in equity is brought to enforce or interpret the provisions of this Agreement or to recover any Administrative Fee and accrued interest, the prevailing party shall be entitled to reasonable attorney's fees and costs in addition to any other relief to which it may be entitled.

17. This Agreement and OMNIA Partners' rights and obligations hereunder may be assigned at OMNIA Partners' sole discretion to an affiliate of OMNIA Partners, any purchaser of any or all or substantially all of the assets of OMNIA Partners, or the successor entity as a result of a merger, reorganization, consolidation, conversion or change of control, whether by operation of law or otherwise. Supplier may not assign its obligations hereunder without the prior written consent of OMNIA Partners.

18. All written communications given hereunder shall be delivered by first-class mail, postage prepaid, or overnight delivery on receipt to the addresses as set forth below.

A. OMNIA Partners:

B. Supplier:

19. If any provision of this Agreement shall be deemed to be, or shall in fact be, illegal, inoperative or unenforceable, the same shall not affect any other provision or provisions herein contained or render the same invalid, inoperative or unenforceable to any extent whatever, and this Agreement will be construed by limiting or invalidating such provision to the minimum extent necessary to make such provision valid, legal and enforceable.

20. This Agreement may not be amended, changed, modified, or altered without the prior written consent of the parties hereto, and no provision of this Agreement may be discharged or waived, except by a writing signed by the parties. A waiver of any particular provision will not be deemed a waiver of any other provision, nor will a waiver given on one occasion be deemed to apply to any other occasion.

21. This Agreement shall inure to the benefit of and shall be binding upon OMNIA Partners, the Supplier and any respective successor and assign thereto; subject, however, to the limitations contained herein.

22. This Agreement will be construed under and governed by the laws of the State of Delaware, excluding its conflicts of law provisions and any action arising out of or related to this Agreement shall be commenced solely and exclusively in the state or federal courts in Williamson County Tennessee.

23. This Agreement may be executed in counterparts, each of which is an original but all of which, together, shall constitute but one and the same instrument. The exchange of copies of this Agreement and of signature pages by facsimile, or by .pdf or similar electronic transmission, will constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted by facsimile, or by .pdf or similar electronic transmission, will be deemed to be their original signatures for any purpose whatsoever.

ADMINISTRATION AGREEMENT

Exhibit A

Master Agreement

The Master Agreement, by and between the Principal Procurement Agency and the Supplier, is incorporated herein by reference as though fully set forth herein.

ADMINISTRATION AGREEMENT**Exhibit B****MASTER INTERGOVERNMENTAL COOPERATIVE PURCHASING AGREEMENT**

This Master Intergovernmental Cooperative Purchasing Agreement (this “**Agreement**”) is entered into by and between those certain government agencies that execute a Principal Procurement Agency Certificate (“**Principal Procurement Agencies**”) with National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector and/or Communities Program Management, LLC, a California limited liability company d/b/a U.S. Communities (collectively, “**OMNIA Partners**”) to be appended and made a part hereof and such other public agencies (“**Participating Public Agencies**”) who register to participate in the cooperative purchasing programs administered by OMNIA Partners and its affiliates and subsidiaries (collectively, the “**OMNIA Partners Parties**”) by either registering on the OMNIA Partners website (www.omniapartners.com/publicsector or any successor website), or by executing a copy of this Agreement.

RECITALS

WHEREAS, after a competitive solicitation and selection process by Principal Procurement Agencies, in compliance with their own policies, procedures, rules and regulations, a number of suppliers have entered into “**Master Agreements**” (herein so called) to provide a variety of goods, products and services (“**Products**”) to the applicable Principal Procurement Agency and the Participating Public Agencies;

WHEREAS, Master Agreements are made available by Principal Procurement Agencies through the OMNIA Partners Parties and provide that Participating Public Agencies may purchase Products on the same terms, conditions and pricing as the Principal Procurement Agency, subject to any applicable federal and/or local purchasing ordinances and the laws of the State of purchase; and

WHEREAS, in addition to Master Agreements, the OMNIA Partners Parties may from time to time offer Participating Public Agencies the opportunity to acquire Products through other group purchasing agreements.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.
2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency’s procurement practices. The Participating Public Agencies hereby acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies’ participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable “safe harbor” regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.
3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider.
4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions

ADMINISTRATION AGREEMENT

Exhibit B, continued

of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization (“**GPO**”) agreements directly or indirectly by enrolling the Participating Public Agency in another GPO’s purchasing program provided the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency’s sole discretion.

7. The Participating Public Agencies (each a “**Procuring Party**”) that procure Products through any Master Agreement or GPO Product supply agreement (each a “**GPO Contract**”) will make timely payments to the distributor, manufacturer or other vendor (collectively, “**Supplier**”) for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days’ written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

NOW, THEREFORE, in consideration of the mutual promises contained in this Agreement, and of the mutual benefits to result, the parties hereby agree as follows:

1. Each party will facilitate the cooperative procurement of Products.
2. The Participating Public Agencies shall procure Products in accordance with and subject to the relevant federal, state and local statutes, ordinances, rules and regulations that govern Participating Public Agency’s procurement practices. The Participating Public Agencies hereby

acknowledge and agree that it is the intent of the parties that all provisions of this Agreement and that Principal Procurement Agencies' participation in the program described herein comply with all applicable laws, including but not limited to the requirements of 42 C.F.R. § 1001.952(j), as may be amended from time to time. The Participating Public Agencies further acknowledge and agree that they are solely responsible for their compliance with all applicable "safe harbor" regulations, including but not limited to any and all obligations to fully and accurately report discounts and incentives.

3. The Participating Public Agency represents and warrants that the Participating Public Agency is not a hospital or other healthcare provider and is not purchasing Products on behalf of a hospital or healthcare provider.

4. The cooperative use of Master Agreements shall be in accordance with the terms and conditions of the Master Agreements, except as modification of those terms and conditions is otherwise required by applicable federal, state or local law, policies or procedures.

5. The Principal Procurement Agencies will make available, upon reasonable request, Master Agreement information which may assist in improving the procurement of Products by the Participating Public Agencies.

6. The Participating Public Agency agrees the OMNIA Partners Parties may provide access to group purchasing organization ("**GPO**") agreements directly or indirectly by enrolling the Participating Public Agency in another GPO's purchasing program provided the purchase of Products through the OMNIA Partners Parties or any other GPO shall be at the Participating Public Agency's sole discretion.

7. The Participating Public Agencies (each a "**Procuring Party**") that procure Products through any Master Agreement or GPO Product supply agreement (each a "**GPO Contract**") will make timely payments to the distributor, manufacturer or other vendor (collectively, "**Supplier**") for Products received in accordance with the terms and conditions of the Master Agreement or GPO Contract, as applicable. Payment for Products and inspections and acceptance of Products ordered by the Procuring Party shall be the exclusive obligation of such Procuring Party. Disputes between Procuring Party and any Supplier shall be resolved in accordance with the law and venue rules of the State of purchase unless otherwise agreed to by the Procuring Party and Supplier.

8. The Procuring Party shall not use this Agreement as a method for obtaining additional concessions or reduced prices for purchase of similar products or services outside of the Master Agreement. Master Agreements may be structured with not-to-exceed pricing, in which cases the Supplier may offer the Procuring Party and the Procuring Party may accept lower pricing or additional concessions for purchase of Products through a Master Agreement.

9. The Procuring Party shall be responsible for the ordering of Products under this Agreement. A non-procuring party shall not be liable in any fashion for any violation by a Procuring Party, and, to the extent permitted by applicable law, the Procuring Party shall hold non-

procuring party harmless from any liability that may arise from the acts or omissions of the Procuring Party.

10. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, THE OMNIA PARTNERS PARTIES EXPRESSLY DISCLAIM ALL EXPRESS OR IMPLIED REPRESENTATIONS AND WARRANTIES REGARDING ANY PRODUCT, MASTER AGREEMENT AND GPO CONTRACT. THE OMNIA PARTNERS PARTIES SHALL NOT BE LIABLE IN ANY WAY FOR ANY SPECIAL, INCIDENTAL, INDIRECT, CONSEQUENTIAL, EXEMPLARY, PUNITIVE, OR RELIANCE DAMAGES, EVEN IF THE OMNIA PARTNERS PARTIES ARE ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, THE PROCURING PARTY ACKNOWLEDGES AND AGREES THAT THE OMNIA PARTNERS PARTIES SHALL HAVE NO LIABILITY FOR ANY ACT OR OMISSION BY A SUPPLIER OR OTHER PARTY UNDER A MASTER AGREEMENT OR GPO CONTRACT.

11. This Agreement shall remain in effect until termination by either party giving thirty (30) days' written notice to the other party. The provisions of Paragraphs 6 - 10 hereof shall survive any such termination.

12. This Agreement shall take effect upon (i) execution of the Principal Procurement Agency Certificate, or (ii) registration on the OMNIA Partners website or the execution of this Agreement by a Participating Public Agency, as applicable.

EXHIBIT F FEDERAL FUNDS CERTIFICATIONS

FEDERAL CERTIFICATIONS ADDENDUM FOR AGREEMENT FUNDED BY U.S. FEDERAL GRANT

TO WHOM IT MAY CONCERN:

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302–6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or
 - (2) An agreement that provides only:
 - (i) Direct United States Government cash assistance to an individual;
 - (ii) A subsidy;
 - (iii) A loan;
 - (iv) A loan guarantee; or
 - (v) Insurance.

Federal awarding agency means the Federal agency that provides a Federal award directly to a non-Federal entity

Federal award has the meaning, depending on the context, in either paragraph (a) or (b) of this section:

- (a)(1) The Federal financial assistance that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability; or
- (2) The cost-reimbursement contract under the Federal Acquisition Regulations that a non-Federal entity receives directly from a Federal awarding agency or indirectly from a pass-through entity, as described in § 200.101 Applicability.
- (b) The instrument setting forth the terms and conditions. The instrument is the grant agreement, cooperative agreement, other agreement for assistance covered in paragraph (b) of § 200.40 Federal financial assistance, or the cost-reimbursement contract awarded under the Federal Acquisition Regulations.
- (c) Federal award does not include other contracts that a Federal agency uses to buy goods or services from a contractor or a contract to operate Federal government owned, contractor operated facilities (GOCOs).
- (d) See also definitions of Federal financial assistance, grant agreement, and cooperative agreement.

Non-Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Nonprofit organization means any corporation, trust, association, cooperative, or other organization, not including IHEs, that:

- (a) Is operated primarily for scientific, educational, service, charitable, or similar purposes in the public interest;
- (b) Is not organized primarily for profit; and
- (c) Uses net proceeds to maintain, improve, or expand the operations of the organization.

Obligations means, when used in connection with a non-Federal entity's utilization of funds under a Federal award, orders placed for property and services, contracts and subawards made, and similar transactions during a given period that require payment by the non-Federal entity during the same or a future period.

Pass-through entity means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. As of the publication of this part, the simplified acquisition threshold is \$250,000, but this threshold is periodically adjusted for inflation. (Also see definition of § 200.67 Micro-purchase.)

Subaward means an award provided by a pass-through entity to a subrecipient for the subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

Subrecipient means a non-Federal entity that receives a subaward from a pass-through entity to carry out part of a Federal program; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

Termination means the ending of a Federal award, in whole or in part at any time prior to the planned end of period of performance.

The following certifications and provisions may be required and apply when Participating Agency expends federal funds for any purchase resulting from this procurement process. Pursuant to 2 C.F.R. § 200.326, all contracts, including small purchases, awarded by the Participating Agency and the Participating Agency's subcontractors shall contain the procurement provisions of Appendix II to Part 200, as applicable.

APPENDIX II TO 2 CFR PART 200

(A) Contracts for more than the simplified acquisition threshold currently set at \$250,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 U.S.C. 1908, must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate.

Pursuant to Federal Rule (A) above, when a Participating Agency expends federal funds, the Participating Agency reserves all rights and privileges under the applicable laws and regulations with respect to this procurement in the event of breach of contract by either party.

(C) Equal Employment Opportunity. Except as otherwise provided under 41 CFR Part 60, all contracts that meet the definition of “federally assisted construction contract” in 41 CFR Part 60-1.3 must include the equal opportunity clause provided under 41 CFR 60-1.4(b), in accordance with Executive Order 11246, “Equal Employment Opportunity” (30 CFR 12319, 12935, 3 CFR Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, “Amending Executive Order 11246 Relating to Equal Employment Opportunity,” and implementing regulations at 41 CFR part 60, “Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor.”

Pursuant to Federal Rule (C) above, when a Participating Agency expends federal funds on any federally assisted construction contract, the equal opportunity clause is incorporated by reference herein.

(D) Davis-Bacon Act, as amended (40 U.S.C. 3141-3148). When required by Federal program legislation, all prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, “Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction”). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non - Federal entity must report all suspected or reported violations to the Federal awarding agency. The contracts must also include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”). The Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.

Pursuant to Federal Rule (D) above, when a Participating Agency expends federal funds during the term of an award for all contracts and subgrants for construction or repair, offeror will be in compliance with all applicable Davis-Bacon Act provisions.

(E) Contract Work Hours and Safety Standards Act (40 U.S.C. 3701-3708). Where applicable, all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. 3702 and 3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 U.S.C. 3702 of the Act, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 U.S.C. 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

Pursuant to Federal Rule (E) above, when a Participating Agency expends federal funds, offeror certifies that offeror will be in compliance with all applicable provisions of the Contract Work Hours and Safety Standards Act during the term of an award for all contracts by Participating Agency resulting from this procurement process.

(I) Byrd Anti-Lobbying Amendment (31 U.S.C. 1352)—Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award.

Pursuant to Federal Rule (I) above, when federal funds are expended by Participating Agency, the offeror certifies that during the term and after the awarded term of an award for all contracts by Participating Agency resulting from this procurement process, the offeror certifies that it is in compliance with all applicable provisions of the Byrd Anti-Lobbying Amendment (31 U.S.C. 1352). The undersigned further certifies that:

(1) No Federal appropriated funds have been paid or will be paid for on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with the awarding of a Federal contract, the making of a Federal grant, the making of a Federal loan, the entering into a cooperative agreement, and the extension, continuation, renewal, amendment, or modification of a Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of congress, or an employee of a Member of Congress in connection with this Federal grant or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure Form to Report Lobbying", in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all covered sub-awards exceeding \$100,000 in Federal funds at all appropriate tiers and that all subrecipients shall certify and disclose accordingly.

FEMA SPECIAL CONDITIONS

Awarded Supplier(s) may need to respond to events and losses where products and services are needed for the immediate and initial response to emergency situations such as, but not limited to, water damage, fire damage, vandalism cleanup, biohazard cleanup, sewage decontamination, deodorization, and/or wind damage during a disaster or emergency situation. By submitting a proposal, the Supplier is accepted these FEMA Special Conditions required by the Federal Emergency Management Agency (FEMA).

“Contract” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended as described in Chapter III, ¶ 6.d must be rejected and cannot receive contract awards at any level.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;

2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

1. Termination for Convenience:

The right to terminate this Contract for the convenience of the Participating Public Agency is retained by the Participating Public Agency. In the event of a termination for convenience by the Participating Public Agency, the Participating Public Agency shall, at least ten (10) calendar days in advance, deliver written notice of the termination for convenience to Contractor. Upon Contractor's receipt of such written notice, Contractor immediately shall cease the performance of the Work and shall take reasonable and appropriate action to secure and protect the Work then in place. Contractor shall then be paid by the Participating Public Agency, in accordance with the terms and provisions of the Contract Documents, an amount not to exceed the actual labor costs incurred, the actual cost of all materials installed and the actual cost of all materials stored at the project site or away from the project site, as approved in writing by the Participating Public Agency but not yet paid for and which cannot be returned, and actual, reasonable and documented demobilization costs, if any, paid by Contractor and approved by the Participating Public Agency in connection with the Scope of Work in place which is completed as of the date of termination by the Participating Public Agency and that is in conformance with the Contract Documents, less all amounts previously paid for the Work. No amount ever shall be owed or paid to Contractor for lost or anticipated profits on any part of the Scope of Work not performed or for consequential damages of any kind.

2. Equal Employment Opportunity:

The Participating Public Agency highly encourages Contractors to implement Affirmative Action practices in their employment programs. This means Contractor should not discriminate against any employee or applicant for employment because of race, color, religion, sex, pregnancy, sexual orientation, political belief or affiliation, age, disability or genetic information.

During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative

action to ensure that applicants are employed, and that employees are treated during employment, without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer, recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the contracting officer setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice to be provided by the agency contracting officer, advising the labor union or workers' representative of the contractor's commitments under section 202 of Executive Order 11246 of September 24, 1965, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by the rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the contracting agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's non-compliance with the nondiscrimination clauses of this contract or with any of such rules, regulations, or orders, this contract may be canceled, terminated or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as may be directed by the Secretary of Labor as a means of enforcing such provisions including sanctions for noncompliance: *Provided*, however, that in the event the contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

3. "During the performance of this contract, the contractor agrees as follows:

- (1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color,

religion, sex, or national origin. Such action shall include, but not be limited to the following: Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

- (2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive considerations for employment without regard to race, color, religion, sex, or national origin.
- (3) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.
- (4) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.
- (5) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.
- (6) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions as may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.
- (7) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (7) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance: Provided, however, That in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency the contractor may request the United States to enter into such litigation to protect the interests of the United States."

4. Davis Bacon Act and Copeland Anti-Kickback Act.

- a. Applicability of Davis-Bacon Act. The Davis-Bacon Act only applies to the emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program. **It does not apply to other FEMA grant and cooperative agreement programs, including the Public Assistance Program.**
- b. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction)). See 2 C.F.R. Part 200, Appendix II, ¶ D.
- c. In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- d. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
- e. In contracts subject to the Davis-Bacon Act, the contracts must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti- Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.
- f. The regulation at 29 C.F.R. § 5.5(a) does provide the required contract clause that applies to compliance with both the Davis-Bacon and Copeland Acts. However, as discussed in the previous subsection, the Davis-Bacon Act does not apply to Public Assistance recipients and subrecipients. **In situations where the Davis-Bacon Act does not apply, neither does the Copeland "Anti-Kickback Act."** However, for purposes of grant programs where both clauses do apply, FEMA requires the following contract clause:

"Compliance with the Copeland "Anti-Kickback" Act.

- (1) Contractor. The contractor shall comply with 18 U.S.C. § 874, 40U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- (2) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as the FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor

with all of these contract clauses

- (3) Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. § 5.12.”

5. Contract Work Hours and Safety Standards Act.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Where applicable (see 40 U.S.C. § 3701), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II, ¶ E.
- c. Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the workweek.
- d. The requirements of 40 U.S.C. § 3704 are applicable to construction work and provide that no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- e. The regulation at 29 C.F.R. § 5.5(b) provides the required contract clause concerning compliance with the Contract Work Hours and Safety Standards Act:

“Compliance with the Contract Work Hours and Safety Standards Act.

- (1) Overtime requirements. No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.
- (2) Violation; liability for unpaid wages; liquidated damages. In the event of any violation of the clause set forth in paragraph (1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (1) of this section, in the sum of \$10 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (1) of this section.
- (3) Withholding for unpaid wages and liquidated damages. The (write in the name

of the Federal agency or the loan or grant recipient) shall upon its own action or upon written request of an authorized representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (2) of this section.

- (4) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (1) through (4) of this section."

6. Rights to Inventions Made Under a Contract or Agreement.

- a. Stafford Act Disaster Grants. This requirement **does not apply to the Public Assistance**, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as

FEMA awards under these programs do not meet the definition of "funding agreement."

- b. If the FEMA award meets the definition of "funding agreement" under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that "funding agreement," the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II, ¶ F.
- c. The regulation at 37 C.F.R. § 401.2(a) currently defines "funding agreement" as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

7. Clean Air Act and the Federal Water Pollution Control Act. Contracts of amounts in excess of \$150,000 must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II, ¶ G.

- a. The following provides a sample contract clause concerning compliance for contracts of amounts in excess of \$150,000:

"Clean Air Act

- (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
- (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

- (1) The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
- (2) The contractor agrees to report each violation to the (name of the state agency or local or Indian tribal government) and understands and agrees that the (name of the state agency or local or Indian tribal government) will, in turn, report each violation as required to assure notification to the (name of recipient), Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
- (3) The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA."

8. Debarment and Suspension.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. Non-federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non procurement Debarment and Suspension).
- c. These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II, ¶ H; and *Procurement Guidance for Recipients and Subrecipients Under 2 C.F.R. Part 200 (Uniform Rules): Supplement to the Public Assistance Procurement Disaster Assistance Team (PDAT) Field Manual* Chapter IV, ¶ 6.d, and Appendix C, ¶ 2 [hereinafter *PDAT Supplement*]. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530; *PDAT Supplement*, Chapter IV, ¶ 6.d and Appendix C, ¶ 2.
- d. In general, an "excluded" party cannot receive a Federal grant award or a contract within

the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipient.

- e. Specifically, a covered transaction includes the following contracts for goods or services:
 - (1) The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
 - (2) The contract requires the approval of FEMA, regardless of amount.
 - (3) The contract is for federally required audit services.
 - (4) A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified:

“Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such the contractor is required to verify that none of the contractor, its principals (defined at 2 C.F.R. § 180.995), or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by (insert name of subrecipient). If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to (name of state agency serving as recipient and name of subrecipient), the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.
- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.”

9. Byrd Anti-Lobbying Amendment.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.

- b. Contractors that apply or bid for an award of \$100,000 or more must file the required certification. See 2 C.F.R. Part 200, Appendix II, ¶ I; 44 C.F.R. Part 18; PDAT Supplement, Chapter IV, 6.c; Appendix C, ¶ 4.
- c. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant or any other award covered by 31 U.S.C. § 1352. Each tier must also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the non-Federal award. See PDAT Supplement, Chapter IV, ¶ 6.c and Appendix C, ¶ 4.
- d. The following provides a Byrd Anti-Lobbying contract clause:

“Byrd Anti-Lobbying Amendment, 31 U.S.C. § 1352 (as amended)

Contractors who apply or bid for an award of \$100,000 or more shall file the required certification. Each tier certifies to the tier above that it will not and has not used Federal appropriated funds to pay any person or organization for influencing or attempting to influence an officer or employee of any agency, a member of Congress, officer or employee of Congress, or an employee of a member of Congress in connection with obtaining any Federal contract, grant, or any other award covered by 31 U.S.C. § 1352. Each tier shall also disclose any lobbying with non-Federal funds that takes place in connection with obtaining any Federal award. Such disclosures are forwarded from tier to tier up to the recipient.”

APPENDIX A, 44 C.F.R. PART 18 – CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements (To be submitted with each bid or offer exceeding \$100,000)

The undersigned [Contractor] certifies, to the best of his or her knowledge, that:

1. No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
2. If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form- LLL, “Disclosure Form to Report Lobbying,” in accordance with its instructions.
3. The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and

contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by 31, U.S.C. § 1352 (as amended by the Lobbying Disclosure Act of 1995). Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

The Contractor, _____, certifies or affirms the truthfulness and accuracy of each statement of its certification and disclosure, if any. In addition, the Contractor understands and agrees that the provisions of 31 U.S.C. § 3801 et seq., apply to this certification and disclosure, if any.

10. Procurement of Recovered Materials.

- a. Applicability: This requirement applies to all FEMA grant and cooperative agreement programs.
- b. A non-Federal entity that is a state agency or agency of a political subdivision of a state and its contractors must comply with Section 6002 of the Solid Waste Disposal Act, Pub. L. No. 89-272 (1965) (codified as amended by the Resource Conservation and Recovery Act at 42 U.S.C. § 6962). See 2 C.F.R. Part 200, Appendix II, ¶ J; 2 C.F.R. § 200.322; *PDAT Supplement*, Chapter V, ¶ 7.
- c. The requirements of Section 6002 include procuring only items designated in guidelines of the EPA at 40 C.F.R. Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired by the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.
- d. The following provides the clause that a state agency or agency of a political subdivision of a state and its contractors can include in contracts meeting the above contract thresholds:

"(1) In the performance of this contract, the Contractor shall make maximum use of products containing recovered materials that are EPA- designated items unless the product cannot be acquired—

- (i) Competitively within a timeframe providing for compliance with

the contract performance schedule;

(ii) Meeting contract performance requirements; or

(iii) At a reasonable price.

(2) Information about this requirement, along with the list of EPA- designate items, is available at EPA's Comprehensive Procurement Guidelines web site, <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>."

11. Additional FEMA Requirements.

a. The Uniform Rules authorize FEMA to require additional provisions for non- Federal entity contracts. FEMA, pursuant to this authority, requires or recommends the following:

b. Changes.

To be eligible for FEMA assistance under the non-Federal entity's FEMA grant or cooperative agreement, the cost of the change, modification, change order, or constructive change must be allowable, allocable, within the scope of its grant or cooperative agreement, and reasonable for the completion of project scope. FEMA recommends, therefore, that a non-Federal entity include a changes clause in its contract that describes how, if at all, changes can be made by either party to alter the method, price, or schedule of the work without breaching the contract. The language of the clause may differ depending on the nature of the contract and the end-item procured.

c. Access to Records.

All non-Federal entities must place into their contracts a provision that all contractors and their successors, transferees, assignees, and subcontractors acknowledge and agree to comply with applicable provisions governing Department and FEMA access to records, accounts, documents, information, facilities, and staff. See DHS Standard Terms and Conditions, v 3.0, ¶ XXVI (2013).

d. The following provides a contract clause regarding access to records:

"Access to Records. The following access to records requirements apply to this contract:

(1) The contractor agrees to provide (insert name of state agency or local or Indian tribal government), (insert name of recipient), the FEMA Administrator, the Comptroller General of the United States, or any of their authorized representatives access to any books, documents, papers, and records of the Contractor which are directly pertinent to this contract for the purposes of making audits, examinations, excerpts, and transcriptions.

(2) The Contractor agrees to permit any of the foregoing parties to reproduce by any means whatsoever or to copy excerpts and transcriptions as reasonably needed.

(3) The contractor agrees to provide the FEMA Administrator or his authorized representatives access to construction or other work sites pertaining to the work

being completed under the contract.”

12. DHS Seal, Logo, and Flags.

- a. All non-Federal entities must place in their contracts a provision that a contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre-approval. See DHS Standard Terms and Conditions, v 3.0, ¶ XXV (2013).
- b. The following provides a contract clause regarding DHS Seal, Logo, and Flags: “The contractor shall not use the DHS seal(s), logos, crests, or reproductions of flags or likenesses of DHS agency officials without specific FEMA pre- approval.”

13. Compliance with Federal Law, Regulations, and Executive Orders.

- a. All non-Federal entities must place into their contracts an acknowledgement that FEMA financial assistance will be used to fund the contract along with the requirement that the contractor will comply with all applicable federal law, regulations, executive orders, and FEMA policies, procedures, and directives.
- b. The following provides a contract clause regarding Compliance with Federal Law, Regulations, and Executive Orders: “This is an acknowledgement that FEMA financial assistance will be used to fund the contract only. The contractor will comply will all applicable federal law, regulations, executive orders, FEMA policies, procedures, and directives.”

14. No Obligation by Federal Government.

- a. The non-Federal entity must include a provision in its contract that states that the Federal Government is not a party to the contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.
- b. The following provides a contract clause regarding no obligation by the Federal Government: “The Federal Government is not a party to this contract and is not subject to any obligations or liabilities to the non-Federal entity, contractor, or any other party pertaining to any matter resulting from the contract.”

15. Program Fraud and False or Fraudulent Statements or Related Acts.

- a. The non-Federal entity must include a provision in its contract that the contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to its actions pertaining to the contract.
- b. The following provides a contract clause regarding Fraud and False or Fraudulent or Related Acts: “The contractor acknowledges that 31 U.S.C. Chap. 38 (Administrative Remedies for False Claims and Statements) applies to the contractor’s actions pertaining to this contract.”

Additional contract clauses per 2 C.F.R. § 200.325

For applicable construction/reconstruction/renovation and related services: A payment and performance

bond are both required for 100 percent of the contract price. A “performance bond” is one executed in connection with a contract to secure fulfillment of all the contractor’s obligations under such contract. A “payment bond” is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided in the contract.

PROCUREMENT, PROFESSIONAL AND SERVICE
CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.

The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.

The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.

The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.

The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job-related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.

The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay-off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.

The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

A. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”

EXHIBIT C

CITY'S INSURANCE AND INDEMNITY

Exhibit C

Insurance and Indemnity

INDEMNIFICATION

To the furthest extent allowed by law, VENDOR shall indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers from any and all loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by CITY, VENDOR or any other person, and from any and all claims, demands and actions in law or equity (including reasonable attorney's fees, litigation expenses and cost to enforce this agreement), to the extent arising or alleged to have arisen directly or indirectly out of the negligent or wrongful acts of VENDOR or those under its control. VENDOR'S obligations under the preceding sentence shall apply regardless of whether CITY or any of its officers, officials, employees, agents or volunteers are passively negligent, but shall not apply to any loss, liability, fines, penalties, forfeitures, costs or damages caused by the active or sole negligence, or the willful misconduct, of CITY or any of its officers, officials, employees, agents or volunteers.

If VENDOR should subcontract all or any portion of the work to be performed under this Contract, VENDOR shall require each subcontractor to indemnify, hold harmless and defend CITY and each of its officers, officials, employees, agents and volunteers in accordance with the terms of the preceding paragraph.

This section shall survive termination or expiration of this Contract.

INSURANCE REQUIREMENTS

(a) Throughout the life of this Agreement, VENDOR shall pay for and maintain in full force and effect all insurance as required herein with an insurance company(ies) either (i) admitted by the California Insurance Commissioner to do business in the State of California and rated no less than "A-VII" in the Best's Insurance Rating Guide, or (ii) as may be authorized in writing by CITY'S Risk Manager or his/her designee at any time and in his/her sole discretion. The required policies of insurance as stated herein shall maintain limits of liability of not less than those amounts stated therein. However, the insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified therein or the full limit of any insurance proceeds to the named insured.

(b) If at any time during the life of the Agreement or any extension, VENDOR or any of its subcontractors fail to maintain any required insurance in full force and effect, all services and work under this Agreement shall be discontinued immediately, and all payments due or that become due to VENDOR shall be withheld until notice is received by CITY that the required insurance has been restored to full force and effect and that the premiums therefore have been paid for a period satisfactory to CITY. Any failure to

maintain the required insurance shall be sufficient cause for CITY to terminate this Agreement. No action taken by CITY pursuant to this section shall in any way relieve VENDOR of its responsibilities under this Agreement. The phrase "fail to maintain any required insurance" shall include, without limitation, notification received by CITY that an insurer has commenced proceedings, or has had proceedings commenced against it, indicating that the insurer is insolvent.

(c) The fact that insurance is obtained by VENDOR shall not be deemed to release or diminish the liability of VENDOR, including, without limitation, liability under the indemnity provisions of this Agreement. The duty to indemnify CITY shall apply to all claims and liability regardless of whether any insurance policies are applicable. The policy limits do not act as a limitation upon the amount of indemnification to be provided by VENDOR. Approval or purchase of any insurance contracts or policies shall in no way relieve from liability nor limit the liability of VENDOR, vendors, suppliers, invitees, contractors, sub-contractors, subcontractors, or anyone employed directly or indirectly by any of them.

Coverage shall be at least as broad as:

1. The most current version of Insurance Services Office (ISO) Commercial General Liability Coverage Form CG 00 01, providing liability coverage arising out of your business operations. The Commercial General Liability policy shall be written on an occurrence form and shall provide coverage for "bodily injury," "property damage" and "personal and advertising injury" with coverage for premises and operations (including the use of owned and non-owned equipment), products and completed operations, and contractual liability (including, without limitation, indemnity obligations under the Agreement) with limits of liability not less than those set forth under "Minimum Limits of Insurance."
2. The most current version of ISO *Commercial Auto Coverage Form CA 00 01, providing liability coverage arising out of the ownership, maintenance or use of automobiles in the course of your business operations. The Automobile Policy shall be written on an occurrence form and shall provide coverage for all owned, hired, and non-owned automobiles or other licensed vehicles (Code 1- Any Auto).
3. Workers' Compensation insurance as required by the State of California and Employer's Liability Insurance.
4. Technology Liability (Errors and Omissions) insurance appropriate to VENDOR'S profession. Coverage shall be sufficiently broad to respond to duties and obligations as is undertaken by VENDOR in this agreement and shall include but not be limited to, claims involving infringement of intellectual property, including but not limited to infringement of copyright, trademark, trade dress, invasion of privacy violations,

information theft, damage to or destruction of electronic information, release of private information, alteration of electronic information, extortion and network security. The policy shall provide coverage for breach response costs as well as regulatory fines penalties and credit monitoring expenses with limits sufficient to respond to these obligations.

5. Cyber Liability (Privacy and Data breach) insurance appropriate to VENDOR'S profession.

MINIMUM LIMITS OF INSURANCE

VENDOR shall procure and maintain for the duration of the contract, and for 5 years thereafter, insurance with limits of liability not less than those set forth below. However, insurance limits available to CITY, its officers, officials, employees, agents and volunteers as additional insureds, shall be the greater of the minimum limits specified herein or the full limit of any insurance proceeds available to the named insured:

1. COMMERCIAL GENERAL LIABILITY

- (i) \$1,000,000 per occurrence for bodily injury and property damage;
- (ii) \$1,000,000 per occurrence for personal and advertising injury;
- (iii) \$2,000,000 aggregate for products and completed operations; and,
- (iv) \$2,000,000 general aggregate applying separately to the work performed under the Agreement.

2. COMMERCIAL AUTOMOBILE LIABILITY

\$1,000,000 per accident for bodily injury and property damage.

3. Workers' Compensation Insurance as required by the State of California with statutory limits and EMPLOYER'S LIABILITY with limits of liability not less than:

- (i) \$1,000,000 each accident for bodily injury;
- (ii) \$1,000,000 disease each employee; and,
- (iii) \$1,000,000 disease policy limit.

4. TECHNOLOGY PROFESSIONAL LIABILITY :

- (i) \$1,000,000 per claim/occurrence; and,
- (ii) \$2,000,000 policy aggregate.

5. CYBER LIABILITY insurance with limits of not less than:

- (i) \$2,000,000 per claim/occurrence; and,
- (ii) \$4,000,000 policy aggregate

UMBRELLA OR EXCESS INSURANCE

In the event VENDOR purchases an Umbrella or Excess insurance policy(ies) to meet the "Minimum Limits of Insurance," this insurance policy(ies) shall "follow form" and afford no less coverage than the primary insurance policy(ies). In addition, such Umbrella or Excess insurance policy(ies) shall also apply on a primary and non-contributory basis for the benefit of the CITY, its officers, officials, employees, agents and volunteers.

DEDUCTIBLES AND SELF-INSURED RETENTIONS

VENDOR shall be responsible for payment of any deductibles contained in any insurance policy(ies) required herein and VENDOR shall also be responsible for payment of any self-insured retentions.

OTHER INSURANCE PROVISIONS/ENDORSEMENTS

- (i) All policies of insurance required herein shall be endorsed to provide that the coverage shall not be cancelled, non-renewed, reduced in coverage or in limits except after thirty (30) calendar days written notice has been given to CITY, except ten (10) days for nonpayment of premium. If an insurance company cannot provide notice to the CITY, VENDOR is responsible for providing written notice to the CITY under the same terms and conditions. Upon issuance by the insurer, broker, or agent of a notice of cancellation, non-renewal, or reduction in coverage or in limits, VENDOR shall furnish CITY with a new certificate and applicable endorsements for such policy(ies). In the event any policy is due to expire during the work to be performed for CITY, VENDOR shall provide a new certificate, and applicable endorsements, evidencing renewal of

such policy not less than fifteen (15) calendar days prior to the expiration date of the expiring policy.

(ii) The Commercial General and Automobile Liability insurance policies shall be written on an occurrence form.

(iii) The Commercial General and Automobile Liability insurance policies shall include, or be endorsed to include, City, its officers, officials, agents, employees and volunteers as an additional insured all ongoing and completed operations. Additional Insured endorsements under the General Liability policy must be as broad as that contained in ISO Forms: GC 20 10 11 85 or both CG 20 10 & CG 20 37.

(iv) The Commercial General and Automobile Liability insurance shall contain, or be endorsed to contain, that VENDOR'S insurance shall be primary to and require no contribution from the City. Primary and Non Contributory language under the General Liability policy must be as broad as that contained in ISO Form CG 20 01 04 13. These coverages shall contain no special limitations on the scope of protection afforded to City, its officers, officials, employees, agents and volunteers.

(v) Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

(vi) All insurance policies required herein shall contain, or be endorsed to contain, a waiver of subrogation as to CITY, its officers, officials, agents, employees and volunteers.

The Cyber and Technology Professional Liability insurance shall cover claims involving privacy violations, information theft, damage to or destruction of electronic information, intentional and/or unintentional release of private information (including credit monitoring costs), alteration of electronic information, extortion and network security. Such coverage is required for claims involving any professional services for which VENDOR is engaged with the City for such length of time as necessary to cover any and all claims

If the Technology Professional and Cyber Liability insurance policies) are written on a claims-made form:

1. The retroactive date must be shown, and must be before the effective date of the Agreement or the commencement of work by VENDOR.
2. Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the Agreement work or termination of the Agreement, whichever occurs first, or, in the alternative, the policy shall be endorsed to provide not less than a five (5) year discovery period.

3. If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a retroactive date prior to the effective date of the Agreement or the commencement of work by VENDOR, VENDOR must purchase "extended reporting" coverage for a minimum of five (5) years completion of the Agreement work or termination of the Agreement, whichever occurs first.

4. A copy of the claims reporting requirements must be submitted to CITY for review.

5. These requirements shall survive expiration or termination of the Agreement.

Should any of these policies provide that the defense costs are paid within the Limits of Liability, thereby reducing the available limits by defense costs, then the requirement for the Limits of Liability of these policies will be twice the above stated limits.

PROVIDING OF DOCUMENTS

VENDOR shall furnish CITY with all certificate(s) and applicable endorsements effecting coverage required herein. All certificates and applicable endorsements are to be received and approved by the CITY'S Risk Manager or his/her designee prior to CITY'S execution of the Agreement and before work commences. All non-ISO endorsements amending policy coverage shall be executed by a licensed and authorized agent or broker. Upon request of CITY, VENDOR shall immediately furnish CITY with a complete copy of any insurance policy required under this Agreement, including all endorsements, with said copy certified by the underwriter to be a true and correct copy of the original policy. This requirement shall survive expiration or termination of this Agreement. All subcontractors working under the direction of VENDOR shall also be required to provide all documents noted herein.

SUBCONTRACTORS

If VENDOR subcontracts any or all of the services to be performed under this Agreement, VENDOR shall require, at the discretion of the CITY Risk Manager or designee, subcontractor(s) to enter into a separate Side Agreement with the City to provide required indemnification and insurance protection. Any required Side Agreement(s) and associated insurance documents for the subcontractor must be reviewed and preapproved by CITY Risk Manager or designee. If no Side Agreement is required, VENDOR will be solely responsible for ensuring that its subcontractors maintain insurance coverage at levels no less than those required by applicable law and is customary in the relevant industry.
