The Engineer's Estimate for this expenditure is \$296,745. The contract price is 49% above the Engineer's Estimate. If the overage is greater than 10% or only one bid was received, give explanation:

The construction industry is overwhelmed with projects on the market to bid therefore enabling the contractors to submit higher bids.

BACKGROUND OF PROJECT (To be completed by Evaluating Department/Division. Explain need for project/equipment):

Fire Station No. 11 is adding a second crew which includes a Battalion Chief to the station; as a result additional dorm rooms are necessary. Also, the station is acquiring a new apparatus that requires the raising of the apparatus bay doors to accommodate the new equipment, therefore requiring new coiling doors that necessitate modifications to the roof for the motor placement.
