Re: The Tertiary Treatment and Disinfection Facility located at the Fresno/Clovis Reclamation Facility (Bid File No. 3325)
Consent and Waiver to Substitute Listed Subcontractor

KNK Painting & Coating, Inc. ("KNK") has determined it is unable to enter into contract to perform the work at this time and comply with the terms and conditions for the project. Due to the location of the project, and the loss of our superintendent due to illness, has lead us to realization that we will not be able to service the project as required.

KNK Painting & Coating, Inc. hereby consents to the proposed substitution by W.M. Lyles Co. and waives its right to the statutory period of five working days to allow for objections pursuant to Public Contract Code Section 4100 et seq.

Sincerely,

A handwritten signature in black ink, appearing to read "Charles E. Price".

Charles E. Price
President
KNK Painting & Coating, Inc.

CC: Dave Dawson, W.M. Lyles Co.
