This is not a separate city funded program. They are wasting our money to interfere in a legal, private, and binding agreement. Money that this city already had previously allocated to the betterment of our parks!

If this goes through, we are allowing our city government to persecute religion, and we are setting a dangerous precedent that this city can take whatever they want from whoever they want with our money.

Government has no place in private property deals

I oppose the city stepping in to buy the Tower Theatre.

Regarding parking, I have attended concerts and restaurants in the Tower District for the last 20 years and parking has always been difficult when Tower Theatre was holding events. They have historically reserved parking for those who are attending concerts, etc. This isn't an Adventure Church problem, this is an overall planning problem and taking the Theatre isn't the solution.

I am the Founder and Executive Director of Root Access, a community makerspace in the Tower District, on Van Ness Ave. I am also a Tower District resident.

I am writing to voice my support for item ID 22-613 on the City Council agenda for April 21, 2022, the City of Fresno acquiring the Tower Theatre.

The economy, culture, and rich history of the Tower District must be preserved, and much of that is rooted with the Tower Theatre. Additionally, any owner of the Tower Theatre has a responsibility to the community that:

- Tower Theatre must continue to operate as a performing arts venue.
- Tower Theatre must be an asset to Tower businesses and the local economy.
- Tower Theater must be supportive of Tower culture and the community.

We believe that the acquisition of the Tower Theatre by the City of Fresno is now the best chance we have for these responsibilities to be upheld. After 15 months of efforts to save the Tower Theatre, we are looking forward to putting an end to this situation with a positive outcome for the community.

Thank you,

To whom it may concern,

I strongly oppose the City's attempt to purchase the Tower Theater. It is an outrageous misuse of taxpayer money. Moreover, Adventure Church has provided hope, freedom and help to my family. My husband left me and our 3 kids just before Covid hit. Because of that 2020 was the roughest year of my life but my church family stood by my side in practical and spiritual ways. They continue this kind of support, which is needed in every area of Fresno, especially the tower district.

Hello,

I apologize for the late message. I tried to submit an eComment on the City of Fresno website, but saw that "The online Comment window has expired." I hope this message finds its way!

I am a resident of Fresno and would like to urge the city to purchase the Tower Theater in order to preserve the historical and cultural significance of the site. I was born and raised in Fresno, and feel it is part of our city's long past as well as a time-honored landmark. It is a place many Fresnoans are proud of and I, for one, want it to continue into the future to pass on the history and stories of so many.

Thank you,

Re: Item number: 1-LL ID22-613

Hello City Clerk,

I would like to add a comment to the meeting today discussing the city's proposal to purchase the Tower Theatre--

I strongly oppose the city of Fresno attempting to intervene with an existing private sale of the Tower Theatre.

Council members Soria and Arias have acted illegally to intervene with the private sale and the bilateral contract that is in place (this illegal interference with a private sale of a property is known as Tortious Interference).

The city should not spend taxpayer dollars in a losing legal battle.

The existing pending sale to Adventure Church is protected by real estate law and federal Religious Land Use and Institutionalized Persons Act. If this proposal is passed, the city of Fresno would illegally interfere with a private sale and violate both real estate and federal law.

The city has allowed religious persecution to go on too long. The city needs to intervene with protecting the people who attend church and are being harassed on a weekly basis (for over a year).

Best,

Dear council,

Thank you for taking the time to read this.

My name is Noe Garza. I live off of Shaw and Marks. I just moved to Fresno this year but I lived in Selma for most of my life. My family and I used to look at Fresno as the place where real life happens. It wasn't like our little country town and we admired Fresno for its beauty.

I got connected to Adventure Church after being a part of other churches in Fresno. I fell in love with the church because I saw what I believed to be a genuine heart for the city. Adventure has done so much to prove to me that they are willing to go and care for the city even when it costs them.

To my dismay, the purchase of the tower theater has become a hot topic because I believe that certain parties have negative biases towards churches and we have been unjustly caught in their anger from previous hurts that didn't involve our church.

I've seen firsthand how the church has loved on our community. And they have never done something that was illegal or even morally wrong.

If you love our city, which I believe you do, partner with Adventure Church and allow us to be the beacon of hope in our community that we have been for years

I strongly oppose the acquisition of the tower by the City of Fresno. You can trust that Adventure Church will be incredible stewards of the Tower. Our presence will prove to be a boon to business and safety in the community.

Thank you

Tower district is a scary place to be at certain times. I went down there for a zombie crawl 7 years ago and was stabbed 8 times. I'm lucky to be alive. I never wanted to return back to that area, for obvious reasons. That was until I met Pastor Anthony Flores. That man is a true example of how people should behave. Is he perfect? Absolutely not. But he treats people with love and respect, even when they don't treat him the same way. I came back to tower district ONLY to attend Adventure Church. It is an honor and a privilege to go to that church and be around the people that go there. I am completely against the city purchasing Tower Theater in an attempt to not let someone else use it. It's like a kid trying to take their toy away from someone only so they can't have it. It's very childish.

Dear council. I know it is guaranteed that Turning point will get the increased funding. I ask that you reflect on the testimony of people who are at these shelters who have come to city council, the homeless townhall, and have been protesting poor treatment.

The city is responsible for this money and how it is used. I ask that you hold Turning Point and any provider accountable and ensure that the concerns that the residents have voiced, like being unfairly kicked out, be addressed. I ask for careful monitoring through third party to continue listening to the vulnerable people living in these places and ensure that every one is working in a professional, compassionate manner.

I also ask that this be the last funding to Turning Point and that the city invest in looking for alternative providers who are equipped to work with the unhoused community with dignity and the training needed, that is trauma informed, mental health informed, and so forth.

Message to the Fresno City Council;

The Tower Theater is at the center of our theater and arts district. To me it has always felt like the beating heart of Fresno. The Tower must remain a place that features live and filmed performance. It is critical to the life of the district and our city. I support the purchase of the theater by the City of Fresno.

In addition to the previous comments, I believe the acquisition of the theater will benefit the city financially because of sales taxes that will come to the city from people making a night with a concert and dinner. There will be a greater feeling of safety in the neighborhood. When I lived in Merced I came to the Tower theater for events. This will not happen if Adventure is allowed to proceed with this sale. For 15 months, the Tower District has been under threat of losing its economic base and cultural uniqueness because of the unlawful use of the Tower Theatre by Adventure Church, at the allowance of current theatre owner Laurence Abbate. The city's strategic inaction to enforce its own municipal codes has left the heavy lifting of defending the district squarely on the shoulders of local citizens. While none of us are naive enough to believe city ownership will be an entirely smooth and conflict-free solution for this situation, we all agree it is the best path forward at this time.

Among other insults, Anthony Flores has [alluded to our neighborhood](#) as "the gates of hell" and the "middle of the enemy's kingdom", and his fellow pastor DeShawn Carraway [has said](#) Tower is "where the greatest darkness [is]". Those of us who live, work, and play here believe Tower is a special, unique, and vital part of our city... AS IS. We have no desire to be given a "[redemptive lift](#)", and we resent the assertion that we need one. Adventure Church has never once made a positive case why they should be granted an extraordinary exception to the Tower District Specific Plan and Fresno Municipal Code, which were created to preserve the neighborhood's character and the interests of existing residents and businesses. In fact, they have spent the past year-and-a-half calling our community members "evil," "nasty," "liars" rather than addressing valid community concerns in a civilized way. They have also been the cause of various nuisances themselves, including monopolizing neighborhood parking, operating their sound equipment above legal volume requirements, and embracing and [facilitating the support](#) of Proud Boys and other alt-right extremists.

We need an entity operating the Tower Theatre who not only recognizes the vital economic, cultural, artistic, and historic contributions our neighborhood makes to the city and county of Fresno, but who appreciates and respects it as well. When the zoning and conditional use

permits of Tower businesses are no longer at risk, the Tower District can get back to business providing all of Fresno with a fun, eclectic, artistic nightlife scene. We will continue to pay close attention to the matter, even if this deal moves forward , but for now we applaud the leadership that the City Council has shown in taking bold action to finally resolve this conflict.

I oppose the purchase of the Tower Theatre by the City of Fresno. I do not want my tax dollars going to the City's purchase of the Tower Theatre.

Not only are they illegally interfering in a private sale, but they are planning on spending funds that should be going towards hiring more police officers, fixing up or building more parks (especially in the tower area where there are none!), or going to other areas in our city that are currently neglected.

Our tax dollars should not be used to over spend on a building that is already on the National Register of Historic Places that Adventure Church & it's volunteers work hard to clean up every week (which might I ad is continually graffitied and covered in needles, broken glass, cigarette butts, urine & feces) and improve to make ADA compliant while remaining in compliance with the orders as a historical building.

To say that this is a zoning issue is just an excuse. Adventure Church has the same intentions as the city claims they have to keep it as an entertainment venue with Sunday services being incidental. They claim we can use it as we always have, but will only allow us to rent it and not buy it. Clear and total discrimination.

Dear City Council Members,

We, the undersigned, represent Tower District stakeholders and supporters. We are writing to voice our united support for City of Fresno ownership of the Tower Theatre. For 15 months, the Tower District has been under threat of losing its economic base and cultural uniqueness because of the unlawful use of the Tower Theatre by Adventure Church, at the allowance of current theatre owner Laurence Abbate. The city's strategic inaction to enforce its own municipal codes has left the heavy lifting of defending the district squarely on the shoulders of local citizens. While none of us are naive enough to believe city ownership will be an entirely smooth and conflict-free solution for this situation, we all agree it is the best path forward at this time.

Among other insults, Anthony Flores has [alluded to our neighborhood](#) as "the gates of hell" and the "middle of the enemy's kingdom", and his fellow pastor DeShawn Carraway [has said](#) Tower is "where the greatest darkness [is]". Those of us who live, work, and play here believe Tower is a special, unique, and vital part of our city... AS IS. We have no desire to be given a "[redemptive lift](#)", and we resent the assertion that we need one. Adventure Church has never once made a positive case why they should be granted an extraordinary exception to the Tower District Specific Plan and Fresno Municipal Code, which were created to preserve the neighborhood's character and the interests of existing residents and businesses. In fact, they have spent the past year-and-a-half calling our community members "evil," "nasty," "liars" rather than addressing valid community concerns in a civilized way. They have also been the cause of various nuisances themselves, including monopolizing neighborhood parking, operating their sound equipment above legal volume requirements, and embracing and [facilitating the support](#) of Proud Boys and other alt-right extremists.

We need an entity operating the Tower Theatre who not only recognizes the vital economic, cultural, artistic, and historic contributions our neighborhood makes to the city and county of Fresno, but who appreciates and respects it as well. When the zoning and conditional use permits of Tower businesses are no longer at risk, the Tower District can get back to business providing all of Fresno with a fun, eclectic, artistic nightlife scene. We will continue to pay close attention to the matter, even if this deal moves forward, but for now we applaud the leadership that the City Council has shown in taking bold action to finally resolve this conflict.

This is not a separate city funded program. They are wasting our money to interfere in a legal, private, and binding agreement. Money that this city already had previously allocated to the betterment of our parks!

If this goes through, we are allowing our city government to persecute religion, and we are setting a dangerous precedent that this city can take whatever they want from whoever they want with our money.

Government has no place in private property deals.

To whom it may concern:

I am writing to express my strong support for the city buying the Tower Theatre and preserving it as a cultural institution. Not only is this important, but it is absolutely crucial. The Tower District is the center of Fresno's queer and cultural communities. As a teenager I spent a lot of time at the Tower Theatre performing with the Fresno Youth Symphony. The theatre and surrounding neighborhood were enormously influential in my development as well as the development of so many others.

The Adventure "Church" is a morally bankrupt organization that has been outwardly hostile towards the queer community and is clearly profit motivated, despite being a registered 501(c)3. Despite calling themselves "Christians" they have continually conducted themselves in the least Christ-like manner possible. They have no place in the Tower District or the Tower Theatre. Fresno's queer and cultural communities are a huge part of what makes it so great and their preservation is crucial the future of the city.

Hello Fresno,

As a born and raised citizen of Fresno, I would like to say that I adore our tower district. It has all the culture and history that makes Fresno...Fresno. Over these past handful of years Ive seen so much potential for Fresno's tower district as well as downtown. Let me tell you, that keeping these places alive is one of the best things that could be done for this City. Otherwise, Because of the amount of friends, family, colleagues and acquaintances I know, I do believe people will find not much culture/history in Fresno, and move out. It's something I dont want to see happen.

Help us to save Tower Theatre please.

Thank you!

Hello City Clerk,

I would like to add a comment to the meeting today discussing the city's proposal to purchase the Tower Theatre--

I strongly oppose the city of Fresno attempting to intervene with an existing private sale of the Tower Theatre.

Council members Soria and Arias have acted illegally to intervene with the private sale and the bilateral contract that is in place (this illegal interference with a private sale of a property is known as Tortious Interference).

The city should not spend taxpayer dollars in a losing legal battle.

The existing pending sale to Adventure Church is protected by real estate law and federal Religious Land Use and Institutionalized Persons Act. If this proposal is passed, the city of Fresno would illegally interfere with a private sale and violate both real estate and federal law.

The city has allowed religious persecution to go on too long. The city needs to intervene with protecting the people who attend church and are being harassed on a weekly basis (for over a year).

Best,

I want to respond to some of the public comments made by the attorney for AC: Relevant here because they AC's oppose the purchase proposal because they claim to be competitor purchasers. But the City's purchase is on solid legal ground because:

- a. I don't see a full and current contract in the public sources I've reviewed. I have not seen proof of an extension of AC's purchase contract with TTP, beyond March 2021; and if AC has such extension, it needs to publicly prove it.
- c. The City is not violating eminent domain law. The City does not limit itself to any particular statute or procedure and it is not violating any authority for the acquisition; TTP will instead simply sell the Theatre to the City in an arms length transaction, without formalities and delay under eminent domain statutes.
- d. As between the City and the megachurch corporation, the City has a compelling interest to purchase the building to avoid unmitigated harm that will come from restricting public access and conflicting with surrounding alcohol-serving businesses.
- e. I further note that AC failed to exhaust its administrative remedies. They have no basis to complain at this late stage that their purchase proposal needs to be revived. Instead, AC broke all social norms and never publicly explained nor sought input on its plans to purchase the building and restrict public access to it. It has arrogantly and blatantly flaunted its violations of the zoning ordinance, and told its membership that it is not subject to Tower District land use plans. Nor has the megachurch corporation ever explained how they would mitigate for the numerous conflicts they will cause in the short and long-term.
