SCOPE OF WORK

1. Summary

(a.) Agency Description:

The Fresno Police Department consists of 983 employees. Currently there are 731 sworn and 252 non-sworn personnel. The members of the Fresno Police Department are a team of dedicated public servants, who care about the community they serve and strive to serve with honesty, compassion and respect. Their overall mission is to enhance safety, service and trust within our community. The Fresno Police Department is a model law enforcement agency and has received national accreditation through the Commission of Accreditation of Law Enforcement Agencies (CALEA). Accreditation by this organization is a highly prized recognition of law enforcement excellence. The Fresno Police Department is one of the largest municipal law enforcement agencies in California to receive accreditation status. The Fresno Police Department is organized into four divisions: Patrol Division, Investigative Services Division, Support Division and the Professional Standards Division.

Fresno County encompasses 6,017 square miles and by geographic size, it is the sixth largest county in California. The County's largest urban area, located in the center of the county is the City of Fresno. Fresno is the fifth largest city in the State of California, spanning 112.3 square miles with a population of over 520,000 people. Adding to the general population is a significant amount of undocumented workers. The racial demographic of the city is 30% Caucasian, 8.3% African American, 12.6% Asian, 46.9% Hispanic and 2.2% other. Unemployment rates in parts of the Valley are over 11.5%. High unemployment rates have affected the economic stability of Fresno and the surrounding areas. Consequently, poor economic conditions perpetuate criminal activity, including alcohol-related criminal activity.

There are 1,060 alcohol licensed premises within the City of Fresno (529 on-sale and 531 off-sale). The Fresno Police Department acknowledges and stresses the significance of issues related to alcohol beverage education, enforcement and abuse prevention.

(b.) Funding Requested:

Similar to other law enforcement agencies, the Fresno Police Department has been facing challenges brought on by current economic conditions. This continues to result in the Department implementing significant organizational changes to meet community needs with fewer resources. Over the past few years, the Fresno Police Department has experienced a significant reduction in the number of civilian personnel and until recently, had been holding sworn officer position vacancies due to budgetary impacts. Unfortunately, this has placed additional constraints on the Department's ability to address alcohol related issues within the community and we are increasingly dependent on grant funding for assistance. The Fresno Police Department is requesting \$100,000 through the Grant Assistance Program in order to accomplish the listed goals and objections.

(c.) Goals and Objectives:

During the projected dates, the Fresno Police Department would like to provide education and enforcement to meet our stated goals and objectives. Our goal is to increase alcohol awareness

SCOPE OF WORK

by educating officers, the community, as well as the licensees and to hold them accountable. This can be accomplished by attending department Roll Call Training Sessions within the different districts, meeting with the district POP Detectives, School Resource Officers and the School Neighborhood Resource Officers, providing education to the public, licensees and their employees, conducting IMPACT Inspections, DUI educational checkpoints, conduct ROSTF operations, and undercover operations (Minor Decoy, Shoulder Tap, Trap Door, Bar Watches, and more).

2. Problem Statement

A significant problem within the City of Fresno is the availability of alcoholic beverages to the underage youth in our community. There is a high concentration of on-sale and off-sale licenses per capita within the City of Fresno.

Disorderly conduct related to the consumption of alcoholic beverages continues to be a concern within our community, especially at bars and nightclubs. Bars and nightclubs can have a higher propensity of being disorderly, disruptive and have the potential of generating an increased amount of calls for service for patrol officers resulting in the use of resources and community concerns. Several are under investigation due to numerous calls for police service. It was determined that over 450 calls for service were generated at these locations over the past year. Most of these calls for service were verbal and physical disturbances, most involving intoxicated patrons. Posturing among/between patrons has also generated calls for service due to the involvement of gang members. Often times disturbances result in a Part 1 crime before officers arrive. As a result, police resources have been drained in an effort to combat these alcohol related calls for service. Due to the continued partnership between the local Alcohol Beverage Control GAP Agent and the Fresno Police Department, some of these businesses had their alcohol license suspended, revoked or paid a fine in lieu of a suspension. It is a continued collaborative effort to bring these licensees into compliance.

Fresno hosts a large number of sporting and entertainment events throughout the year that attract hundreds of thousands of people. These large events are held at the Savemart Center, Chukchansi Park, Woodward Park, Selland Arena, Saroyan Theater, CSU Fresno and the Fresno Fairgrounds (to name a few). Alcoholic beverages are sold at all of these venues.

The Greek Community at California State University Fresno has over 1,000 men and women involved with Fraternities and Sororities. CSU Fresno also has residence halls and apartments that are walking distance from the campus and licensed premises, including the new Campus Point shopping center. Binge drinking and keg parties are still very much a part of the social atmosphere surrounding college students, but these issues are becoming more common with teenagers as well. In 2015, there were 73 alcohol related arrests within a one mile radius of the CSUF campus. Over the last two years, we have developed a very close working relationship with the CSUF police department in a collaborative effort to address these alcohol related issues.

There are 4 school districts located within the City of Fresno with over 100,000 enrolled

SCOPE OF WORK

There are 4 school districts located within the City of Fresno with over 100,000 enrolled students. There are over 17 high schools, including continuation schools. The City also has 3 main colleges that had approximately 30,000 students who attended the fall semester of 2015. The Fresno Police Department records indicate that officers responded to a total of 427,451 calls for service in 2015, of which 5,152 were within a ½ mile radius of a high school.

Sales of alcoholic beverages to minors and furnishing alcoholic beverages to minors remain among the top alcohol related concerns of the community and law enforcement. Undercover operations conducted by the Fresno Police Department have shown that licensees and their employees do sell alcohol to minors. Undercover operations have also shown that adults will knowingly and frequently purchase alcoholic beverages for minors. Continued efforts are made to inform and educate licensees and the public against selling alcohol to minors.

Although the Fresno Police Department has been nationally recognized for its efforts in attempting to combat DUI's, it remains a major challenge for the Department. In 2015, there were 405 DUI collisions, 95 DUI injury collisions and 11 fatalities resulting from DUI collisions. The Fresno Police Department conducted 56 DUI educational checkpoints and 19 DUI Saturation Patrols this past year. A total of 2,782 individuals were arrested for driving under the influence of alcohol/drugs within the City of Fresno. In addition, 50 "Decisions for Life" classes for first time DUI offenders were conducted by the Department's Traffic Safety Section with 1,767 attendees.

SCOPE OF WORK

4. Project Personnel

The Fresno Police Department will assign Detective Janette Olson as the full time Project Coordinator. Detective Olson has been an officer with the Fresno Police Department for 15 years and has been the Project Coordinator during the previous GAP Grant. She has attended the past GAP Grant conference and has a well-established working relationship with the local ABC Agents. Detective Olson has experience in conducting ABC operations. Captain Andrew Hall, Commander of the Traffic Bureau, will be the project director. Sergeant Dave Gibeault will monitor Detective Olson's project activities. The personnel assigned to assist Detective Olson in conducting operations will be various qualified officers within the department, including reserve officers if needed/available.

Detective Olson works closely with the Consumer Protection Division of the District Attorney's Office. This division prosecutes alcohol related violations including and the prosecution of individuals who sell/furnish alcohol to minors. This division also seeks civil penalties from licensees.

Detective Olson has been working as the Fresno Police Department's ABC Liaison/Coordinator for the past fiscal year. The Fresno Police Department feels it is important and necessary to maintain an ongoing collaborative working relationship with the local ABC Agents. Officer Olson has been working with ABC Agents to monitor and investigate problems at licensed premises. There is a need to continue this collaborative effort with enforcing ABC laws, which hold both adults and minors accountable for their alcohol related illegal activities. With over 1,000 licensed premises throughout the city, combined with a high volume of alcohol related calls for police service, there is a need to provide concentrated efforts towards the education, prevention and enforcement of ABC laws within the City of Fresno.

Grant funding will also allow Detective Olson to continue working with the Department's Traffic Bureau in an effort to combat DUI driving and educate the community on the dangers of impaired driving. The Fresno Police Department's approach towards personal accountability, community safety and its aggressive approach in combatting impaired driving is nationally recognized.
