Government Code Section 54956.9, subdivision (d)(1) Case Name: La-Kebbia Wilson v. City of
Fresno; et al, Eastern District Court Case No. 1:19-cv-01658

eComment: I fully support the City closing this case out by fulfilling the jury deciding judgement to Mrs. Wilson. Your money should now be spent to conduct an internal investigation into who all screwed the pooch that allowed and caused this racist conduct to occur. The Citizens of Fresno should have been taken into consideration long ago when you became aware of this lawsuit and not now that you lost the judgement. Use reserve funds or eliminate non-essential programs or people involved with her racist treatment. Make Fresno Great for Once.

eComment: I support not appealing the decision of the jury for Case Name: La-Kebbia Wilson v.
City of Fresno. There has been 7+ years of Mrs. Wilson and Family enduring the cities back

much the city is stuck in a place we thought we were far away from.

The harm has been proven, and the compensation is owed. I am calling on this council to act with integrity, honor the verdict, and grant Ms. Wilson what is awarded to her without delay. eComment: I strongly support the decision not to appeal the jury's verdict in La-Kebbia Wilson v. City of Fresno. The evidence presented makes clear that Ms. Wilson was subjected to inappropriate treatment, and the jury's decision reflects that reality. Allocating additional public funds to challenge this outcome would not be irresponsible, particularly given that the employee involved remains with the City. The focus should instead be on accountability, transparency, and meaningful corrective action.

eComment: The City needs to stop paying and using Mandy Jeffcoach and her firm as their attorneys. She spent the trial attacking Ms. Wilson and characterizing her as the problem. That strategy backfired. Clearly.

eComment: I support not appealing the decision of the jury for case name: LaKebbia Wilson vs City of Fresno. The jury has heard and seen all evidence presented and made a decision accordingly. The harm done to Mrs Wilson over the course of many years can never be repaid to her in time which is most precious. The City needs to take responsibility for not protecting her and for allowing her to be subjected to disparate treatment and racial discrimination. Take ownership and finally do what is right in the best interest of Mrs Wilson. Not only did she suffer but her family did as well.

Mrs. Wilson deserves the award due to the city's™ continued mishandling Mrs. Wilson, lack of transparency and continued tolerance for this type of behavior. I am appalled that the perpetrators are still employed by the city which shows there is continued lack of accountability. I urge you to not cont to waste my tax dollars on appealing a case that has been rectified by the jury. Please use this as a learning lesson to everyone else that might consider this same inappropriate behavior. Mrs Wilson deserves the win, not only for her but for everyone else that has been mistreated and overlooked without a voice.

eComment: I oppose the City's appeal in this matter of LaKebbia Wilson vs. The city of Fresno. The jury has already rendered a substantial and well-considered verdict after years of litigation, reflecting the serious and lasting harm caused by prolonged discrimination. Extending this case further would not only place a burden on taxpayers but also prolong the hardship endured by the plaintiff, who has already faced years of emotional, physical, and personal turmoil. NO amount of a monetary award can fully restore what has been lost in the life of the plaintiff. The current verdict serves as an important measure of accountability. Continuing to contest it only minimizes the severity of the misconduct and delays closure for everyone involved.

eComment: The appeal of this verdict by the City of Fresno may be part and parcel of how business is done at City Hall to save money, but it flies in the face of justice, the judgement already having been rendered in favor of the plaintiff with the facts being laid out and corroborated by testimony. Moreover, it is an affront to the many who have had to endure the dignity of their humanity being called into question by the use of the racial epithet used against Mrs. Wilson, by the indignity and the shamelessness of those who have used it and still use it under the guise of being remorseful after the fact, but intentional before. The damage has been done, and enough is enough! Render under to Mrs. Wilson what she is due per the judgement of the court!

eComment: I fully support the decision not to appeal the jury's verdict in La-Kebbia Wilson v. City of Fresno. As a retired city employee, I have firsthand knowledge of how the city operates, including how issues can at times be minimized or overlooked. This case reflects a broader need for accountability and meaningful change. The city maintains insurance specifically to address situations like this, and continuing to prolong litigation only delays resolution and adds unnecessary cost. Repeatedly responding to situations in the same way without implementing change does not lead to improvement. It is essential that the city take this opportunity to reflect, learn, and move forward in a more responsible and transparent manner. Mrs. Wilson has endured significant hardship, and she deserves closure, respect, and justice not further legal challenge.

eComment: I support the decision not to appeal the jury's verdict in La-Kebbia Wilson v. City of Fresno. Pursuing an appeal would be a waste of resources and only serves to delay accountability. It is time for the City to take responsibility and acknowledge the outcome of this case. Unfortunately, without meaningful change, Ms. Wilson will not be the last person affected by these issues.

eComment: In the matter of LaKebbia Wilson v. The City of Fresno I firmly oppose the City of Fresno's (the City) position to appeal the jury's recent verdict. The City had several years to prepare and present their case against Mrs. Wilson. However the jury has spoken and it is evident that Mrs. Wilson and her team presented all facts that warrant and well compensates her loss of income, time with family/friends and the overall humiliation as a woman having to deal with such issues in society today especially in the work place. Again I would like to reiterate the City had many years to prepare and present their case. Instead of presenting facts they spent unnecessary money on unreliable resources and attacked a woman who only wanted to do her job, with the proper tools and necessary equipment to do her job to the best of her ability and not be reprimanded for speaking up. No one deserves to work in a hostile work environment and for that the City of Fresno must learn from their mistakes and hire more employees and implement management that are more diverse in racial/ethical standards.

Item: 5.-C. ID 26-386 CONFERENCE WITH LEGAL COUNSEL-EXISTING LITIGATION
Government Code Section 54956.9, subdivision (d)(1) Case Name: La-Kebbia Wilson v. City of
Fresno; et al, Eastern District Court Case No. 1:19-cv-01658

eComment: I oppose the decision to appeal. They had several years to get their stuff together.
The jury has spoken. It would a grave disservice to Mrs. Wilson. Fresno needs to acknowledge
and be accountable for their centuries of racism.

eComment: After 8 years of denying justice, an appeal would be another slap in the face to justice. You can appeal and end up costing tax payers more money. These two employees have been through enough. A jury heard the evidence and made the right decision. Use this energy to fix the problem. Hold people accountable for what they cost the city. Say "we are sorry this happened". Commit to not letting it happen again. To appeal is to try to get away with wrong doing. Disclose how much we paid to outside council and how much they want to appeal this judgement for you. Just apologize, and address the causes so we can all heal.

eComment: I have been reading about this case for what I feel is like years now. I understand if this verdict raises awareness to racial violations that have been overlooked for decades. And those reports of violations are likely pouring in and making things hard for the City of Fresno. Too bad. Pay up. Be accountable. Fire those who participate in racism. Ban the Klan. We know it exists in Fresno--easily ranked with Clovis as one of our nation's most racist cities--with Bakersfield wanting the Bronze. Pay the judgment. Attone.
