Fresno, California 93721

Re: *SEDA Action Plan*

Dear Mr. Fey,

I am in receipt of your April 18, 2016, letter regarding the area within Fresno's southeast sphere of influence ("SEDA") and your request for a detailed plan of action from the City regarding specific planning within SEDA, in time for LAFCo's next meeting on May 11, 2016.

In order to ensure that the City can complete a thorough analysis of this matter and carefully consider all applicable policy aspects, I am requesting additional time for review before the City provides a plan of action to LAFCo.

In addition, per your suggestion, I would like to invite your staff to present a workshop on this matter at a future Council meeting so that we may resolve preliminary questions that may be outstanding.

Thank you very much.

Kind regards,

Paul Caprioglio
City Council President
