BACKGROUND OF PROJECT (To be completed by Evaluating Department/  
Division. Explain need for project/equipment):

Santa Fe Avenue has been widened to four (4) lanes by developers to the north and south of the proposed widening project, as a condition of their development. The segment between Palo Alto and Blythe is still undeveloped and remains as a narrow two (2) lane road. Traffic volumes have increased to the level where the widening of Santa Fe Avenue to four (4) lanes has become a priority to eliminate the bottleneck.
