Summary

I get excited when others find value in their life experiences. My 20+ years in workforce development has shown me how to use human focused design skills and social emotional learning to work with school districts, workforce investment boards, and tribal groups across the nation to build a better world.

Experience

Co-Founder / CEO

IMAGO

Jan 2013 - Present (9 years 1 month +)

Imago is human development platform.

We've added emotional intelligence into career, personal, and professional development curriculum.

We support programs in: K-12, College, Native American Organizations, Workforce Development, and Corporate Up-skilling.
