**FRESNO CITY PLANNING COMMISSION  
RESOLUTION NO. 13753**

The Fresno City Planning Commission at its regular meeting on July 20, 2022 adopted the following resolution relating to Final Environmental Impact Report (FEIR) SCH No. 2019069117.

WHEREAS, the City of Fresno Planning and Development Department Director has requested that the Fresno City Planning Commission recommend to the City Council certification of FEIR SCH No. 2019069117 associated with implementation of the West Area Neighborhoods Specific Plan; and,

WHEREAS, in accordance with the California Environmental Quality Act (CEQA), an EIR was prepared by the City to consider potential impacts associated with implementation of the project, and to provide mitigation measures that would reduce impacts to less than significant levels. The Draft EIR was released for a 47-day public review period beginning on February 10, 2022 and ending on March 28, 2022. A Final EIR was released on July 8, 2022 which includes all comments received during the public review period, City responses to issues raised regarding adequacy of the Draft EIR, and minor edits to the Draft EIR as depicted in the Final EIR; and,

WHEREAS, FEIR SCH No. 2019069117 is being processed with related Plan Amendment Application No. P22-01351 to repeal the West Area Community Plan and the overlapping portion of the Highway City Neighborhood Specific Plan, Plan Amendment Application No. P22-01352 to adopt the West Area Neighborhoods Specific Plan, Plan Amendment Application No. P22-01353 to amend the Fresno General Plan, and Rezone Application No. P22-01353 to rezone property consistent with the proposed plans; and,

WHEREAS, the Fresno City Planning Commission conducted a public hearing to review the FEIR SCH No. 2019069117, received public testimony, and considered the Planning and Development Department's report recommending to the City Council to certify FEIR SCH No. 2019069117; and,

WHEREAS, the Planning Commission reviewed the subject applications in accordance with the land use policies of the Fresno General Plan and reviewed the FEIR in accordance with the provisions of the California Environmental Quality Act.

NOW, THEREFORE, BE IT RESOLVED by the Fresno City Planning Commission, based upon the testimony and information presented at the hearing and upon review and consideration of the environmental documentation provided, as follows:

1. The Commission finds in accordance with its own judgment that the Final Environmental Impact Report (FEIR) SCH No. 2019069117 was completed in compliance with the California Environmental Quality Act (CEQA). The FEIR found that the project will have significant environmental impacts which have not been mitigated to a level below significant. Therefore, it has been determined that a

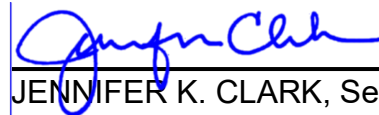

Statement of Overriding Considerations, as required by CEQA Guidelines Section 21081.6 and CEQA Guideline Section 15097, is also appropriate. Accordingly, the Commission recommends that the Council review and certify the FEIR, adopt a Mitigation Monitoring and Reporting Program, and consider an appropriate Statement of Overriding Considerations.

BE IT FURTHER RESOLVED that the Fresno City Planning Commission hereby recommends to the City Council to certify FEIR SCH No. 2019069117 associated with implementation of the West Area Neighborhoods Specific Plan, be approved.

The foregoing Resolution was adopted by the Fresno City Planning Commission upon a motion from Commissioner Fuentes seconded by Commissioner Vang.

WHEREAS, on December 18, 2014, by Resolution No. 2014-266, the City Council adopted the Fresno General Plan which incorporated policies and portions of certain community plans, and recommended out of practicality the repeal of several community plans which included the West Area Community Plan and Highway City Neighborhood Specific Plan in Policy D-7-a; and,

WHEREAS, on June 27, 2019, by Resolution No. 2019-140 pursuant to Fresno Municipal Code Section 15-4209-B, the Fresno City Council initiated the West Area Neighborhoods Specific Plan based on the Draft Preferred Alternative and initiated the repeal of the West Area Community plan and the overlapping portion of the Highway City Neighborhood Specific Plan; and,

WHEREAS, the Planning and Development Director has initiated Plan Amendment Application No. P22-01353 to update the Land Use Map (Figure LU-1) of the Fresno General Plan and Rezone Application No. P22-01353 to rezone approximately 1,078 acres of property within the Specific Plan area; and,

WHEREAS, the West Area Community Plan, adopted by the Fresno City Council on November 19, 2002 as Appendix W of the 2025 General Plan by Resolution 2002-379, and the Highway City Neighborhood Specific Plan, adopted by the Fresno City Council on January 6, 1998 by Resolution 98-3, both geographically overlap with the Specific Plan area and, by virtue of their age, contain outdated information; and,

WHEREAS, on July 20, 2022, the Fresno City Planning Commission held a duly noticed public hearing to consider Plan Amendment Application No. P22-01351, and related Plan Amendment Applications Nos. P22-01352, P22-01353, Rezone Application No. P22-01353, and the associated Final Environmental Impact Report (FEIR) SCH No. 2019069117; and,

WHEREAS, on July 20, 2022 the Fresno City Planning Commission reviewed the subject Plan Amendment Application in accordance with the land use policies of the Fresno General Plan; and,

WHEREAS, the Fresno City Planning Commission reviewed the FEIR prepared for this Plan Amendment, SCH No. 2019069117; and,

NOW, THEREFORE, BE IT RESOLVED by the Fresno City Planning Commission, based upon the testimony and information presented at the hearing and upon review and consideration of the environmental documentation provided, as follows:

The Commission finds in accordance with its own judgment that the FEIR SCH No. 2019069117, was completed in compliance with the California Environmental Quality Act (CEQA). The FEIR found that the project will have significant environmental impacts which have not been mitigated to a level below significant. Therefore, it has been determined that a Statement of Overriding Considerations, as required by CEQA Guidelines Section 15903 is appropriate. It has been further determined that a Mitigation Monitoring and Reporting Program, as required by Public Resources Code Section 21081.6 and CEQA Guidelines Section 15097, is also appropriate. Accordingly, the Commission recommends that the Council review and certify the FEIR, adopt a Mitigation Monitoring and Reporting Program, and consider an appropriate Statement of Overriding Considerations.

BE IT FURTHER RESOLVED that the Fresno City Planning Commission hereby recommends to the City Council that Plan Amendment Application No. P22-01351, which proposes to repeal the West Area Community Plan and a portion of the Highway City Neighborhood Specific Plan, as depicted on Attachment 1, be approved.
