Briefly explain why are you interested in serving on this board or commission?

The tax-payers of the City of Fresno deserve the best return on the investment of resources to improve existing parks and to build new ones. Parks have a direct impact on the quality of life and the health of Fresno City residents. Parks improve air quality. Additionally, I believe all City residents should have equal access to parks. Most recently good quality parks have been concentrated in North Fresno whereas South Fresno residents who are mostly people of color have not had the same amenities. There should be equal access to parks for all in all parts of our City.

Educational background, Schools Attended, Degrees and Certifications

I hold a Master of Public Administration, a Bachelor of Science in Business Administration from California State University, Fresno. And Associate of Science Degree from Fresno City College. I also hold a California license as a Real Estate Broker and General Contractor.

Briefly explain your qualifications or areas of demonstrated expertise for this board or commission.

I worked 34 years as an Administrative Analyst for the Fresno County Administrative Office where I also held the position of Capital Projects Coordinator and had fiscal oversight for the improvement of existing County parks and the construction of new parks funded with State grants. I also prepared and monitored multi-million operating budgets of the departments of Parks and Recreation and Public Works and General Services. I reviewed and approved agenda items on various policy matters and fiscal recommendations for approval before they were submitted to the Board of Supervisors As the CEO of the SE Fresno Community Economic Development Association, Inc. (SEFCEDA) have adopted a park site at 2155 S. Peach Avenue where new trees have been planted along with an irrigation system and assumed the responsibility to maintain this vacant park site at no cost to the City of Fresno. Have recruited more than 700 volunteers and interacted with youth soccer leagues in this process. Partnered with several community organizations and educational institutions in the development of After School programs a the park for Senior citizens and youth.

Question applies to multiple boards

The Political Reform Act of 1974 prohibits public officials from using their official positions to influence governmental decisions in which they have a financial interest. The Board Members in the designed positions must disclose their financial interests as specified in the agency's conflict of interest code.

I agree that I have read the above and agree to file a Statement of Economic Interest Form should I be appointed to a Board, Commission, or similar body according to the adopted resolution.
