Mr. Andrew Souza, City Manager City of Fresno 2600 Fresno Street, Second Floor Fresno, CA 93721-3600

Dear Mr. Souza:

#### RE: Review of the City of Fresno's Adopted Housing Element

Thank you for submitting the City of Fresno's housing element adopted January 27, 2009, and received for review on February 2, 2009. The Department is required to review adopted housing elements and report the findings to the locality pursuant to Government Code Section 65585(h). The review has been expedited to facilitate applications for

As you know, the Department's November 20, 2008 review found the City of Fresno's revised draft element addressed the statutory requirements of housing element law. As the adopted element is substantially the same as the revised draft, the Department is pleased to find the element in full compliance with State housing element law (Article 10.6 of the Government Code). The Department commends the City for its leadership in adopting programs to rezone sites to higher densities and encourage a variety of housing types in the City's downtown. Increasing the supply, density and variety of housing furthers the objectives of the 10X10 Blue Ribbon Affordable Housing Committee to promote smart growth, urban reinvestment and infill development. Further, the City's housing and land-use programs will meet important economic objectives while addressing climate change, air quality and maximizing land resources to preserve agricultural and open space resources.

In addition, the City now meets specific requirements for several State funding programs designed to reward local governments for compliance with State housing element law. For example, the Infill Incentive Grant Program, authorized by Proposition 1C, Local Housing Trust Fund and the Building Equity and Growth in Neighborhoods (BEGIN) Program include housing element compliance either as a threshold competitive factor in rating and ranking applications. More specific information about these and other programs, including the Housing Related Parks Program, is available on the Department's website at http://www.hcd.ca.gov/hpd/hrc/plan/he/loan\_grant\_hecompl011609.pdf

## Why Update the Housing Element

#### Periodic updates required by State law

 2015-2023 update due December 31, 2015 (plus 120-day grace period)

If adopted on time, Housing Element valid for eight years

If late: 4-year cycle penalty

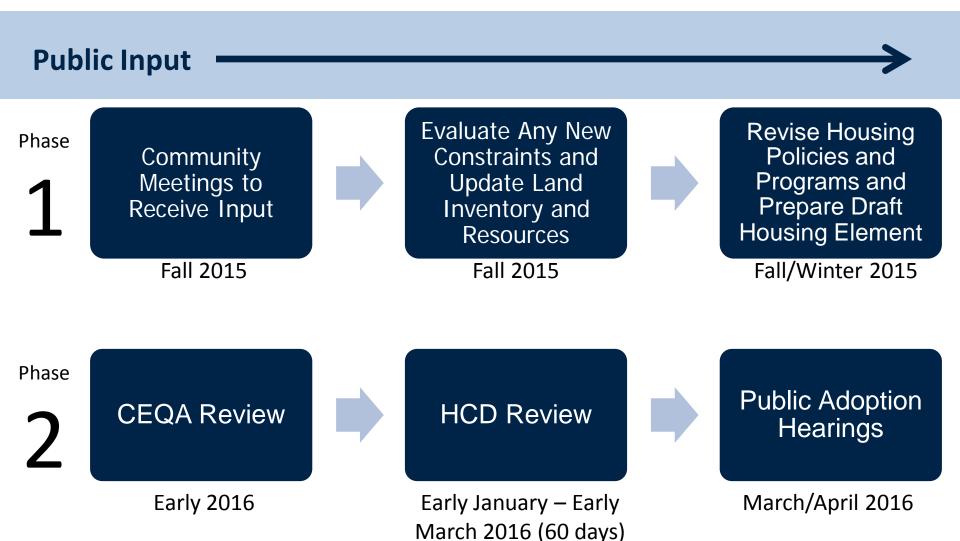

# Why Update the Housing Element

- Adjust Housing Policy to reflect changes in the community
- HCD Certification
  - Compete for housing grants
  - Legally adequate General Plan

#### **RHNA**

Goal for accommodating housing need through land use policies and planning (zoning)

NOT a construction obligation

#### Affordability of units based on AB 2348

- Establishes "default density"
- Sites with density of at least 30 du/acre = considered feasible to facilitate development of affordable housing
- Does not dictate the type of future development on these sites; only assumes that higher densities can lower perunit development costs

#### **Achieving the RHNA**

- 1. Credits for units permitted since January 1, 2013
- 2. Sites:
  - Vacant
  - Cap and Trade Sites

No General Plan land use or Zoning Map changes are proposed as part of this Housing Element Update

#### **Site Affordability**

- Sites with density of at least 30 du/acre considered feasible to facilitate development of affordable housing to very low- and low- income households
  - Pursuant to AB 2348
- Sites with density of 12-16 du/acre considered affordable to moderate-income households
  - Based on market rents and home sales prices

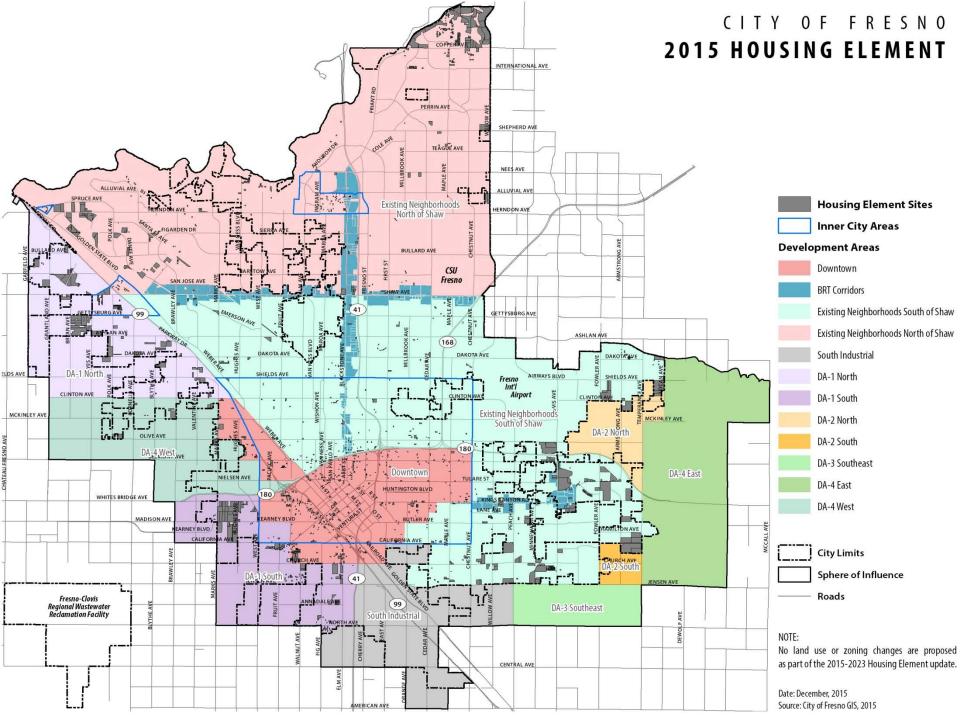

#### **Sites Inventory**

- Vacant Sites located throughout the City
  - 97% of sites
- Cap and Trade Sites (Greenhouse Gas Reduction Fund, or "Cap and Trade Fund")
  - 3% of sites
  - Supports infill and compact development
  - Extra points for projects in long range planning documents (e.g., Housing Element sites inventory)
    - Fancher Multifamily (240 units)
    - Fancher Senior Housing (200 units)
    - Blackstone/McKinley project (90 units)
    - South Fulton Project (50 units)
    - Hotel Fresno (79 units)

#### **Achieving the RHNA**

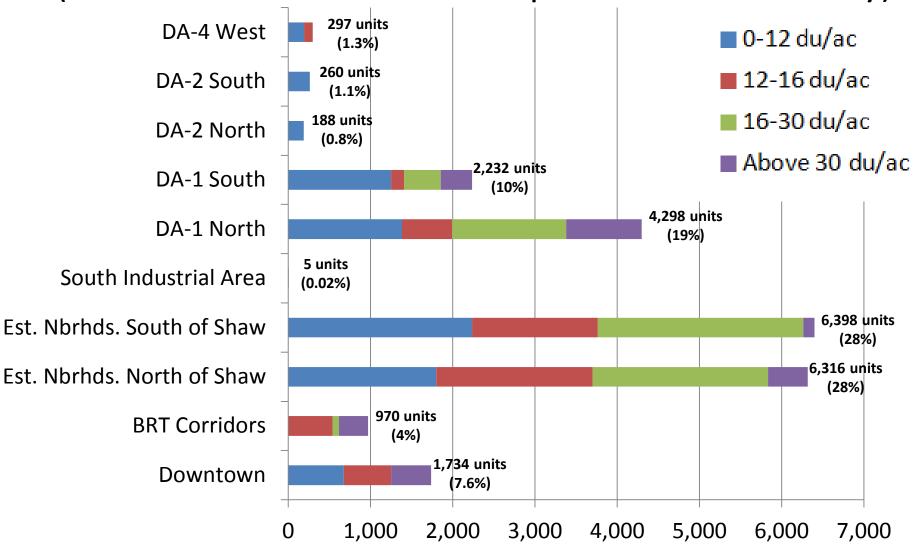

- RHNA met with no General Plan land use or Zoning map changes
- RHNA surplus: 6,471 units
