MEMORANDUM

TO: Councilmembers

RE: Post Cards Received in Support of Parks

Sandra Celedon-Castro of Fresno Building Healthy Communities spoke to Council on May 19, 2016 during General Administration item 2-E – consultant services to lead the Fresno Parks Master Plan Update. At the conclusion of her talk, Ms. Celedon-Castro provided the Clerk with a box containing signed post cards in support of parks in Fresno. The post cards were bundled by district and included one bundle in which no district was indicated (including cards from out of town). There were 1,697 post cards in total and the district break down was as follows:

<b>DISTRICT:</b>	D-1	D-2	D-3	D-4	D-5	D-6	D-7	Not Specified
<b>CARDS RECEIVED:</b>	67	47	1,035	48	182	29	133	156

Please note: the Clerk's office did not review the signatures or verify the district information. A copy of a blank post card is attached on the next page. If you or a member of your staff would like to review the post cards, please contact the City Clerk's Office.

Respectfully Submitted,

Todd Stermer,  
Assistant City Clerk  
City of Fresno

**#OneHealthyFresno** 

**with more and better parks!**

Dear Fresno City Council:

A Parks Master Plan can help bring more and better parks to my neighborhood and improve the existing parks in our city.

Parks improve health, the economy, education and community safety. A park in my neighborhood will allow me to be physically healthy and lower my chances of preventable diseases like heart disease and diabetes.

**My health can't wait.**

It's time to work with your constituents like me and invest in parks.

**Let's work together to create  
#OneHealthyFresno with #Parks4All.**
