AGENDA ITEM NO. VIII-C
COMMISSION MEETING 8-17-16

APPROVED BY

DEPARTMENT DIRECTOR

August 17, 2016

FROM: DANIEL ZACK, AICP, Assistant Director
Development and Resource Management Department

BY: SOPHIA PAGOULATOS, Planning Manager
Development Services Division

SUBJECT: CONSIDERATION OF PLAN AMENDMENT APPLICATION NO. A-16-006, REZONE APPLICATION NO. R-16-007, DEVELOPMENT CODE TEXT AMENDMENT APPLICATION NO. TA-16-001 AND RELATED ENVIRONMENTAL FINDING FILED BY THE DEVELOPMENT AND RESOURCE MANAGEMENT DEPARTMENT DIRECTOR PERTAINING TO 338.66 ACRES WITHIN THE CITY OF FRESNO

RECOMMENDATION

The appropriateness of the proposed project has been examined with respect to its consistency with goals and policies of the Fresno General Plan, the Bullard, Fresno High, McLane, Roosevelt, West Area, and Woodward Park Community Plans, the Tower District Specific Plan, the Fresno Yosemite Airport Land Use Compatibility Plan and the Sierra Sky Park Land Use Policy Plan; its compatibility with surrounding existing uses, and its avoidance or mitigation of potentially significant adverse environmental impacts. These factors have been evaluated as described above and by the accompanying environmental assessment.

Upon consideration of staff evaluation, it can be concluded that proposed Plan Amendment Application No. A-16-006, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001 and are appropriate for the project site. Therefore, staff recommends the Planning Commission take the following actions:

1. RECOMMEND APPROVAL (to the City Council) of Environmental Assessment No. A-16-006/R-16-007/TA-16-001, an Addendum to Final Master Environmental Impact Report SCH No. 2012111015 (MEIR) certified by the Fresno City Council on December 18, 2014 for the Fresno General Plan and Development Code, pursuant to California Environmental Quality Act Guidelines Sections 15162 and 15164.
2. RECOMMEND APPROVAL (to the City Council) of Plan Amendment Application No. A-16-006, pertaining to 271.63 acres, to amend the Fresno General Plan (Figure LU-1: Land Use and Circulation Map, and Figure LU-2: Dual Designation Diagram), the Bullard, Fresno High, McLane, Roosevelt, West Area, and Woodward Park Community Plans, the Tower District Specific Plan, the Fresno Yosemite Airport Land Use Compatibility Plan and the Sierra Sky Park Land Use Policy Plan, as described in Exhibit A, Requests 1-25.
3. RECOMMEND APPROVAL (to the City Council) of Rezone Application No. R-16-007, pertaining to 67.03 acres, to amend the City of Fresno Zoning Map to effect technical

changes to zoning on properties that were inadvertently omitted from the zoning map update. The rezones are requested to attain consistency with the approved general plan land use designation, and are further described in Exhibit A, Requests 26-43.

4. **RECOMMEND APPROVAL** (to the City Council) of Text Amendment Application No. TA-16-001 for minor changes to the Development Code in order to improve functionality, clarity, and internal consistency. Proposed amendments affect the following standards and/or procedures: rear setbacks, private open space, fencing, signage, hours of operation for establishments serving alcohol, design standards within mixed use districts, the apartment house overlay, intersection visibility; the addition of produce stands, urban farms and large family day care to certain zone districts; the deletion of the airport environs and planned development overlay districts (due to redundancy); and posting requirements, among others (see Exhibit B for complete text amendment). The affected sections are 15-404-F, 15-904-A, 15-1004-C-1, 15-1004-D-1-a, 15-1104-D-1, 15-2006-F, 15-2305-C-2, 15-2609-B, 15-2610-E-2, 15-2611-G, 15-2735-G, 15-2741-A-7-a, Table 15-2744-A, 15-2744-C-1, 15-2747, Table 15-751-G, 15-4906-D-1, 15-4906-H, 15-5003-A, 15-5302-D, 15-5602-A, 15-6703, 15-104-A, Table 15-107-B, 15-313, Table 15-902, Table 15-1002, Table 15-1102, 15-1104-G.1, Table 15-1202, Table 15-1302, Table 15-1402, 15-1601, 15-1602, 15-1609-B, 15-2006-F, Table 15-2015-B.4, 15-2018, 15-2102-A, 15-2707, 15-2754, 15-5007-C, 15-5810-A.

EXECUTIVE SUMMARY

On February 4, 2016, as part of its consideration of the zoning map update, the City Council directed that a 180-day grace period be established to allow property owners to request reversion to a zone district equivalent to that existing prior to the zoning map update. Plan Amendment and Rezone Requests 1-25 include such property owner requests (it should be noted that rezones also require plan amendments to maintain consistency). Rezone Requests 26-43 include technical changes to zoning on properties that were inadvertently omitted from the zoning map update in order to bring them into consistency with the planned land use. The text amendment includes minor changes to the Development Code in order to improve functionality, clarity, and internal consistency.

BACKGROUND

In order to provide for the smoothest transition possible after the zoning map update, the City Council directed staff to accept requests which would change the zoning back to a classification which more closely resembled the zoning that previously existed on the site and which was consistent with General Plan goals, policies, and environmental review. This was to be done free of charge for 180 days. The 180-day period concluded recently, and staff is bringing 25 such "cleanup" changes to Planning Commission and City Council for consideration.

A total of 43 requests are included in the proposed action. As previously described, 25 of them are property owner requests to return to an equivalent former zone district as directed

by Council. Seven of these improve consistency with the Tower District Specific Plan and built conditions in that area as requested by neighborhood representatives. The remaining 18 requests have been included to repair inconsistencies with the General Plan land use map that were caused by a minor digital mapping inaccuracy.

The text amendment includes minor changes to the Development Code in order to improve functionality, clarity, and internal consistency. Proposed amendments affect the following standards and/or procedures: rear setbacks, private open space, fencing, signage, hours of operation for establishments serving alcohol, design standards within mixed use districts, the apartment house overlay, intersection visibility; the addition of produce stands, urban farms and large family day care to certain zone districts; the deletion of the airport environs and planned development overlay districts (due to redundancy); and posting requirements, among others (see Exhibit B for complete text amendment).

Staff finds all of the requests and the proposed text amendment to be consistent with general plan goals, objectives, and policies.

Public Notice and Comment

Notice was provided by the following methods pursuant to Fresno Municipal Code (FMC) Sections 15-5007-C and D (See Exhibit C for copies of the mailer sent out to affected property owners):

1. A legal notice was published in the Fresno Bee on August 5, 2016
2. The legal notice was mailed to all affected property owners on August 5, 2016
3. The notice was posted with the City Clerk on August 5, 2016;
4. The proposed amendments were posted on the city's website on the City Clerk's page and at: www.fresno.gov/gpcleanup
5. Legal notices were posted at all of the vacant sites that were the subject of Plan Amendment on August 5, 2016
6. A Spanish notice was published in Vida en el Valle on August 10, 2016.

To date, four public comments have been received on the applications, mostly requesting clarification of the amendments and what the impacts are to specific properties. A summary of public comment is included in Exhibit D.

Citizen Committees

Below is a status of the Council District Plan Implementation Committee recommendations, along with those of the Fulton-Lowell and Tower District Design Review Committees. The Airport Land Use Commission found the applications to be consistent with the applicable airport land use compatibility plans during its review on August 1, 2016.

District 1: Scheduled for August 16, 2016
District 2: Approval, August 8, 2016
District 3: Scheduled for review on August 15, 2016
District 4: Continued
District 5: Approval, August 8, 2016
District 6: Scheduled for review on August 15, 2016
Fulton/Lowell Design Review Committee: Continued
Tower District Design Review Committee: Approval, August 5, 2016

ENVIRONMENTAL FINDINGS

The adoption of the Fresno General Plan and Citywide Development Code were previously analyzed in Master Environmental Impact Report ("MEIR") SCH No. 2012111015, certified by the Fresno City Council on December 18, 2014. The Introduction to the MEIR specifically stated that "[t]he City of Fresno proposes to update their General Plan and Development Code and this Master Environmental Impact Report (MEIR) has been prepared to assess the impacts of those actions on the environment." The Plan Amendment presented includes minor amendments to the General Plan land use map adopted in December of 2014. Plan Amendment Application No. A-16-006 and Rezone Application No. R-16-007 propose 43 clean up amendments to the General Plan Land Use and Circulation Map and the Zoning Map for one of the following reasons: 1) to implement City Council direction provided in February 2016 allowing property owners to request a reversion to previously existing zoning on their property (Requests 1-7 and 16-25); to bring property into conformance with an existing specific plan (Requests 8-13); or to make technical corrections to zoning for consistency with the land use designation (Requests 26-43). These land use changes were analyzed would not result in additional impacts beyond those analyzed in the MEIR.

Since the proposed project will not result in additional impacts, it may be determined that: (1) The project falls within the scope of MEIR No. SCH 2012111015 prepared for the Fresno General Plan and Citywide Development Code; (2) No substantial changes are proposed in the project which require major revisions to the previous environmental finding due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; (3) No substantial changes will occur with respect to the circumstances under which the project is undertaken; and, (4) No new information, which was not known and could not have been known, at the time the environmental finding for MEIR No. SCH 2012111015 was adopted, has become available.

Therefore, the City of Fresno has determined that an addendum to MEIR No. SCH 2012111015 is appropriate given that none of the conditions described in Section 15162 of the CEQA Guidelines calling for preparation of a subsequent EIR have occurred; and new information added is only for the purposes of providing minor changes or additions, in accordance with Section 15164 of the CEQA Guidelines.

Text Amendment No. TA-16-001
Redline Guide and
Ordinance Bill

City of Fresno, Citywide Development Code Redline Guide

“Clean Up” Text Amendment, August, 2016

The following text is proposed to be added to Article 1, Section 15-104-A in order to resolve issues which may arise when a project is subject to conflicting standards:

3. ***Conflict of Standards.*** If there are found to be internal conflicts within this Code, the applicable standard shall be determined by the Review Authority.

Article 1, Table 15-107-B is proposed to be amended as follows in order to delete the AE and PD overlays, which are unnecessary due to other standards in the Code:

TABLE 15-107-B: OVERLAY DISTRICTS	
Short Name/Map Symbol	Full Name
PD	Planned Development
AE	Airport Environs
BP	Bluff Protection
EA	Expressway Area
RM	Residential Modifying
ANX	Annexed Rural Residential Transitional Overlay
EQ	Equine
M	Mining
AH	Apartment House

The following text is proposed to be added to Article 3, Section 15-313 to clarify encroachments into easements:

- F. Regardless of the stated setback for a property, in no instance shall a building be allowed to encroach within an easement unless an easement encroachment has been authorized and a covenant recorded for that purpose.

Article 4, Section 15-404-F-2 is proposed to be amended as follows to avoid future confusion about the exact effective date the of Development Code:

2. ***Non-Residential Districts.*** A Legal Non-Conforming use shall not be re-established in any structure in a Non-Residential District if such Legal Non-Conforming use has ceased for a consecutive 12-month period within five years of ~~the effective date of this Code~~ **January 3, 2016**. Once the five year period from the effective date of this Code has passed, a Legal Non-Conforming Use shall not be re-established in any structure in a Non-Residential District if such Legal Non-Conforming Use has ceased for a consecutive period of 90 days or more.

Article 9, Table 15-902 is proposed to be amended as follows to be consistent with changes that were previously made to crop cultivation as a permitted use:

TABLE 15-902: LAND USE REGULATIONS— RESIDENTIAL SINGLE-FAMILY DISTRICTS							
<i>Use Classifications</i>	<i>RE</i>	<i>RS-1</i>	<i>RS-2</i>	<i>RS-3</i>	<i>RS-4</i>	<i>RS-5</i>	<i>Additional Regulations</i>

Urban Farm	P	P	P	P	P	P	§15-2720, Community Gardens / Urban Farms

The following text is proposed to be added to Article 9, Section 15-904-A to reinstate a previous tool that offered flexibility in residential areas:

7. **Rear Setback Reduction.** Rear setbacks may be reduced if all of the following conditions are met:
- A site plan shall be submitted in accordance with the provisions of Article 52 Development Permit;
 - The rear setback shall be greater than or equal to the required interior side setback for the Base District;
 - Space equal to the reduction shall be provided elsewhere on the lot, exclusive of any required yard area. Said replacement space shall have minimum dimensions of five feet by eight feet, and shall be so located that it is suitable for general use by the occupant of the premises; and
 - The Review Authority shall find that the granting of the reduction will not be materially detrimental to the public welfare or injurious to property and improvements in the area in which the property is located and will not be contrary to the objectives of this Code.

Article 10, Table 15-1002 is proposed to be amended as follows to be consistent with changes that were previously made to crop cultivation as a permitted use:

The following text is proposed to be added to Article 10, Section 15-1004-C-1 to be consistent with changes made to RM standards:

- c. If a sound wall is required along a certain frontage, or if other circumstances exist that render the Parking Setback impractical or unnecessary, the Review Authority may waive the Parking Setback requirement.

Article 10, Section 15-1004-D-1-a is proposed to be amended as follows to remove a reference to a section which was deleted:

- a. *Private Open Space Requirements.* Private open spaces are those which are attached to a dwelling unit and are available only for the private use of the residents of the dwelling unit, such as balconies, porches, and patios. No fewer than 50 percent of the dwelling units on a site shall have a private open space. The following standards shall apply to private open space:
- i. The minimum dimension of any private open space shall be four feet.
 - ii. The minimum area of any private open space shall be 32 square feet.
 - ~~iii.~~ When located within 30 feet of a public street and located on the ground floor, private open spaces shall **be designed as a porch. follow the requirements for Porches as put forth in Table 15-1005-F.**
 - iv. When located within 30 feet of a public street and located above the ground floor, private open spaces shall **be designed as a balcony. follow the requirements for Balconies as put forth in Table 15-1005-F.**

Article 11, Table 15-1102 is proposed to be amended as follows to add flexibility for large day care and personal storage, and to be consistent with changes that were previously made to crop cultivation as a permitted use:

The following text is proposed to be added to Article 11, Section 15-1104-D-1 to be consistent with changes made to MX standards:

- c. If a sound wall is required along a certain frontage, or if other circumstances exist that render the parking setback impractical or unnecessary, the Review Authority may waive the parking setback requirement.

Article 11, Section 15-1104-G.1 is proposed to be amended as follows to make the applicability of sidewalk standards consistent with Public Works practices:

- G. **Sidewalk Standards.** Notwithstanding Chapter 13, Section 208 of the Municipal Code, the following shall apply:
1. **Applicability.** All projects shall be required to bring adjacent sidewalk conditions into conformance with the standards of this section, subject to the following exceptions:
 - a. Applications for signs only.
 - b. Additions, remodels, or tenant improvements of less than 50 percent of the current value of the property.
 - ~~b. Tenant improvements for new establishments occupying 20,000 square feet of gross floor area or less.~~
 - c. ~~Building expansions of 2,000 square feet of net new floor area or less.~~

Article 12, Table 15-1202 is proposed to be amended as follows to preserve retail uses in the Tower District commercial area and to be consistent with changes that were previously made to crop cultivation as a permitted use:

Article 16, Section 1601 and 1602 are proposed to be removed as follows remove the PD and AE overlay districts, which are unnecessary due to regulations elsewhere in the Code:

Sections:

- 15-1601 ~~Planned Development (PD) Overlay District (Reserved)~~
- 15-1602 ~~Airport Environs (AE) Overlay District (Reserved)~~
- 15-1603 Bluff Protection (BP) Overlay District
- 15-1604 Expressway Area (EA) Overlay District
- 15-1605 Residential Modifying (RM) Overlay District
- 15-1606 Annexed Rural Residential Transitional (ANX) Overlay District
- 15-1607 Equine (EQ) Overlay District
- 15-1608 Mining (M) Overlay District
- 15-1609 Apartment House (AH) Overlay District

15-1601 ~~Planned Development (PD) Overlay District (Reserved)~~

- A. ~~**Purpose.** The Planned Development (PD) Overlay District allows for an alternate process to accommodate major and unique developments for residential, commercial, professional, or other similar activities, including combinations of uses and modified development standards, which would create a desirable, functional, and community-oriented environment under controlled conditions of a development plan. The PD district is intended to provide assurances to a land developer which will reduce the economic risks of a project while providing the City with a flexible means of promoting comprehensive planning and orderly development.~~
- B. ~~**Use Regulations.** No use other than an existing use is permitted in a PD District except in accordance with a valid PD Plan or adopted Specific Plan. Any permitted or conditional use authorized by this Code may be included in an approved PD Plan or an adopted Specific Plan consistent with the General Plan land use designation(s) for the property.~~
- C. ~~**Development Standards.**~~
1. ~~**Minimum Area.** The minimum area of a PD District shall be as follows; however, the City Council may approve a District smaller than the minimum area if it finds that rezoning to PD would further achieve the goals of the General Plan and provide greater benefits to the general welfare of Fresno's residents and property owners than development under conventional zoning because of unique characteristics of the site or the proposed use or mix of uses.~~
 - a. ~~Commercial and Mixed-Use Districts.~~ One-half contiguous acres.
 - b. ~~Other Districts.~~ Two contiguous acres.
 2. ~~**Open Space.** Open space shall be shown on the PD Plan, and the total open area in a PD Plan shall be substantially the same, or greater as the open area required by the Base District for the total area of the planned development.~~
 3. ~~**Residential Unit Density.** Except where a density bonus is granted in compliance with the City's density bonus regulations for affordable housing in Article 22, Affordable Housing Density Bonus, the total number of dwelling units in a PD Plan shall not exceed the maximum number permitted by the General Plan density for the total area of the planned development designated for residential use.~~
 4. ~~**PD Plan Regulations.** Minimum lot area, yard requirements, building heights, and other physical development standards shall be as prescribed by the PD Plan. Each PD Plan shall establish development standards that, at a minimum, address the following:~~
 - a. ~~Land use;~~
 - b. ~~Circulation of traffic, bicycles, and pedestrians;~~
 - c. ~~Landscaping and planting areas;~~
 - d. ~~Residential density; non-residential floor area;~~
 - e. ~~Minimum building site;~~
 - f. ~~Minimum lot dimensions;~~
 - g. ~~Maximum lot coverage by buildings and structures;~~

- h. ~~Minimum yards;~~
- i. ~~Maximum building or structure heights; transitional standards to adjacent residential neighborhoods;~~
- j. ~~Maximum height of fences and walls;~~
- k. ~~Signs;~~
- l. ~~Off-street parking and loading; and,~~
- m. ~~Other items as deemed appropriate by the Director, Planning Commission, and City Council.~~

D. ~~PD Plan Project Description.~~ Each PD Plan shall clearly outline how it accomplishes the following:

- 1. ~~Addresses a unique situation.~~
- 2. ~~Confers a substantial benefit to the city.~~
- 3. ~~Incorporates creative site design to achieve the purposes of this Code and General Plan, and represents an improvement in quality over what is possible through the strict application of the otherwise applicable district or development standards. These improvements may include:~~
 - a. ~~A greater amount of open space and access;~~
 - b. ~~Environmental protection;~~
 - c. ~~Tree and/or vegetation preservation;~~
 - d. ~~Creation of multiple use projects including residential, commercial, or recreational facilities;~~
 - e. ~~Increased choice of housing options.~~
- 4. ~~The project would be impractical to achieve within one of the City's Base Districts.~~

15-1602 ~~Airport Environs (AE) Overlay District (Reserved)~~

A. ~~Purpose.~~ As used herein, "Airport" means Fresno Yosemite International Airport, Fresno Chandler Executive Airport, and/or Sierra Sky Park. The Airport Environs (AE) Overlay District is established to:

- 1. ~~Protect life and property on the ground and in the air around the airport from potential hazards to ensure the safe navigation of aircraft.~~
- 2. ~~Identify a range of uses compatible with airport accident hazard and airport noise exposure.~~
- 3. ~~Prohibit the development of incompatible uses that are detrimental to the general health, safety, and welfare and to existing and future airport operations.~~
- 4. ~~Require noise attenuated construction within the airport environs.~~
- 5. ~~Comply with Federal Aviation Administration (FAA) regulations.~~
- 6. ~~Comply with the California State Aeronautics Act.~~

- B. ~~**Use Regulations.** Those uses permitted in the Base District, subject to the limitations and conditions set forth therein and consistent with applicable Airport Land Use Plans.~~
- C. ~~**Development Standards.**~~
1. ~~In addition to the development standards of the underlying district, development in the AE Overlay District is subject to the requirements, limitations, and conditions set forth therein and consistent with applicable Airport Land Use Compatibility Plans and applicable provisions of Federal Aviation Administration (FAA) regulations. The three airport plans within the city are Sierra Sky Park, Fresno Chandler Executive, and Fresno Yosemite International.~~
 2. ~~***Airport Land Use Commission (ALUC) Review.*** The ALUC shall review any projects within its purview pursuant to applicable plans, and shall review any text amendments to this Code.~~

Article 16, Section 15-1609-B is proposed to be amended as follows in order to clarify that ground floor residential uses are allowed in the AH overlay district:

- B. **Use Regulations.** Those uses permitted in the Base District, subject to the limitations and conditions set forth therein, **except as follows:**
1. ***Permitted Uses.***
 - a. The uses permitted by the provisions of the Base District.
 - b. Single Unit Dwelling, Attached and Multi-Unit Residential shall be permitted in all locations, including the ground floor along major streets.
 - c. Office uses, including Business and Professional, Medical and Dental, and Walk-In Clientele, shall be permitted in all locations, including the ground floor along major streets. Base District restrictions on the size of such establishments shall not apply.
 2. ***Uses Subject to a Conditional Use Permit.*** Those uses permitted in the Base District, subject to the limitations and conditions set forth therein.
 3. ***Uses Not Permitted.*** Those uses not permitted in the Base District or listed above, subject to the limitations and conditions set forth therein.

Article 20, Section 15-2006-C through F are proposed to be amended as follows to clarify fencing regulations and make them consistent with the way setbacks are measured in the new Code:

- C. **Fence Height and Locations for Single-Family Homes.**
1. ***Front Yards.***
 - a. ***Wrought Iron or Tubular Steel.*** A fence up to four feet in height may be installed ~~on the front property line within any required front yard setback.~~ Fences must be

open a minimum of 80 percent (e.g., no more than 20 percent opaque) to allow for the passage of light and air.

- b. *All Other Materials.* A fence up to three feet in height may be placed ~~on the front property line within any required front yard setback.~~

- i. Exception. Front yard fences on parcels within the Pinedale Neighborhood Plan area may be up to four feet in height in the front yard, regardless of material, however fences shall comply with Section 15-2018, Intersection Visibility.

2. *Side-Street Yards.* Fences up to six feet in height may be installed ~~on the street side property line within any required street-side yard setback.~~

3. *Other Yards.* Fences up to six feet in height may be installed ~~on property lines.~~ Fences, regardless of location on the site, shall not exceed six feet in height.

4. *Through Lots.* Both street frontages shall be considered Front Yards.

FIGURE 15-2006-C: MAXIMUM FENCE HEIGHT

5. *Setbacks.* Unless a greater setback is required in another section of this Code, fences shall be set back 12 inches from the back of adjacent sidewalks, or from the curb or shoulder if there is no sidewalk. Fences may be placed on interior side and rear property lines.
6. *Right-of-Way.* In no circumstance may any fence be placed in the public right-of-way unless specified elsewhere in this Code.

D. Fence Height and Locations for Multi-Family Districts.

1. *Front Yards.*
- a. Where a lot is on the same block frontage with parcels that are zoned for Single-Family uses, fencing shall comply with fencing standards of the Single-Family District in Subsection 15-2006-C.
- b. If the block does not contain Single-Family zoned lots:
- i. Wrought Iron or Tubular Steel: A fence up to four feet in height may be installed ~~on the front property line within any required front yard setback.~~ Fences must be open a minimum of 80 percent (e.g., no more than 20 percent opaque) to allow for the passage of light and air.

- ii. All Other Materials. The fence may be placed ~~on the property line within any required front yard setback~~ if the fence does not exceed three feet in height.

- (1) Exception. Fences on parcels within the Pinedale Neighborhood Plan may be up to four feet in height, regardless of material, however fences shall comply with Section 15-2018, Intersection Visibility.

2. **Street-Side Yards.**

- a. *Lots with a Street-Side Yard of 125 Feet or Less in Length.* Fencing up to six feet in height may be placed ~~on the property line within any street-side yard.~~
- b. *Lots with Street-Side Yards Greater than 125 Feet in Length.* Fencing up to six feet in height may be placed per the main building setback of the underlying district minus five feet.

3. ~~**Interior and Rear Yards.** Fences may be placed on property lines.~~

4. **Through Lots.** All street frontages shall be considered Front Yards.

5. **Private Patios, Yards, Etc.** Fencing for private patios, yards, etc. in multi-family developments shall comply with the fencing requirements of this section.

6. **Other Yards.** ~~Fences up to six feet in height may be installed on property lines.~~ Fences, regardless of location on the site, shall not exceed six feet in height.

7. **Setbacks.** Unless a greater setback is required in another section of this Code, fences shall be set back 12 inches from the back of adjacent sidewalks, or from the curb or shoulder if there is no sidewalk. Fences may be placed on interior side and rear property lines.

8. **Right-of-Way.** In no circumstance may any fence be placed in the public right-of-way unless specified elsewhere in this Code.

E. **Fence Height and Locations for Downtown Districts.**

(Reserved)

F. **Fence Height and Locations for All Other ~~Uses and~~ Districts.**

1. **Front Yard.**

- a. *Wrought Iron or Tubular Steel.* A fence up to four feet in height may be installed ~~on the front property line within any required front yard setback.~~ Fences must be open a minimum of 80 percent (e.g., no more than 20 percent opaque) to allow for the passage of light and air.
- b. *All Other Materials.* All other fences ~~within any required front yard setback~~ are permitted up to three feet in height and shall comply with the main building setback, minus five feet.

2. **Street-Side Yard.**

- a. *Wrought Iron or Tubular Steel.* A fence up to four feet in height may be installed ~~within any required front yard setback on the front property line.~~ Fences must be open a minimum of 80 percent (e.g., no more than 20 percent opaque) to allow for the passage of light and air.

- b. *All Other Materials.* All other fences within any required street side yard setback are permitted up to three feet in height and shall comply with the main building setback, minus five feet.
3. ~~*Interior and Rear Yards.* Fences may be placed on property lines.~~
4. *Through Lots.* Both street frontages shall be considered Front Yards.
5. *Other Yards.* Outside of the required front yard and street-side yards, the maximum height for fences is seven feet (regardless of location on the site) unless the fence is part of Outdoor Storage per Section 15-2013, Outdoor Service Yards and Storage.
6. *Bollards.* Bollards, up to three feet in height may be placed at the rear of required landscape areas.
7. *Setbacks.* Unless a greater setback is required in another section of this Code, fences shall be set back 12 inches from the back of adjacent sidewalks, or from the curb or shoulder if there is no sidewalk. Fences may be placed on interior side and rear property lines.
8. *Right-of-Way.* In no circumstance may any fence be placed in the public right-of-way unless specified elsewhere in this Code.

Article 20, Table 15-2015-B.4 is proposed to be amended as follows to reflect the removal of the AE overlay district:

TABLE 15-2015-B.3: MAXIMUM HEIGHT OF LIGHTING FIXTURES	
<i>District</i>	<i>Maximum Height (ft)</i>
Residential Single-Family Districts	Shall not exceed the fascia of the home
Residential Multi-Family Districts	Shall not exceed the fascia of the unit or 16 feet, whichever is greater
Commercial and Mixed-Use Districts	20 within 100 of any street frontage or Residential District; 25 in any other location
Employment Districts	25 within 100 of any street frontage; 30 in any other location
Public and Semi-Public and Airport Overlay Districts	25, or as necessary for safety and security

Article 20, Section 15-2018 is proposed to be amended as follows in order to make intersection visibility standards more consistent with Public Works practices:

15-2018 Intersection Visibility

FIGURE 15-2018: INTERSECTION VISIBILITY

A. Street Intersections.

1. Vegetation and structures may not exceed a height of three feet within the triangular sight-distance area formed by the intersecting curb lines (or edge of pavement when no curbs exist) and a line joining points on these curb lines at the locations and distances identified in Figure 15-2018 and Table 15-2018-A. ~~of 30 feet along both lines from their intersection.~~
2. Trees and signs that are located within this sight distance triangle shall have a clearance of eight feet high minimum between the lowest portion of the canopy and the sidewalk and street.

Applies to all structures, including flag poles and signs.

Other Requirements:		
1. Scaled site plan depicting property lines and dimensioned sidewalk pattern.		

Article 21, Section 15-2102-A is proposed to be amended as follows in order to apply the TOD Height and Density Bonus to the CMS—Commercial Main Street District:

15-2102 Applicability

At its discretion, the Review Authority, when granting a Development Permit, may allow a project to exceed the maximum height and/or the maximum residential density of the Base District if all three of the following criteria are met:

- A. The project site is located entirely within an MX District ~~or a CMS District~~.

Article 23, Section 15-2305-C-2 is proposed to be amended as follows to provide clarity and consistency:

- 2. **Buffer Yard Types.** Table 15-2305-C-2, Buffer Yard Requirements, describes the minimum width, ~~and~~ plant materials, ~~and wall~~ requirements for each type of buffer yard. The listed number of trees and shrubs are required for each 100 linear feet of buffer yard. Natural areas with native vegetation or alternative planting materials which achieve equivalent buffering effects may be approved by the ~~Director~~ Review Authority. ~~For wall requirements, refer to Section 15-2008, Screening Between Differing Land Uses.~~

Article 26, Section 15-2609-B is proposed to be amended as follows to allow larger wall signs consistent with past practice:

- C. **Public and Semi-Public Uses.** Signs for Public and Semi-Public Uses located in Residential Districts may be erected subject to the following standards:
 - 1. **Maximum Number of Signs.** One freestanding sign per street frontage plus one wall sign ~~per building~~.

Public Notice

CITY OF FRESNO
NOTICE OF PUBLIC HEARINGS

Dear Property Owner:

We are providing this notice to inform you that the Fresno City Planning Commission and the Fresno City Council will consider a change of General Plan land use designation and/or zoning for your property. This is considered a "clean up" item related to the recent citywide update of the General Plan, Development Code, and Zoning Map. These changes will more closely match the designation that was in place on the site prior to the citywide update. In some cases you may have requested this change, or a neighboring property owner may have suggested a change for a larger area that included your property. In other instances, only the zoning is being changed in order to remove inconsistencies with the General Plan land use designation.

A map which shows the general location of the proposed changes, and a table which identifies the affected parcel numbers, is enclosed. For more detailed maps and other information related to this potential action, you may visit www.fresno.gov/qpcleanup. If you wish to provide written support or opposition of this action, or if you wish to appear in person to express your support or opposition, please see the reverse side of this notice for instructions.

Sincerely,

The Development and Resource Management Department

NOTICE IS HEREBY GIVEN THAT the Fresno City Planning Commission and the Fresno City Council, in accordance with Sections 65090 and 65091 (Planning and Zoning Law) of the Government Code and in accordance with the procedures of Chapter 15, Sections 5007 and 5801-5812 of the Fresno Municipal Code, will conduct public hearings to consider Plan Amendment Application No. A-16-006, Rezone Application No. R-16-007, Text Amendment Application No. TA-16-001 and the related environmental finding. These applications have been filed by the City of Fresno Development and Resource Management Director and pertain to 338.6 acres of property (see Map). At these hearings, the following will be considered:

Environmental Assessment No. A-16-006, R-16-007, TA-16-001 recommends approval of an Addendum to Final Master Environmental Impact Report SCH No. 2012111015 (MEIR) certified by the Fresno City Council on December 18, 2014 for the Fresno General Plan and Development Code, pursuant to California Environmental Quality Act Guidelines Sections 15162 and 15164.

Plan Amendment Application No. A-16-006 pertains to 271.63 acres of property and proposes to amend the Fresno General Plan, the Bullard, Fresno High, McLane, Roosevelt, West Area, and Woodward Park Community Plans, the Tower District Specific Plan, the Fresno Yosemite Airport Land Use Compatibility Plan and the Sierra Sky Park Land Use Policy Plan. The purpose of the amendments is to improve consistency with specific plans and to implement City Council direction from February 2016 allowing property owners to request a reversion to a zone district and planned land use equivalent to that existing under the prior general plan when the change is consistent with general plan policy and would not cause significant environmental impacts.

Rezone Application No. R-16-007 pertains to approximately 67.03 acres of property and includes technical changes to zoning on properties that were inadvertently omitted from the zoning map update. The rezones are requested to attain consistency with the approved general plan land use designation.

Text Amendment Application No. TA-16-001 makes minor changes to the Development Code in order to improve functionality, clarity, and internal consistency. Proposed amendments affect the following standards and/or procedures: rear setbacks, private open space, fencing, signage, hours of operation for establishments serving alcohol, design standards within mixed use districts, the apartment house overlay, intersection visibility; the addition of produce stands, urban farms and large family day care to certain zone districts; the deletion of the airport environs and planned development overlay districts (due to redundancy); and posting requirements, among others. The affected sections are 15-404-F, 15-904-A, 15-1004-C-1, 15-1004-D-1-a, 15-1104-D-1, 15-2006-F, 15-2305-C-2, 15-2609-B, 15-2610-E-2, 15-2611-G, 15-2735-G, 15-2741-A-7-a, Table 15-2744-A, 15-2744-C-1, 15-2747, Table 15- 751-G, 15-4906-D-1, 15-4906-H, 15-5003-A, 15-5302-D, 15-5602-A, 15-6703, 15-104-A, Table 15-107-B, 15-313, Table 15-902, Table 15-1002, Table 15-1102, 15-1104-G.1, Table 15-1202, Table 15-1302, Table 15-1402, 15-1601, 15-1602, 15-1609-B, 15-2006-F, Table 15-2015-B.4, 15-2018, 15-2102-A, 15-2707, 15-2754, 15-5007-C, 15-5810-A.

More information about the plan amendments, rezones, and text amendment is available at www.fresno.gov/gpcleanup.

PROJECT LOCATION:

The proposed Plan Amendment, Rezone and
Development Code Text Amendment would apply to all
property within the Fresno City limits and as defined in
attached maps and table in Exhibit A.

PROJECT DESCRIPTION:

The General Plan and Development Code Cleanup. Plan Amendment Application No. A-16-006, Rezone Application No. R-16-007 and Text Amendment Application No. TA-16-001 have been filed by the City of Fresno Development and Resource Management Director and pertain to 338.6 acres. **Plan Amendment Application No. A-16-006** proposes to amend the Fresno General Plan, the Bullard, Fresno High, McLane, Roosevelt, West Area, and Woodward Park Community Plans, the Tower District Specific Plan, the Fresno Yosemite Airport Land Use Compatibility Plan and the Sierra Sky Park Land Use Policy Plan, as noted in the attached maps and table and pertains to 271.63 acres of property located within the Fresno General Plan Planning Area in order to improve consistency with existing built conditions and pre-existing plans. **Rezone Application No. R-16-007** pertains to approximately 67.03 acres of property and includes technical changes to zoning on properties that were inadvertently omitted from the zoning map update. The rezones are requested to attain consistency with the approved general plan land use designation. **Text Amendment Application No. TA-16-001** makes minor changes to various standards in order to improve functionality, clarity, and internal consistency. Proposed amendments affect the following standards and/or procedures: rear setbacks, private open space, fencing, signage, hours of operation for establishments serving alcohol, design standards within mixed use districts, the apartment house overlay, intersection visibility; the addition of produce stands, urban farms and large family day care to certain zone districts; the deletion of the airport environs and planned development overlay districts (due to redundancy); and posting requirements, among others. The affected sections are 15-404-F, 15-904-A, 15-1004-C-1, 15-1004-D-1-a, 15-1104-D-1, 15-2006-F, 15-2305-C-2, 15-2609-B, 15-2610-E-2, 15-2611-G, 15-2735-G, 15-2741-A-7-a, Table 15-2744-A, 15-2744-C-1, 15-2747, Table 15- 751-G, 15-4906-D-1, 15-4906-H, 15-5003-A, 15-5302-D, 15-5602-A, 15-6703, 15-104-A, Table 15-107-B, 15-313, Table 15-902, Table 15-1002, Table 15-1102, 15-1104-G.1, Table 15-1202, Table 15-1302, Table 15-1402, 15-1601, 15-1602, 15-1609-B, 15-2006-F, Table 15-2015-B.4, 15-2018, 15-2102-A, 15-2707, 15-2754, 15-5007-C, 15-5810-A.

The adoption of the Fresno General Plan and Citywide Development Code were previously analyzed in Master Environmental Impact Report ("MEIR") SCH No. 2012111015, certified by the Fresno City Council on December 18, 2014. The Introduction to the MEIR specifically stated that "[t]he City of Fresno proposes to update their General Plan and Development Code and this Master Environmental Impact Report (MEIR) has been prepared to assess the impacts of those actions on the environment." The Plan Amendment presented includes minor amendments to the General Plan land use map adopted in December of 2014. Plan Amendment Application No. A-16-006 and Rezone Application No. R-16-007 propose 43 clean up amendments to the General Plan Land Use and Circulation Map and the Zoning Map for one of the following reasons: 1) to implement City Council direction provided in February 2016 allowing property owners to request a reversion to previously existing zoning on their property (Requests 1-7 and 16-25); to bring property into conformance with an existing specific plan (Requests 8-13); or to make technical corrections to zoning for consistency with the land use designation (Requests 26-43). These land use changes were analyzed would not result in additional impacts beyond those analyzed in the MEIR.

The Development Code Text Amendment Application No. TA-16-001 makes minor changes to various standards in order to improve functionality, clarity, and internal consistency, consistent with the General Plan. No changes are proposed that would fundamentally change the intent of a zone district or increase or decrease density ranges or floor area ratios.

The potential environmental impacts identified in the MEIR for the Fresno General Plan and the Citywide Development Code are classified in three categories. These categories include (1) issues found to be significant and unavoidable, (2) issues found to be less than significant with mitigation measures, and (3) issues found to have no impact or less than significant without mitigation measures.

With the incorporation of Plan Amendment Application No. A-16-006, General Plan Clean Up, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as identified in Exhibit A, the issues that were identified as significant and unavoidable in the Master EIR (MEIR) will continue to cause significant and unavoidable impacts. These issues include aesthetics (visual character and illumination of the dark sky), agricultural resources (loss of farmland and removal of Williamson Act contract land), air quality (criteria air pollutants and toxic air contaminant pollutant concentrations), cultural resources (removal of historic resources), greenhouse gas emissions (increase in emissions beyond the Year 2020), noise (exceed noise standards and substantial permanent increase in noise standards), transportation and traffic (exceed levels of service thresholds for facilities under County of Fresno, City of Clovis, and Caltrans jurisdictions), and utility and service systems (construction impacts related to agriculture and air quality). The proposed changes identified in Exhibit A will still contribute to potential significant and unavoidable impacts related to aesthetics, agricultural resources, cultural resources, noise, and utility/service systems. However, the proposed Plan Amendment, Rezone and Text Amendment will not substantially increase the severity of the impacts that were addressed in the Master EIR.

The issues found to be less than significant with mitigation measures in the MEIR will continue to be less than significant with mitigation measures with the incorporation of Plan Amendment Application No. A-16-006, General Plan Clean Up, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as identified in Exhibit A. These issues include biological resources (habitat, plan and wildlife species, and wetlands), cultural resources (archaeology, paleontology, and human remains),

hazards (airport and emergency response plan), hydrology (groundwater supplies and polluted runoff), public services (construction of facilities), and utilities/service systems (capacities for water, sewer, drainage, and landfill facilities). The mitigation measures that were identified for each of these environmental issues will be required with the approval of land use entitlements, when applicable. The implementation of these measures is anticipated to reduce potential significant impacts to less than significant impacts for each of these issues.

The issues found to have no impact or less than significant impacts without mitigation measures will continue to have no impact or less than significant impacts without the need for any mitigation measures with the incorporation of Plan Amendment Application No. A-16-006, General Plan Clean Up, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as identified in Exhibit A. These issues include geology and soils, hazardous materials, land use and planning, noise (groundborne vibration, construction noise, and aircraft noise), population and housing, transportation and traffic (roadways within the City's jurisdiction and emergency access), and mineral resources. Plan Amendment Application No. A-16-006, General Plan Clean Up, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as identified in Exhibit A may result in an increase of these environmental impacts for certain projects or in certain locations; however, the level of impact will continue to be less than significant and no mitigation measures will be required.

CEQA guidelines state that Master Environmental Impact Reports are appropriate for analyzing the impacts of large and/or multi-phased projects such as general plans or for rules or regulations that will be implemented by later projects, such as zoning ordinances (Section 15175(b)(4)). However, individual projects constructed pursuant to the Fresno General Plan or Citywide Development Code may require additional environmental review if they would cause an impact that was not previously identified in the MEIR.

Based on the environmental review contained in the MEIR, Plan Amendment Application No. A-16-006, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as described in Exhibit A would not result in any new significant or substantial changes to the evaluation of the environmental resources within and outside of the Planning Area beyond those that were addressed in the MEIR.

Since the proposed project will not result in additional impacts, it may be determined that: (1) The project falls within the scope of MEIR No. SCH 2012111015 prepared for the Fresno General Plan and Citywide Development Code; (2) No substantial changes are proposed in the project which require major revisions to the previous environmental finding due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; (3) No substantial changes will occur with respect to the circumstances under which the project is undertaken; and, (4) No new information, which was not known and could not have been known, at the time the environmental finding for MEIR No. SCH 2012111015 was adopted, has become available.

Therefore, the City of Fresno has determined that an addendum to MEIR No. SCH 2012111015 is appropriate given that none of the conditions described in Section 15162 of the CEQA Guidelines calling for preparation of a subsequent EIR have occurred; and new information added is only for the purposes of providing minor changes or additions, in accordance with Section 15164 of the CEQA Guidelines.

Section 15162 provides that when a EIR has been adopted for a project, no subsequent EIR shall be prepared for that project unless the lead agency determines, on the basis of substantial evidence in the light of the whole record, one or more of the following:

FINDINGS PURSUANT TO SECTION 15162 OF THE CEQA GUIDELINES.

(1) *Substantial changes are proposed in the project which would require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects;*

Finding (1):	Plan Amendment Application No. A-16-006, General Plan Clean Up, Rezone Application No. R-16-007, and Text Amendment Application No. TA-16-001, as identified in Exhibit A are still within the scope of the MEIR. No geographical boundaries or densities or intensities were altered outside of the ranges designated in the Fresno General Plan and analyzed in the MEIR. It should also be noted that the Citywide Development Code includes Performance Standards in Article 25 that regulate property maintenance, noise, vibration, lighting and glare, shadow casting, odors, heat, air contaminants, liquid and solid waste, fire and explosive hazards, electromagnetic interference, and radioactivity. These standards provide added protections to ensure environmental impacts are not created beyond those analyzed in the MEIR.
---------------------	--

(2) *Substantial changes occur with respect to the circumstances under which the project is undertaken which will require major revisions of the previous EIR due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects; or,*

Finding (2):	<p>Plan Amendment Application No. A-16-006 and Rezone Application No. R-16-007 proposes minor changes to the land use and zoning maps to either 1) implement City Council direction provided in February 2016 allowing property owners to request a reversion to previously existing zoning on their property (Requests 1-7 and 16-25); 2) bring property into conformance with an existing specific plan (Requests 8-13); or 3) to make technical corrections to zoning for consistency with the land use designation (Requests 26-43). consistent with general plan goals and policies and MEIR mitigation measures.</p> <p>Development Code Text Amendment No. TA-16-001 makes minor changes to various standards in order to improve functionality, clarity, and internal consistency to better implement the General Plan. No substantial changes have occurred with respect to the circumstances under which Text Amendment No TA-16-001 is being adopted that would require revisions to the previous MEIR as no new impacts have been generated. It remains consistent with the General Plan and fully within the scope of the MEIR.</p>
---------------------	--

(3) *New information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous MEIR was adopted, shows any of the following: (A) The project will have one or more significant effects not discussed in the previous MEIR; (B) Significant effects previously examined will be substantially more severe than shown in the previous MEIR; (C) Mitigation measures or alternatives previously found not to be feasible would in fact be feasible and would substantially reduce one or more significant effects of the project; and, (D) Mitigation measures or alternatives which are considerably different from those analyzed in the previous MEIR, would substantially reduce one or more significant effects on the environment.*

*Finding
(3):*

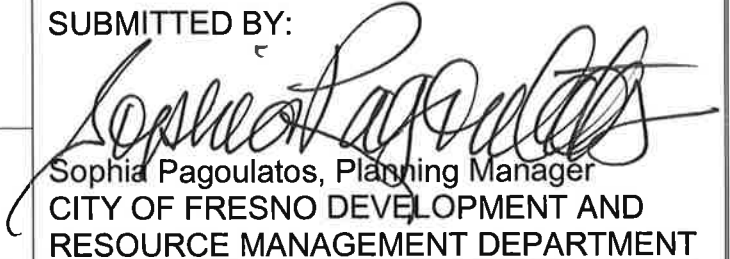

No new information of substantial importance, which was not known and could not have been known with the exercise of reasonable diligence at the time the previous environmental determination was adopted, has become available.

No mitigation measures or alternatives previously found not to be feasible are now determined to be feasible and no mitigation measures or alternatives which are considerably different from those analyzed in the previous MEIR would substantially reduce one of more significant effects on the environment. The mitigation measures identified in the Mitigation and Monitoring Reporting Program of the MEIR are still appropriate and feasible and no additional mitigation measures are necessary, since no additional impacts have been identified.
