

RESOLUTION NO. _____

A RESOLUTION OF THE COUNCIL OF THE CITY OF
FRESNO, CALIFORNIA, TO COMPLY WITH SECTION
66015 OF THE CALIFORNIA GOVERNMENT CODE

WHEREAS, Senate Bill No. 1222 was approved on September 27, 2012, which repealed and added Section 66015 of the California Government Code; and

WHEREAS, Section 66015 of the California Government Code requires a city to adopt a written finding to charge more than \$500 plus \$15 per kilowatt for each kilowatt over 15kW for a residential permit fee for a rooftop solar energy system; and

WHEREAS, the City of Fresno wishes to adopt such findings.

NOW, THEREFORE, BE IT RESOLVED by the Council of the City of Fresno as follows:

1. The City has adopted appropriate ordinances, permit fees, and processes to streamline the submittal and approval of permits for solar energy systems pursuant to the practices and policies in state guidelines and model ordinances as evidenced by Ordinance Bill 2015-26, attached as Exhibit A.

2. The City performed a calculation related to the administrative cost of issuing a solar rooftop permit in 2011 as shown in Resolution No. 2011-226, attached as Exhibit B.

3. The higher fee will result in a quick and streamlined approval process because the City will be able to dedicate staff for the specific purpose of reviewing and evaluating residential solar energy permits to assure timely processing.

ORDINANCE NO. 2015-26

AN ORDINANCE OF THE CITY OF FRESNO, CALIFORNIA, ADDING SECTION 11-111 OF THE FRESNO MUNICIPAL CODE, RELATING TO EXPEDITED PERMITTING PROCEDURES FOR SMALL RESIDENTIAL ROOFTOP SOLAR SYSTEMS.

WHEREAS, Subsection (a) of Section 65850.5 of the California Government Code provides that it is the policy of the State to promote and encourage the installation and use of solar energy systems by limiting obstacles to their use and by minimizing the permitting costs of such systems; and,

WHEREAS, Subdivision (g)(1) of Section 65850.5 of the California Government Code provides that, on or before September 30, 2015, every city, county, or city and county shall adopt an ordinance, consistent with the goals and intent of subdivision (a) of Section 65850.5, that creates an expedited, streamlined permitting process for small residential rooftop solar energy systems.

THE COUNCIL OF THE CITY OF FRESNO DOES ORDAIN AS FOLLOWS:

SECTION 1. Section 11-111 is added to the Fresno Municipal Code to read:

SECTION 1-111. Small Residential Rooftop Solar Energy System Review Process.

(a) DEFINITIONS: The following words and phrases as used in this section are defined as follows:

(2) "Small Residential Rooftop Solar Energy System"

means:

(i) A solar energy system that is no larger than 10 kilowatts alternating current nameplate rating or 30 kilowatts thermal.

(ii) A solar energy system that conforms to all applicable state fire, structural, electrical, and other building codes as adopted or amended by the City and paragraph (iii) of subdivision (c) of Section 714 of the Civil Code, as such section or subdivision may be amended, renumbered, or redesignated from time to time.

(iii) A solar energy system that is installed on a single or duplex family dwelling.

(iv) A solar panel or module array that does not exceed the maximum legal building height as defined by the authority having jurisdiction.

(b) **PERMIT APPLICATION PROCESS.** Section 65850.5 of the California Government Code provides that, on or before September 30, 2015, every city, county, or city and county shall adopt an ordinance that creates an expedited, streamlined permitting process for Small Residential Rooftop Solar Energy Systems.

The following procedures outline the application process for Small Residential Rooftop Solar Energy Systems:

(1) Permit applications shall be submitted at the building permit counter. With respect to Electronic Submittals, applications may be filed by the defined methods that are available at the time as provided by the City permitting system.

SUBJECT: TECHNICAL CORRECTION TO RESOLUTION NO. 2011-226

A technical correction is necessary to Resolution No. 2011-226, as approved by Council on November 3, 2011. The original "Plan Check and Inspection Variable Fee Schedules", as contained in the approved "New Construction" section of Building Fees within the Resolution, had "Each Additional SF (square footage)" prices that were rounded up to three (3) decimal places. The corrected Plan Check and Inspection Variable Fee Schedules contain "Each Additional SF" prices that are extended out to five (5) decimal places. This prevents rounding errors and allows proper calculation of the "Base Cost" for the next respective "Size Basis (square feet)" on the Schedules. Also, although there is no real change to "Base Cost" on the Schedules, each "Base Cost" is now extended to two (2) decimal places rather than rounded to the nearest dollar.

We are requesting that this memo and the attached corrected Resolution No. 2011-226 be included in the public record.

If you have any questions, please contact Craig Agabashian at 621-8005.
