**BACKGROUND OF PROJECT** (To be completed by Evaluating Department/Division. Explain need for project/equipment):

Pump Station 303A will offset water production losses resulting from the recent and future destruction of multiple outdated wells in the area. The property for this project was previously acquired, and a new water supply well was recently constructed onsite. Well site improvements are required to complete the pump station and bring the existing well to an operational state. Site improvements will comply with the requirements of the associated Conditional Use Permit. This Pump Station will aid in ensuring appropriate levels of water service are attained in the area surrounding this site.

**DEPARTMENT CONCLUSIONS AND RECOMMENDATION:**
