PROJECT DESCRIPTION:

The project is the adoption of the Fresno Parks Master Plan. The Parks Master Plan assesses the city-wide parks and open space system and provide strategies and recommendations to fund, maintain, improve, expand, secure, connect, partner, advocate and celebrate Fresno's parks. The PMP includes recommendations for improvements on existing parks. Although the PMP includes strategies to expand the park system, no specific park sites are proposed as a part of this plan. Adoption of Parks Master Plan would require amendments to the City of Fresno General Plan.

Plan Amendment No. A-17-016 proposes to amend the text of Chapter 5 of the General Plan, the Parks, Open Space and Schools Element, and POSS-1-a, Parkland Standard, to reflect the proposed Parks Master Plan.

The City of Fresno has conducted an initial study of the above-described project and it has been determined to be a subsequent project that is not fully within the scope of the Master Environmental Impact Report (MEIR) prepared for the Fresno General Plan (SCH # 2012111015). Therefore, the Development and Resource Management Department proposes to adopt a Mitigated Negative Declaration for this project.

With the project specific mitigation imposed, there is no substantial evidence in the record that this project may have additional significant, direct, indirect or cumulative effects on the environment that are significant and that were not identified and analyzed in the MEIR. After conducting a review of the adequacy of the MEIR pursuant to Public Resources Code, Section 21157.6(b)(1), the Development

E201710000320

and Resource Management Department, as lead agency, finds that no substantial changes have occurred with respect to the circumstances under which the MEIR was certified and that no new information, which was not known and could not have been known at the time that the MEIR was certified as complete, has become available. The project is not located on a site which is included on any of the lists enumerated under Section 65962.5 of the Government Code including, but not limited to, lists of hazardous waste facilities, land designated as hazardous waste property, hazardous waste disposal sites and others, and the information in the Hazardous Waste and Substances Statement required under subdivision (f) of that Section.

Plan Amendment A-17-016 and the proposed environmental finding have been scheduled to be heard by the Planning Commission on **December 6, 2017** and by the City Council on **December 14, 2017.** The hearing will be held in the Fresno City Council Chambers located at Fresno City Hall, 2nd Floor, 2600 Fresno Street, Fresno, California, 93721. Your written and oral comments are welcomed at the hearing and will be considered in the final decision.

Additional information on the proposed project, including the proposed environmental finding of a mitigated negative declaration and the initial study may be obtained from the Development and Resource Management Department, Fresno City Hall, 2600 Fresno Street, 3rd Floor Fresno, Room 3065, California 93721-3604. Please contact Sophia Pagoulatos at (559) 621-8062 for more information. ***Para información en español, comuníquense con Sophia Pagoulatos* al teléfono (559) 621-8062.** The Parks Master Plan document is available online at www.fresno.gov/parksplan.

ANY INTERESTED PERSON may comment on the proposed environmental finding. Comments must be in writing and must state (1) the commenter's name and address; (2) the commenter's interest in, or relationship to, the project; (3) the environmental determination being commented upon; and (4) the specific reason(s) why the proposed environmental determination should or should not be made. Any comments may be submitted at any time between the publication date of this notice and close of business on **December 4, 2017**. Please direct comments to Sophia Pagoulatos, Supervising Planner, City of Fresno Development and Resource Management Department, City Hall, 2600 Fresno Street, Room 3065, Fresno, California, 93721-3604; or by email to Sophia.Pagoulatos@fresno.gov; or comments can be sent by facsimile to (559) 498-1026.
