Councilmember Bredefeld thanked the Council for the two week extension and mentioned he met with the promoters but does not support the item based on policy. Councilmember Bredefeld continued to say if the event was reduced to 10:00PM he would support the event at Woodward Park but is concerned about the impact this event will bring to the district. Councilmember Bredefeld asked staff why wasn't the language "Provide additional traffic mitigation measures needed to prevent event goers from parking in adjacent neighborhoods" in the agreement and suggested that the Council should have input on how the event went. Councilmember Bredefeld thanked the promoters and administration for working together.

Chief Dyer stated that he will be meeting with the promoters next week to come up with a security plan for the two day event.

Councilmember Baines thanked Councilmember Bredefeld for the way he handled the event, appreciated the promoters and administration for this event and supported the item as presented.

Council Vice President Brandau thanked Councilmember Bredefeld for the additional two weeks and stated he has attended several concerns at Woodward Park and had no issues with the events. However, Council Vice President Brandau stated his biggest issues with the event is the time ending at 11:30PM, the lack of communication with the residence and suggested that the City of Fresno improve on their public announcement services and engage with the community more. Council Vice President Brandau also stated that he will be out there on one of the two nights walking the neighborhoods in his district and talking with residence to make sure nothing happens. Council Vice President Brandau stated he will not be supporting the item as presented for the stated reasons.
