Actions pertaining to the Fulton Street Reconstruction Project construction contract with American Paving Company of Fresno, California

1. Approve Contract Change Order No. 72, which decreases the contract amount by \$283,408.21
2. Approve Contract Change Order No. 73, which increases the contract amount by \$360,000.00

*Public Works Assistant Director Morrison presented this item to the Board. He stated that this should be the last change order and that the project was substantially complete. They have been working closely with the contractor to resolve issues.*

*Change order number 72 is a decrease to the contract and represents actual quantities. Change order number 73 is a net increase of \$360,000 which is essentially a settlement of the notice of intent to claim that the contractor filed. The initial contract end date was May 8, 2017, but our actual completion date was October 2016. Public Works Assistant Director Morrison talked about the numerous basements that they discovered during the construction and how they effected the project. Boardmember Whelan confirmed that the \$360,000 is what was agreed upon. The Boardmembers asked a few more questions that were responded to by Public Works Assistant Director Morrison.*

*Public Works Assistant Director Morrison talked about the one remaining issue that they are working on. There is some concrete that is starting to curl that is causing tripping hazards. Right now the designers are looking into it and it is being treated as a warranty issue. More discussion ensued on this topic.*

*Upon call, there was no public comment.*

*Boardmember Kloose asked if this item would be coming back to the Board. City Attorney Collet responded that it will only come back to this Board if there is a change order or if there is a summary presentation at the end of the project. Boardmember Kloose expressed that she would like to see this item come back to the Board, and she questioned who is liable for the warranty issues. City Attorney Collet explained. There was more discussion regarding the warranty.*

*Boardmember Whelan asked if the Board can accept the change order with a caveat. After discussion, Boardmember Kloose made the following motion:*

*Approve Change Order 73 as amended: "The language within Contract Change Order No. 73 is amended as follows: This Contract Change Order fully and completely resolves all claims between American Paving Company and the City of Fresno. The settlement excludes warranties and/or latent construction defects as to the design, work performed and/or equipment and materials supplied on the project.*

*By signing this Change Order, the City and the Contractor mutually agree that payment authorized by this Change Order is a full settlement of all claims and is full resolution of all matters surrounding the claims between the parties."*

*Boardmember Whelan seconded the motion.*

**On motion of Board Member Kloose, seconded by Board Member Whelan, the above item was approved as amended. The motion carried by the following vote:**

**Aye:** 6 - Chair Garcia, Vice Chair Lopez, Board Member Kloose, Board Member Whelan, Board Member Alonzo and Board Member Nunna

**Absent:** 1 - Board Member Canales
