³ This class is in a flexibly-staffed series which allows an employee to “flex” to the journey level after six months of satisfactory service for a total probationary period of twelve months. In those cases in which an employee is hired at the journey level, twelve months of satisfactory service is required.

⁴ This class is in a flexibly-staffed series, which requires one year of satisfactory service before an employee can “flex” to the journey level. Employees in classes that require one year of service for flexing will not serve an additional probationary period at the journey level.

³ This class is in a flexibly-staffed series which allows an employee to “flex” to the journey level after six months of satisfactory service for a total probationary period of twelve months. In those cases in which an employee is hired at the journey level, twelve months of satisfactory service is required.

⁴ This class is in a flexibly-staffed series, which requires one year of satisfactory service before an employee can “flex” to the journey level. Employees in classes that require one year of service for flexing will not serve an additional probationary period at the journey level.

⁵ This class is in a flexibly-staffed series. The probationary period for employees in the Emergency Services Dispatcher I class shall be up to 18 months, at the discretion of management. An employee in this series must serve a minimum one year probationary period.

* New class effective July 23, 2018

³ This class is in a flexibly-staffed series which allows an employee to “flex” to the journey level after six months of satisfactory service for a total probationary period of twelve months. In those cases in which an employee is hired at the journey level, twelve months of satisfactory service is required.

⁴ This class is in a flexibly-staffed series, which requires one year of satisfactory service before an employee can “flex” to the journey level. Employees in classes that require one year of service for flexing will not serve an additional probationary period at the journey level.
