For what Board or Commission are you applying?

District 1 Plan Implementation Committee

Briefly explain why you are interested in serving on this Board(s) or Commission(s)

In general, I am passionate about Fresno's well-being as a city and its future, and I would like to be more involved in helping the City be a great place to live. I think developing and implementing good community planning is fundamental to achieving that aim for the City, so the opportunity to be involved in the City's planning processes appeals to me.

The District 1 Plan Implementation Committee particularly interests me because I am especially familiar with and passionate about areas within District 1 (e.g. the Ashlan/99 area where I grew up, the Tower District where I have lived since 2017). I think my familiarity with these communities combined with the experience in planning and development processes I have gained in my professional career would make me a good fit to serve on the committee.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

No
