Briefly explain why are you interested in serving on this board or commission?

I have been a part of the Community Medical Access Collaborative from conception all the way through my retirement. In the early days, in 2004, I was a member of the Board of Conveners, then a member of the Board of Directors and finally I accepted the position of Executive Director and guided the development and expansion of the organization until my retirement in 2018. I would welcome the opportunity to continue to be of service to the organization as a member of the Fresno/Community Medical Authority.

Educational background, Schools Attended, Degrees and Certifications

I have a BA degree in Education and a teaching certificate from the University of Nebraska, Kearney, and taught junior high and high school music classes for three years before I decided to get back to broadcasting, my first love. I have been involved in radio and television broadcasting for over 50 years, including 12 years as Vice President of Programming at ValleyPBS and 8 years as Executive Director of CMAC.

Do you or an immediate family member have any professional or financial relationship that may present a potential conflict of interest for this board, commission or similar body?

☐ Yes ☒ No

Work History

Valley Public Television

Employer
