FRESNO MUNICIPAL CODE FINDINGS

T-6183

TENTATIVE TRACT MAP FINDINGS

Section 15-3309 of the Fresno Municipal Code provides that the Review Authority (Planning Commission) for a tentative tract map may approve or conditionally approve a tentative tract map if it makes all of the following findings:

| Findings per Fresno Municipal Code Section 15-3309 | |
|--|---|
| A. <i>Consistency.</i> <i>The proposed subdivision, together with the provisions for its design and improvement, is consistent with the General Plan, any applicable operative plan, adopted policies or guidelines, and the Municipal Code; and,</i> | |
| Finding A: | For the reasons contained within the Staff Report to the Planning Commission dated October 7, 2020 the proposed project is found to be consistent with all applicable goals, objectives, and policies of the Fresno General Plan. Subject to compliance with the Conditions of Approval attached hereto, the proposed project may be found consistent with all applicable local ordinances, regulations, policies, and land use regulations for the base zone district. |
| B. <i>Passive and Natural Heating and Cooling.</i> <i>The proposed subdivision provides, to the extent feasible, for future passive or natural heating or cooling opportunities in the subdivision; and,</i> | |
| Finding B: | The proposed subdivision has been designed with sizing of all lots in a manner which exceeds minimum area requirements thereby allowing structures to be oriented and constructed in a manner which will be able to take advantage of shade and/or prevailing breezes in order to take advantage of natural and passive heating and cooling opportunities. |
| C. <i>Availability of Water.</i> <i>Water will be available and sufficient to serve a proposed subdivision with more than 500 dwelling units in accordance with the Subdivision Map Act (Section 66473.7); and,</i> | |
| Finding C: | The project consists of a 66-lot residential subdivision/development. Therefore, a water supply assessment is not required. The Department of Public Utilities, Water Division has reviewed the proposed project and has determined that compliance with the City's requirements and/or restrictions for water service will provide an adequate, reliable, and sustainable water supply for the project's urban domestic and public safety consumptive purposes. |
| D. <i>Infrastructure Capacity.</i> <i>There exists sufficient infrastructure capacity for water, runoff, storm water, wastewater, and solid waste systems to serve the proposed subdivision; and,</i> | |

| | |
|---|--|
| Finding D: | Pursuant to the findings and representations made within the Public Utilities section included within the Staff Report to the Planning Commission dated October 7, 2020, and subject to compliance with the attached conditions of approval, it may be determined that sufficient infrastructure capacity for water, runoff, storm water, waste water, and solid waste systems exist or will be available to serve the proposed project. |
| <i>E. Compliance with Floodplain Regulations. The proposed subdivision is compliant with the City of Fresno Floodplain Management Ordinance and the State of California Code of Regulations Title 23, as well as any other applicable State or federal laws.</i> | |
| Finding E: | The proposed project site is not located within a designated floodplain or floodway. |

Based upon the plans and information submitted by the applicant and the recommended conditions of project approval, staff has determined that all of the findings above can be made.

FRESNO MUNICIPAL CODE FINDINGS

T-6184

TENTATIVE TRACT MAP FINDINGS

Section 15-3309 of the Fresno Municipal Code provides that the Review Authority (Planning Commission) for a tentative tract map may approve or conditionally approve a tentative tract map if it makes all of the following findings:

| Findings per Fresno Municipal Code Section 15-3309 | |
|---|---|
| F. Consistency. <i>The proposed subdivision, together with the provisions for its design and improvement, is consistent with the General Plan, any applicable operative plan, adopted policies or guidelines, and the Municipal Code; and,</i> | |
| Finding A: | For the reasons contained within the Staff Report to the Planning Commission dated October 7, 2020 the proposed project is found to be consistent with all applicable goals, objectives, and policies of the Fresno General Plan. Subject to compliance with the Conditions of Approval attached hereto, the proposed project may be found consistent with all applicable local ordinances, regulations, policies, and land use regulations for the base zone district. |
| G. Passive and Natural Heating and Cooling. <i>The proposed subdivision provides, to the extent feasible, for future passive or natural heating or cooling opportunities in the subdivision; and,</i> | |
| Finding B: | The proposed subdivision has been designed with sizing of all lots in a manner which exceeds minimum area requirements thereby allowing structures to be oriented and constructed in a manner which will be able to take advantage of shade and/or prevailing breezes in order to take advantage of natural and passive heating and cooling opportunities. |
| H. Availability of Water. <i>Water will be available and sufficient to serve a proposed subdivision with more than 500 dwelling units in accordance with the Subdivision Map Act (Section 66473.7); and,</i> | |
| Finding C: | The project consists of an 18-lot residential subdivision/development. Therefore, a water supply assessment is not required. The Department of Public Utilities, Water Division has reviewed the proposed project and has determined that compliance with the City's requirements and/or restrictions for water service will provide an adequate, reliable, and sustainable water supply for the project's urban domestic and public safety consumptive purposes. |
| I. Infrastructure Capacity. <i>There exists sufficient infrastructure capacity for water, runoff, storm water, wastewater, and solid waste systems to serve the proposed subdivision; and,</i> | |

| | |
|---|--|
| Finding D: | Pursuant to the findings and representations made within the Public Utilities section included within the Staff Report to the Planning Commission dated October 7, 2020, and subject to compliance with the attached conditions of approval, it may be determined that sufficient infrastructure capacity for water, runoff, storm water, waste water, and solid waste systems exist or will be available to serve the proposed project. |
| <i>J. Compliance with Floodplain Regulations. The proposed subdivision is compliant with the City of Fresno Floodplain Management Ordinance and the State of California Code of Regulations Title 23, as well as any other applicable State or federal laws.</i> | |
| Finding E: | The proposed project site is not located within a designated floodplain or floodway. |

Based upon the plans and information submitted by the applicant and the recommended conditions of project approval, staff has determined that all of the findings above can be made.
