Hello,

I am a constituent for D7. I have been a resident for the last 42 years having grown up and now am trying to save my neighborhood from decline. My neighbors and I are invested in the success and are requesting funds be allocated to revitalize Manchester Park.

We need to clean the area owned by the City. In my opinion, a cover over the play structure is not needed and a waste of money as there are trees to shade that area. They just need to be trimmed a bit. No need to remove nature made shade for an artificial structure.

We need new paint for the benches, refurbish the restrooms, lighting for and refurbished basketball courts, cleaning and sanitizing the play structure and new filler for the play structure area. There may be needles and condoms in the ground filler and our neighborhood children deserve better.

If leagues will return then lighting for the baseball fields would also help revitalize the park.

Thank you for considering our request from neighbors in Manchester Park area.

Regards,
Mary Haskin
